Summary of purpose and/or changes:

As introduced, LB 40 would create a new sales tax exemption for certain nonprofit health clinics.

LB 40 strikes the word "two" in Neb. Rev. Stat. section 77-2704.12(1)(e)(ii) and replaces it with the word "one", so that a sales tax exemption would be created for "any nonprofit" "health clinic when one or more hospitals or the parent corporations of the hospitals own or control the health clinic for the purpose of reducing the cost of health services or when the health clinic receives federal funds through the United States Public Health Service for the purpose of serving populations that are medically underserved." (Emphasis added.)

As introduced, the operative date of LB 40 would be October 1, 2011.

Explanation of amendments:

The Revenue Committee amendment (AM 1519) would change LB 40's operative date to July 1, 2012.
