2 periods, including public meetings in each of the three
3 congressional districts.

4 (2) The board shall establish criteria for determining
5 the eligibility of projects for grant assistance, which criteria
6 shall include the following:

7 (a) The grants shall not provide direct assistance to
8 regulatory programs or to implement actions mandated by regulations
9 except remediation;

10 (b) No more than sixty percent of grant allocations in
11 any year shall assist remediation of soils or ground water, and no
12 grants for this purpose shall occur unless all other available
13 sources of funding are, in the opinion of the board, being
14 substantially utilized;

15 (c) The grants shall not pay for projects which provide
16 primarily private benefits or to relieve private liability for
17 environmental damage;

18 (d) The grants shall not pay for projects which have
19 direct beneficiaries who could afford the costs of the benefits
20 without experiencing serious financial hardship;

21 (e) The grants should assist those projects which offer
22 the greatest environmental benefits relative to cost;

23 (f) The grants should assist those projects which provide
24 clear and direct environmental benefits;

25 (g) The grants should assist those projects which will
26 make a real contribution to achieving the board's environmental
27 priorities;

1 (h) The grants should assist those projects which offer
2 the greatest public benefits; and

3 (i) The grants shall not pay for land or easements
4 acquired without the full and express consent of the landowner.

6 on July 1, 1995, the board shall observe the following priorities

16 the conservation of the species as required in subsection (1) of
17 section 37-807.

25 threatened.

26 (6) Except with respect to species of wildlife or wild
27 plants determined to be endangered or threatened pursuant to the

9 (3) Except as otherwise provided in this section or for

16 pursuant to section 75-319.

17 (4) If a party of record to a telecommunications order
18 commences an appeal in accordance with the Administrative Procedure
19 Act, the order appealed shall become effective on the date

21 unless upon application (a) the commission or district court issues
22 an order staying the underlying commission order or (b) the

13 or court may direct. The grant or denial of a stay shall not be
14 considered to be a final order.

15 Sec. 10. Section 75-156, Revised Statutes Supplement,
16 2000, is amended to read:

17 75-156. (1) In addition to other penalties and relief
18 provided by law, the Public Service Commission may, upon a finding
19 that the violation is proven by clear and convincing evidence,
20 assess a civil penalty of up to ten thousand dollars per day
21 against any person, motor carrier, regulated motor carrier, common
22 carrier, or contract carrier for each violation of (a) any
23 provision of sections 75-301 to 75-390 administered by the
24 commission or section 75-126 as such section applies to any person
25 or carrier specified in sections 75-301 to 75-390, (b) a commission
26 order entered pursuant to the Intrastate Pay-Per-Call Regulation

3 86-1009, or 86-1201 to 86-1222, (c) any term, condition, or
4 limitation of any certificate or permit issued by the commission
5 pursuant to sections 75-301 to 75-390, or (d) any rule, regulation,
6 or order of the commission issued under authority delegated to the
7 commission pursuant to sections 75-301 to 75-390. The civil
8 penalty assessed under this section shall not exceed two million

9 dollars per year for each violation. The amount of the civil
10 penalty assessed in each case shall be based on the severity of the
11 violation charged. The commission may compromise or mitigate any
12 penalty prior to hearing if all parties agree. In determining the
13 amount of the penalty, the commission shall consider the
14 appropriateness of the penalty in light of the gravity of the
15 violation and the good faith of the violator in attempting to
16 achieve compliance after notification of the violation is given.

17 (2) Upon notice and hearing in accordance with this
18 section and section 75-157, the commission may enter an order
19 assessing a civil penalty of up to one hundred dollars against any
20 person, firm, partnership, limited liability company, corporation,
21 cooperative, or association for failure to file an annual report as
22 required by section 75-116 and as prescribed by commission rules
23 and regulations or for failure to register as required by section 8
24 of this act and as prescribed by commission rules and regulations.
25 Each day during which the violation continues after the commission
26 has issued an order finding that a violation has occurred
27 constitutes a separate offense. Any party aggrieved by an order of
1 the commission under this section, except an order assessing a
2 civil penalty issued under subdivision (1)(b) of this section, has
3 the rights of appeal set forth in section 75-136.01. For an order
4 assessing a civil penalty issued under subdivision (1)(b) of this
5 section, any party aggrieved may appeal. The appeal shall be in
6 accordance with the Administrative Procedure Act.

7 (3) When any person or party is accused of any violation
8 listed in this section, the commission shall notify such person or
9 party in writing (a) setting forth the date, facts, and nature of
10 each act or omission upon which each charge of a violation is
11 based, (b) specifically identifying the particular statute,
12 certificate, permit, rule, regulation, or order purportedly
13 violated, (c) that a hearing will be held and the time, date, and
14 place of the hearing, (d) that in addition to the civil penalty,
15 the commission may enforce additional penalties and relief as
16 provided by law, and (e) that upon failure to pay any civil penalty
17 determined by the commission, the penalty may be collected by civil
18 action in the district court of Lancaster County.

7 one hundred thousand dollars, the commission shall remit such
8 excess money to the State Treasurer for credit to the Nebraska

11 invested by the state investment officer pursuant to the Nebraska
12 Capital Expansion Act and the Nebraska State Funds Investment Act.

Standing Committee amendment to LB 1115:

AM2986

- 1 1. Strike the original sections and insert the following
 2 new sections:
 3 "Section 1. The Legislature finds and declares that drug
 4 use contributes to crime in Nebraska, costs millions of dollars in
 5 lost productivity, and contributes to the burden placed upon law
 6 enforcement, court, and correction systems in Nebraska.
 7 The Legislature also finds and declares that drug court
 8 programs are effective in reducing recidivism of criminal behavior
 9 of persons who participate in and complete drug court programs.
 10 The Legislature recognizes that a drug court program offers a
 11 person charged with certain offenses an alternative component of
 12 the traditional criminal justice or juvenile justice proceedings.
 13 Sec. 2. For purposes of sections 1 to 4 of this act,
 14 drug court program means a program supervised by a court, subject
 15 to any rules promulgated by the Supreme Court for procedures to be
 16 implemented in the administration of such program within the court
 17 system, that has special calendars or dockets designed to achieve a
 18 reduction in substance-abuse and recidivism of criminal behavior
 19 among nonviolent, substance abusing offenders by increasing their
 20 likelihood for successful rehabilitation through early, continuous,
 21 and intense judicially supervised treatment, mandatory periodic
 22 drug testing, case management, and the use of appropriate sanctions
 23 and other rehabilitation services.
 24 Sec. 3. In those jurisdictions where a drug court
 1 program has been or will be created, the drug court program's local
 2 governing body may enter into interlocal agreements with local and
 3 state agencies for implementation and management of the drug court
 4 program and may provide funds in advance of the rendition of drug
 5 court program services.
 6 Sec. 4. In a case involving criminal activity in which
 7 the defendant is participating in a court-ordered drug treatment
 8 program, a judge of any court of this state may:
 9 (1) Order drug testing for the defendant;
 10 (2) Impose jail time as a sanction for noncompliance of
 11 the drug treatment program; or

LEGISLATIVE BILL 1303. Placed on General File as amended.

Standing Committee amendment to LB 1303:

AM3134

1 1. Strike the original sections and insert the following
2 new sections:

3 "Section 1. Section 29-3601, Reissue Revised Statutes of
4 Nebraska, is amended to read:

5 29-3601. The Legislature finds that pretrial diversion
6 offers persons charged with criminal offenses and minor traffic
7 violations an alternative to traditional criminal justice or
8 juvenile justice proceedings in that: (1) It permits participation
9 by the accused only on a voluntary basis; (2) the accused has
10 access to counsel prior to a decision to participate; (3) it occurs
11 prior to an adjudication but after arrest and a decision has been
12 made by the prosecutor that the offense will support criminal
13 charges; and (4) it results in dismissal of charges, or its
14 equivalent, if the individual successfully completes the diversion
15 process.

16 Sec. 2. Section 29-3602, Revised Statutes Supplement,
17 2000, is amended to read:

18 29-3602. The county attorney of any county may establish
19 a pretrial diversion program with the concurrence of the county
20 board. Any city attorney may establish a pretrial diversion

2 29-3603. A pretrial diversion plan for criminal offenses
3 shall include, but not be limited to:

4 (1) Formal eligibility guidelines established following
5 consultation with criminal justice officials and program
6 representatives. The guidelines shall be written and made
7 available and routinely disseminated to all interested parties;

8 (2) A maximum time limit for any defendant's
9 participation in a diversion program, beyond which no defendant
10 shall be required or permitted to participate. Such maximum term
11 shall be long enough to effect sufficient change in participants to
12 deter them from criminal activity, but not so long as to prejudice
13 the prosecution or defense of the case should the participant be
14 returned to the ordinary course of prosecution;

15 (3) The opportunity for eligible defendants to review,
16 with their counsel present, a copy of general diversion program
17 requirements including average program duration and possible
18 outcome, prior to making the decision to enter a diversion program;

19 (4) Dismissal of the diverted case upon completion of the

20 program;

21 (5) A provision that participants shall be able to
22 withdraw at any time before the program is completed and be
23 remanded to the court process without prejudice to them during the
24 ordinary course of prosecution;

25 (6) Enrollment shall not be conditioned on a plea of
26 guilty; and

27 (7) Defendants who are denied enrollment in a diversion

1 program shall be afforded an administrative review of the decision
2 and written reasons for denial.

3 Sec. 4. Section 29-3604, Reissue Revised Statutes of
4 Nebraska, is amended to read:

5 29-3604. No person charged with a violation of section
6 60-6,196 or 60-6,197 shall be eligible for pretrial diversion under
7 a program established pursuant to sections 29-3601 to 29-3603 and
8 sections 5 to 9 of this act.

9 Sec. 5. For purposes of sections 6 to 9 of this act:

10 (1) Department means the Department of Motor Vehicles;

14 influence of alcoholic liquor or drugs, sections 60-4,164,

27 Sec. 6. (1) A pretrial diversion plan for minor traffic
1 violations shall consist of a driver's safety training program.

2 (2) A driver's safety training program shall:

3 (a) Provide a curriculum of driver's safety training, as
4 approved by the department, which is designed to educate persons
5 committing minor traffic violations and to deter future violations;
6 and

7 (b) Require payment of a fee approved by the department
8 which is a reasonable and appropriate cost of the presentation of
9 the program. A jurisdiction shall charge a uniform fee for
10 participation in a driver's safety training program regardless of
11 the traffic violation for which the applicant was cited. Fees
12 received by a jurisdiction offering a driver's safety training
13 program may be utilized by such jurisdiction to pay for the costs
14 of administering and operating such program, to promote driver

15 safety, and to pay for the costs of administering and operating
 16 other safety and educational programs within such jurisdiction.
 17 (3) The program administrator of each driver's safety
 18 training program shall keep a record of attendees and shall be
 19 responsible for determining eligibility. A report of attendees at
 20 all driver's safety training programs in the state shall be shared
 21 only with similar programs throughout the state. All procedures
 22 for sharing records of attendees among such programs shall conform
 23 with the rules and regulations adopted and promulgated by the
 24 department to assure that no individual takes the approved course
 25 more than once within any three-year period in Nebraska. Such
 26 record of attendees and any related records shall not be considered
 27 a public record as defined in section 84-712.01.

1 (4) The department shall approve the curriculum and fees
 2 of each program and shall adopt and promulgate rules and
 3 regulations governing such programs, including guidelines for fees,
 4 curriculum, and instructor certification.

5 Sec. 7. Any organization or governmental entity desiring
 6 to offer a driver's safety training program shall first obtain a
 7 certificate from the department, to be renewed annually. The
 8 certificate fee and the annual renewal fee shall each be fifty
 9 dollars. The fee collected by the department from the organization
 10 or governmental entity shall be remitted to the State Treasurer for
 11 credit to the Department of Motor Vehicles Cash Fund.

12 Sec. 8. Any driver holding a commercial driver's license
 13 issued pursuant to sections 60-4,138 to 60-4,172 shall not be
 14 eligible to participate in a program under sections 5 to 9 of this
 15 act.

16 Sec. 9. Sections 5 to 9 of this act shall not apply to
 17 programs of pretrial diversion for offenses other than minor
 18 traffic violations.

19 Sec. 10. This act becomes operative on January 1, 2003.

20 Sec. 11. Original sections 29-3601, 29-3603, and

FA918

- 23 Sec. 21. (1) It is the intent of the Legislature, to the
24 extent permissible by law, to reduce General Fund appropriations
25 for the Public Service Commission. Because the commission is a
26 regulatory agency, the Legislature finds that persons regulated by
27 the commission should be responsible for the regulatory costs and
1 expenses of the commission, including a proportionate share of
2 administrative costs and expenses.
3 (2) To reduce dependence upon General Fund
4 appropriations, it is the intent of the Legislature that the
5 commission:
6 (a) Adopt a funding mechanism by January 1, 2006, which
7 may include fees and assessments, for each regulated area within
8 the commission's jurisdiction so that the proceeds collected defray
9 the commission's regulatory costs and expenses related to each
10 regulated area of jurisdiction; and
11 (b) Develop a procedure to annually review the funding
12 mechanism for each regulated area and adjust the funding mechanism,
13 as necessary, to defray the commission's regulatory costs and
14 expenses for each regulated area.
15 (3) The commission shall file a written report with the
16 Clerk of the Legislature on or before December 1 of each year
17 through 2005. The report shall include, for each regulated area
18 within the commission's jurisdiction, the commission's regulatory
19 costs and expenses, the funding mechanism, the amount of proceeds
20 collected, and any recommendations for legislation concerning the
21 funding mechanism.
22 Sec. 22. (1) The Public Service Commission has
23 regulatory authority over telecommunications companies as
24 prescribed in the Intrastate Pay-Per-Call Regulation Act, the
25 Nebraska Telecommunications Universal Service Fund Act, the
26 Telecommunications Relay System Act, the Telephone Consumer
27 Slamming Prevention Act, and sections 75-109, 75-604 to 75-617,

- 2 to 86-2214, and 86-2301 to 86-2307.
- 3 (2) In order to defray the costs and expenses of the
4 commission relating to the regulation of telecommunications
5 companies, the commission shall, prior to January 1, 2004, adopt
6 and promulgate rules and regulations to establish and implement a
7 fair and equitable funding mechanism for telecommunications
8 companies regulated by the commission, which funding mechanism may
9 include, but is not limited to, fees and assessments. The funding
10 mechanism shall be based on the commission's regulatory costs and
11 expenses relating to telecommunications companies, including
12 administrative costs and expenses, which may reasonably be
13 anticipated for the year in which such funding mechanism is
14 applicable. The commission shall annually review the funding
15 mechanism and adjust it, as necessary, to defray the commission's
16 regulatory costs and expenses relating to telecommunications
17 companies.
- 18 (3) The commission shall remit any proceeds collected
19 under a funding mechanism adopted pursuant to this section to the
20 State Treasurer for credit to the Telecommunications Regulation
21 Administration Cash Fund.
- 22 (4) The Telecommunications Regulation Administration Cash
23 Fund is created. The fund shall be used for the costs and expenses
24 of the commission relating to the regulation of telecommunications
25 companies as described in this section. Any money in the fund
26 available for investment shall be invested by the state investment
27 officer pursuant to the Nebraska Capital Expansion Act and the
1 Nebraska State Funds Investment Act.

Senator Cudaback asked unanimous consent to be excused until he returns.
No objections. So ordered.

Senator Dw. Pedersen moved the previous question. The question is, "Shall

10 in the fund available for investment shall be invested by the state
11 investment officer pursuant to the Nebraska Capital Expansion Act
12 and the Nebraska State Funds Investment Act.

13 Sec. 8. Section 2-1579, Revised Statutes Supplement,

14 2000, is amended to read:

15 2-1579. (1) Except as provided in subsection (2) of this
16 section, expenditures may be made from the Nebraska Soil and Water
17 Conservation Fund as grants to individual landowners of not to
18 exceed seventy-five percent of the actual cost of eligible projects
19 and practices for soil and water conservation or water quality
20 protection, with priority given to those projects and practices
21 providing the greatest number of public benefits.

22 (2) The department shall reserve at least two percent of
23 the funds credited to the fund for grants to landowners ordered by
24 a natural resources district pursuant to the Erosion and Sediment
25 Control Act to install permanent soil and water conservation
26 practices. Such funds shall be made available for ninety percent

9 with commission approval, further limit the types of projects and
10 practices eligible for funding assistance in that district.

11 (4) As a condition for receiving any cost-share funds
12 pursuant to this section, the landowner shall be required to enter
13 into an agreement that if a conservation practice is terminated or
14 a project is removed, altered, or modified so as to lessen its
15 effectiveness, without prior approval of the department or its
16 delegated agent, for a period of ten years after the date of
17 receiving payment, the landowner shall refund to the fund any
18 public funds used for the practice or project. When deemed
19 necessary by the department or its delegated agent, the landowner
20 may as a further condition for receiving such funds be required to
21 grant a right of access for the operation and maintenance of any
22 eligible project constructed with such assistance. Acceptance of
23 money from the fund shall not in any other manner be construed as
24 affecting land ownership rights unless the landowner voluntarily
25 surrenders such rights.

26 (5) To the extent feasible, the department and the
27 commission shall administer the fund so that federal funds
1 available within the state for the same general purposes are
2 supplemented and not replaced with state funds.

