PRESIDENT SHEEHY: Thank you, Senator Louden. You have heard the opening of the second confirmation report from the Natural Resources Committee. The floor is now open for discussion on this nomination confirmation. Senator Dubas, you're recognized.

SENATOR DUBAS: Thank you, Mr. President, members of the body. I'd like to take the opportunity to make a few comments regarding Mr. Moseman's position. I'm very happy to have him in this position and the work that he is doing. I think most of the body knows that energy issues are a priority issue of mine and I've introduced several pieces of legislation over the course of the last several years in regards to that. And it was one of my pieces of legislation that, you know, it was a purpose of my legislation to raise the elevation and importance of the Energy Office, and that's what the Governor has done by creating this, a cabinet-level position, and his appointment of Mr. Moseman. And I've also worked really hard to get the state moving towards creating a comprehensive energy policy and that's what Mr. Moseman has done. Over the course of the last couple months he's been conducting meetings across the state and is working hard to compile information and put that plan together. It's my hope, through the elevation of this office and through Mr. Moseman's direction, that Nebraska is going to be moved into a leadership position on the creation, distribution, and promotion of renewable energy. So I look forward to working with Mr. Moseman and the Energy Office as we help make renewable energy and a comprehensive state policy a reality. Thank you.

Ms. Starman is one of the representatives from the 1st Congressional District. With that, I'll close and encourage your confirmation of this appointment. Thank you.

PRESIDENT SHEEHY: Thank you, Senator Raikes. You have heard the opening of the second confirmation report from the Education Committee. The floor is now open for discussion. PRESIDENT SHEEHY: The second confirmation report is adopted. Next confirmation report, Mr. Clerk.

ASSISTANT CLERK: Mr. President, the next report from the Judiciary Committee is three appointments to the Crime Victim's Reparations Committee. (Legislative Journal page 58.)

PRESIDENT SHEEHY: Senator Ashford, you're recognized to open on your first confirmation report from the Judiciary Committee.

SENATOR ASHFORD: Thank you, Mr. Lieutenant Governor. Three individuals were reappointed by the Governor to the Crime Victim's Reparations Committee, and the Judiciary Committee was unanimous in sending each of their confirmations to the floor of the Legislature for the body's consideration. All three individual terms run from August 5, 2008, to July 16, 2012. Scot Ford has been chief...the first confirmation is Scot Ford. He has been chief of police in South Sioux City for the past nine years and has worked in law enforcement for a total of 25 years. He is also serving a term on the Crime Commission at this time. He brings a range of experience to the committee. Scot has served on several boards and commissions dealing with youth violence and criminal justice, and his presence on the committee will enhance its effectiveness, as it has in the past. The second individual, William Brueggemann, is from Plattsmouth. He has served as Cass County Sheriff since 1987. Before that he served in the Nebraska Army National Guard for 13 years. Bill belongs to several law enforcement and police associations and is active in the Plattsmouth community. As a DARE instructor, Bill has made a positive impact on the lives of youth in the community, and we certainly recommend his confirmation by the Legislature. Derek Vaughn is from Omaha. He is

currently a deputy Douglas County Attorney, assigned to the criminal division, and also serves on the Nebraska Crime Commission and the Nebraska Coalition for Juvenile Justice. He is an adjunct instructor at Dana College in Blair, and Kaplan University in Council Bluffs. He serves as chairman of Alegent Health's institutional review board, and his duties as deputy county attorney have given him a unique perspective on the issue of restitution and criminal justice. Mr. Lieutenant Governor, the Judiciary Committee recommends the positive consideration of these nominees. Thank you.

ASSISTANT CLERK: Mr. President, the Judiciary Committee would report on Rosalyn Cotton to the Nebraska Board of Parole. (Legislative Journal page 58.)

PRESIDENT SHEEHY: Senator Ashford, you're recognized to open on your second confirmation report from the Judiciary Committee.

SENATOR ASHFORD: Thank you, Mr. Lieutenant Governor. Rosalyn Cotton is from Omaha. She was reappointed by the Governor to the Nebraska Board of Parole, and the Judiciary Committee was unanimous in sending her confirmation to the floor of the Legislature for the body's positive consideration. Rosalyn's term will run from September 9, 2008, to September 9, 2014. She has served on the board since 2005. She worked for the Department of Corrections for 19 years in several capacities before teaching criminal justice at the college level for three years. Her many years of service in the justice system have been marked by a commitment, in our view, to correctional education. She will continue to take a firm stance on public safety and urge offenders to get involved in educational and vocational programs while they are incarcerated. And we urge the adoption of the confirmation report.

PRESIDENT SHEEHY: The second confirmation report is adopted. We'll move to the next legislative confirmation report.

