excellent physicians in the State of Nebraska but there are problems we have even with some selected ophthalmologists. You are going to give our office business. You are going to give us that many more lawsuits. I just don't think it is good for the State of Nebraska for us to pass a bill without this amendment so I would ask its adoption. Thank you.

SPEAKER NICHOL: The question is the adoption of the Hoagland amendment. All those in favor vote aye, opposed nay. Incidentally for the record, the DeCamp amendment was not adopted. Record, Mr. Clerk.

CLERK: 9 ayes, 15 nays on adoption of the amendment.

SPEAKER NICHOL: The amendment is not adopted. Senator Hoagland, for what purpose do you rise?

SENATOR HOAGLAND: I'm afraid we will have to request a Call of the House, Mr. Speaker, this is an important issue.

SPEAKER NICHOL: No, we've announced it. It is done.

SENATOR HOAGLAND: Never mind.

SPEAKER NICHOL: Incidentally may I say, we'd better get on with it, ladies and gentlemen. You realize how much time we have spent and I have contributed a little to the delinquency so I hesitate to say much about it but I think you can see what we want to accomplish today and we are a long ways away. Mr. Clerk. Yes, read some things in please.

CLERK: Mr. President, I have some matters to read into the record. New resolution, 337, offered by Senator DeCamp and several of the other Senators. It would propose a constitutional amendment to Article VIII, Section 1 of the Constitution of Nebraska. (See pages 1977-1979 of the Legislative Journal.) Followed thereafter, Mr. President, is a motion offered by Senator DeCamp to be published in the Journal.
