SENATOR MAHONEY: Yes. I would say, because of some previous plans that have taken place, because the Clerk assures us we have just got a stack of amendments on this bill, we can take them up tomorrow morning and it will still be able, Senator Luedtke, to move on. There is no way possible that if you just kept going on this thing until 6:30 or 7 o'clock, you are still not going to be able to finish.

PRESIDENT: All right. The question is, shall we adjourn until 9 o'clock in the morning. All in favor say aye. Contrary say nay. The ayes have it. All right, call the roll. Call the roll. There has been an ask for the call of the roll. That is appropriate, too. Call the roll. Commence the roll. Clear the Board. Call the roll on adjournment.

CLERK: A roll call?

PRESIDENT: Yes, sir. There has been a request for a roll call. Call the roll on the motion to adjourn.

CLERK: Roll call vote taken. See page 1485, Journal. 25 ayes, Mr. President.

PRESIDENT: We are adjourned.