15 adjusted gross income or, for corporations and fiduciaries, federal
16 taxable income shall be made for interest or dividends received:

1 (c) There shall be added interest or dividends received
2 by the owner of obligations of the District of Columbia, other
3 states of the United States, or their political subdivisions,
4 authorities, commissions, or instrumentalities to the extent
5 excluded in the computation of gross income for federal income tax
6 purposes except that such interest or dividends shall not be added
7 if received by a corporation which is a regulated investment
8 company;

9 (d) There shall be added that portion of the total
10 dividends and other income received from a regulated investment
11 company which is attributable to obligations described in
12 subdivision (c) of this subsection and excluded for federal income
13 tax purposes as reported to the recipient by the regulated
14 investment company; and

15 (e)(i) Any amount subtracted under this subsection shall
16 be reduced by any interest on indebtedness incurred to carry the
17 obligations or securities described in this subsection or the
18 investment in the regulated investment company and by any expenses
19 incurred in the production of interest or dividend income described
20 in this subsection to the extent that such expenses, including

22 taxable income.

23 (ii) Any amount added under this subsection shall be
24 reduced by any expenses incurred in the production of such income
25 to the extent disallowed in the computation of federal taxable
26 income.

27 (2) There shall be allowed a net operating loss derived
1 from or connected with Nebraska sources computed under rules and
2 regulations adopted and promulgated by the Tax Commissioner
3 consistent, to the extent possible under the Nebraska Revenue Act

- 6 (a) Notwithstanding any other provision of law or any
- 7 local ordinance or resolution, such mobile telecommunications
- 8 service is deemed to be provided by the customer's home service

9 provider;

10 (b) All taxable charges for such mobile
11 telecommunications service shall be subject to tax by the state or

16 (c) No taxes, charges, or fees may be imposed on a
17 customer with a place of primary use outside this state.

18 (2) In accordance with the federal Mobile

5 such data base; or
6 (ii) If such data base is not provided, a home service
7 provider may rely on an enhanced zip code for identifying the
8 proper taxing jurisdictions and shall be held harmless for any tax
9 that otherwise would result from any errors or omissions

20 are not subject to tax are aggregated with and not separately
21 stated on the bill from charges that are subject to tax, the total
22 charge to the customer shall be subject to taxation unless the home

RESOLUTION

LEGISLATIVE RESOLUTION 328. Introduced by Transportation and Telecommunications Committee: Bromm, 23, Chairperson; Baker, 44; Byars, 30; Hudkins, 21; Jones, 43.

PURPOSE: The Public Service Commission currently is funded by a mix of sources of money from General Fund appropriations as well as fees from regulated industries that come through cash funds.

This study will investigate the elimination of General Fund

appropriations, making the agency entirely cash funded from fees collected from the entities regulated by the commission.

Study topics include, but are not limited to, the following areas:

(1) The trends and public policy considerations surrounding the concept of the regulator being funded by the regulated instead of the general public who have a stake in such regulation;

(2) Issues surrounding the implementation of a stable funding stream from collecting fees from regulated entities and the legal issues surrounding both the use of cash funds and fees for paying salaries of commissioners and the fee structure being set by the commission; and

(3) Any other topics the committee deems necessary to effectively carry out this resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Transportation and Telecommunications Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTION

LEGISLATIVE RESOLUTION 329. Introduced by Schimek, 27; Synowiecki, 7; Connealy, 16; Preister, 5; Aguilar, 35.

PURPOSE: Although a child's origin or immigration status does not prevent access to Nebraska elementary and secondary schools, immigration status may prevent a Nebraska high school graduate who was born outside of the United States from obtaining a college education at a public institution. The purpose of this resolution is to accomplish the following:

(1) Review Nebraska laws that prevent undocumented immigrants from qualifying for resident tuition;

(2) Identify practices by public and private colleges and universities in Nebraska regarding the education of undocumented immigrants with special attention to scholarships and other financial assistance that may be available;

(3) Gather information on tuition rates for both resident and nonresident state students at private and public colleges and universities in Nebraska;

(4) Gather information on the number of Hispanic students in Nebraska's secondary schools and estimates of how many may be undocumented immigrants;

(5) Project estimates of how many undocumented students may be foregoing a college education because of the requirement that they pay nonresident tuition;

(6) Gather information regarding the admission application process or other impediments to undocumented students who want to attend a Nebraska college or university at the resident rates;

(7) Review federal legislation and laws dealing with resident tuition for undocumented immigrants;

(8) Review other states' legislation and laws dealing with tuition for undocumented immigrants; and

(9) Study court decisions regarding this particular aspect of immigration law.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

8 Sec. 7. Section 77-2703, Revised Statutes Supplement,
9 2000, is amended to read:

10 77-2703. (1) There is hereby imposed a tax at the rate

13 the gross receipts of every person engaged as a public utility, as
14 a community antenna television service operator or any person
15 involved in the connecting and installing of the services defined
16 in subdivision (2)(a), (b), or (d) of section 77-2702.07, or as a
17 retailer of intellectual or entertainment properties referred to in
18 subsection (3) of section 77-2702.07, the gross receipts from the
19 sale of admissions in this state, ~~and~~ the gross receipts from the
20 sale of warranties, guarantees, service agreements, or maintenance
21 agreements when the items covered are subject to tax under this
22 section, and commencing October 1, 2002, the gross receipts from
23 providing a service listed in subsection (4) of section 77-2702.07.
24 For purposes of this section, the provision of services shall be
25 deemed to be in this state, for services provided to real estate if
26 the real estate is located in this state, for services provided to
27 personal property if the personal property is located in this state
1 and the service is rendered to property for use in this state,
2 and for personal services if the establishment where the service is
3 provided is in this state. When there is a sale, the tax shall be
4 imposed at the rate in effect at the time the gross receipts are
5 realized under the accounting basis used by the retailer to
6 maintain his or her books and records.

7 (a) The tax imposed by this section shall be collected by
8 the retailer from the consumer. It shall constitute a part of the
9 purchase price and until collected shall be a debt from the
10 consumer to the retailer and shall be recoverable at law in the
11 same manner as other debts. The tax required to be collected by
12 the retailer from the consumer constitutes a debt owed by the
13 retailer to this state.

14 (b) It is unlawful for any retailer to advertise, hold
15 out, or state to the public or to any customer, directly or
16 indirectly, that the tax or part thereof will be assumed or
17 absorbed by the retailer, that it will not be added to the selling,
18 renting, or leasing price of the property sold, rented, or leased,
19 or that, if added, it or any part thereof will be refunded. The
20 provisions of this subdivision shall not apply to a public utility.

21 (c) The tax required to be collected by the retailer from
22 the purchaser, unless otherwise provided by statute or by rule and
23 regulation of the Tax Commissioner, shall be displayed separately
24 from the list price, the price advertised in the premises, the
25 marked price, or other price on the sales check or other proof of

26 sales, rentals, or leases.

27 (d) For the purpose of more efficiently securing the
1 payment, collection, and accounting for the sales tax and for the
2 convenience of the retailer in collecting the sales tax, it shall
3 be the duty of the Tax Commissioner to adopt and promulgate
4 appropriate rules and regulations prescribing a schedule or
5 schedules of the amounts to be collected from the consumer or user
6 to effectuate the computation and collection of the tax imposed by
7 the Nebraska Revenue Act of 1967. Such schedule or schedules shall
8 provide that the tax shall be collected from the consumer or user
9 uniformly on sales according to brackets based on sales prices of
10 the item or items, except that the Tax Commissioner may authorize
11 computation and collection of the tax uniformly on a straight
12 percentage basis in lieu of brackets in situations involving
13 machine or computer billing.

14 (e) The use of tokens or stamps for the purpose of
15 collecting or enforcing the collection of the taxes imposed in the
16 Nebraska Revenue Act of 1967 or for any other purpose in connection
17 with such taxes is prohibited.

18 (f) For the purpose of the proper administration of the
19 provisions of the Nebraska Revenue Act of 1967 and to prevent
20 evasion of the retail sales tax, it shall be presumed that all
21 gross receipts are subject to the tax until the contrary is
22 established. The burden of proving that a sale of property is not
23 a sale at retail is upon the person who makes the sale unless he or
24 she takes, in good faith, from the purchaser (i) a resale
25 certificate to the effect that the property is purchased for the
26 purpose of reselling, leasing, or renting it, (ii) an exemption
27 certificate pursuant to subsection (7) of section 77-2705, or (iii)

1 a direct payment permit pursuant to sections 77-2705.01 to
2 77-2705.03. Receipt of a resale certificate, exemption
3 certificate, or direct payment permit, taken in good faith, shall
4 be conclusive proof for the seller that the sale was made for
5 resale or was exempt or that the tax will be paid directly to the
6 state.

7 (g) In the rental or lease of automobiles, trucks,
8 trailers, semitrailers, and truck-tractors as defined in section
9 60-301, the tax shall be collected by the lessor on the rental or
10 lease price, except as otherwise provided within this section:

11 (i) From all vehicles registered for operation upon the
12 highways of this state which are rented or leased for periods of
13 one year or more; or

14 (ii) From all vehicles delivered by the lessor within
15 this state which are rented or leased for periods of less than one
16 year.

17 (h) In the rental or lease of automobiles, trucks,
18 trailers, semitrailers, and truck-tractors as defined in section
19 60-301, for periods of one year or more, the lessor may elect not
20 to collect and remit the sales tax on the gross receipts and

21 instead pay a sales tax on the cost of such vehicle. If such
22 election is made, it shall be made pursuant to the following
23 conditions:

24 (i) Notice of the desire to make such election shall be
25 filed with the Tax Commissioner and shall not become effective
26 until the Tax Commissioner is satisfied that the taxpayer has
27 complied with all conditions of this subsection and all rules and

1 regulations of the Tax Commissioner;

2 (ii) Such election when made shall continue in force and
3 effect for a period of not less than two years and thereafter until
4 such time as the lessor elects to terminate the election;

5 (iii) When such election is made, it shall apply to all
6 vehicles of the lessor rented or leased for periods of one year or
7 more except vehicles to be leased to common or contract carriers
8 who provide to the lessor a valid common or contract carrier
9 exemption certificate. If the lessor rents or leases other
10 vehicles for periods of less than one year, such lessor shall
11 maintain his or her books and records and his or her accounting
12 procedure as the Tax Commissioner prescribes; and
13 (iv) The Tax Commissioner by rule and regulation shall
14 prescribe the contents and form of the notice of election, a
15 procedure for the determination of the tax base of vehicles which
16 are under an existing lease at the time such election becomes
17 effective, the method and manner for terminating such election, and
18 such other rules and regulations as may be necessary for the proper
19 administration of this subdivision.

20 (i) The tax imposed by this section on the sales of motor
21 vehicles, trailers, and semitrailers as defined in section 60-301
22 shall be the liability of the purchaser and, with the exception of
23 motor vehicles, trailers, and semitrailers registered pursuant to
24 section 60-305.09, the tax shall be collected by the county
25 treasurer or designated county official as provided in section
26 60-302 at the time the purchaser makes application for the
27 registration of the motor vehicle, trailer, or semitrailer for
1 operation upon the highways of this state. The tax imposed by this
2 section on motor vehicles, trailers, and semitrailers registered
3 pursuant to section 60-305.09 shall be collected by the Department
4 of Motor Vehicles at the time the purchaser makes application for
5 the registration of the motor vehicle, trailer, or semitrailer for
6 operation upon the highways of this state. At the time of the sale
7 of any motor vehicle, trailer, or semitrailer, the seller shall (i)
8 state on the sales invoice the dollar amount of the tax imposed
9 under this section and (ii) furnish to the purchaser a certified
10 statement of the transaction, in such form as the Tax Commissioner
11 prescribes, setting forth as a minimum the total sales price, the
12 allowance for any trade-in, and the difference between the two.
13 The sales tax due shall be computed on the difference between the
14 total sales price and the allowance for any trade-in as disclosed
15 by such certified statement. Any seller who willfully understates

16 the amount upon which the sales tax is due shall be subject to a
17 penalty of one thousand dollars. A copy of such certified
18 statement shall also be furnished to the Tax Commissioner. Any
19 seller who fails or refuses to furnish such certified statement
20 shall be guilty of a misdemeanor and shall, upon conviction
21 thereof, be punished by a fine of not less than twenty-five dollars
22 nor more than one hundred dollars. If the seller fails to state on
23 the sales invoice the dollar amount of the tax due, the purchaser
24 shall have the right and authority to rescind any agreement for
25 purchase and to declare the purchase null and void. If the
26 purchaser retains such motor vehicle, trailer, or semitrailer in
27 this state and does not register it for operation on the highways
1 of this state within thirty days of the purchase thereof, the tax
2 imposed by this section shall immediately thereafter be paid by the
3 purchaser to the county treasurer, the designated county official,
4 or the Department of Motor Vehicles. If the tax is not paid on or
5 before the thirtieth day after its purchase, the county treasurer,
6 designated county official, or Department of Motor Vehicles shall
7 also collect from the purchaser interest from the thirtieth day
8 through the date of payment and sales tax penalties as provided in
9 the Nebraska Revenue Act of 1967. The county treasurer, designated
10 county official, or Department of Motor Vehicles shall report and
11 remit the tax so collected to the Tax Commissioner by the fifteenth
12 day of the following month. The county treasurer or designated
13 county official shall deduct and withhold for the use of the county
14 general fund, from all amounts required to be collected under this
15 subsection, the collection fee permitted to be deducted by any
16 retailer collecting the sales tax. The Department of Motor
17 Vehicles shall deduct, withhold, and deposit in the Motor Carrier
18 Division Cash Fund the collection fee permitted to be deducted by
19 any retailer collecting the sales tax. The collection fee shall be
20 forfeited if the county treasurer, designated county official, or
21 Department of Motor Vehicles violates any rule or regulation
22 pertaining to the collection of the use tax.

23 (j)(i) The tax imposed by this section on the sale of a
24 motorboat as defined in section 37-1204 shall be the liability of
25 the purchaser. The tax shall be collected by the county treasurer
26 or designated county official at the time the purchaser makes
27 application for the registration of the motorboat. At the time of
1 the sale of a motorboat, the seller shall (A) state on the sales
2 invoice the dollar amount of the tax imposed under this section and
3 (B) furnish to the purchaser a certified statement of the
4 transaction, in such form as the Tax Commissioner prescribes,
5 setting forth as a minimum the total sales price, the allowance for
6 any trade-in, and the difference between the two. The sales tax
7 due shall be computed on the difference between the total sales
8 price and the allowance for any trade-in as disclosed by such
9 certified statement. Any seller who willfully understates the
10 amount upon which the sales tax is due shall be subject to a

11 penalty of one thousand dollars. A copy of such certified
12 statement shall also be furnished to the Tax Commissioner. Any
13 seller who fails or refuses to furnish such certified statement
14 shall be guilty of a misdemeanor and shall, upon conviction
15 thereof, be punished by a fine of not less than twenty-five dollars
16 nor more than one hundred dollars. If the seller fails to state on
17 the sales invoice the dollar amount of the tax due, the purchaser
18 shall have the right and authority to rescind any agreement for
19 purchase and to declare the purchase null and void. If the
20 purchaser retains such motorboat in this state and does not
21 register it within thirty days of the purchase thereof, the tax
22 imposed by this section shall immediately thereafter be paid by the
23 purchaser to the county treasurer or designated county official.
24 If the tax is not paid on or before the thirtieth day after its
25 purchase, the county treasurer or designated county official shall
26 also collect from the purchaser interest from the thirtieth day
27 through the date of payment and sales tax penalties as provided in
1 the Nebraska Revenue Act of 1967. The county treasurer or
2 designated county official shall report and remit the tax so
3 collected to the Tax Commissioner by the fifteenth day of the
4 following month. The county treasurer or designated county
5 official shall deduct and withhold for the use of the county
6 general fund, from all amounts required to be collected under this
7 subsection, the collection fee permitted to be deducted by any
8 retailer collecting the sales tax. The collection fee shall be
9 forfeited if the county treasurer or designated county official
10 violates any rule or regulation pertaining to the collection of the
11 use tax.

12 (ii) In the rental or lease of motorboats, the tax shall
13 be collected by the lessor on the rental or lease price, except as
14 otherwise provided within this section:

15 (A) From all motorboats registered for operation within
16 this state which are rented or leased for periods of one year or
17 more; or

18 (B) From all motorboats delivered by the lessor within
19 this state which are rented or leased for periods of less than one
20 year.

21 (iii) Subdivisions (1)(j)(i) and (ii) of this section
22 become operative January 1, 1997.

23 (k) The Tax Commissioner shall adopt and promulgate
24 necessary rules and regulations for determining the amount subject
25 to the taxes imposed by this section so as to insure that the full
26 amount of any applicable tax is paid in cases in which a sale is
27 made of which a part is subject to the taxes imposed by this
1 section and a part of which is not so subject and a separate
2 accounting is not practical or economical.

3 (2) A use tax is hereby imposed on the storage, use, or
4 other consumption in this state of property purchased, leased, or
5 rented from any retailer and on any transaction the gross receipts

6 of which are subject to tax under subsection (1) of this section on
7 or after June 1, 1967, for storage, use, or other consumption in
8 this state at the rate set as provided in subsection (1) of this
9 section on the sales price of the property or, in the case of
10 leases or rentals, of the lease or rental prices.

11 (a) Every person storing, using, or otherwise consuming
12 in this state property purchased from a retailer or leased or
13 rented from another person for such purpose shall be liable for the
14 use tax at the rate in effect when his or her liability for the use
15 tax becomes certain under the accounting basis used to maintain his
16 or her books and records. His or her liability shall not be
17 extinguished until the use tax has been paid to this state, except
18 that a receipt from a retailer engaged in business in this state or
19 from a retailer who is authorized by the Tax Commissioner, under
20 such rules and regulations as he or she may prescribe, to collect
21 the sales tax and who is, for the purposes of the Nebraska Revenue
22 Act of 1967 relating to the sales tax, regarded as a retailer
23 engaged in business in this state, which receipt is given to the
24 purchaser pursuant to subdivision (b) of this subsection, shall be
25 sufficient to relieve the purchaser from further liability for the
26 tax to which the receipt refers.

