

doesn't have anything to comment, I have no further closing other than to indicate the Appropriations Committee agreed on this override. I think it's vital that both go. Senator Maurstad.

PRESIDENT ROBAK: Senator Maurstad.

SENATOR MAURSTAD: Thank you, Madam President, and Senator Wehrbein, I also am not going to drag this out. We've added another eventful day. One thing that, I guess, that, as people ask me what surprises me the most about serving in the Legislature, it's the unpredictability of how a day might go. So I'm not going to drag it out. I appreciate those that would support the override on the veto on these projects. I think they're worthy. I hope you keep the people in mind that are living in there. And you're going to think I got a new quote master book or something today but I'm going to give you one last quote by Mark Twain. You like Mark Twain, Senator Landis? Always do right, this will gratify some and astonish the rest. Thank you, Madam President.
