

# Community Redevelopment Tax Increment Financing Projects Tax Year 2023

**Report to the Legislature  
Nebraska Department of Revenue  
Property Assessment Division**

**March 1, 2024**

**Sarah Scott, Property Tax Administrator**

# NEBRASKA

Good Life. Great Service.

DEPARTMENT OF REVENUE

Jim Pillen, Governor

February 29, 2024

Clerk of the Legislature:

The 2023 Community Redevelopment Tax Increment Financing Projects Report (report) has been compiled pursuant to [Neb. Rev. Stat. § 18-2117.01](#). The report provides an overview of the redevelopment projects using tax increment financing in each city in Nebraska. The report can be found at <https://revenue.nebraska.gov/PAD/research-statistical-reports/tax-increment-financing-annual-reports-legislature>.

The information contained in the report was obtained from the county assessors through the filing of the Certificate of Taxes Levied Report and supplemented by city officials. Each project indicates the type of property, a history of yearly assessments, and the taxes levied. The remarks on each city project identify the specific name of the project, the location of the project, a short narrative description of the type of development undertaken by the city, and other pertinent information that will assist in understanding the data.

Any comments regarding the format, content, and usefulness of the information provided in this report would be appreciated.

For the Tax Commissioner

Sincerely,

A handwritten signature in cursive script that reads "Sarah Scott".

Sarah Scott  
Property Tax Administrator  
[sarah.scott@nebraska.gov](mailto:sarah.scott@nebraska.gov)  
(402) 471-5962

## **Community Redevelopment Law - Tax Increment Financing (TIF) Overview of the TIF Process**

The Community Redevelopment Law, also known as Tax Increment Financing (TIF), allows for the increase in property taxes generated by the improvement of blighted property to be used to finance community redevelopment/TIF projects. The statutes for community redevelopment/TIF are found in [Neb. Rev. Stat. §§ 18-2101 through 18-2157](#).

Cities may act as the redevelopment “authority” or establish a community redevelopment authority (CRA). The CRA may levy a property tax separate from the city, but subject to levy allocation authority of the city government. The city/CRA may also acquire real property and declare it public property, which is exempt from property taxes, but subject to in lieu of tax payments.

The TIF process begins with the city/CRA declaring an area as substandard or blighted and in need of redevelopment. The city/CRA must hold a public hearing and provide notice of the hearing to all registered neighborhood associations located within a one-mile radius and to all political subdivisions affected by the redevelopment area. The city/CRA is required to prepare a redevelopment plan which must show the boundaries of the redevelopment project area, proposed land uses, population, land and building intensities, changes in zoning, and traffic flow among other information.

After approval of the redevelopment plan and the project, TIF bonds may be issued for the acquisition of property, site preparation, and public improvements. The property is transferred to the developer at its fair market value for development and construction in accordance with the redevelopment plan. The properties in the project will have a base valuation, which is the last certified value prior to the division of tax effective date. The base property valuation remains assessable to all taxing entities. Any increase in value and resulting taxes must be accounted for separately and be used to pay off the debt incurred for the redevelopment project. The project must not exceed a 15-year period for standard TIF projects, 20-year period for extremely blighted projects, and 15-year period for expedited review or Micro TIF projects.

Requirements for TIF include, but are not limited to:

- The project is applicable to real property only;
- The property must be within the corporate boundaries of the city; however, the city may annex noncontiguous land to develop agricultural processing facilities that will become a TIF project;
- The division of tax for TIF may not exceed 20 years, based on the type of TIF project;
- The taxes attributable to the excess value can only be used for the repayment of the debt related to the project; and
- The city/CRA must provide written notice to both the county assessor and county treasurer to cease the division of tax when the debt on the project is paid in full.

The city/CRA must file a [Notice to Divide Tax for Community Redevelopment Project](#) (Notice) with the county assessor on or before August 1 of the calendar year in which the division of the real property tax

becomes effective. The Notice is a statutorily prescribed form of the Property Tax Administrator. The Notice was updated in 2021 to identify the project type and number of years to divide tax.

When the city/CRA files the Notice with the county assessor, **the following occurs:**

- 1) The base value is determined, which is the “total assessed value” of the properties last certified to the political subdivisions in the year prior to the division of tax effective date; and
- 2) The maximum time period, based on the type of TIF project, begins for the division of tax for the TIF project.

Redevelopment project valuation, also known as the **base value**, means the assessed value of the taxable real property in a redevelopment project last certified to the political subdivisions in the year prior to the effective date of the provision authorizing the dividing of ad valorem tax. *This means the taxable value for the real property last certified by the county assessor as of August 20<sup>th</sup> in the prior year.*

Redevelopment project **excess value** means the total assessed value of the real property in a redevelopment project for the current year, less the redevelopment project base value.

When certifying values to political subdivisions, the county assessor may include no more than the base value for political subdivisions to levy upon. The division of the real property tax is determined by subtracting the base value from the current year total assessed value to arrive at the redevelopment project’s excess value. The base value and the excess value of the TIF property are taxed at the same consolidated tax rate.

The division of tax identifies the **portion of tax attributable to the base value** and is distributed to all political subdivisions within the consolidated tax district where the TIF property is located. The **portion of tax attributable to the excess value, if any**, is distributed to the TIF fund for repayment of debt incurred on the specific project.

Additional information related to TIF projects can be found in Title 350, Administrative Code, Chapter 18, [Community Redevelopment Law Regulations](#), and at [revenue.nebraska.gov/PAD](http://revenue.nebraska.gov/PAD).

**Project Name:** TIF 2262 Farm Credit Building, LLC

**City:** OMAHA

**School:** OMAHA 1

**Project Years:**

**Project Date:** 2011

**TIF-ID#:** 28-2262

**Project Type:**

**Location:** 206 South 19th St. and 2021 Douglas St.

**Description:** TIF funds for adaptive re-use of Farm Credit Building located at 206 South 19th St. into a mixed-use commercial and residential redevelopment project, which is in the process of being designated historic. The office floors will be converted into market-rate apartment units, the ground floor will remain commercial space, and the 11th floor will be enlarged to house common-tenant amenities. Plan also includes renovation of Douglas Street Parking Garage and an underground passage way to Farm Credit Building.
