thinking of some of the people we are employing under 403 and 302. We seem to run the gamut of counselors, social workers, psychologists, psychiatrists. Are these people who are going to be making this diagnosis, do they have to have any particular qualification? If not, who determines who they are that we are spending this kind of money on?

SENATOR BARNETT: OK. If you will look at the amendment that we adopted, Section 3, the (d) part of it, to provide emergency medical treatment, the court, pending adjudication, may order such child examined by a physician, surgeon, psychiatrist, duly authorized community mental health service program, or a psychologist. I think that definitely answers what you are asking, doesn't it? OK.

CLERK: Mr. President, there is a motion on the desk. I ask unanimous consent to bracket LB 294 until February 25th. Signed Senator Jack Mills.

SPEAKER: Are there any objections.

SENATOR BARNETT: Yes, I want him to explain why.

SPEAKER: Senator Mills.

CLERK: February 25th.

SPEAKER: Go on to LB 60.
