

February 20, 1975

SENATOR SAVAGE: Senator Murphy.

SENATOR MURPHY: I would yield to Senator Syas' motion to go ahead and adopt the amendments, Mr. Chairman, if you wish to do that. Then I would like to ask Senator Cavanaugh a question.

SENATOR SAVAGE: If there is no further discussion the question is to adopt the Cavanaugh amendment to LB 98. Please record your vote. Have you all voted? You have to vote on the machine, you can't call them in. Have you all voted? I vote aye.

CLERK: Senator Savage voting aye.

SENATOR SAVAGE: Record the vote.

CLERK: 26 ayes, 0 nays, 23 not voting on motion to adopt the amendments.

SENATOR SAVAGE: The amendment is adopted. What is your pleasure? Senator Cavanaugh do you want to move the bill across?

SENATOR CAVANAUGH: Well Senator Syas indicated I maybe overstepped the explanation of the amendment to the point of explaining the bill. I would leave that prior explanation as the explanation of the entire bill, and move that the bill be advanced.

SENATOR SAVAGE: Senator Murphy.

SENATOR MURPHY: A question of Senator Cavanaugh, if I may.

SENATOR SAVAGE: Do you yield Senator Cavanaugh?

SENATOR CAVANAUGH: I do.

SENATOR MURPHY: Senator, in Omaha and Lincoln, places like that, you have blighted areas. At home we have blighted dwellings. I wonder if the bill is, in truth, fair if we have to live in a complete area of blight before the same benefit would apply, or if the word area should be taken out of there.

SENATOR CAVANAUGH: We don't have area.

SENATOR MURPHY: Are they individual? I'm sorry I was reading the other way.

SENATOR CAVANAUGH: As I explained it on the amendment, the city of Lincoln offered an amendment that would have . . . I think he was using the language of the Federal Housing Code and he wanted housing or developmental community areas. Whatever that language was. He wanted it in there and I said that I did not want it in there. Senator Keyes indicated he did not want it in here because he wished it to apply to rural. I also wish it to apply to rural and I want it to apply to any single-family dwelling that would meet the criteria of delapidated.
