on because of the spring planting and that that it would be some advantage to have the emergency clause on. I ask for the adoption of the committee amendments.

SPEAKER NICHOL: Mr. Clerk, I understand we have an amendment to the committee amendment.

CLERK: Mr. President, Senator Haberman had an amendment to the committee amendments and that amendment is on page 1210 of the Journal.

SPEAKER NICHOL: Do you want to handle that?

SENATOR CARSTEN: Is that the one that is 928?

CLERK: Yes, sir.

SPEAKER NICHOL: Yes, Senator Carsten.

SENATOR CARSTEN: Mr. President, I would move for the adoption of the amendment to the committee amendment and with an explanation of this. When the committee amendment was adopted that reinstated five...on page 5 starting with line 25 they only struck that portion that was on page 5 but in reality it went over on to page 6, lines 1 through 9, so the amendment did not complete...the committee amendment did not complete that which should have been completely reinstated and I would move that this amendment to the committee amendment would reinstate that whole section in its entirety. With that explanation, I would move for the adoption of the amendment to the committee amendment, Mr. President.

SPEAKER NICHOL: The question is the adoption of the Haberman amendment to the committee amendments. Those in favor vote aye, opposed nay. Record, Mr. Clerk.

CLERK: 17 ayes, 0 nays on adoption of the Haberman amendment to the committee amendments, Mr. President.

SPEAKER NICHOL: The Haberman amendment is adopted. Senator Cal Carsten on the committee amendments.

SENATOR CARSTEN: Now, Mr. President, members of the Legislature, on behalf of the committee and the committee amendments as amended now, I would give the wholehearted support to the committee amendments. That which we intended at the beginning has now been reinstated and it appears is in proper form to proceed with the bill so I support the committee amendments as amended.