27 (b) Every retailer engaged in business in this state and
1 selling, leasing, or renting property for storage, use, or other
2 consumption in this state shall, at the time of making any sale,
3 collect any tax which may be due from the purchaser and shall give
4 to the purchaser, upon request, a receipt therefor in the manner
5 and form prescribed by the Tax Commissioner.

6 (c) The Tax Commissioner, in order to facilitate the
7 proper administration of the use tax, may designate such person or
8 persons as he or she may deem necessary to be use tax collectors
9 and delegate to such persons such authority as is necessary to
10 collect any use tax which is due and payable to the State of
11 Nebraska. The Tax Commissioner may require of all persons so
12 designated a surety bond in favor of the State of Nebraska to
13 insure against any misappropriation of state funds so collected.
14 The Tax Commissioner may require any tax official, city, county, or
15 state, to collect the use tax on behalf of the state. All persons
16 designated to or required to collect the use tax shall account for
17 such collections in the manner prescribed by the Tax Commissioner.
18 Nothing in this subdivision shall be so construed as to prevent the
19 Tax Commissioner or his or her employees from collecting any use
20 taxes due and payable to the State of Nebraska.

21 (d) All persons designated to collect the use tax and all
22 persons required to collect the use tax shall forward the total of
23 such collections to the Tax Commissioner at such time and in such
24 manner as the Tax Commissioner may prescribe. Such collectors of
25 the use tax shall deduct and withhold from the amount of taxes
26 collected two and one-half percent of the first three thousand
27 dollars remitted each month and one-half of one percent of all

1 amounts in excess of three thousand dollars remitted each month as
2 reimbursement for the cost of collecting the tax, except that for
3 each month from October 1, 1991, to September 30, 1992, such
4 collectors shall deduct and withhold from the amount of taxes
5 collected three percent of the first five thousand dollars remitted
6 each month and one percent of all amounts in excess of five
7 thousand dollars remitted each month as reimbursement for the cost
8 of collecting the tax and for each month from April 1, 1993, to
9 March 31, 1994, such collectors shall deduct and withhold from the
10 amount of taxes collected three-quarters of one percent of the
11 first two thousand dollars remitted each month and one-quarter of
12 one percent of all amounts in excess of two thousand dollars
13 remitted each month as reimbursement for the cost of collecting the
14 tax. Any such deduction shall be forfeited to the State of
15 Nebraska if such collector violates any rule, regulation, or
16 directive of the Tax Commissioner.

17 (e) For the purpose of the proper administration of the
18 Nebraska Revenue Act of 1967 and to prevent evasion of the use tax,
19 it shall be presumed that property sold, leased, or rented by any
20 person for delivery in this state is sold, leased, or rented for
21 storage, use, or other consumption in this state until the contrary
22 is established. The burden of proving the contrary is upon the
23 person who purchases, leases, or rents the property.
24 (f) It shall be further presumed, in the absence of
25 evidence to the contrary, that property shipped or brought to this
26 state by the purchaser after June 1, 1967, was purchased from a
27 retailer on or after that date for storage, use, or other
1 consumption in this state.

2 (g)(i) Except as provided in subdivisions (g)(ii) through
3 (g)(v) of this subsection, when a person purchases property in
4 another state, the Commonwealth of Puerto Rico, any territory or
5 possession of the United States, or any foreign country with the
6 intent of using such property in such other state, commonwealth,
7 territory, possession, or country and such property is actually
8 used in the other state, commonwealth, territory, possession, or
9 country for its intended purpose, the property shall not be subject
10 to tax in this state.

11 (ii) Subdivision (g)(i) of this subsection shall only
12 apply to a motor vehicle, trailer, or semitrailer as defined in
13 section 60-301 when it is licensed for operation on the highways of
14 the other state, commonwealth, territory, possession, or country
15 prior to being brought into this state. Licensed for operation on
16 the highways does not include any temporary registration,
17 licensing, or in transit procedure that allows nonresidents to
18 operate the motor vehicle, trailer, or semitrailer on the highways
19 of the other state, commonwealth, territory, possession, or country
20 for a limited time with the intent to remove the motor vehicle from
21 the other state, commonwealth, territory, possession, or country.

22 (iii) Subdivision (g)(i) of this subsection shall not

23 apply to an aircraft which is brought into this state within one
 24 year of purchase and (A) is regularly based within this state or
 25 (B) more than one-half of the aircraft's operating hours are within
 26 this state.

27 For purposes of subdivision (g)(iii) of this subsection,
 1 operation of the aircraft for the purpose of maintenance, repair,
 2 or fabrication with subsequent removal from this state upon
 3 completion of such maintenance, repair, or fabrication shall not be
 4 considered operating hours.

5 (iv)(A) Subdivision (g)(i) of this subsection shall only
 6 apply to a motorboat as defined in section 37-1204 when it is
 7 registered for operation in the other state, commonwealth,
 8 territory, possession, or country prior to being brought into this
 9 state.

10 (B) Subdivision (g)(iv)(A) of this subsection becomes
 11 operative January 1, 1997.

12 (v) Subdivision (g)(i) of this subsection shall not apply
 13 to any property that is manufactured, processed, or fabricated in
 14 another state and that is not used for its intended purpose in the
 15 other state after its manufacture, processing, or fabrication.

16 Sec. 8. Section 77-2704.11, Reissue Revised Statutes of

 26 at such point, delivery by the retailer to the customer at airport
 27 facilities for immediate transport outside this state, delivery by
 1 the retailer to the United States post office for delivery outside
 2 this state, or delivery by the retailer to a customs broker or

 6 is fabricated, installed, applied, or repaired in this state and
 7 then shipped by the retailer performing the fabrication,
 8 installation, application, or repair to a point outside of this
 9 state. This shall also include the gross receipts from sales of
 10 property to a common or contract carrier shipped by the seller via
 11 the purchasing carrier under a bill of lading, whether the freight

RESOLUTIONS

LEGISLATIVE RESOLUTION 337. Introduced by Dierks, 40.

PURPOSE: On June 25, 2001, the U.S. Supreme Court ruled in USDA v. United Foods that mandatory assessments under the federal Mushroom Promotion, Research, and Consumer Information Act of 1990, 7 U.S.C. 6101-6112, violated first amendment protections of certain mushroom producers. Similar first amendment challenges to other federal commodity promotion programs are currently being litigated in other federal court venues. The purpose of this study is to examine the implications of USDA v. United Foods for similar state commodity promotion programs funded largely through checkoff assessments against producers.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Agriculture Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

Referred to the Executive Board.

The study shall include a listing and description of new ethanol facilities for which the Department of Revenue has entered

agreements to provide ethanol production credits pursuant to section 66-1344.01, the likely amount of ethanol production capacity at each facility if built, and an assessment for each facility with respect to the likelihood that the facility will be able to qualify for credits pursuant to the requirements of section 66-1344. RESOLUTIONS

LEGISLATIVE RESOLUTION 345. Introduced by Preister, 5.

PURPOSE: The purpose of the study is to examine the recycling of hazardous wastes into fertilizers. This practice introduces dozens of toxic metals and chemicals into farms, lawns, and garden soils, including toxic substances such as lead and mercury. Many of the crops extract these toxic metals from the soil, causing these toxins to enter the food supply and put people's health at risk. Current fertilizer labeling laws do not require listing toxic metals that are not essential to plant and crop growth.

The study shall include, but not be limited to, an investigation into the following:

1. An examination of whether or not fertilizers sold and used in Nebraska contain hazardous wastes;
2. An examination of the costs and benefits of banning the use of hazardous wastes for manufacturing fertilizers;
3. An analysis of whether or not expanded right-to-know provisions should be enacted for all hazardous wastes going into fertilizers;
4. An examination of whether or not hazardous wastes being made into fertilizers should no longer be exempt from treatment, storage, and disposal tracking requirements; and
5. A review of federal law and other states' statutes regarding hazardous wastes in fertilizers.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That Natural Resources Committee, Agriculture Committee, and Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committees shall conduct public hearings to provide for public comment.
3. That the committees shall upon the conclusion of the study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 346. Introduced by Cunningham, 18; Byars, 30; Jensen, 20.

PURPOSE: The purpose of this interim study is to examine the issues raised by the introduction of Laws 2001, LB 399, the Outpatient Surgical Procedures Data Act.

The repeal of the Nebraska Certificate of Need Act deregulated the need

for approval of construction of new health care facilities. Since 1999, the number of ambulatory surgical centers licensed by the State of Nebraska has almost doubled. The number and complexity of outpatient surgical procedures as new technology is introduced is rapidly expanding. Ambulatory surgical centers and new specialty hospitals are focusing on providing high-profit procedures typically provided in hospitals, thereby challenging the viability of Nebraska hospitals that serve all people requiring care, regardless of profitability.

Under current Nebraska laws, ambulatory surgical centers do not publicly report any information concerning the surgical procedures performed at their facilities. Without information from ambulatory surgical centers, the gap of vital health care information about the incidence and treatment of disease in Nebraska will grow at an ever expanding rate. Establishing an information data base is critical for informed health policy decisionmaking about the utilization of outpatient surgical services at both hospitals and ambulatory surgical centers. The impact of the proliferation of ambulatory surgical centers and specialty hospitals on access to essential health care services, quality of care, and the need for accountability should be analyzed. The study should determine what information on outpatient surgical procedures should be publicly reported to the Department of Health and Human Services Regulation and Licensure to provide accountability and information concerning the incidence and treatment of disease in Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the Health and Human Services Committee shall invite representatives from the Department of Health and Human Services Regulation and Licensure, representatives of hospitals, representatives of ambulatory surgical centers not affiliated with hospitals, representatives of physicians, representatives of insurance companies, and representatives of other organizations interested in health care information and policy to participate and assist the committee in this study.
3. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 347. Introduced by Wehrbein, 2.

PURPOSE: To study the possibility of closing the Norfolk Regional Center. The study shall examine the array of services currently provided to persons served by all three of the regional centers. There shall be an examination of the costs and benefits of a shift from institutional services to community-based services.

The study shall include a recommendation as to whether the Norfolk

Regional Center should be closed at some time in the future. If closure is recommended, a timeline for elimination of regional center services shall be developed along with a recommendation for the development of appropriate services in community-based behavioral health and developmental disability programs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

23 terminated by the officer in writing and filed with the secretary
24 of the corporation and the compensation court. The termination of

13 (10) Each individual employer, partner, limited liability

2 subsequent policies issued by such insurer until such time as such
3 employer, partner, limited liability company member, or
4 self-employed person files a written statement withdrawing such
5 election with the current workers' compensation insurer or until
6 such coverage by such insurer is terminated, whichever occurs

15 has not elected to bring himself or herself within the provisions
16 of the Nebraska Workers' Compensation Act pursuant to this
17 subdivision and any health, accident, or other insurance policy
18 issued to or renewed by such person after July 10, 1984, contains

20 workers' compensation coverage, such exclusion shall be null and
21 void as to such person; and

22 (11) An individual lessor of a commercial motor vehicle
23 leased to a motor carrier and driven by such individual lessor who

1 coverage maintained by the motor carrier. For an election under

2 this subdivision, the motor carrier's principal place of business
 3 must be in this state and the motor carrier must be authorized to
 4 self-insure liability under the Nebraska Workers' Compensation Act.
 5 Such an election shall (a) be effective from the date of such
 6 written agreement until such agreement is terminated, (b) be
 7 enforceable against such self-insured motor carrier in the same
 8 manner and to the same extent as claims arising under the Nebraska
 9 Workers' Compensation Act by employees of such self-insured motor
 10 carrier, and (c) not be deemed to be a contract of insurance for
 11 purposes of Chapter 44. Section 48-111 shall apply to the
 12 individual lessor and the self-insured motor carrier with respect
 13 to personal injury or death caused to such individual lessor by
 14 accident or occupational disease arising out of and in the course
 15 of performing services for such self-insured motor carrier in

Senators Bromm and Connealy filed the following amendment to LB 1185:

AM3432

(Amendments to Standing Committee amendments, AM2841)

- 1 1. Strike the original sections and all amendments
- 2 thereto and insert the following new sections:
- 3 "Section 1. Section 48-106, Reissue Revised Statutes of
- 4 Nebraska, as amended by section 1, LB 417, Ninety-seventh
- 5 Legislature, Second Session, is amended to read:
- 6 48-106. (1) The Nebraska Workers' compensation Act shall
- 7 apply to the State of Nebraska, to every governmental agency
- 8 created by the state, to agricultural employers meeting the
- 9 requirements of subsection (3) of this section, and, except for
- 10 employers exempt under subsection (2) of this section, to every
- 11 resident employer in this state and nonresident employer performing
- 12 work in this state who employs one or more employees in the regular
- 13 trade, business, profession, or vocation of such employer.
- 14 (2) The act shall not apply to:
- 15 (a) A railroad company engaged in interstate or foreign
- 16 commerce;
- 17 (b) An employer of household domestic servants;
- 18 (c) An employer of any number of related employees
- 19 engaged in agricultural pursuits; and
- 20 (d) An employer of unrelated employees engaged in
- 21 agricultural pursuits who does not meet the requirements of
- 22 subsection (3) of this section. This subdivision does not apply if
- 23 the employer is the state or any governmental agency created by the
- 1 state.
- 2 (3) The act shall apply to an employer engaged in
- 3 agricultural pursuits who employs six or more unrelated employees
- 4 working on the same day, each working day for at least thirteen
- 5 consecutive weeks during a calendar year. The act shall apply to
- 6 such employer ten days after meeting the requirements of this
- 7 subsection. For employers meeting the requirements of this

8 subsection, all unrelated employees shall be covered under the act
9 and such employees' wages shall be considered for premium purposes.

10 (4) An employer who meets the requirements of subsection
11 (3) of this section and subsequently employs fewer than six
12 unrelated employees shall continue to provide workers' compensation
13 insurance coverage for such employees for a full calendar year
14 after the number of employees is less than six. Such employer may
15 elect to return to exempt status, and if such election is made, the
16 employer shall give the employees notice as provided in subsection
17 (5) of this section.

18 (5) An employer who is exempt from the act under
19 subdivisions (2)(b), (2)(c), or (2)(d) of this section may elect to
20 bring the employees of such employer within the act. Such election
21 is made by the employer obtaining a policy of workers' compensation
22 insurance covering such employees. Such policy shall be obtained
23 from a corporation, association, or organization authorized and
24 licensed to transact the business of workers' compensation
25 insurance in this state. If such an exempt employer procures a
26 policy of workers' compensation insurance which is in full force
27 and effect at the time of an accident to the employees of such
1 employer, such procurement is conclusive proof of such employer's
2 election to be bound by the act. Such an exempt employer who has
3 procured a policy of workers' compensation may elect to return to
4 the exempt status by (a) no longer carrying a policy of workers'
5 compensation insurance and (b) posting, continuously in a
6 conspicuous place at the employment locations of the employees for
7 a period of at least one year, a written or printed notice stating
8 that the employer no longer carries workers' compensation insurance
9 for the employees. Failure to provide notice in accordance with
10 this subsection voids an employer's attempt to return to exempt
11 status.

12 (6) An exclusion from coverage in any health, accident,
13 or other insurance policy covering employees which provides that
14 coverage under the health, accident, or other insurance policy does
15 not apply if the employee is entitled to workers' compensation
16 coverage is null and void as to the employees if the employer is
17 exempt from the act under subdivisions (2)(b), (2)(c), or (2)(d) of
18 this section and has not elected to bring the employees of such
19 employer within the act as provided in subsection (5) of this
20 section.

21 (7) For purposes of this section:

22 (a) Agricultural pursuits means (i) the cultivation of
23 land for the production of agricultural crops, fruit, or other
24 horticultural products or (ii) the ownership, keeping, or feeding
25 of animals for the production of livestock or livestock products;
26 and

27 (b) Related employee means an employee related to the
1 employer within the third degree of consanguinity or affinity.
2 Relationship by consanguinity or affinity within the third degree

3 includes parents, grandparents, great grandparents, children,
4 grandchildren, great grandchildren, brothers, sisters, uncles,
5 aunts, nephews, nieces, and spouses of the same. If the employer
6 is a partnership, limited liability company, or corporation in
7 which all of the partners, members, or shareholders are related
8 within the third degree of consanguinity or affinity, then related
9 employee means any employee related to any such partner, member, or
10 shareholder within the third degree of consanguinity or affinity.

11 The Nebraska Workers' Compensation Act shall apply to the State of
12 Nebraska and every governmental agency created by it, and to every
13 employer in this state, including nonresident employers performing
14 work in the State of Nebraska, employing one or more employees, in
15 the regular trade, business, profession, or vocation of such
16 employer, except railroad companies engaged in interstate or
17 foreign commerce.

18 (2) The following are declared not to be hazardous
19 occupations and not within the provisions of the Nebraska Workers'
20 Compensation Act: Employers of household domestic servants and
21 employers of farm or ranch laborers. An employer who is excluded
22 from the act under this subsection may elect to bring the employees
23 of such employer within the provisions of the act. Such election
24 is made by the employer obtaining a policy of workers' compensation
25 insurance covering such employees from a corporation, association,
26 or organization authorized and licensed to transact the business of
27 workers' compensation insurance in this state. If an employer who
1 is excluded from the act under this subsection has not elected to
2 bring the employees of such employer within the provisions of the
3 act by obtaining a policy of workers' compensation insurance as
4 provided in this subsection and any health, accident, or other
5 insurance policy covering such employees contains an exclusion of
6 coverage if the insured is otherwise entitled to workers'
7 compensation coverage, such exclusion shall be null and void as to
8 such employees.

