This has never been done before by a Class A boys basketball team. They've done an outstanding job. They had an outstanding season. They have an outstanding coaching staff and outstanding players. They are the pride of my part of town, and this resolution recognizes them and our appreciation for the hard work that goes into being a champion. With that, I ask your support for the resolution. Thank you.

SENATOR VRTISKA: Madam President, members of the body, it gives me certainly a great deal of pleasure this morning to recognize the Johnson-Brock High School basketball team, who won the Class D-1 Boys State High School Basketball Championship with a victory over Pleasanton. This is only the second appearance at the Nebraska...that the Johnson-Brock basketball team has made at the state tournament, and, of course, they were undoubtedly pleased to have the pleasure of winning and taking home a trophy. I think that it's always great to recognize the achievement of these young men and their hard work, and certainly they have, along with that, academic achievements that we don't often recognize that certainly sometimes should be, even in these kinds of events. Certainly, I want to add my congratulations to this team for their hard work and their dedication and the time, and to the coaches, who, Coach Dan Vahle, who coached this team to a successful season and look forward to their return to the state in further endeavors at the state championships. So with that, I would, again, extend my congratulations. Thank you.
