LB 344, 344A, 553, 59

SENATOR CHAMBERS: Yes.

SENATOR DeCAMP: Senator Chambers, I just had a very excellent racquet ball series with Senator Cullan, I trampled him completely, I would hate to ruin the day by doing what I think is going to happen on this bill. How about we just pass over the thing till January? Even though it is a wonderful bill and it should pass I know it needs an education process yet.

SENATOR CHAMBERS: Senator DeCamp and members of the Legislature, any time somebody offers an idea no matter how much I am opposed to it, if it has seriousness and validity as this one does in the minds of some people, I'm willing to let the thing have a hearing, let whoever's idea it is do the work that they want to do on it but I want to be sure that there will be no attempt to get it through this session. If that is an assurance, I'll withdraw the kill motion.

SENATOR DeCAMP: Why don't we pass over it until January. By then the world may have changed, who knows.

SENATOR CHAMBERS: Then may I withdraw my kill motion, Mr. Chairman?

SENATOR CLARK: You may, it is withdrawn.

SENATOR CHAMBERS: You are so kind and I appreciate that.

SENATOR CLARK: We are now going to pass over the bill until January of next year. I suppose 344A you want to pass over also. We will go to LB 18. Senator Cullan. Senator Cullan, goahead.

SENATOR CULLAN: Mr. President, for the record Senator DeCamp did not trounce me, he beat me in a tie breaker. Lest that go unchallenged, Senator DeCamp does have the tendency to exaggerate on occasion.

SENATOR CULLAN: LB 18.

CLERK: Mr. President, right before that, if I may, your Enrolling Clerk has presented to the Governor the bills read on Final Reading this morning.

Nebraska Retirement Systems Committee reports LB 553 to General File and that is signed by Senator Fowler as Chair.

Senator DeCamp would like to print amendments to LB 59.
