Element Eleven: average number of minutes per delivery system transaction or task based on type of transaction, including but not limited to, application management (new review, renewal), Interviewing (high and low priority), application processing (processing initial, processing daily, and processing ready), and change management.

Data regarding the number of minutes per delivery to process a task is not available. A report reflecting the number of days to complete a work task is attached. This is for the Medicaid Program Work Task Queue.

See attached:

- April 2014 to June 2014 Work Task Report

Element Twelve: The number of hours and the number of days when call center responses are at a maximum and clients receive a busy signal when calling.

The Office of the Chief Information Officer (OCIO) sends busy signal reports to the Medicaid Division of DHHS. The report reflects the date, time and location when a busy signal occurred; it can be assumed if the date and time is not listed that a busy signal did not occur. Windstream submits the Lincoln local number and the State-wide toll free number report. Qwest submits the Omaha local number report. Medicaid has 46 lines available in each location.

A review of the April – June reports indicate no busy signals occurred on the Omaha local number. The report indicates one day in the quarter when busy signals occurred on the Lincoln local number and the State-wide toll free number. See details below:

Date	Time	Number of Busy Signals
June 2	11:30 AM	9
June 2	12:00 PM	14

Element Thirteen: It is the intent of the Legislature that the department submits a report to the Clerk of the Legislature that includes the following monthly information on a quarterly basis of the workers in the ACCESSNebraska call centers and in local offices. The number of social service workers, eligibility technicians and social service lead workers and the number of vacancies are in these positions at the beginning of each month; the number of these positions vacated within a month; and the number of these positions filled within a month.