RESOLUTIONS

LEGISLATIVE RESOLUTION 382. Introduced by Thompson, 14.

PURPOSE: The purpose of this resolution is to examine the process used by the health and human services system to designate children as not being eligible for Title IV-E federal funds. This study shall include an examination of the fiscal impact caused by the designating of eligible children as ineligible and a review of what steps the health and human services system has taken to more accurately identify children who may be eligible for Title IV-E funds.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

LEGISLATIVE RESOLUTION 383. Introduced by Stuhr, 24.

PURPOSE: The Legislature recognizes that retirement benefits are an important factor for many state employees. Maximizing the earnings and benefits of retirement plans while controlling costs is a goal of the retirement plan providers. Because of this, it is necessary to look at available alternatives that can provide additional benefits to employees while controlling costs for the state. One program that is being used throughout the country is a deferred retirement option program (DROP), which allows an alternative method for payment of retirement benefits for a specified and limited period of time.

In order to determine if this type of program would be beneficial to employees of the state, the Nebraska Retirement Systems Committee of the Legislature should study different types of deferred retirement option plans used throughout the country. This study shall include, but not be limited to, a review of eligibility requirements, participation limits, and benefits.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Nebraska Retirement Systems Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

PURPOSE: In 1999 the Legislature passed Legislative Bill 407, which established the Child Support Commission (Commission) to examine the Child Support Guidelines (Guidelines) of the State of Nebraska. The purpose of the Commission is to review and study the Guidelines and to make recommendations to the Supreme Court (Court) concerning changes thereto.

In 2000 and 2001 the Commission held a series of public hearings across the state in which it considered specified priority areas of focus and developed recommendations contained in the Tier report. The Commission issued reports to the Court in 2000 and 2001 recommending changes to the Guidelines. Later this year, the Court is expected to amend the Guidelines in response to such recommended changes. The Commission continues to consider further recommendations for the Court regarding the Guidelines.

The purpose of this interim study is to determine whether the anticipated changes by the Court warrant a legislative response, specifically regarding appropriate revisions or changes to the statutes that address child support, divorce, and alimony. Additionally, this interim study may provide auxiliary assistance to the Commission in its ongoing efforts regarding the study of the Guidelines.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 401. Introduced by Wehrbein, 2; Wickersham, 49.

PURPOSE: The purpose of this resolution is to examine long-term landfill closure monitoring and remediation expenses. During the Ninety-seventh Legislature, Second Session, (2002), the balance of the Solid Waste Landfill Closure Assistance Fund was transferred to the Low-Level Radioactive Waste Cash Fund, effectively eliminating a source of funding for landfill closure and remediation expenses. This study shall examine: (1) The status of the landfill closure process in Nebraska; (2) long-term monitoring programs undertaken by political subdivisions; and (3) the potential for future costly and long-term landfill remediation expenses.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Appropriations Committee and the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of the study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 402. Introduced by Dw. Pedersen, 39.

PURPOSE: This resolution is to authorize an interim study for the purposes of further in-depth study of the findings of the Legislature in its prior interim study, LR190 (2001). This interim study will provide particular attention to the areas of parole and correctional population management and staffing. The interim study will be performed by a subcommittee appointed by the Judiciary Committee, composed of legislative staff, and shall be completed by December 31, 2002. The interim study will result in a final report to be presented to the Judiciary Committee of the Legislature prior to the convening of the Ninety-eighth Legislature, First Session.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 403. Introduced by Revenue Committee: Wickersham, 49, Chairperson; Hartnett, 45; Janssen, 15; Landis, 46; Raikes, 25; Redfield, 12.

PURPOSE: The purpose of this study is to continue and improve work done by the Revenue Committee of the Legislature during past interims to inform the Legislature and other interested parties of Nebraska's tax structure compared with the past and with other states. Carrying out the purposes of this study does not involve conducting public hearings, but should result in one or more reports to the Legislature detailing Nebraska's tax structure. Examples of reports conducted pursuant to this study would include the base and rates of Nebraska's sales, income, property, excise, and miscellaneous taxes in comparison to the past or to other states; spending by the state and local governments compared to that of governments in other states; the effectiveness of tax reform legislation enacted in the past; and financial and tax policy implications of tax reform or restructuring proposals that have been proposed during recent legislative sessions or arise during this interim.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the staff of the Revenue Committee of the Legislature conduct research and coordinate research conducted by other employees of the Legislative Council or other parts of state government to carry out the purposes of this study.

2. That the legislative staff issue one or more reports pursuant to this study that will assist the Legislature in making decisions in future sessions.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 404. Introduced by Revenue Committee: Wickersham, 49, Chairperson; Hartnett, 45; Janssen, 15; Landis, 46; Raikes, 25; Redfield, 12.

PURPOSE: This study is to examine the administration, equalization, and utility of the special value that may be assigned to land in agricultural and horticultural use that has value for other nonagricultural and nonhorticultural purposes. This study is to examine the prevalence of special valuation and the administration of the "greenbelt statutes" in various counties in Nebraska and result in proposed legislation to make the administration and application of special valuation more prevalent, understood, and uniform across the state.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the staff of the Revenue Committee of the Legislature conduct research and coordinate research conducted by other employees of the Legislative Council or other parts of state government to carry out the purposes of this study.

2. That the legislative staff issue one or more reports pursuant to this study that will assist the Legislature in making decisions in future sessions with regard to special valuation.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 405. Introduced by Revenue Committee: Wickersham, 49, Chairperson; Dierks, 40; Hartnett, 45; Janssen, 15; Landis, 46; Raikes, 25.

PURPOSE: The purpose of this study is to monitor the administration and progress of the Uniform Sales and Use Tax Administration Act, commonly known as the Streamlined Sales and Use Tax System. The study is to inform the Legislature of the number of states participating, the level of participation, any material differences in the authorizing legislation, any federal response, and a timeline for full implementation. This study should also begin the process of drafting the legislation that will be necessary to conform Nebraska's sales and use tax statutes to the requirements of the act and the accompanying agreement.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution. A hearing is not necessary to carry out these purposes.

2. That the committee staff shall upon the conclusion of this study issue a report to carry out the purposes of this study, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 406. Introduced by Revenue Committee: Wickersham, 49, Chairperson; Dierks, 40; Hartnett, 45; Janssen, 15; Landis, 46; Raikes, 25; Redfield, 12.

PURPOSE: The purpose of this study is to examine historical evidence of the effectiveness of the Employment and Investment Growth Act (LB 775) and to measure critical parameters used by the TRAIN model and the Dynamic TRAIN model. Using an econometric model, this empirical study shall directly measure the effectiveness of LB 775 upon investment and employment since its beginning.

The office of the Legislative Fiscal Analyst use the TRAIN models to

investigate how tax credits work under the current Nebraska economy. The TRAIN studies investigated various aspects of economic impacts, including the spin-off impacts on state revenue, the impacts on industrial sectors, and the impacts on income and income distribution. The proposed empirical study shall directly measure the effectiveness of LB 775 upon investment and employment in Nebraska during the last two decades. The study will be able to measure responsiveness of investment and employment to tax credits, which shall be used to improve the reliability of the TRAIN models. Further, the study team intends publishing the study result in an academic or policy field, which will be subject to rigorous review by the profession.

To complete this study, the office of the Legislative Fiscal Analyst expects that it will take a two-year interim study period with the tentative time schedule as follows:

2002 Interim Period:

- (1) Review literature;
- (2) Set up a basic model and organize data;
- (3) Produce preliminary results; and
- (4) Document a midterm report.

2003 Interim Period:

- (1) Present the result to an economic conference;
- (2) Revise the basic model;
- (3) Set up the extended models for measuring parameters for TRAINs; and
- (4) Document a final report.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 407. Introduced by Bourne, 8.

This study should include, but not be limited to, an examination of an In Transit policy that is applied uniformly to all car purchases, a comprehensive review of other states' laws with respect to In Transit decals, the ability to compel motor vehicle owners to obtain the required proof of financial responsibility through the use of In Transit decals, the most effective method of distribution of In Transit decals with respect to private party purchases, the accountability of distributors of In Transit decals obtained through fraudulent means, and the cost and effectiveness of a centralized system for tracking In Transit decals.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Transportation and Telecommunications Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 408. Introduced by Bourne, 8.

PURPOSE: To examine the investment advisors utilized by the Nebraska Investment Council and the state investment officer in carrying out the duties and responsibilities required under the Nebraska State Funds Investment Act. RESOLUTION

LEGISLATIVE RESOLUTION 409. Introduced by Foley, 29.

PURPOSE: Many women across the State of Nebraska suffer or have suffered from three common reproductive diseases: Endometriosis, polycystic ovarian disease, and pelvic adhesive disease. These diseases affect women of all ages and, if left untreated, can become very painful and destructive to the body.

Despite these diseases' inclusion in most health insurance policies in Nebraska, numerous women have reported that their claims for treatment have been denied by insurance companies. In many cases, insurance companies refuse to cover treatment of reproductive diseases in women because they claim treatment is done solely for the purpose of achieving pregnancy by treating infertility, which is specifically excluded in insurance coverage.

LB 825, introduced in 2001 and carried over for General File debate in 2002, stated: "Reproductive disease processes in and of themselves are serious health matters that need to be properly diagnosed, maintained, and treated." The bill would have prohibited those insurance companies offering coverage for treatment of endometriosis, polycystic ovarian disease, and pelvic adhesive disease from denying claims solely "on the basis of fertility or infertility." In other words, LB 825 would have prevented companies from denying coverage of treatment for diseases already included in their policies.

The purpose of this study is to investigate the frequency and scope of these and similar denials while reviewing possible solutions in the following ways:

1. Examine any and all complaints on file with the Department of Insurance related to the denial of coverage by insurance providers for the treatment of any of these three diseases; and

2. Evaluate potential solutions to address and correct the problem of these insurance abuses, either legislatively or administratively through the Department of Insurance.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

BILL ON FIRST READING

The following bill was read for the first time by title:

LEGISLATIVE BILL 687A. Introduced by Stuhr, 24.

A BILL FOR AN ACT relating to appropriations; to appropriate funds to aid in carrying out the provisions of Legislative Bill 687, Ninety-seventh Legislature, Second Session, 2002; and to declare an emergency.

RESOLUTIONS

LEGISLATIVE RESOLUTION 410. Introduced by Jensen, 20.

PURPOSE: The purpose of this study is to conduct research and develop recommendations relating to the state medical assistance program, otherwise known as Medicaid. A committee consisting of three members of the Health and Human Services Committee and three members of the Appropriations Committee shall be appointed by the chairpersons of such committees to conduct the study.

The committee shall conduct research and propose changes to the medical assistance program to reduce program expenditures and simplify program organization and administration, and shall consider and develop other recommendations relating to the program as directed by the chairpersons of the committees. The chairpersons of the committees, in consultation with the committees, shall propose draft legislation containing such recommendations to the Legislature on or before December 31, 2002.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Health and Human Services and Appropriations Committees of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of their study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 411. Introduced by Jensen, 20.

PURPOSE: The purpose of this study is to examine health and human services issues, including, but not limited to: The Nebraska Health Care Funding Act; the Nebraska Mental Health Commitment Act, mental health services, the role and mission of the regional centers, and assertive

community treatment; implementation of the federal Ticket to Work and Work Incentives Act; early childhood care and education, and child support enforcement; welfare reform and TANF funding; marriage and family, teenage pregnancy, placement and care of state wards, and juvenile justice; developmental disabilities services; licensing of health care professionals and facilities, health insurance, prescription drugs, rural health, minority health, health care quality, health care availability and affordability, and availability of health care providers; public health development, state public health law, implementation of the Public Health Improvement Plan, and tobacco control and cessation; and health and human services funding, health and human services statutes, and the Nebraska Health and Human Services System.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 412. Introduced by Bromm, 23; Connealy, 16.

PURPOSE: To examine the issues raised by LB 1185, introduced during the 2002 legislative session, with respect to the agriculture exemption within the Nebraska Workers' Compensation Act. The issues to be studied shall include, but are not limited to, the impact of the commercial nature of agricultural work on eligibility for workers' compensation coverage, the availability of coverage in the insurance market, and other issues deemed relevant.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Business and Labor Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 413. Introduced by Brashear, 4.

PURPOSE: Prior to 1981, a passenger in a motor vehicle who was injured

through the negligence of the driver could not recover damages for his or her injuries unless the driver was found to have committed gross negligence. Such was known as the "guest statute." In 1981, the Legislature passed LB 54, which amended the guest statute so that it was applicable only to passengers who were related to the driver within the second degree of consanguinity or affinity. LB 54 is now codified in section 25-21,237.

The purpose of this study is to determine whether this last vestige of the guest statute is fair to those injured in motor vehicle accidents and whether such should be repealed by the Legislature.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

LEGISLATIVE RESOLUTION 414. Introduced by Bourne, 8; Byars, 30; Kristensen, 37; Jensen, 20; Brashear, 4.

PURPOSE: The Legislature recognizes the importance of a well-developed system of highways and roads throughout the State of Nebraska. As of 2000, the Department of Roads had the responsibility for approximately 9,969 miles of highways and a workforce of over 2,200 employees. The Department of Roads' stated mission is to "provide and maintain, in cooperation with public and private organizations, a safe, efficient, affordable and coordinated statewide transportation system for the movement of people and goods."

With this mission statement in mind, it is the intent of the Legislature to conduct an interim study to review the current process for Department of Roads' projects including, but not limited to:

- (1) A review of all projects valued at more than ten million dollars and their proposed construction schedules;
- (2) How projects are prioritized;
- (3) Considerations for how projects are funded;
- (4) The current level of legislative review and oversight of projects and plans;
- (5) The impact of Department of Roads projects on current roads infrastructure; and
- (6) The level of communication between the Department of Roads and project stakeholders.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Transportation and Telecommunications Committee of the Legislature shall be designated to conduct an interim study to carry out the

purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 415. Introduced by Suttle, 10.

PURPOSE: To examine issues relating to employee licensure, employer licensure, job protection, whistleblower protection, staff ratios, working conditions, worker safety, employee liability, employer liability, and patient health, care, and safety when publicly and privately employed nurses and other health care professionals are required to work mandatory overtime.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

Senator Byars asked unanimous consent to be excused until he returns. No objections. So ordered.

Pending.

RESOLUTIONS

LEGISLATIVE RESOLUTION 416. Introduced by Hartnett, 45.

PURPOSE: This study would involve a review of the issues currently before the Urban Affairs Committee on the development of a program for effective natural gas regulation in Nebraska based upon the report of the consultant and the amendments to LB 806 (2002) crafted by the working group of government and industry representatives that worked during the 2001 interim and on into the early weeks of the 2002 regular session.

The goal will be to draft new legislation for introduction in the 2003 legislative session providing for a comprehensive natural gas regulatory program. In pursuing that goal, the committee will continue to engage

representatives from all interested groups and parties involved in providing natural gas to consumers in Nebraska and the consumers themselves in discussions aimed at narrowing differences and finding ways of arriving at consensus on the final solution.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 417. Introduced by Hartnett, 45.

PURPOSE: Nebraska currently is one of only three states in the nation that offers no tax incentive to promote the preservation of historic properties, although historic preservation is recognized as an important component in housing and neighborhood redevelopment, commercial and "main street" revitalization, and tourism enhancement in our state.

To remedy that situation, LR 14CA was introduced in the 2001 legislative session to provide the constitutional authorization for the Legislature to craft a statutory program to provide an exemption from property taxes for the portion of the value of a qualifying property which is attributable to improvements designed primarily to renovate, rehabilitate, or preserve the property. A qualifying property would have to be one of historical significance.

Lingering questions about the cost, efficacy, and potential parameters of such a program require additional study before the Revenue Committee takes final action on such an amendment.

This study would compile additional information on similar programs and strategies adopted in other states for providing economic and tax incentives, review the experience of those states in terms of program cost and effectiveness, and craft potential enabling legislation for such a program in Nebraska if such a proposed constitutional amendment proposal was adopted. Efforts will also be undertaken to determine what sorts of property should be included in such program, the extent to which historical districts should qualify, and the interest of property owners and local communities in supporting and participating in such a program.

The study will be conducted in cooperation with the Nebraska State Historical Society.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

Visitors to the Chamber were Tony Spurlin from Mullen; 36 fourth-grade students, teachers, and assistant from Stanton; Cadi Kadlecek from Raymond Central High School; 17 seniors from Arnold; 80 fourth-grade students and teachers from Prescott Elementary School, Lincoln; and former Senator Joyce Hillman and husband, Judge Al Kortum, from Gering.

RECESS

At 12:00 p.m., on a motion by Senator Coordsen, the Legislature recessed until 1:30 p.m.

AFTER RECESS

The Legislature reconvened at 1:30 p.m., Speaker Kristensen presiding.

ROLL CALL

The roll was called and all members were present except Senators Hartnett, Thompson, and Tyson who were excused until they arrive.

RESOLUTIONS

LEGISLATIVE RESOLUTION 418. Introduced by Connealy, 16.

PURPOSE: To study Nebraska's employment security laws. Issues to be addressed shall include, but not be limited to, the following: The condition of the Unemployment Compensation Fund; the effect of state and federal initiatives related to unemployment compensation; and the feasibility of various policy proposals that would utilize the unemployment compensation system for the benefit of the state's economy and workers.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Business and Labor Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 419. Introduced by Connealy, 16.

PURPOSE: To examine the Workplace Safety Consultation Program administered by the Department of Labor. The study shall include an evaluation of the program's effectiveness, the ability of the Department of Labor to sufficiently and fairly administer the program due to changes in the program's funding source; whether business selection criteria need to be revised; and whether alternate program funding sources should be utilized.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Business and Labor Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 420. Introduced by Connealy, 16.

