AT EASE

SENATOR MARVEL: Those are those on that page, now you have another set which includes an amendment to 537 which has to do with the technical community colleges. I think Senator Kelly has a question on this which allows the Metro College to expend available funds for machine technology in cosmetology. These are not new funds. These are regular funds. Now, Senator Kelly, shall I go ahead and explain the rest, then you come back to your question on that one? OK. The sixth amendment is on the first sheet of the new hand-out, which shows request 2518. It has to do with an amendment of \$22,710 to the Court of Industrial Relations. We passed LB 819 in 1974 without an A bill. We asked them to perform additional functions. We didn't give them the money. This will allow them to finish their activities of the balance of this fiscal year.
