LB 833A, 657

implement LB 833. They are only, they only affect the revolving fund appropriation and not the general fund budget for program 105 and this is the property tax administration fund. The cost attributable to this activity would be billed to and reimbursed by the counties for which the services were performed. I move for the advancement of LB 833A.

PRESIDENT: Is there discussion on the advancement of the Appropriations bill for LB 833? If not, the motion is to advance the bill. All those in favor vote aye, opposed vote no. We're voting on the advancement of LB 833A. Please record your vote. Asking for you to record your vote on the advancement of LB 833A. Clerk will record.

CLERK: 26 ayes, 0 nays, Mr. President, on the motion to advance the A Bill.

PRESIDENT: 833A is advanced. The next is LB 657.

CLERK: 657 introduced by Senator Sieck and Senator Abboud. (Read title.) The bill was read on January 4, referred to the Judiciary Committee, was advanced to General File. There are Judiciary Committee amendments pending. In addition, Senator Beutler would move to amend the Standing Committee amendments.

PRESIDENT: Senator Beutler.

SENATOR BEUTLER: Mr. Speaker, members of the Legislature, frankly, we made an error where we put a period in the Standing Committee amendments and so the amendment to the Standing Committee amendments corrects that error. Neither the amendment to the Standing Committee amendments nor the Standing Committee amendments change Senator Sieck's bill in any substantive sense whatsoever but pursuant to some conversations with the Bar Association and people who work with this subject matter, we decided that there was some surplusage language in the bill and both of the amendments that we're talking about simply seek to do away with the excess language so I move the amendment to the committee amendments.