PURPOSE: To study Nebraska's Employee Suggestion System. The issues to be investigated shall include:

(1) A review of the overall program, taking into consideration the number of suggestions received, the number accepted, the number denied, total amount of state savings because of the program, and total amount of awards granted;

(3) A review of the process used to evaluate and approve or deny suggestions; and

(4) Whether statutory or administrative changes are necessary to ensure the program's efficiency.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 421. Introduced by Connealy, 16.

PURPOSE: Under sections 48-182 and 48-185 of the Nebraska Workers'

Compensation Act, an award made by a single judge may be reviewed by a panel of three judges. Prior to changes made by LB 360 in 1992, this review was a rehearing de novo. Since passage of LB 360, the review is done on the record made before the single judge without any additional evidence. The purpose of this study is to examine whether the review by three judges is an efficient use of judicial resources and whether repeal of that review would result in any unfairness to any of the litigants.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Business and Labor Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 422. Introduced by Connealy, 16; Beutler, 28.

PURPOSE: To study the minimum wage in Nebraska. The study should consider the ramifications of raising the state's minimum wage; benefits and detriments of raising the minimum wage on employers, workers, and the state; and minimum wage and living wage policy activities in other states and on the federal level.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Business and Labor Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 423. Introduced by Price, 26.

PURPOSE: The purpose of this study is to analyze the effects of not requiring persons employed to coach or supervise extracurricular activities to hold a valid Nebraska certificate or permit to teach, the relationship between certification and coaching, and the need to require criminal background checks to ensure the safety of the children in the schools of the State of Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

LEGISLATIVE RESOLUTION 428. Introduced by Janssen, 15.

PURPOSE: The purpose of this resolution is to study the issuance and use of special designated liquor licenses. Currently, special designated licenses for the sale or consumption of alcoholic liquor are issued by the Nebraska Liquor Control Commission to certain designated organizations, including municipal corporations, fine arts museums incorporated as nonprofit corporations, religious nonprofit corporations that are exempted from the payment of federal income taxes, and any other nonprofit corporation the purpose of which is fraternal, charitable, or public service and which is exempted from the payment of federal income taxes. The number of special designated licenses issued has grown dramatically over the last several years and there have been complaints about the way the events utilizing these licenses have been conducted and the ability of the commission and law enforcement to enforce the requirements of the Nebraska Liquor Control Act upon these special designated licenseholders. It is important for the safety and welfare of the people of Nebraska and other retail liquor licenseholders that these special designated licenseholders uphold all the applicable laws of the state and cooperate with law enforcement.

This study of special designated licenses shall include, but not be limited to, a review of the trends in special designated licenses, including the number issued, the holders of the licenses, and the overall use of the licenses. In addition, it shall study various options that could address concerns raised with utilization and enforcement of the licenses, including limiting the organizations that may obtain a special designated license or requiring that the organization work with a retail licensee in obtaining the license. In order to carry out the purpose of this resolution, the committee should seek the assistance of the Nebraska Liquor Control Commission.

1. That the General Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the General Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

1. That the General Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

The study shall examine:

1. The statutes relating to the current classification system and its administration;

1. That the General Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 434. Introduced by Janssen, 15.

PURPOSE: To review existing law and the need for legislation regarding the predatory pricing of motor fuel. Unfair competition in the marketing of motor fuel occurs whenever costs associated with the marketing of motor fuel are recovered from other operations, allowing the refined motor fuel to be sold at subsidized prices. Such subsidies most commonly occur in one of three ways: A refiner uses profits from refining crude oil to cover below normal or negative returns earned from motor fuel marketing operations; a motor fuel retailer with more than one location uses profits from one location to cover losses from predatory pricing practices of motor fuel at another location; and a business uses profits from nonmotor fuel sales to cover losses from the predatory pricing being lost on motor fuel sales. The study shall include the review of the long-term effects on the competitive market of companies pricing motor fuel at predatory pricing levels, ways to encourage fair and honest competition, and options to safeguard the public against the creation of monopolies or unfair methods of competition, in transactions involving the sale of, offer to sell, or inducement to sell motor fuel in the wholesale or retail trades in this state. In addition, it shall study the feasibility of not allowing the pricing of motor fuel as an infinite resource to be used as a loss-leader product.

LEGISLATIVE RESOLUTION 443. Introduced by Bromm, 23; Baker, 44.

PURPOSE: Currently, emergency medical technicians in the State of Nebraska are required to take the National Registry Test in order to receive an EMT-B license. The test requires extensive hours of preparation and has a low passage rate. This study should examine the effect of this requirement and other requirements for EMT certification, especially with relation to recruitment and retention of EMT's in volunteer and rural fire departments.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 444. Introduced by Hartnett, 45.

PURPOSE: Over the course of the past several legislative sessions, the Urban Affairs Committee has been called upon to review several legislative proposals dealing broadly with the structure of local municipal government: The roles of the mayor and city council, the duties and functions of the various municipal officers, the powers granted to the city administrator, the distinctions between classes of municipalities and the powers granted to them, and the desirability of crafting a meaningful constitutional amendment to define the powers of a municipality in adopting or amending a home rule

charter, as proposed in LR 20CA, heard by the committee in the 2001 legislative session.

While this list is not comprehensive, it summarizes some of the key issues in local municipal government operation, issues which have not been addressed in any structured, cohesive, or comprehensive manner for several decades.

The purpose of this study will be to review the existing statutes governing the structure and operations of the various classes of municipalities, as opposed to the forms of power or authority granted to them, to identify key issues and problems and determine (1) if significant structural revisions are appropriate and (2) if appropriate, what form such revisions should take.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 445. Introduced by Hartnett, 45.

PURPOSE: To Investigate the various economic development programs that operate by providing sales or income tax credits, such as the Employment and Investment Growth Act, the Invest Nebraska Act, and the Quality Jobs Act, to determine how the benefits are used and what factors operate to determine how and when the credits are used. The results of the study should be used to develop alternative incentive strategies or amendments to existing programs to make them more useful or cost effective.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 446. Introduced by Hartnett, 45.

PURPOSE: State law gives authority to cities and villages to adopt building codes, plumbing codes, electrical codes, fire prevention codes, and other codes relating to building or construction. Under state law, cities and villages that adopt building codes are required to adopt the Uniform

Building Code, although they can make modifications to accommodate local conditions. The three model building code organizations, including the organization that developed the Uniform Building Code, have engaged in a process to unify, coordinate, and integrate the various building codes and have completed the 2000 International Codes to replace the existing building codes. LB 811 was introduced by the Urban Affairs Committee in the 2001 legislative session to amend the state building code to reflect these developments. Resulting comment and testimony from local building officials and other interested parties have revealed the need for further review of the proposed changes and investigation of the potential consequences of adoption of some of the specialized codes which are a part of the family of codes involved. This study would address these issues and determine whether, and in what fashion, the state building code should be amended, whether cities and villages should adopt some or all of the 2000 International Codes as their building codes, what other options are available to cities and villages, and what state laws need to be amended to accommodate any changes.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 447. Introduced by Hartnett, 45.

PURPOSE: Since the adoption in 1980 of the Nebraska Visitors Development Act, counties in Nebraska have been authorized to collect a lodging tax of two percent on hotel and motel occupancy charges to create funding for promotional activities to encourage tourism in the area. Since 1989, Douglas County has been authorized to collect up to an additional two percent and can use the funds collected to improve visitor attractions and facilities in the county.

Over the course of the past three legislative sessions, several bills have been introduced for the purpose of extending the authority now granted only to Douglas County to use some or all of the locally collected lodging tax revenue for capital improvements to visitor attractions and facilities in other counties. With regard to each proposal, concerns were raised about the potential detrimental impact of such activities in different parts of the state.

Recent discussions on LB 732 (2001) and LB 1240 (2002) have revealed new interest in providing additional revenue for local tourism activities, the need to provide funding for facility improvements, and the importance of maintaining a secure, dedicated revenue stream for promotional activities.

This study would investigate the current status of the local lodging tax,

the amount of revenue it generates, and the manner in which that revenue is used. It would endeavor to determine the appropriate statutory rationale for permitting these funds to be devoted to capital improvement purposes and would seek to establish whether, in the interests of good public policy and in accomplishing the stated goals of the act, additional changes should be made. Additionally, the study would endeavor to determine what additional sources of funding would be appropriate for local tourism activities and what other states in similar circumstances are doing to meet their own local needs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 448. Introduced by Hartnett, 45.

PURPOSE: With the passage of the constitutional amendment and the enabling legislation to permit the taxation of real property owned by political subdivisions but devoted to other than public purposes, it is important to determine from the experience of the county assessors who have been engaged in implementing the statutory changes:

- (1) The amount of property being identified as taxable;
- (2) The manner in which the taxable property has been identified;
- (3) The difficulties identified in implementing the law; and
- (4) Changes to existing statutes necessary to better carry out the purposes of the law.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 449. Introduced by Hartnett, 45.

PURPOSE: This study will provide the opportunity for the Urban Affairs Committee of the Legislature to investigate and review matters and issues arising during the interim which are within its jurisdiction and which may be

the subject of bills to be introduced in the 2003 legislative session. This would provide the opportunity for a careful review of proposed legislation and the drafting of such legislation before time constraints and the pace of legislative activity makes studied review more problematic. This process has also served to facilitate review of bills during the session and has helped the committee avoid the need for committee amendments which slow down the consideration of bills by the full Legislature.

This study will involve:

(1) A review of legislation considered by the Urban Affairs Committee during the 2001 and 2002 legislative sessions which was either killed by the committee or held in committee to determine what action by the committee in the upcoming biennium might be warranted with regard to the particular subjects of individual bills;

(2) A review of problems, concerns, or legislation proposed for introduction by senators or other parties for study, technical discussion, or conceptual refinement before the start of the next legislative session; and

(3) The conducting of at least one public hearing to provide an opportunity for public comment and discussion with members of the committee and the public on issues involving matters within the committee's jurisdiction.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 450. Introduced by Hartnett, 45.

PURPOSE: To review the impact of both levy lids and budget lids for cities experiencing increased population growth. Both the cities and school districts in such areas are required to provide increased services, yet they are limited by levy and budget lids in providing such services.

The study should include the issue of exempting the operating costs of new facilities constructed since 1998 with voter-approved bond issues, such as libraries, fire stations, and school buildings.

The study should further include the treatment of increased sales taxes and growth in the property tax base under the levy and budget lids.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

27 may as a further condition for receiving such funds be required to
1 grant a right of access for the operation and maintenance of any
2 eligible project constructed with such assistance. Acceptance of
3 money from the fund shall not in any other manner be construed as
4 affecting land ownership rights unless the landowner voluntarily
5 surrenders such rights.

6 (5) To the extent feasible, the department and the
7 commission shall administer the fund so that federal funds

ATTORNEY GENERAL'S OPINIONOpinion #02011

DATE: April 4, 2002

SUBJECT: Validity of Amendment to Nonprofit Corporation Act Granting Nonprofit Corporations Organized to Own or Furnish a Civic, Cultural, or Convention Facility for the Use of or in Trust for a Governmental Body the Same Property and Sales Tax Exemptions as the Governmental Body.

REQUESTED BY: Senator Ray Aguilar
Nebraska Legislature

WRITTEN BY: Don Stenberg, Attorney General
L. Jay Bartel, Assistant Attorney General

You have requested our opinion concerning the validity of a proposed amendment to the Nebraska Nonprofit Corporation Act. The bill in question, LB 1246, would amend Neb. Rev. Stat. § 21-1927 (Cum. Supp. 2000) to allow nonprofit corporations organized to erect, own, lease, furnish, or manage a "civic, cultural, or convention area or facility for the use or benefit in whole or in part of any governmental body . . . or for the purpose of holding such property in trust for such body" the same exemption from property or sales and use taxes provided to the governmental body. You ask whether the proposed amendment is "in conflict with any Constitutional provisions or other state statutes regarding property built and used by or for a municipality or government entity?"¹

Prior to 1998, Article VIII, § 2, of the Nebraska Constitution exempted from taxation all property owned by the state and its governmental subdivisions, regardless of the use made of the property. See *Platte Valley Public Power and Irrigation Dist. v. County of Lincoln*, 144 Neb. 584, 14 N.W.2d 202 (1944); Report of Attorney General 1975-76 214 (Opinion No. 149) (December 15, 1975). In 1998, the voters approved an amendment to Article VIII, § 2 (LR45CA), which limited the property tax exemption for government property to property used for "public purposes." Article VIII, § 2, now provides, in pertinent part:

(1) The property of the state and its governmental subdivisions shall constitute a separate class of property and shall be exempt from taxation to the extent such property is used by the state or governmental subdivision for public purposes authorized to the state or governmental subdivision by this Constitution or the Legislature. To the extent such property is not used for the authorized public purposes, the Legislature may classify such property, exempt such classes, and impose or authorize some or all of such property to be subject to property taxes or payments in lieu of property taxes except as provided by law; . . .

To implement the changes to Article VIII, § 2, accomplished by the adoption of LR45CA, the Legislature in 1999 enacted LB 271. LB 271 amended several existing statutory provisions and added a number of new provisions in order to effectuate the constitutional mandate that certain property of the state and its governmental subdivisions be subject to tax. Section 77-202 was amended to provide, in part:

¹ Since your request does not specify any particular statutory provisions with which the bill may conflict, we will generally limit our inquiry to the constitutional issues presented by the proposed legislation.

(1) The following property shall be exempt from property taxes:

(a) Property of the state and its governmental subdivisions to the extent used or being developed for use by the state or governmental subdivision for a public purpose. For purposes of this subdivision, public purpose means use of the property (i) to provide public services with or without cost to the recipient, including the general operation of government, public education, public safety, transportation, public works, civil and criminal justice, public health and welfare, developments by a public housing authority, parks, culture, recreation, community development, and cemetery purposes, or (ii) to carry out the duties and responsibilities conferred by law with or without consideration. Public purpose does not include leasing of property to a private party unless the lease of the property is at fair market value for a public purpose.

Section 1 of LB 271 eliminated language contained in § 21-1927 providing that certain nonprofit corporations (including those incorporated "for the purpose of providing for, erecting, owning, leasing, furnishing, and managing any building . . . for the use or benefit in whole or in part of any governmental, religious, social, educational, scientific, fraternal, or charitable society or societies, body or bodies . . . or for the purpose of holding property of any nature in trust for such society, body or institutions . . .") were, "as to the ownership and taxation of their property," entitled to "all the rights, privileges, and exemptions of the body . . . for whose use or benefit or for whom in trust such property [was] held." The effect of the language previously contained in § 21-1927 was to allow nonprofit corporations incorporated for such purposes the same taxable status with respect to property ownership as the entity which they were organized to benefit. The amendment proposed under LB 1246 would add language to § 21-1927 similar to that removed by LB 271, but would limit the property tax exemption to nonprofit corporations which erect, own, lease, furnish, or manage a "civic, cultural, or convention area or facility for the use or benefit in whole or in part of any governmental body . . . or for the purpose of holding such property in trust for such body. . . ." LB 1246 would also add language granting such nonprofit corporations the same rights, privileges, and exemptions of the governmental body with respect to sales and use taxes.

A. Property Tax Exemption

With regard to the property tax exemption proposed under LB 1246, the initial constitutional question which arises is whether granting such an exemption to nonprofit corporations engaged in providing, owning or furnishing a convention center or facility for the benefit and use of a governmental body involves a "public purpose" within the meaning of Article VIII, § 2, as amended. While the Constitutional provision does not define "public purpose," the Nebraska Supreme Court has noted "[a] public purpose has for its objective the promotion of the public health, safety, morals, security, prosperity, contentment, and the general welfare of all the

inhabitants." *State ex rel. Douglas v. Nebraska Mortgage Finance Fund*, 204 Neb. 445, 458, 283 N.W.2d 12, 21 (1979). Courts from other jurisdictions have found that convention center facilities serve a "public purpose." See *City of Shreveport v. Chasse Gas Corp.*, 794 So. 2d 962 (La. Ct. App. 2001) (Economic development, in the form of convention center and hotel, constituted "public purpose" sufficient to justify exercise of power of expropriation.); *State v. Osceola County*, 752 So. 2d 530, 539 (Fla. 2000) (Construction of convention center served public purpose sufficient to validate bond issuance because it "would, among other things, promote gainful employment, promote outside business interests and tourism, and provide a forum for educational, recreational, and entertainment activities."); *State v. City of Miami*, 379 So. 2d 651, 653 (Fla. 1980) (Approving issuance of bonds because convention center-garage "serve[d] a valid purpose purpose" by "provid[ing] a forum for educational, civic, and commercial activities and organizations.")²

While the Constitution does not define "public purpose" with regard to the exemption for property of the state and its government subdivisions, the Legislature, as noted, has done so by adopting LB 271 in 1999. "[P]ublic purpose" is defined to mean "use of the property (i) to provide public services with or without cost to the recipient, including the general operation of government, public education, public safety, transportation, public works, civil and criminal justice, public health and welfare, developments by a public housing authority, parks, culture, recreation, community development, and cemetery purposes. . . ." Neb. Reb. Stat. § 77-202(1)(a) (Cum. Supp. 2000). The ownership and operation of a civic, cultural, or

² It should be noted that the Florida Supreme Court, while recognizing that convention centers serve a "public purpose" for purposes of bond issuance, has not extended the "public purpose" analysis in bond validation cases to claims for property tax exemption by private parties leasing government owned property on the ground that the property is used for a "public purpose." *Sebring Airport Authority v. McIntyre*, 783 So. 2d 238 (Fla. 2001) (Holding statute creating property tax exemption for private, profit-making enterprises leasing government property unconstitutional and thus ineffective to grant exemption to private party leasing government property for raceway). In *Sebring*, the Florida Supreme Court interpreted the Florida Constitution to authorize property tax exemptions only for property used for "public purposes" which satisfy what it termed a "governmental-governmental" standard as opposed to a "governmental-proprietary" standard. *Id.* at 247-48. Under this analysis, the Court held unconstitutional the Florida Legislature's attempt to provide an exemption for government property leased to a private party to be used for propriety, for-profit activities. The amendment proposed by LB 1246, however, does not involve an attempt to extend an exemption to a for-profit entity seeking to use government property for a proprietary purpose; rather, it allows a nonprofit corporation to build or maintain a convention center for a government body, which we believe qualifies as a "public purpose."

convention center or facility reasonably can be said to fall within the category of providing for the "public health and welfare," as well as "culture," "recreation," and "community development." Convention centers and facilities provide a place for the public to access and engage in a variety of commercial, educational, and social activities, all of which constitute a "public purpose." Indeed, the public purpose served by convention centers or facilities is evidenced by the inclusion of such structures as qualified projects for community development purposes. Neb. Rev. Stat. § 18-2103(12) (1997) ("[C]onvention and civic centers" within definition of "[r]edevlopment project for purpose of Community Development Law); Neb. Rev. Stat. § 18-2603(2) (Cum. Supp. 2000) ("[C]onvention and tourism facilities" included in definition of "infrastructure project" for purposes of the Municipal Infrastructure Redevelopment Act.). The Legislature has also deemed it appropriate to provide financial assistance programs to aid in the development of convention facilities or areas. Neb. Rev. Stat. §§ 13-2601 to 13-2612 (Cum. Supp. 2000) (Convention Center Facility Financing Assistance Act); Neb. Rev. Stat. §§ 13-2701 to 13-2710 (Local Civic, Cultural, and Convention Center Financing Act). Thus, we conclude the ownership and operation of a civic, cultural, or convention center or facility by a nonprofit corporation for the benefit of a governmental body constitutes a "public purpose."

