

all, so it doesn't pass. It's obviously got 25. I've counted about 3 times here and it's got at least 25, probably 27, 28. My thought was, okay, we bring it back and put the E clause on. And there is a simple reason. If it goes into effect, what, July 15 or so it's got two pieces in it. It's not just a pay raise, but it involves the CIR, the Court of Industrial Relations and those new restrictions and things that would apply there. And I wonder, I ask, I raise the question, is there a possibility that in that window of opportunity between, what, July 1 and July 15 that all the best laid plans of mice, men and legislators will be sent asunder because a case could be filed outside the parameters of the new restrictions that would go into effect? So I raise the question. If Senator Warner doesn't want it reconsidered, I won't push it further. Do you care, or do you have any attitude?

And the likelihood of that process being completed, with two additional weeks, would be very remote. And even more importantly, 1250A as written and 1250 itself as written puts an additional limitation that only allows the CIR orders to take effect for those groups of teachers that was at Corrections Institutions, Social Services, and Department of Education. So I think that everything is just fine the way it is.

SPEAKER NICHOL: Senator DeCamp, you are still on your time.

SENATOR DECAMP: I'll just withdraw it and hope everybody works out fine.

SPEAKER NICHOL: All right. The motion is withdrawn. Thank you. Mr. Clerk, do you have something else to put in? While the Legislature is in session and capable of transacting business, I propose to sign and do sign LB 1251, LB 1250, LB 1250A, and LB 1252. Move on to Select File.

CLERK: Mr. President, the first item is LB 1093. Senator Hall, I do have E & R amendments pending, Senator.

SENATOR HALL: Mr. President, I move the E & R amendments be
