

Nebraska Legislature Special Committee Survey

Plumbing Boards

TO ALL,

I believe that our plumbers and those who hold a license with us are responsible and do not want to go in front of our Appeals Board even though we have not had any incidents in over 20 years. They make their lively hoods plumbing and would not want to lose a license, most jurisdictions around La Vista would question why they lost a license with us and may require them to come in front of their board to explain. I believe the oversight is good. I also firmly believe that the Nebraska should require a Statewide license program for plumbers like they do for electricians.

A handwritten signature in black ink, appearing to read "Jeff Sinnett".