ASSISTANT CLERK: Mr. President, General Affairs would report on the appointment of Robert Batt to the Nebraska Liquor Control Commission. (Legislative Journal page 54.)

PRESIDENT SHEEHY: Senator McDonald, you're recognized to open on the confirmation report from the General Affairs Committee.

SENATOR McDONALD: Mr. President and members of the body, the General Affairs Committee supports the appointment of Robert Batt to the Nebraska Liquor Control Commission. Mr. Batt is a graduate of the University of Nebraska. Mr. Batt has served as chairman of the Omaha Personnel Board and has also served on the Salvation Army board. He currently serves as executive vice president of Nebraska Furniture Mart and has served in that capacity for 38 years. His confirmation passed unanimously in our committee, and I believe Mr. Batt has proven to be a highly qualified individual to be appointed to the Nebraska Liquor Control Commission and I urge your support. Thank you.

PRESIDENT SHEEHY: Thank you, Senator McDonald. You've heard the opening of the confirmation report from General Affairs Committee. The floor is open for discussion. Members wishing to speak: Senator Preister, followed by Senator Howard. Senator Preister.

SENATOR PREISTER: Thank you, Honorable President, friends all. I rise in support of Mr. Batt and just want to make some comments because I did ask him some questions about his role as a Liquor Control commissioner. My concern is on what is happening in neighborhoods with liquor licenses. He was open to looking at those issues and having respect for what the community is interested in. I also expressed concern to him about Whiteclay. For those of you who aren't aware, Whiteclay is a small community of...it's an unincorporated village, essentially, and there are 14 inhabitants and there are four off-sale liquor licenses. There are 15,000, the equivalent of 15,000 cans of beer sold in Whiteclay every single day. Now we obviously know those cans of beer aren't being consumed by the 14 residents in Whiteclay, so somebody is consuming them. We have the Pine Ridge Indian Reservation only 200 feet from Whiteclay, and there's a tragedy going on in Whiteclay and that tragedy is hopelessness, alcoholism, poverty, and a sense that there is no future. The state of Nebraska, according to a letter that Frank

LaMere sent to the newspaper, Frank stated that our state government may be one with dirty hands. In 2004 alone, the Nebraska State Treasury raked in \$345,000 in sales and excise taxes just from Whiteclay beer sales. Despite repeated requests from the Oglala Sioux tribal leadership to end alcohol sales in the 14-person, unincorporated village just 200 feet from the dry Pine Ridge Reservation, the Nebraska Liquor Control Commission has persisted in licensing liquor retailers there. It is an issue that Mr. Batt said he was willing to look at. I'm hopeful that those of you who are returning will look more seriously at Whiteclay. Frank LaMere has also said, when people say if you close Whiteclay it will just move down the road 20 miles to Rushville, Frank LaMere said if you have a crack house in your neighborhood, you close it down even if it might move somewhere else, and then you close it down there if you need to, but you don't just ignore the problem. I hope that my efforts in trying to address this problem over the years will be looked at seriously, will continue, and that this tragedy--and I'm not here to point blame--but that people can come together after identifying the problem, which has been pretty easy to do, and will find some solutions. I want to correct what I said. I said 15,000 cans of beer. It's only 12,500. Twelve thousand five-hundred cans of beer where there's no legal place to consume it. In Whiteclay we only have four off-sale; no on-sale. So we have no place to consume it--and we have no law enforcement. Law enforcement is one of the requirements for issuing a liquor license. It is a difficult place to live. I want to mention one last thing and that is the fact that there have been a number, in the last few years, of murders and deaths in the area. John Means was found dead with serious head injuries.

PRESIDENT SHEEHY: One minute.

SENATOR PREISTER: His billfold was found empty 15 feet from him in 1998. In 1999, murders of Lakota men: Ronald Hard Heart and Wilson Black Elk, Jr., were found dead on the Nebraska border near the reservation. Toby Ray Eagle Bull, age 20, and Sarah Rose Boltz, age 15, of Wounded Knee died Sunday, August 4, in Whiteclay, Nebraska. Three other minors were seriously injured in that auto accident. There was also Wilson Black Elk, Jr.; a couple of Native American men who were unidentifiable, unfortunately; Seth Gibbons; Eugene Black Bear, Jr.; and Shelly Poor Bear. These are actual people. It's a tragedy. It needs to be addressed and I hope that more can be done to relieve the stress and suffering in Whiteclay. I do support Mr. Batt and his nomination, who said he would be willing to work on these issues. Thank you.

PRESIDENT SHEEHY: Thank you, Senator Preister. Senator Howard, followed by Senator Kruse and Senator Loudon. Senator Howard.

