

SENATOR CHAMBERS: ...will be able to show us where there is no conflict, just as in the case of Senator DeCamp they showed us there was a conflict, even though the law said there is not. And they admitted that based on the law there is no conflict, but the World Herald said there is. Gambling...this is why gambling is evil. It brings out so many other things that have nothing to do, directly, with gambling because gambling touches on such...so close to that innerspring in most people's nature. But we learn things on this floor. Some of us watch, and some of us don't just scurry around in corners and making sure nobody is around to overhear us when we say, yes, I think somebody else has got a conflict of interest too. But I want it out here in the open, since some of our colleagues have been vilified and held up to the public, let us all be held up. By the way this is a bad bill. In the name of religion and what Jesus, as I was taught about Him as a child, stood for, I'm going to vote against it. The next time that preacher comes here, I hope he preys against it.

SPEAKER NICHOL: Senator Hall, would you like to move.

SENATOR HALL: Mr. President, I move that LB 408 be advanced from Select File to E & R for Engrossment.

SENATOR CHAMBERS: Roll call vote.

SPEAKER NICHOL: Roll call vote has been asked for. The question is, shall the bill advance? All those in favor vote aye, opposed nay. Roll call vote has been asked for. Mr. Clerk.

CLERK: (Roll call vote taken as found on pages 1899-1900 of the Legislative Journal.) 31 ayes, 5 nays, Mr. President, on the motion to advance the bill.

SPEAKER NICHOL: The bill advances. Do you have anything you want to read in at this time?

CLERK: Yes, sir. Mr. President, your Committee on Appropriations, whose Chair is Senator Warner, reports LB 59 to General File with amendments attached, 212 to General File with amendments attached, and 599 to General File with amendments attached. (See pages 1900-02 of the Legislative Journal.)
