

May 3, 1985

LR 255, 256

SENATOR GOODRICH: A question of Senator Scofield. Now the way you presented that I presume we can't come to both of them, correct?

SENATOR SCOFIELD: Oh, you are perfectly welcome not only to come to Chadron's and Rushville's but to Gordon and Hay Springs as well.

SENATOR GOODRICH: Okay, thank you.

SPEAKER NICHOL: Any further discussion? The question is the adoption of the resolution. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 27 ayes, 0 nays, Mr. President, on adoption of LR 255.

SPEAKER NICHOL: The resolution is adopted. LR 256.

CLERK: 256 found on page 2022 honoring the City of Hay Springs.

SPEAKER NICHOL: Senator Scofield.

SENATOR SCOFIELD: This time it is Hay Springs, members, and, Senator Goodrich, particularly since you are planning on coming to all of these, Hay Springs' celebration is August 9th, 10th and 11th and it is rumored that the legendary monster of Walgren Lake will once again make an appearance at the Hay Springs centennial. The Walgren Lake monster was actually recognized internationally back over 50 years ago and was even written up in the London Times and so it is rumored that this beast will once again appear to help Hay Springs celebrate their centennial. I might also suggest that if you cannot possibly join any of these centennials this year, you will have a couple to go to next year because the railroad proceeded on down the line and so next year I will be back with the communities on down the line heading toward Wyoming. But for today, if you will join me in congratulating Hay Springs on its centennial, and I hope I see some of you out in the Panhandle this summer. Thank you.

SPEAKER NICHOL: Senator Cal Carsten, please.