SENATOR HOWARD: Thank you. Thank you, Mr. Lieutenant Governor. I'd like to take a few minutes to express my support for the conformation of Bob Batt to the Nebraska Liquor Control Commission. I am pleased that the Governor has nominated such a qualified individual for this important position. I was particularly appreciative of his

comments before the General Affairs Committee on Monday at his confirmation hearing. Over the past year, a group of over a dozen neighborhood associations in midtown and north Omaha have banded together to oppose the liquor licenses for four Infinite Oil stations in my district. It has been a very lengthy and often frustrating process that the neighborhoods had to go through in their efforts to stop these liquor licenses. After ten months of hearing and testimony, the Liquor Control Commission voted in October to deny these licenses. At Mr. Batt's hearing, he specifically mentioned how he appreciated the efforts that these neighborhoods had put into presenting their case before the Liquor Control Commission. He showed a willingness to listen to these people who took time off their jobs to travel to Lincoln to share how these liquor licenses would have a negative impact on their lives. Mr. Batt also mentioned his willingness to look at the problem of alcohol density. This is a very serious problem in many of the more established neighborhoods in my legislative district. At one corner in the Gifford Park neighborhood, you can stand on the corner and any way you would turn you would see an establishment selling alcohol. All of the research shows that a high density of alcohol outlets results in higher crime rates in the community. I think it's important to have someone like Mr. Batt on the Liquor Control Commission who understands the concerns of the people who live in these neighborhoods. I believe that Mr. Batt will bring some much needed changes to the Liquor Control Commission and I look forward to working with him on these issues that are so critical to the neighborhoods and the people who live in my district. Thank you.

PRESIDENT SHEEHY: Thank you, Senator Howard. Senator Kruse.

SENATOR KRUSE: Thank you, Mr. President and colleagues. I will not be able to vote for this nominee. I'm not urging that others follow my vote, but to explain my vote I do stand to take this privilege. My concern is as much with the commission as anything else. If I had a chance, I would file a motion to amend its title to the Liquor Protection Commission. And this particular nominee has begun to fit into that. We have an ongoing concern and I simply would signal those who are going to continue to look at that, for this nominee has verbally attacked a teenager who came in to witness to a violation by a licensee. Now that's data that should come in. That's information that should be held and it should be received in an equal and fair way, and I urge that we encourage the commission and all of its members to do that. Thank you.

PRESIDENT SHEEHY: Thank you, Senator Kruse. Senator Louden.

SENATOR LOUDEN: Thank you, Mr. President and members of the body. I will support the confirmation of this nominee. What I have risen about was to somewhat defend Whiteclay. And ever since I've been down here and years before that, people from the eastern part of Nebraska have always criticized what goes on at Whiteclay and the amount of money that's raised by tax revenue there, the amount of beer that's sold and that sort of thing. A lot of that isn't exactly correct. For one thing, we've never...we've

always asked the Sioux Nation to probably allow the sale of liquor on the reservation, and they won't do that. What you don't understand is the way the system is set up there that there are some huge amounts of money made by hauling that beer on to a reservation that doesn't allow sales of it. And Whiteclay has been shut down at different times. Here a few years ago it was shut down, I think over a 4th of July, and my understanding was that the time you got ten miles into the reservation that six-packs of beer sold for \$12 and as you went on up there it was a pint of whiskey would bring \$60. And the people...evidently there's a sale for it and that's the reason the bootleggers have a handle on that. Until that problem is addressed, even by the Sioux Nation, the state of Nebraska, whoever wants to address it, but until that problem is addressed on the reservation, there will be a Whiteclay. There's a...up at Swett, South Dakota, I think has off-sale liquor; into Rapid City; Slim Butte's roads into Chadron are all outlets there that this liquor is hauled on. So it's always been handy for them to talk about Whiteclay because it's an unincorporated village. They also have a grocery store there in Whiteclay and a lot of the Native Americans do business with that grocery store rather than doing business with the one on the reservation, so it isn't 200 feet from it. It's actually about a half a mile, what Whiteclay is from the line. And as far as some of those murders, no one knows whether they were done on the reservation or where, and when that's done on the reservation, that's a federal offense. The FBI looks into that and so does the Indian police up there. So I hate to see people badmouth what goes on in Whiteclay up there. They have a service there. If there wasn't a service there, it wouldn't happen. When you talk about getting people killed, as I mentioned with car wrecks, if you take away Whiteclay, you're probably going to have more traffic on those roads to a further distance to do what they have to do to get liquor and their beer at the present time. Beer is the only thing that's sold at Whiteclay at the present time. So I would like to make that point, that Whiteclay isn't as bad as some of the people make it think, but until the Sioux Nation works with the state of Nebraska to do something about what they're doing on the reservation, there will always be a Whiteclay. If it isn't going to be Whiteclay, then it will be someplace on the other side of the reservation. Thank you, Mr. President.

