LB1377 amends several sections to allow the local school boards to set their training of school employees on behavioral awareness, behavioral intervention, behavioral management, classroom management, threat assessment, removal of a student from a classroom, dating violence, & mental health training in schools to a reasonable amount of time.

There could be some savings by having the amount of training required but that savings cannot be determined at this time as a reasonable amount of training will vary across Nebraska.

No Fiscal Impact.