Of potentially greater concern, however, is the fact that LB 1246 limits the exemption to nonprofit corporations owning or furnishing buildings in the nature of civic, cultural, or convention centers or facilities on behalf of governmental bodies. By singling out nonprofit corporations engaged in this specific activity for special treatment, the proposed legislation may establish an arbitrary or unreasonable classification in violation of Neb. Const. art. III, § 18.

Art. III, § 18 of the Nebraska Constitution provides, as is pertinent:

The Legislature shall not pass local or special laws in any of the following cases, that is to say:

* * *

Granting to any corporation, association, or individual any special or exclusive privileges, immunity, or franchise whatever . . . In all other cases where a general law can be made applicable, no special law shall be enacted.

A legislative act violates art. III, § 18 if the act (1) creates a totally arbitrary and unreasonable method of classification, or (2) creates a permanently closed class. *Bergan Mercy Health System v. Haven*, 260 Neb. 846, 620 N.W.2d 339 (2000); *Mapco v. State Board of Equalization*, 238 Neb. 565, 471 N.W.2d 734 (1991); *Haman v. Marsh*, 237 Neb. 699, 467 N.W.2d 836 (1991). The classification created by LB 1246 must be tested under that standard.

The first part of the special legislation test involves a determination as to whether a statutory classification is totally arbitrary and unreasonable. In that context, the classification must bear a reasonable and substantial relation to the legitimate objects and purposes of the legislation. *Pick v. Nelson*, 247 Neb. 487, 528 N.W.2d 309 (1995). As stated in the Haman case:

A legislative classification, in order to be valid, must be based upon some reason of public policy, some substantial difference of situation or circumstances, that would naturally suggest the justice or expediency of diverse legislation with respect to the objects to be classified. Classifications for the purpose of legislation must be real and not illusive; they cannot be based on distinctions without a substantial difference . . . Classification is proper if the special class has some reasonable distinction from other subjects of like general character, which distinction bears some reasonable relation to the legitimate objectives and purposes of the legislation. The question is always whether the things or persons classified by the act form by themselves a proper and legitimate class with reference to the purpose of the act.

Haman v. Marsh, 237 Neb. 699, 711, 467 N.W.2d 836, 846 (1991) (quoting *State ex rel. Douglas v. Marsh*, 207 Neb. 598, 300 N.W.2d 181 (1980))(emphasis in original).

By singling out nonprofit corporations organized to own or furnish convention or civic centers or facilities on behalf of governmental bodies for tax exemption, LB 1246 draws a distinction between nonprofit corporations organized for these specific purposes, and other nonprofit corporations. A question may exist as to whether a "substantial difference of situation or circumstances" exists to distinguish between nonprofit corporations organized for the purpose of providing convention or civic centers or facilities for governmental bodies, and nonprofit corporations which are formed to provide other public buildings for governmental bodies. Limiting the exemption to nonprofit corporations engaged in providing civic or convention centers or facilities could be construed as an unreasonable and unduly narrow classification, in that other worthy public works could also be provided to government bodies by providing such an exemption, which are not accorded similar treatment under LB 1246.

B. Sales Tax Exemption

LB 1246 also would grant to qualifying nonprofit corporations incorporated to erect, own or furnish civic, cultural, or convention area or facilities for a governmental body the "exemptions relating to . . . sales and use taxes . . . of the body . . . for whose use or benefit or for whom in trust such property is held." Sales and use taxes are "excise taxes," not property taxes. See *State v. Galyen*, 221 Neb. 497, 500, 378 N.W.2d 182, 185 (1985) ("Excise tax" is "[a] tax imposed on the performance of an act. . . . Tax laid on manufacture, sale, or consumption of commodities. . . ." (quoting *Black's*

Law Dictionary (5th ed. 1979) at 506)). Thus, the Constitutional provisions and restrictions pertaining to property taxes and exemptions from property taxes in Neb. Const. art. VIII, §§ 1 and 2, are not applicable to sales and use taxes. See *State v. Galyen*, 221 Neb. at 502-03, 378 N.W.2d at 186-87 (Excise tax not subject to requirement of uniformity and proportionality in art. VIII, § 1).

Nebraska's current sales and use tax statutes provide an exemption for purchases by specified governmental units, including "the state, . . . public educational institutions recognized or established under the provisions of Chapter 85 . . .," and "any county, township, city, village, rural or suburban fire protection district, city airport authority, county airport authority, joint airport authority, natural resources district, or joint entity or agency formed to fulfill the purposes described in the Integrated Solid Waste Management Act . . . , or public schools established under Chapter 79." Neb. Rev. Stat. § 77-2704.15(1) (Cum. Supp. 2000). Pursuant to Nebraska Department of Revenue ["NDOR"] regulations, purchases by nonprofit corporations created for purposes identified in § 21-1927 are not exempt from sales and use tax. NDOR Reg-1-093.06M.³

The issue raised by the proposal under LB 1246 to grant nonprofit corporations engaged in owning or holding civic, cultural, or convention center facilities for a governmental body the same sales and use tax exemption the government body would enjoy if purchasing property directly is again one of reasonableness of the classification. While the Legislature has the power to classify, it cannot do so in an arbitrary or unreasonable manner. "Classifications for the purpose of legislation must be real and not illusive; they cannot be based on distinctions without a substantial difference." *City of Scottsbluff v. Tiemann*, 185 Neb. 256, 266, 175 N.W.2d 74, 81 (1970).

As we noted in analyzing whether the property tax exemption in LB 1246 establishes a reasonable classification, a question may exist as to whether a "substantial difference of situation or circumstances" exists to distinguish between nonprofit corporations organized for the purpose of providing convention or civic centers or facilities for governmental bodies, and nonprofit corporations which could be formed to provide other public buildings for governmental bodies. Limiting the sales and use tax exemption, as well as the property tax exemption, to nonprofit corporations engaged in providing civic or convention centers or facilities could be

³ The regulation refers to § 21-1903, the predecessor to current § 21-1927. The regulations, last revised in 1994, have not been updated since former § 21-1903 was recodified in 1996 at § 21-1927. Also, § 21-1927 was amended in 1999 to eliminate the language providing nonprofit corporations the same "rights, privileges, and exemptions" of bodies for whose use or benefit or for whom in trust certain property was held. 1999 Neb. Laws, LB 271, § 1.

construed as an unreasonable and unduly narrow classification, in that other public buildings could also be provided to government bodies by providing such an exemption, which are not accorded similar treatment under LB 1246.

C. Conclusion

In conclusion, we believe that the ownership or furnishing of a civic, cultural, or convention center or facility by a nonprofit corporation for the use or benefit of a governmental body constitutes a "public purpose" within the meaning of Neb. Const. art. VIII, § 2, and Neb. Rev. Stat. § 77-202(1)(a). Thus, to the extent LB 1246 seeks to provide a property tax exemption for a facility of this nature if held for such purpose by a nonprofit corporation for a governmental body, it is consistent with the "public purpose" requirement imposed by the Constitution, and the statutory definition of "public purpose" in § 77-202(1)(a). There is some question, however, as to whether limiting the property tax exemption (as well as the proposed sales and use tax exemption) to nonprofit corporations organized to provide only these limited types of civic, cultural, or convention center facilities creates an unreasonable classification prohibited by Neb. Const. art. III, § 18.

DON STENBERG

ATTORNEY GENERAL'S OPINIONOpinion #02012

DATE: April 5, 2002

SUBJECT: The Constitutionality of LB 1011, a Bill to Authorize Creation of the Position of Counsel to the Legislature

REQUESTED BY: Senator Adrian Smith
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Steve Grasz, Deputy Attorney General

I. Introduction

You have requested a legal analysis of the constitutionality of LB 1011 (Ninety-seventh Nebraska Legislature). This bill authorizes the Executive Board of the Legislative Council to create the position of Counsel to the Legislature. Among other duties, the legislation provides that such counsel may provide legal representation to the Legislature and its staff in litigation, and may initiate or intervene in litigation on behalf of the Legislature or its members. Under the bill all determinations as to negotiating, initiating, settling or otherwise proceeding with such litigation are placed in the hands of the Executive Board.

LB 1011 provides, in part, as follows:

Section 1. The Executive Board of the Legislative Council may, as deemed necessary, employ a Counsel to the Legislature and direct the scope of such employment as provided in sections 1 to 10 of this act.

Sec. 4. The duties and responsibilities of the Counsel to the Legislature shall be to:

(1) Provide legal representation to the Legislature as an institution, to any member of the Legislature, or to any legislative staff member when such institution or person is sued or named as a party to litigation in his or her official capacity;

(2) Provide legal representation to the Legislature as an institution, to any member of the Legislature, or to any legislative staff member when such institution or person is initiating litigation or intervening as a party to a lawsuit;

....

Sec. 6. Any determination made in regards to negotiating, initiating, settling, or otherwise proceeding with litigation shall be authorized by the Executive Board of the Legislative Council prior to any action by the Counsel to the Legislature.

LB 1011 also expressly removes from the codified powers of the Attorney General the authority and duty to represent the legislative branch of government in litigation. LB 1011 would add to existing statutes the language underlined below:

84-202. The Department of Justice shall have the general control and supervision of all actions and legal proceedings in which the State of Nebraska may be a party or may be interested, and shall have charge and control of all the legal business of all departments and bureaus of the state, or of any office thereof, which requires the services of attorney or counsel in order to protect the interests of the state except as provided in sections 1 to 10 of this act.

84-205. The duties of the Attorney General shall be:

(1) To appear and defend actions and claims against the state except as provided in sections 1 to 10 of this act;

....

(10) To appear for the state and prosecute and defend all civil or criminal actions and proceedings in the Court of Appeals or Supreme Court in which the state is interested or a party except as provided in sections 1 to 10 of this act.

LB 1011 (Ninety-seventh Nebraska Legislature).

Based on the provisions of the bill set forth above, we believe your request presents two issues of state constitutional law. The first is whether

LB 1011 violates the separation of powers provision of article II, section 1 of the Nebraska Constitution by authorizing the exercise of executive powers by the legislative branch. The second is whether LB 1011 violates article IV, section 1 of the Nebraska Constitution by infringing on the constitutional authority of the Nebraska Attorney General. As the answer to the first question is dispositive, we will discuss only that issue in this opinion.

II. Analysis of the LB 1011

A. The Separation of Powers is a Fundamental and Important Component of Nebraska State Government.

The Nebraska Supreme Court has commented extensively on the history and importance of the constitutional separation of powers. According to the Court, "The purpose . . . is to establish the permanent framework of our system of government and to assign to the three departments their respective powers and duties, and to establish certain fixed principles upon which our government is to be conducted." *State v. Philipps*, 246 Neb. 610, 614, 521 N.W.2d 913 (1994). The Court has repeatedly emphasized the fundamental importance of the separation of powers:

The division of governmental powers into executive, legislative and judicial in this country is a subject familiar, not only to lawyers and students, but is a part of the common knowledge of the citizen. It represents, probably, the most important principle of government declaring and guaranteeing the liberties of the people. . . .

Searle v. Jensen, 118 Neb. 835, 841, 226 N.W. 464 (1929) (emphasis added).

Montesquieu suggested a government with legislative, executive and judicial departments, each independent of the other. The framers of the American Constitution and the people of Nebraska adopted that plan. It has been regarded by statesmen and philosophers as an outstanding advancement in the science of government. Throughout the judicial history of the present system the courts have scrupulously respected the prerogatives of the legislative and executive departments. . . .

State ex rel. Sorensen v. State Bank of Minatare, 123 Neb. 109, 114, 242 N.W. 278 (1932).

As the Nebraska Supreme Court stated 116 years ago, "It cannot be denied that one great object of written constitutions is to keep the departments of government as distinct as possible; and for this purpose to impose restraints designed to have that effect." *State ex rel. City of Lincoln v. Babcock*, 19 Neb. 230, 239, 27 N.W. 98 (1886) (quoting "Webster, in his speech on the Independence of the Judiciary, vol. 3, p. 26") (emphasis added).

B. Nebraska's Constitution Contains an Express Provision Requiring the Separation of Governmental Powers.

Nebraska's Constitution expressly divides state government into three spheres of power and then prohibits the exercise of any power belonging to one sphere by either of the others:

The powers of the government of this state are divided into three distinct departments, the legislative, executive, and judicial, and no person or collection of persons being one of these departments, shall exercise any power properly belonging to either of the others, except as hereinafter expressly directed or permitted.

Neb. Const. art. II, § 1 (emphasis added).

Thus, on its face, article II, section 1 of the Nebraska Constitution requires a stringent separation of the three branches of government.

C. Nebraska's Separation of Powers Provision is More Rigorous than Other Jurisdictions' and has been Strictly Construed by the Nebraska Supreme Court.

Article II, section 1 of Nebraska's Constitution requires a more rigorous separation of powers than is required in many other jurisdictions. For example, as noted by the Nebraska Supreme Court, "The federal separation of powers principle is inferred from the overall structure of the U.S. Constitution. In contrast, Neb. Const. art. II, § 1, prohibits one department of government from encroaching on the duties and prerogatives of the others or from improperly delegating its own duties and prerogatives, except as the Constitution itself otherwise directs or permits. . . . Thus, the federal doctrine is not as rigorous as that imposed by the Constitution of this state." Philipps, 246 Neb. at 614.

Furthermore, the separation of powers doctrine has been strictly construed by the Nebraska Supreme Court. *State ex rel. Meyer v. State Bd. of Equalization and Assessment*, 185 Neb. 490, 176 N.W.2d 920 (1970). With regard to article II, section 1, the Nebraska Supreme Court has stated, "Nebraska's Constitution contains an absolute prohibition upon the exercise of the executive, legislative and judicial powers by the same person or the same group of persons. It has remained a part of the Constitution unchanged since 1875. It is more certain and positive than the provisions of the Federal constitution and those of some of the states, which merely definitely divided the three powers of government, *Laverty v. Cochran*, 132 Neb. 118, 120-121, 271 N.W. 354 (1937) (emphasis added).

D. Article II, Section 1 Operates as a Limitation on Legislative Power.

When analyzing whether a piece of legislation oversteps legislative authority, one must start with the proposition that the Nebraska Legislature has plenary authority. *State ex rel. Stenberg v. Moore*, 249 Neb. 589, 595, 544 N.W.2d 344 (1996). This broad authority exists because the "Nebraska Constitution is not a grant, but, rather is a restriction on legislative power, and the Legislature may legislate upon any subject not inhibited by the Constitution." *Id.*

The legislative authority of the Nebraska Unicameral is, therefore, extensive. However, it is not limitless. "The people of the state, by adopting a Constitution, have put it beyond the power of the legislature to pass laws in violation thereof." *State ex rel. Randall v. Hall*, 125 Neb. 236, 242-243, 249 N.W. 756 (1933) (discussing the importance and history of the separation of powers doctrine). See also *Laverty*, 132 Neb. at 121 ("[T]he Constitution is still recognized as the supreme law of the state and as a limitation of power of all departments and all officials."); *State ex rel. Meyer v. State Bd. of Equalization & Assessment*, 185 Neb. at 500 ("There is one thing, however, which [the Legislature] cannot do, and this is inherent in Article II, section 1, Constitution of Nebraska. It cannot through the power of appropriation exercise or invade the constitutional rights and powers of the executive branch of government. . . .").

Thus, the authority of the Legislature, while very broad, is subject to any limitations contained in the Nebraska Constitution. One such constitutional limitation on the authority of the Legislature is article II, section 1. The Nebraska Supreme Court has repeatedly held that article II, section 1 prohibits one department of government from encroaching on the duties and prerogatives of the others or exercising any power belonging to another branch, except as the Constitution itself otherwise directs or permits. *State v. Divis*, 256 Neb. 328, 332, 589 N.W.2d 537 (1999); *In re Interest of Constance G.*, 254 Neb. 96, 101, 575 N.W.2d 133 (1998); *State ex rel. Shepherd v. Nebraska Equal Opportunity Comm'n*, 251 Neb. 517, 532, 557 N.W.2d 684 (1997).

