

LB 691  
LR 156, 157  
LB 806, 1006

March 23, 1976

PRESIDENT: The amendment is adopted. You've heard the motion. All in favor say aye, contrary say nay. The bill is advanced.

CLERK: I have two further motions to return LB 691, or I have lots of bills on General File. Go to General File. Mr. President, I do have a report to make. Your committee on Enrollment and Review reports we have examined and reviewed LB 806 and recommend it be placed on Select File, replaced on Select File as amended. Mr. President, Legislative Resolution 156 put in by the Judiciary Committee. Legislative Resolution 157 calling for a study by the Judiciary Committee. Both will be referred to the Executive Board. LB 1006 introduced by the Appropriations Committee and signed by Senators Marvel, Savage, Goodrich, Marsh, Simpson and Johnson. Read title.

PRESIDENT: Excuse me, Senator Shirley Marsh.

SENATOR MARSH: Mr. President and members of the Legislature, LB 1006 uses funds previously appropriated for an Omaha State Office Building. It now proposes the combination UNO-Omaha State Educational Building. This bill would provide the appropriation for the State Office Building, the restrictions on size and scope of the building, the funding for the building and the role of the Department of Administrative Services in carrying out the provisions of this act. There is a technical amendment which Senator Goodrich has and I will turn the microphone over to Senator Goodrich at this time.

CLERK: Mr. President, there are no Committee amendments on LB 1006. There is a Committee amendment offered by Senator Goodrich which was printed in the Journal, page 1286. Mr. President, the amendment is set out in full in the Legislative Journal on page 1286.

PRESIDENT: Senator Goodrich.

SENATOR GOODRICH: Mr. President and members of the body, I move the adoption of the amendment. The amendment does nothing but correct an improper reference to previously appropriated planning money. It was believed, for example, that there was a \$13,000 balance in this account. LB 6 from the special session reduced that to \$5,000, and what we are also doing, there was another \$20,000 planning appropriation that was given to the Department of Administrative Services. What we are doing is lapsing the two together under the control of DAS so that the planning monies that have previously been appropriated in previous sessions and bills are now merged together with this amendment. I move the adoption of the amendment.

PRESIDENT: Senator Savage.

SENATOR SAVAGE: Is this on the amendment, Mr. President? I want to speak on the bill.

PRESIDENT: Excuse me, Senator Savage.

SENATOR SAVAGE: I want to speak on the bill.
