To Whom It May Concern:

The purpose of this letter is to explain why it is believed that postsecondary permits are effective. The postsecondary teaching permit is valid only for teaching courses for college credit offered by a Nebraska postsecondary educational entity that have also been approved for high school credit in Nebraska school systems requesting the delivery of such courses and only in the applicant's postsecondary subject area.

The postsecondary teaching permit expires August 31 in the third year following the year of issuance.

Please feel free to contact me if you have any questions on this certificate type. I can be reached at 402-471-0738 or at clayton.waddle@nebraska.gov.

Sincerely,

A handwritten signature in black ink that reads "Clayton L. Waddle".
