guy and buy this. Little bekownst to me that there might be a kickback or a fee or somebody that I am dealing with might even own that title insurance company and the senator who got up and said in his amendments, there is and it is a full disclosure, there are fees on this and there...this takes place or this takes place or this takes place. So I don't think this bill is so bad.

SPEAKER NICHOL: One minute.

SENATOR HABERMAN: I have gotten letters from Lincoln and Omaha, small cities, big cities. Let's move it over to Select. If some people have lots of problems with them, fine, maybe we can work them out and protect the public interest, well I'll change that, maybe we are going to protect the public's pocketbook. Maybe you should look at it this way. Every industry is changing, all trends are changing. We can't point our finger just at this bill and say, it is changing, therefore, we shouldn't do this, this or this. So I ask for your support for 215. Let's put it over to Select File and if those people who are having real problems with it, I am sure that the introducer of the bill will be glad to sit down and work something out. Thank you, Mr. President.

SPEAKER NICHOL: Before we go on, Mr. Clerk, do you have something?

CLERK: Mr. President, I have several items I would like to get into the record if I could. Your committee on Enrollment and Review respectfully reports they have carefully examined and reviewed LB 241 and recommend that same be placed on Select File; 302 Select File; 594, 119, 204, 365, all on Select File.

Mr. President, Senator Schmit, Wesely, DeCamp and Labeledz would like to print amendments to LB 319.
