CLERK: LR 88 will be inserted in the Journal and laid over.

Mr. President, I have an announcement from Senator Mahoney, the Chairman of the Executive Board, that the last day for the introduction of interim study resolutions will be today rather than Friday as previously announced. Signed, Senator Mahoney.

Mr. President, I guess we could go on some bills that were advanced to Select File today, if that would be your desire.

PRESIDENT: We ought to try to proceed. Go ahead with Select File.
