LB 561, 676, 682, 695, 825A, 1106, 341

problems on the bill from a particular standpoint otherwise. My closest friend who I went to school with and grew up with is the President of the optometrists this year, Dean Lauritzen. My campaign chairman for every campaign I've ever had is Dr. Peetz, President of the Nebraska Medical Association. It puts me really in a pickle and that is why I wanted to make sure that anything I offered was a reasonable settlement of the issue. I guess I think this is and would urge you to support to advance the bill.

SPEAKER NICHOL: The question is the advancement of the bill. All those in favor vote aye, opposed nay. Have you all voted? Record, Mr. Clerk.

CLERK: 25 ayes, 14 nays, Mr. President, on the motion to advance the bill.

SPEAKER NICHOL: The bill advances. Anything to put into the record, Mr. Clerk?

CLERK: Mr. President, yes, sir, I do. Senator DeCamp offers a new A bill, 825A. (Read by title for the first time as found on page 1432-1433 of the Legislative Journal.)

Mr. President, Senator Landis would like to print amendments to LB 1106, to 695 and to 682 and Senator Wesely to 676. (See pages 1433-1434 of the Legislative Journal.)

SPEAKER NICHOL: We will move on to LB 341.

CLERK: Mr. President, 341 was a bill introduced by Senator Vickers and Senator Wiitala. (Read title.) The bill was read on January 17th of last year, Mr. President. It was referred to the Education Committee for public hearing. The bill was advanced to General File. I do have Education Committee amendments pending.

SPEAKER NICHOL: (Gavel.) Gentlemen, especially under the south balcony, you are a little bit noisy. Senator Vickers, on the amendments.

SENATOR VICKERS: Are we on the committee amendments?