PRESIDENT SHEEHY: Thank you, Senator Loudon. Are there additional requests to speak? Seeing none, Senator McDonald, you're recognized to close.

SENATOR McDONALD: Mr. President, members of the body, we had a great confirmation hearing and I do think that Mr. Batt is very concerned about the number of liquor licenses that we have in the state of Nebraska. He voiced those concerns. And he also supported the server training at some level. So I think that he is a highly qualified individual for this position and I certainly hope that you support him. Thank you.

PRESIDENT SHEEHY: Thank you, Senator McDonald. You have heard the closing to the confirmation report from General Affairs Committee. The question before the body is on the adoption of the confirmation report. All those in favor vote yea; opposed, nay.

ASSISTANT CLERK: (Record vote, Legislative Journal page 81.) 35 ayes, 0 nays on the adoption of the report, Mr. President.

PRESIDENT SHEEHY: The General Affairs confirmation report is adopted. We'll now move forward to legislative resolution. Mr. Clerk.

ASSISTANT CLERK: Mr. President, LR7 was introduced by Senator Schimek. It would extend the condolences of the Legislature to the family of Bernice Labeledz. [LR7]

PRESIDENT SHEEHY: Senator Preister, you are recognized to open on LR7. [LR7]

SENATOR PREISTER: Thank you, Honorable President, friends all. And to former Senator Labeledz, jak se mas? Senator Labeledz would say, dobre. Senator Labeledz was a proud Polish lady who was born in a house just over a block from where I grew up. I lived in the same neighborhood and our families knew each other. It was a close neighborhood and Senator Labeledz was very proud of her family. She was one of 17 children. It was a large family and, like most families, that was a small house but they got along well and they still do. They're close-knit and they're proud of their mother, their aunt, their grandmother Bernice Labeledz. This resolution is to commemorate her 18 years of service here in the Legislature. She was a very proud Catholic lady who believed in her faith, who believed in her family, and she lived those beliefs and did what she could in the fashion that she was best able to do them. I never served with her, obviously, because I represent the same district, but as a proud Catholic lady she did serve all of those 18 years with Senator Chambers and that was probably purgatory enough, so she's probably in heaven right now and she's probably pleased that she's being recognized. And she is probably one of the few people that has ever served in this body who, when John Synowiecki's name would be there, she would say, oh yes, "Synovitzkey," and he would know what she was saying. Bernice was from the neighborhood, Pollock Hill is what we called it. As Senator Synowiecki knows, he grew up in the area--I did and we still live there--we still live with the memory of Senator Labeledz. The resolution that Senator DiAnna Schimek has put together speaks of Senator Labeledz and does it eloquently. A copy of that will be presented to her family, but at this time I just want to recognize the years of service to the state, the years of service as a county commissioner after she served in the Legislature, the years of service in the community and the neighborhood, and her dedication to south Omaha, to the residents in south Omaha, and to her church, St. Stanislaus Parish, where annually during St. Joseph's Day she would dress up in her Polish costume, an outfit of dress from Poland that she so proudly wore. A very proud lady who took care of her husband Stanley who had Alzheimer's, right up until the end, and was very devoted to all of the pursuits in her life right up until her end at 89 years old. Bernice, we appreciate your service, we thank you for it. To your family we send our condolences. And with that, Mr.

PRESIDENT SHEEHY: Thank you, Senator Preister. You've heard the opening of LR7. Members wishing to speak, Senator Dierks. [LR7]

SENATOR DIERKS: Thank you, Mr. President. I just wanted to add my part to this resolution. When I first came to the Legislature in 1987, why, Bernice was here, and I served with her, I think, for six years. She was an amazing lady. She was always so helpful. And it didn't really matter, there was no party line that stopped her from being very helpful to people. She was one of my heros from the standpoint of the prolife issue, and she was also just a very competent lady. With that, I'd just like to add my thank-you for her service, to her family, and she was just well-received and well-respected and just a very fine, wonderful woman. Thank you. [LR7]

PRESIDENT SHEEHY: Thank you, Senator Dierks. Seeing no additional requests to speak, Senator Preister, you're recognized to close. [LR7]

SENATOR PREISTER: Thank you, Honorable President. I would just say to the family that you're in our thoughts and our prayers. We know that Bernice meant a lot to you and she also meant a lot to us, and we thank you for sharing her with us. Thank you. [LR7]

PRESIDENT SHEEHY: Thank you, Senator Preister. You've heard the closing. The question before the body is on LR7: extend sympathy to the family of former State Senator Bernice Labeledz. All those in favor vote yea; opposed, nay. Please record, Mr. Clerk. [LR7]
