CLERK: Senator Bohlke, 4281. (AM4281 is found on page 1605 of the Legislative Journal.)

SENATOR WESELY: Chair recognizes Senator Bohlke.

SENATOR BOHLKE: Yes, Mr. Speaker, members, this is a technical amendment that does three things. We harmonize the date for county superintendents to send annual statistical summary reports to the Commissioner of Education with a new date that school districts are required to submit the reports. We correct a reference defining the valuation year for designating primary high school districts, and we allow the Department of Education more flexibility to make payments before below age five special education grants when claims are submitted. That's the essence of it. They truly are very technical, and I would ask for their adoption.

SENATOR WESELY: Okay. Chair recognizes Senator Lynch. Chair recognizes Senator Kristensen.

SPEAKER KRISTENSEN: Thank you, Mr. President, members of the Legislature. I hesitate to do this because I know we're in the middle of this amendment, but I heard two or three references in the last amendment, I punched my light on, about people under the impression we may take up overrides tomorrow and that was an amendment to the education bill. You'll see on the agenda tomorrow it's just a motion to suspend the rules so we don't have to do the overrides on Wednesday. So we're not taking up the overrides on Wednesday unless the motion fails tomorrow to suspend the rules so I wanted to make that point clear. I understand that if there were other discussions in this bill being made that we're going to do overrides on Wednesday, that's not true unless the motion to suspend the rules tomorrow fails. Thank you, Mr. President.

SENATOR WESELY: Thank you, Mr. Speaker. There are no other lights. Senator Bohlke, do you wish to close on your amendment? Waives closing. The question before us is the adoption of the Bohlke amendment. Those in favor vote aye, those opposed nay. Record, Mr. Clerk.

CLERK: 28 ayes, 0 nays on adoption of Senator Bohlke's
