LB 388

children to attend the Lincoln Public Schools and the reason being that the...strangely enough, the State Fairgrounds was not part of the Lincoln Public School District. Now there was a little misunderstanding by some folks and it has been taken care of, that the State Fairgrounds are now part of the Lincoln Public Schools District, so there is really no need for this bill. We held the bill up last year on Final Reading to try to get this resolved. The problem has been resolved so I would ask you to indefinitely postpone the bill since there is no longer any need for it.

SPEAKER NICHOL: Senator Marsh.

SENATOR MARSH: (Response inaudible.)

SPEAKER NICHOL: Well. Senator Newell.

SENATOR NEWELL: Mr. President, members of the Legislature, like all good bills there is a purpose and I am sure that with 49 thoughtful members of this body, they can find a purpose for this bill. If you kill it, it will have no purpose, it will be gone. I urge thoughtful members of this body to think about what a wonderful vehicle LB 388 might be and the introducers, be they gone, still would like to see this be a useful vehicle for something good so I urge you not to kill it and maybe we can find something useful and beneficial to make 388 out of.

SPEAKER NICHOL: Senator Vickers, would you like to close?

SENATOR VICKERS: Well, I'm the one that started this analogy so I guess can use it again. I think we've got plenty of horses around here for Senator Newell to throw saddles on if he wants to and I don't think we need another one so I think we might as well get rid of this one.

SPEAKER NICHOL: With that, the motion is to return the bill. All those in favor vote aye, opposed nay. Record, Mr. Clerk.

CLERK: 30 ayes, 3 nays, Mr. President, on the motion to return.
