

January 23, 1984

LB 946, 719

think it was important because all they was put into the electrical code book was for informational purposes and alerting to the people what would be coming up possibly in 1987. Like Senator Goodrich says, they need to hold hearings on these and get input from the proponents and the opponents on these before they go ahead and do this. I think that this bill is a good bill. It would let the State of Nebraska adopt the minimum code of the National Electrical Code and so at this time I would urge you to support the bill. I move for the advancement of the bill.

PRESIDENT: The motion is to advance LB 946 from General File to Enrollment and Review for review. All those in favor vote aye, opposed vote no. Motion is to advance LB 946 from General File. Please record your vote. Please record your vote on the motion to advance LB 946. The Clerk will record.

CLERK: 25 ayes, 0 nays, Mr. President, on the motion to advance the bill.

PRESIDENT: The motion carries. The bill is advanced. Mr. Clerk, do you have matters for the record? Now we move into Select File, LB 719, Mr. Clerk.

CLERK: Excuse me, Mr. President. The first thing on 719, I have no E & R amendments. I do have an amendment from Senator Wesely to the bill, however.

PRESIDENT: Senator Wesely.

SENATOR WESELY: Thank you, Mr. President, and members of the Legislature, this is an amendment that was passed out earlier this morning. It is an amendment from Senator Warner and myself. Actually, Senator Warner had the amendment drafted and is carrying it for the Lancaster County Board but he is not here this morning and I am carrying it for him at this time. Senator Warner and I passed a bill two years ago, LB 361, which talked about tax exempt license plates. There are a number of organizations in the state that are accorded tax exempt status and have the opportunity to get free license plates for their cars. The Lancaster County Board said a couple of years ago, well, we would like to let people know who has the tax exempt
