It's wrong. Everybody here knows it's wrong, with a few exceptions. Let me say this to you, before we vote and before I close, the issue is the same as it was last year. If we don't pass this, I bet a quality cigar that they're not going to cut off the funds. I would say this to you, that if we do pass it then we're going to have to put on an extra staff to draft the bills that the feds are going to send down here at a rate that you won't believe. The only thing is that my remarks and my record is going to be public. The rest of you aren't going to have a Pearl Harbor File that vote for this, because it's going to follow you home. Then you can turn around and say, well listen I'm against the feds doing this, and somebody is going to shove that paper in your face to show exactly how you voted on these issues. I think that's good for you. I think it's a bad bill. It's one of the worst I've ever seen in my life. I think it ought to be killed, I think you ought to do it now. At least you've been warned. You know what the issue is. I ask you to bring it back and gleefully strike the enacting clause.

PRESIDENT: Senator Lewis has closed on his motion to return LB 328 to Select File. There will be no more demonstrations. The motion is to ... the question is to return LB 328 to Select File to strike the enacting clause. Record your vote. Let's vote. Record. Senator Lewis. Roll call vote. Roll call vote has been requested.
