

January 8, 1976

Hopefully, the chairmen of the committees can arrange the other bills as they feel that like subject matter so people do not need to come in twice from a long ways off to testify on a pro or con basis of that legislation. For the first two days, in order to speed up the public hearings, and this gives sufficient time if you will turn in those bills this afternoon here yet. They will be printed in the Journal for tomorrow. These bills are available and can be viewed by the public, or anyone else who wishes to have access to them. So that is the decision that was made just a few moments ago.

I will suggest, as has always been the rule, that the chairmen bring those to the desk as soon as possible. I would also suggest he visit with the introducer and sees if he's ready for that bill.

PRESIDENT: Is it the Speaker's desire that we remain in session?

SPEAKER: Right, give the opportunity to those chairmen to make a request for setting a public hearing on those various bills.

While we're waiting for those chairmen to get their requests up here for public hearing, I wish to make a request. I wish to bracket LB 174. It was brought up yesterday. It was brought up again this morning. Both times I was out of the room, not intentionally but for other purposes. I wish to bracket LB 174 for consideration on General File, February the 10th. I suggest the reason for this is there are many different Indian tribes in the State of Nebraska. In order to get them together and have some visit with them prior to that I wish we'd have more time.

PRESIDENT: Is there an objection? Seeing none, it's so ordered.

CLERK: Mr. President, I have some new bills.

PRESIDENT: Read the new bills.

CLERK: (Read title to LB 706 and 707).
