**Committee:** Banking, Commerce and Insurance  
**Date of Hearing:** February 8, 2010

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

The purpose of LB 1074 is to provide legislation that promotes job training in the film, television production, television commercial, and web-based or Internet-delivered content industry, so that Nebraska workers are competitive for work in this field.

LB 1074 provides a vehicle for film production companies to provide job training via eligibility to receive Department of Economic Development job training grants, provided the company is producing a media product in Nebraska, spending at least one million dollars on goods and services, and will employ Nebraska citizens at wages greater than the average prevailing wage.

Lastly, LB 1074 permits the Department of Economic Development to make expenditures from the Tourist Promotion Fund to promote film, television production, television commercials, and web-based or Internet-delivered content that will be filmed or developed in this state.