As the Nebraska Supreme Court has emphasized, "[T]he separation of powers clause serves as the beam from which our system of checks and balances is suspended." *Shepherd*, 251 Neb. at 524. See also *State ex rel. Spire v. Conway*, 238 Neb. 766, 472 N.W.2d 403 (1991); *State ex rel. Sorensen v. State Bd. of Equalization and Assessment*, 123 Neb. at 114, 242 N.W. at 281 ("It is an imperative duty of the judicial department of government to protect its jurisdiction at the boundaries of power fixed by the Constitution."); *Searle v. Yensen*, 118 Neb. at 842 ("Otherwise a confusion and duplication of powers would result, against which [article II, section 1] is directed."); *Op. Att'y Gen. No. 92004* (Jan. 9, 1992).

Thus, article II, section 1 operates as a limitation on the power of the Nebraska Legislature to legislate.

E. Under Article II, Section 1, the Legislature May Not Enact Laws Authorizing the Legislative Branch to Exercise Any Power Properly Belonging to the Executive Branch.

Under the Nebraska Supreme Court's strict interpretation of article II, section 1, the key issue presented here is whether LB 1011 authorizes the exercise of any executive power or function by the legislative branch. Similar questions have been addressed by the Nebraska Supreme Court for over 100 years. For example, a number of Nebraska cases have involved the question of whether the Legislature may regulate the practice of law. As stated in one such case, "The issue to be determined is whether the court must acquiesce in the qualifications for admission to the bar as prescribed by the Legislature. Does the legislative or judicial department have authority to prescribe rules for admission to the bar?" *State ex rel. Ralston v. Turner*, 141 Neb. 556, 559, 4 N.W.2d 302 (1942). In *Turner*, the Court concluded the "Power to admit applicants to practice law is judicial, not legislative, and invested in courts only. . . ." *Id.* at 568 (quoting *In re Cate*, 273 Pac. 617). See also *State ex rel. Wright v. Barlow*, 131 Neb. 294, 268 N.W. 95 (1936).

Other cases have involved questions of executive authority. In *In re Railroad Commissioners*, 15 Neb. 679, 50 N.W. 276 (1884), the Court discussed the constitutionality of the creation of the office of Railway Commissioner by the Legislature. The Court concluded the office would fall under the executive branch as its duties "would be to aid in carrying the laws into effect." *Id.* at 682.¹ See also *State ex rel. Shepherd*, 251 Neb. at 532, 557 N.W.2d at 695 (declaring a statute unconstitutional which granted executive authority to the Public Counsel).

Thus, the analysis of LB 1011 under article II, section 1 entails the delineation of the powers of the respective branches of government and the identification of what powers are affected by LB 1011. "[G]enerally judicial power is the authority to hear and determine a controversy as to rights and upon such determination to render a judgment binding upon the disputants." *Laverty v. Cochran*, 132 Neb. 118, 122, 271 N.W. 354 (1937). Judicial

¹The Court then concluded the creation of the office would violate what was then article V, § 26 of the Nebraska Constitution. This provision, in amended form, is now Article IV, § 27. It provides: "No executive state office other than herein provided shall be created except by a two-thirds majority all of members elected to the Legislature." Neb. Const. art. IV, § 27. Thus, if LB 1011 were amended so as to make the new Counsel to the Legislature an independent executive official, the bill would avoid review under article II, section 1. However, its creation would require a two-thirds vote, and the Legislature could not appoint the Counsel or control the office. See *Shepherd*, 251 Neb. at 532. Furthermore, the legislation would still be subject to review as a violation of the constitutional authority of the Attorney General. LB 1011, however, clearly provides for control of the Counsel position by the Legislature and is, therefore, subject to scrutiny under Article II, section 1.

power is not implicated by LB 1011. Legislative power is the power to enact legislation and make law. *Williams v. Buffalo County*, 181 Neb. 233, 239, 147 N.W.2d 776, 781 (1967). Executive power entails carrying into effect the laws enacted by the legislature. See *State ex rel. Morris v. Marsh*, 183 Neb. 521, 546, 162 N.W.2d 262, 277 (1968).

F. Litigation is an Executive Function in State Government and is a Duty Properly Belonging to the Executive Branch.

As set forth above, LB 1011 removes significant litigation authority from the Attorney General and transfers it to the Counsel to the Legislature and the Executive Board of the Legislative Council. The question, then, is whether this litigation authority is a function of the executive branch such that its transfer to the legislative branch would violate article II, section 1.

There is no question that the Nebraska Attorney General is an executive branch officer. See *State ex rel. Caldwell v. Peterson*, 153 Neb. 402, 407, 45 N.W.2d 122 (1950). This fact has been undisputed since the state Constitution was adopted. See 1885-86 Report of the Attorney General 3 ("The Constitution of 1875 makes the Attorney General an executive officer of the State. . . ."). The Counsel to the Legislature, as proposed by LB 1011, is clearly part of the Legislative branch. The bill expressly provides that the Counsel is to be employed by the Executive Board of the Legislative Council. (LB 1011, section 1). It further provides that all major decisions regarding litigation are to be made by the Executive Board of the Legislative Council (LB 1011, section 6). The Executive Board consists of eight members of the Legislature. See Neb. Rev. Stat § 50-401.01 (Cum. Supp. 2001). The Legislative Council consists of "all of the members of the Legislature" pursuant to Neb. Rev. Stat. § 50-401. See *Spire v. Conway*, 238 Neb. at 782 ("It is beyond debate that a senator is a member of the legislative branch and exercises the powers of that branch."). See also *State ex rel. Shepherd*, 251 Neb. at 525, 557 N.W.2d at 691 (concluding the Public Counsel [Ombudsman] is an officer of the legislative branch).

Since LB 1011 transfers litigation authority from an executive officer to the legislative branch, the determination upon which the constitutionality of LB 1011 rests, under article II, section 1, is whether litigation is an executive function.

As discussed above, executive power entails carrying into effect the laws passed by the Legislature. In general, "the executive department is that which is charged with carrying the laws into effect and securing their due observance." *Black's Law Dictionary* 678 (rev. 4th ed. 1968). See also *State ex rel. Morris v. Marsh*, 183 Neb. 521, 546, 162 N.W.2d 262, 277 (1968) ("The Nebraska Constitution provides for a republican form of government, for a bill of rights and for the separation of powers. It authorizes the executive branch to place the powers of government in operation . . .") (emphasis added).

Litigation must necessarily be a function of the executive branch since its effect is to carry laws into effect and secure their due observance. The fact that litigation is not expressly mentioned in the Nebraska Constitution as a duty of the Attorney General is not surprising. See *State v. Babcock*, 19 Neb. at 239. Nor does the absence of such a provision in the Constitution make the performance of litigation by the legislative branch fair game. As the Nebraska Supreme Court has repeatedly stated with regard to the regulation of the practice of law, "The Constitution does not, by any express grant, cast the power to define and regulate the practice of law in any of the three departments of government. In the absence of an express grant of this power to any one of the three departments, it must be exercised by the department to which it naturally belongs because 'It is a fundamental principle of constitutional law that each department of government, whether federal or state, "has, without any express grant, the inherent right to accomplish all objects naturally within the orbit of that department, not expressly limited by the fact of the existence of a similar power elsewhere or the express limitations of the Constitution." . . .'" *State v. Joubert*, 246 Neb. 287, 295, 518 N.W.2d 887 (1994) (quoting *In re Integration of Nebraska State Bar Ass'n.*, 133 Neb. 283, 285, 275 N.W. 265, 266 (1937)) (emphasis added).

Nebraska case law supports the proposition that litigation is an executive function by which the Attorney General enforces or carries into effect the laws and places the powers of government in operation. As the Nebraska Supreme Court has stated, "The attorney general is given executive powers in regard to various matters committed to his care." *State ex rel. Sorensen v. State Bd. of Equalization and Assessment*, 123 Neb. at 261. "Ordinarily the attorney general, both under the common law and by statute, is empowered to make any disposition of the State's litigation which he deems for its best interest." *Id.* (quoting *State v. Finch*, 128 Kan. 665). "The attorney general is, generally speaking, the attorney for the state. It is his duty to devote his time and energies to that employment, as it is the duty of attorneys generally to appear and defend the rights of their clients in the litigation in which they are employed. He is given executive powers in regard to various matters committed to his care." *Follmer v. State*, 94 Neb. 217, 220, 142 N.W. 908 (1913) (emphasis added).

The Nebraska Supreme has been wary of encroachment on the executive power to litigate. In rejecting the court's own ability to direct the disposition of one case by the factual determinations of another, the Nebraska Supreme Court stated:

In examining prosecutorial discretion we would of necessity have to independently gather evidence. The gathering of evidence is not a judicial function but one of the executive. We would then determine what charges we think should have been filed. Again, this is an executive function of the prosecutor. We would make a judgment about the chances of a conviction as against an acquittal, again an executive function. We would need to weigh the advisability of a plea bargain to secure a conviction on

a lesser charge in order to avoid a likely acquittal of all charges. These are all clearly executive and not judicial functions.

State v. Moore, 210 Neb. 457, 475, 316 N.W.2d 33, 43 (1982), cert. den., 456 U.S. 984 (1982) (emphasis added).

Other state and federal court decisions also support the principle that litigation is an executive function. The United States Supreme Court noted: "Legislative power, as distinguished from executive power, is the authority to make laws, but not to enforce them or appoint the agents charged with the duty of such enforcement. The latter are executive functions." *Springer v. Government of the Philippine Islands*, 277 U.S. 189, 202, 48 S. Ct. 480 (1928).

In a case involving the constitutionality of legislation that is similar, in many respects, to LB 1011, the Supreme Court of Arizona specifically concluded that "conducting litigation on behalf of the state . . . is an executive function, because doing so carries out the purposes of the Legislature." *State ex rel. Woods v. Block*, 189 Ariz. 269, 277, 942 P.2d 428, 436 (1997) (emphasis added). In *Woods*, the court concluded a "Constitutional Defense Council," which was controlled by the Legislature and which conducted litigation, was unconstitutional because the Legislature was exercising an executive function. *Id.* at 278, 942 P.2d at 437.

A more detailed discussion of *Woods* is helpful to the analysis of LB 1011. In *Woods*, the court held that, despite the limited constitutional power of the Attorney General of Arizona, *id.* at 431 ("In Arizona [unlike Nebraska], the Attorney General has no common law powers"), a legislatively created position called the Constitutional Defense Council ("CDC") (whose powers included initiating and pursuing any action concerning a law, regulation, order, policy or decision of the federal government and hiring outside legal counsel to pursue such actions) was unconstitutional under Arizona's separation of powers clause [which is very similar to Nebraska's article II, section 1].

The court found that the CDC was "a legislatively created or controlled body." *Id.* at 435. It further concluded that the CDC's functions were executive in nature:

The United States Supreme Court has held that litigation conducted on behalf of the United States is 'subject to the direction, and within the control of, the Attorney General.' *Buckley v. Valeo*, 424 U.S.1,139 . . . (1976) (quoting *Confiscation Cases*, 74 U.S. 454, 458-59 (1868)). In the same respect, conducting litigation on behalf of the State, as authorized by the Legislature, is an executive function, because doing so carries out the purposes of the Legislature.

Id. at 436. See also id. at 436 ("The Legislature's actions . . . show its intent to take over an executive function by eliminating the Attorney General from the litigation process. . . .").

In conclusion, the court stated,

CDC performs an executive function, yet is controlled by members appointed by representatives of the Legislature. . . . The practical result of the legislation is to create conflict between an executive agency and a legislative agency performing an executive function. All of the . . . factors support a finding that CDC is a legislative body performing an executive function. [The statute] is therefore unconstitutional because it violates the express terms of [the separation of powers provision] of the Arizona Constitution.

Id. at 437.

A Nebraska Court reached the same conclusion with respect to a statute attempting to transfer duties from the state auditor to a legislatively created position. In *State v. Primeau*, Doc. 496, Page 039 (Dist. Ct. Lancaster Co. 1994) the court discussed the separation of powers doctrine under the Nebraska Constitution as well as relevant case law:

In *Giss v. Jordan*, 82 Ariz. 152, 309 P.2d 779 (1957), the Supreme Court of Arizona held that statutory provisions relating to reimbursement of members of the Legislature for expenses, which provided that such claims were exempt from review by the State Auditor, were unconstitutional as an attempt to transfer to the Legislature the function of auditing delegated by the Constitution to the executive department. This case is directly applicable to any attempt by the Nebraska Legislature to prevent the State Auditor from auditing legislative records, expense accounts or other claims paid from state treasury. The Arizona Constitution is identical to that of Nebraska in its designation of the auditor as an executive official whose duties "shall be as prescribed by law." Id. at 784. The Giss court framed the issue before it as whether "the auditing of claims against the state is a function or power properly belonging to the executive rather than the legislative department." Id. at 785. (This is the same language the Nebraska Constitution contains with respect to the separation of powers in Article II, §1). The court in *Giss* concluded that auditing of the expenses of member of the Legislature is an executive function which is vested in the State Auditor. Id. at 787.

Following this analysis, the court declared the Nebraska statute unconstitutional as a violation of article II, section 1. See also *Op. Att'y Gen. No. 93012* (March 4, 1993) (concluding this bill would be declared unconstitutional).

It is true the Legislature may take a keen interest in the enforcement, interpretation or defense of the laws it passes. However, the fact that the

Legislature takes such an interest does not make litigation concerning such laws a legislative function. See *Shepherd*, 251 Neb. at 532 ("The legislature can neither enforce the laws which it has the power to make, nor . . . appoint the agents charged with the duty of such enforcement."). Furthermore, the fact that the Attorney General may be called upon to litigate at the request of the Legislature does not transform or negate the executive nature of litigation. Even in a dispute between the Legislature and an executive branch officer the Attorney General may properly bring an action on behalf of the Legislature. In *State ex rel. Meyer*, 185 Neb. at 491, the Attorney General brought an action "at the express request of the Legislature" seeking "to have certain appropriations vetoed by the Governor declared void and to uphold certain personal service limitations placed in the appropriation bills by the Legislature." See also *State ex rel. Stenberg v. Moore*, 253 Neb. 535, 571 N.W.2d 317 (1997) (action brought at request of Legislature to determine retirement benefits of certain school employees).

Thus, we believe there is little or no doubt the Nebraska Supreme Court would find that litigation is an executive function in state government. Our conclusion regarding the respective roles of the legislative and executive branches in this regard is not novel or new. As former Attorney General Robert Spire stated:

[I]t is the function of the Legislature to enact legislation, and not to interpret or enforce existing statutory provisions. Consequently, it would serve no valid legislative purpose to issue an opinion to a legislator concerning the interpretation and enforcement of a particular statute, when the Legislature has no authority in this regard. This responsibility is the function of the executive branch of the government and under our separation powers doctrine it is essential that no one branch encroach upon the powers reserved to another.

Op. Att'y Gen. No. 157 (Dec. 24, 1985).²

III. Conclusion

As the Nebraska Supreme Court has stated on many occasions, "In accordance with constitutional provisions separating the departments of government, the legislature cannot interfere with, or exercise any powers properly belonging to, the executive department." *State ex rel. Shepherd*, 251 Neb at 532, 557 N.W.2d at 695 (quoting 16 C.J.S. Constitutional Law § 134 at 434 (1984)). Since LB 1011 authorizes legislative officials to exercise powers properly belonging to the executive branch, the bill violates the separation of powers provision of the Nebraska Constitution, and we

²The fact that litigation is an executive function, rather than legislative, is underscored by the fact that the Nebraska Legislature would rarely have standing to bring a lawsuit on its own. See *Raines v. Byrd*, 521 U.S. 811, 117 S. Ct. 2312 (1997).

therefore conclude the bill would be found unconstitutional by the Nebraska Supreme Court.

 DON STENBERG

2 77-2703 shall apply, but at a rate measured by the difference only
3 between the rate imposed by such sections and the rate by which the
4 previous tax on the sale or use was computed. If such tax imposed
5 and paid in such other state is equal to or more than the tax
6 imposed by such sections, then no use tax shall be due in this
7 state on such property if such other state, territory, or

Mr. President, Mr. Speaker,
and Members of the Legislature
State Capitol
Lincoln, NE 68509

Dear Mr. President and Senators:

With this letter and attachment, I am returning LB 1309 with line-item reductions. The General Fund amounts vetoed in LB 1309 total 74.3 million dollars for the current 2001-2003 biennium and represent a reduction of an additional 130.4 million dollars of continuing obligations for the 2003-2005 biennium. In addition, I have reduced the fiscal year 2002-03 transfer from the Securities Act Cash Fund to the General Fund provided for in LB 1309 by 13.0 million dollars. A list of the individual vetoes is included as an attachment to this letter. All amounts vetoed are General Funds.

In October I called you into a special session and recommended over 173 million dollars in budget actions including 138 million dollars in reduced General Fund appropriations for the 2001-2003 biennium. You enacted 171 million dollars of changes to the current biennium budget with the single largest item being an across-the-board reduction of four percent in fiscal year 2001-02 and five percent in fiscal year 2002-03 in General Fund appropriations for most State agencies. On January 15, 2002, and on February 28, 2002, I recommended further budget actions totaling 176.7 million dollars, including 90.1 million dollars in reduced General Fund appropriations. Additional across-the-board reductions of three percent in fiscal year 2002-03 General Fund appropriations for most State agencies were again the single largest item in these recommendations. My February 28, 2002, recommendations also indicated support for specific General Fund revenue measures and continued opposition to an increase in the sales and income tax rates.

