---

**Chairperson: Senator Robert Clements**

**Committee: Appropriations**

**Date of Hearing: February 07, 2024**

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB1289 would appropriate \$14 million to be used for reconstruction and rehabilitation of the Lincoln Airport's runway. The runway at the Lincoln Airport, by its unique size and maintaining a strategic function with state and national defense operations, serves a critical role in providing both local and commercial air service for the state and providing critical state and national military support.
