May 21, 1999

LB 105, 556A, 637A, 661, 881, 881A
LR 268, 269

this legislation is very important, but I also think that...

SENATOR COORDSEN: One minute.

SENATOR BROWN: ...we all need to be thinking about what we're going to do to prepare ourselves for Y2K, and...but making sure that that preparation is not to think that the sky is falling and start acting like the sky is falling. Thank you.

SENATOR COORDSEN: Thank you. Senator Beutler, to speak to the advancement of the bill.

SENATOR BEUTLER: I just couldn't refrain from rhetorically asking Senator Wickersham if he thought that in the year 2099 the mistake of this century would be repeated and...

SENATOR COORDSEN: Senator Wickersham.

SENATOR WICKERSHAM: That depends.

SENATOR BEUTLER: And I was going to ask him how...how he thought the mistake would not be repeated when, with respect to the reserve fund, we're repeating the mistake of 1984? Rhetorical, of course. Thank you.

SENATOR COORDSEN: No further lights on, Senator Smith, would you care to make a motion, please.

SENATOR SMITH: Mr. President, I move the advancement of LB 661 to E & R for engrossing.

SENATOR COORDSEN: You've heard the motion. All of those in favor please say aye. Opposed nay. The bill is advanced. Items for the record, Mr. Clerk.