In LB 1309 you have presented me with specific changes to appropriations for the current 2001-03 biennium. Your total reductions to current General Fund appropriations for the current biennium are approximately 18.0 million dollars less than my previous recommendations. You are currently considering an increase in sales and income tax rates. My line-item reductions offer you the alternative of further reductions in General Fund spending. While some of these line-item reductions reinstate my previous recommendations, most of them, by necessity, represent significant program modifications or eliminations. I have also reduced the transfer from the Securities Act Cash Fund to the General Fund in fiscal year 2002-03 by 13.0 million dollars in order to reserve additional funds to protect our State from a possible further decline in forecasted tax receipts. I believe that Nebraskans are asking us for greater spending restraint and I remain opposed to an increase in the sales and income tax rates.

I understand the very difficult nature of the work that remains during these final seven days of this legislative session. I am confident that you will conclude the very serious consideration and necessary decision-making related to the State budget prior to the end of this legislative session.

I appreciate your hard work. I urge you to sustain my line-item reductions in LB 1309.

Sincerely,
(Signed) Mike Johanns
Governor

25 of revenue required under an agreement or agreements executed
26 pursuant to the Interlocal Cooperation Act or the Joint Public
27 Agency Act. The maximum levy shall include amounts levied to pay
1 for sums to support a library pursuant to section 51-201 or museum

 14 purpose of supporting that political subdivision's share of revenue
 15 required under an agreement or agreements executed pursuant to the
 16 Interlocal Cooperation Act or the Joint Public Agency Act. If an
 17 allocation by a county would cause another county to exceed its
 18 levy authority under this section, the second county may exceed the
 19 levy authority in order to levy the amount allocated.

20 (9) Municipal counties may levy or authorize a maximum
 21 levy of one dollar per one hundred dollars of taxable valuation of
 22 property subject to the levy. The municipal county may allocate
 23 levy authority to any political subdivision or entity subject to
 24 allocation under section 77-3443.

25 (10) Property tax levies for judgments obtained against a
 26 political subdivision which require or obligate a political

MESSAGES FROM THE GOVERNOR

April 10, 2002

Patrick J. O'Donnell
Clerk of the Legislature
State Capitol, Room 2018
Lincoln, NE 68509

Dear Mr. O'Donnell:

Engrossed Legislative Bill 947 was received in my office on April 10, 2002.

This bill was signed by me on April 10, 2002, and delivered to the Secretary of State.

Sincerely,
(Signed) Mike Johanns
Governor

April 10, 2002

Mr. President, Mr. Speaker, and
Members of the Legislature
State Capitol
Lincoln, Nebraska 68509

Dear Mr. President and Members of the Legislature:

With this letter I am returning LB 898 without my signature and with my objections. I am returning LB 898A with my signature.

I have supported the provisions in LB 898 that prescribe the manner in

which the Tax Equity and Educational Opportunities Support Act ["TEEOSA"] aid formula would be amended to implement the new level of aid to Nebraska school districts as we address our State's budget shortfall. However, as amended on Select File, the bill now authorizes school districts to exceed the maximum levy allowed by law without a vote of the people. You have now presented me with legislation I cannot support. I believe that Nebraskans are asking for greater spending restraint at all levels of government. Granting authority to a local school board to exceed the maximum levy without first requiring approval from taxpayers is inconsistent with the State's previously established requirement of allowing only the taxpayers themselves to determine such an important local funding issue.

Further, LB 898 is not required for the Legislature to implement the revised level of funding for state aid to schools under the TEEOSA aid appropriation that is contained in LB 898A. The Attorney General has determined that there are no statutes which would prevent or otherwise limit the Legislature's ability to change the amount of state aid that has previously been appropriated to schools.

For these reasons, I urge you to sustain my veto of LB 898.

Sincerely,
(Signed) Mike Johanns
Governor

April 10, 2002

Mr. President, Mr. Speaker,
and Members of the Legislature
State Capitol
Lincoln, Ne 68509

Dear Mr. President and Members of the Legislature:

I am returning LB 1085 and LB 1085A without my signature and with my objections.

LB 1085 contains a thirty cent increase in the cigarette tax and depreciation add-back provisions. I have publicly supported both of these proposals.

My objection to this legislation, however, is based upon the additional tax increases that are also a part of LB 1085. By imposing these additional tax increases, the Legislature is balancing the State's budget not by cutting state spending but, rather, by asking Nebraskans to pay more out of their pocketbooks. This economic recession has caused Nebraska businesses to lay off workers and reduce output, created uncertainties in our farm economy, and forced Nebraskans to reduce their spending on goods and

services. The decision not only to expand the sales tax base, but to increase both the income tax rate and the sales tax rate in order to sustain our current levels of state spending is something that I cannot support. I do not believe that a majority of our citizens will support the imposition of these new taxes during this difficult time.

For these reasons, I urge you to sustain my vetoes of LB 1085 and LB 1085A.

Sincerely,
(Signed) Mike Johanns
Governor

proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection:

To amend Article XIII, section 2:

XIII-2 "(1) Notwithstanding any other provision in ~~the~~ this Constitution, the Legislature may authorize any county or incorporated city or village, including cities operating under home rule charters, to acquire, own, develop, and lease real and personal property suitable for use by manufacturing or industrial enterprises and to issue revenue bonds for the purpose of defraying the cost of acquiring and developing such property by construction, purchase, or otherwise. The Legislature may also authorize such county, city, or village to acquire, own, develop, and lease real and personal property suitable for use by enterprises as determined by law if such property is located in blighted areas as determined by law and to issue revenue bonds for the purpose of defraying the cost of acquiring and developing or financing such property by construction, purchase, or otherwise. Such bonds shall not become general obligation bonds of the governmental subdivision by which such bonds are issued. Any real or personal property acquired, owned, developed, or used by any such county, city, or village pursuant to this section shall be subject to taxation to the same extent as private property during the time it is leased to or held by private interests, notwithstanding the provisions of Article VIII, section 2, of ~~the~~ this Constitution. The acquiring, owning, developing, and leasing of such property shall be deemed for a public purpose, but the governmental subdivision shall not have the right to acquire such property by condemnation. The principal of and interest on any bonds issued may be secured by a pledge of the lease and the revenue therefrom and by mortgage upon such property. No such governmental subdivision shall have the power to operate any such property as a business or in any manner except as the lessor thereof.

(2) Notwithstanding any other provision in this Constitution, the Legislature may also authorize any county, city, or village to acquire, own, develop, and lease or finance real and personal property, other than property used or to be used primarily for sectarian instruction or study or as a place for devotional activities or religious worship, to be used, during the term of any revenue bonds issued, only by nonprofit enterprises as determined by law and to issue revenue bonds for the purpose of defraying the cost of acquiring and developing or financing such property by construction, purchase, or otherwise. Such bonds shall not become general obligation bonds of the governmental subdivision by which such bonds are issued. Notwithstanding the provisions of Article VIII, section 2, of this Constitution, the acquisition, ownership, development, use, or financing of any real or personal property pursuant to the provisions of this section shall not affect the imposition of any taxes or the exemption therefrom by the Legislature pursuant to this Constitution. The acquiring, owning, developing, and leasing or financing of such property shall be deemed for a public purpose, but the governmental subdivision shall not have the right to acquire such property by condemnation. The principal of and interest on any bonds issued may be secured by a pledge of the lease and the revenue therefrom and by mortgage upon such property. No such governmental

subdivision shall have the power to operate any such property as a business or in any manner except as the lessor thereof.

(3) Notwithstanding any other provision in ~~the~~ this Constitution, the Legislature may also authorize any incorporated city or village, including cities operating under home rule charters, to appropriate from local sources of revenue such funds as may be deemed necessary for an economic or industrial development project or program subject to approval by a vote of a majority of the registered voters of such city or village voting upon the question. For purposes of this provision, funds from local sources of revenue shall mean funds raised from general taxes levied by the city or village and shall not include any funds received by the city or village which are derived from state or federal sources."

- 3 Nebraska, is amended to read:
- 4 13-609. (1) Any county treasurer, county official, or
- 5 political subdivision official may accept credit cards, charge
- 6 cards, or debit cards, whether presented in person or
- 7 electronically, or electronic funds transfers as a method of cash
- 8 payment of any tax, levy, excise, duty, custom, toll, interest,
- 9 penalty, fine, license, fee, or assessment of whatever kind or
- 10 nature, whether general or special, as provided by section 77-1702.
- 11 (2) The total amount of such taxes, levies, excises,
- 12 duties, customs, tolls, interest, penalties, fines, licenses, fees,
- 13 or assessments of whatever kind or nature, whether general or
- 14 special, paid for by credit card, charge card, debit card, or
- 15 electronic funds transfer shall be collected by the county
- 16 treasurer, county official, or political subdivision official.
- 17 (3) Any political subdivision operating a facility in a
- 18 proprietary capacity may choose to accept credit cards, charge
- 19 cards, or debit cards, whether presented in person or
- 20 electronically, or electronic funds transfers as a means of cash
- 21 payment and may adjust the price for services to reflect the
- 22 handling and payment costs.
- 23 (4) The county treasurer, county official, or political
- 1 subdivision official shall obtain, for each transaction,
- 2 authorization for use of any credit card, charge card, or debit
- 3 card used pursuant to this section from the financial institution,

- 5 third-party merchant bank providing such service.
- 6 (5) The types of credit cards, charge cards, or debit
- 7 cards accepted and the payment services provided shall be
- 8 determined by the State Treasurer and the Director of
- 9 Administrative Services with the advice of a committee convened by
- 10 the State Treasurer and the director. The committee shall consist
- 11 of the State Treasurer, the Tax Commissioner, the director, and
- 12 representatives from counties, cities, and other political
- 13 subdivisions as may be appropriate. The committee shall develop
- 14 recommendations for the contracting of such services. The State
- 15 Treasurer and the director shall contract with one or more credit
- 16 card, charge card, or debit card companies or third-party merchant
- 17 banks for services on behalf of the state and those counties,
- 18 cities, and political subdivisions that choose to participate in
- 19 the state contract for such services. The State Treasurer and the
- 20 director shall consider, for purposes of this section, any

21 negotiated discount, processing, or transaction fee imposed by a
22 credit card, charge card, or debit card company or third-party
23 merchant bank as an administrative expense. Counties, cities, and
24 other political subdivisions that choose not to participate in the
25 state contract may choose types of credit cards, charge cards, and
26 debit cards and may negotiate and contract independently or
27 collectively as a governmental entity with one or more financial
1 institutions, vending service companies, credit card, charge card,
2 or debit card companies, or third-party merchant banks for the
3 provision of such services. All county officials within each

15 a surcharge or convenience fee upon the person making a payment by
16 credit card or charge card so as to wholly or partially offset the
17 amount of any discount or administrative fees charged to the
18 political subdivision, but the surcharge or convenience fee shall
19 not exceed the surcharge or convenience fee imposed by the credit
20 card or charge card companies or third-party merchant banks which
21 have contracted under subsection (5) of this section. The
22 surcharge or convenience fee shall be applied only when allowed by
23 the operating rules and regulations of the credit card or charge
24 card involved or when authorized in writing by the credit card or
25 charge card company involved. When a person elects to make a
26 payment to a political subdivision by credit card or charge card
27 and such a surcharge or convenience fee is imposed, the payment of
1 such surcharge or convenience fee shall be deemed voluntary by such
2 person and shall be in no case refundable. If a payment is made
3 electronically by credit card, charge card, debit card, or
4 electronic funds transfer as part of a system for providing or
5 retrieving information electronically, the county treasurer, county

(Amendments to E & R amendments, AM7230)

- 1 1. Insert the following new sections:
 2 "Sec. 2. Section 19-3315, Reissue Revised Statutes of

3 Nebraska, is amended to read:

4 19-3315. The mayor and city council may by resolution

5 levy and assess taxes and assessments as follows:

6 (1) A property tax within any district of not to exceed

7 thirty-five cents on each one hundred dollars of taxable valuation

13 collected at the same time and under the same provisions as the

14 regular general city tax, ~~but such levy shall not be subject to~~

15 ~~or apply against any tax levy or city tax limit applicable to such~~

16 ~~city or property.~~ The taxes collected from any district shall be

17 used only for the benefit of such district. For purposes of

18 subsection (2) of section 77-3443, the tax shall be counted in the

19 allocation by the city proportionately, by dividing the total

20 taxable valuation of the taxable property within the district by

21 the total taxable valuation of the taxable property within the city

22 multiplied by the levy of the district;

23 (2) A special assessment against the real property

1 located in such district to the extent of the special benefit

2 thereto for the purpose of paying all or any part of the total

3 costs and expenses of acquisition, including construction, of an

4 offstreet parking facility in such district. The special

5 assessment shall be levied as provided in section 19-3314. In the

6 event that subsequent to the levy of assessments the use of any

7 parcel of land changes so that, had the new use existed at the time

8 of making such levy, the assessment on such parcel would have been

9 higher than the assessment actually made, an additional assessment

10 may be made on such parcel by the mayor and city council taking

11 into consideration the new and changed use of the property. The

12 total amount of assessments levied under this subdivision shall not

13 exceed the total costs and expenses of acquiring a facility defined

14 in section 19-3313. The levy of an additional assessment shall not

15 reduce or affect in any manner the assessments previously levied.

16 Additional assessments shall be levied as provided in section

17 19-3314, except that published notice may be omitted if notice is

18 personally served on the owner at least twenty days prior to the

19 date of hearing. All assessments levied under this subdivision

20 shall constitute a sinking fund for the payment of principal and

21 interest on bonds issued for such facility as provided by section

22 19-3317 until such bonds and interest are fully paid; and

23 (3) A special assessment against the real property

24 located in such district to the extent of special benefit thereto

25 for the purpose of paying all or any part of the costs of

26 maintenance, repair, and reconstruction of such offstreet parking

27 facility in the district. The mayor and city council may levy such

1 assessments under either of the following methods: (a) The mayor

2 and city council may, not more frequently than annually, determine
3 the costs of maintenance, repair, and reconstruction of such
4 facility and such costs shall be assessed to the real property
5 located in such district as provided by section 19-3314. At the
6 hearing on such assessments, objections may be made to the total
7 costs and the proposed allocation of such costs among the parcels
8 of real property in such district; or (b) after notice is given to
9 the owners as provided in section 19-3314, the mayor and city
10 council may establish and may change from time to time the
11 percentage of such costs of maintenance, repair, and reconstruction
12 which each parcel of real property in any district shall pay.
13 Thereafter, the mayor and city council shall annually determine the
14 total amount of such costs for each period since costs were last
15 assessed and shall after a hearing assess such costs to the real
16 property in the district in accordance with the percentages
17 previously established or as established at such hearing. Notice
18 of such hearing shall be given as provided in section 19-3314 and
19 shall state the total cost and percentage to be assessed to each
20 parcel of real property. Unless written objections are filed with
21 the city clerk at least five days before the hearing, all
22 objections to the amount of total costs and the assessment
23 percentages shall be deemed to have been waived and assessments
24 shall be levied as stated in such notice unless the mayor and city
25 council reduce any assessment. At such hearing, the assessment
26 percentage for the assessment of costs in the future may be
27 changed.

1 Sec. 20. Section 77-3443, Revised Statutes Supplement,
2 2001, is amended to read:
3 77-3443. (1) All political subdivisions, other than (a)
4 school districts, community colleges, natural resources districts,
5 educational service units, cities, villages, counties, municipal
6 counties, and sanitary and improvement districts and (b) political
7 subdivisions subject to municipal allocation under subsection (2)
8 of this section, may levy taxes as authorized by law which are
9 authorized by the county board of the county or the council of a
10 municipal county in which the greatest portion of the valuation is
11 located, which are counted in the county or municipal county levy
12 limit provided in section 77-3442, and which do not collectively
13 total more than fifteen cents per one hundred dollars of taxable
14 valuation on any parcel or item of taxable property for all
15 governments for which allocations are made by the municipality,
16 county, or municipal county, except that such limitation shall not
17 apply to property tax levies for preexisting lease-purchase
18 contracts approved prior to July 1, 1998, for bonded indebtedness
19 approved according to law and secured by a levy on property, and
20 for payments by a public airport to retire interest-free loans from
21 the Department of Aeronautics in lieu of bonded indebtedness at a
22 lower cost to the public airport. The county board or council
23 shall review and approve or disapprove the levy request of all

24 political subdivisions subject to this subsection. The county board
25 or council may approve all or a portion of the levy request and may
26 approve a levy request that would allow the requesting political
27 subdivision to levy a tax at a levy greater than that permitted by
1 law. The county board of a county or the council of a municipal
2 county which contains a transit authority created pursuant to
3 section 14-1803 shall allocate no less than three cents per one
4 hundred dollars of taxable property within the city or municipal
5 county subject to the levy to the transit authority if requested by
6 such authority. For any political subdivision subject to this
7 subsection that receives taxes from more than one county or
8 municipal county, the levy shall be allocated only by the county or
9 municipal county in which the greatest portion of the valuation is
10 located. The county board of equalization shall certify all levies
11 by October 15 to insure that the taxes levied by political
12 subdivisions subject to this subsection do not exceed the allowable
13 limit for any parcel or item of taxable property. The levy
14 allocated by the county or municipal county may be exceeded as
15 provided in section 77-3444.

16 (2) All city airport authorities established under the
17 Cities Airport Authorities Act, community redevelopment authorities
18 established under the Community Development Law, transit
19 authorities established under the Transit Authority Law, and
20 offstreet parking districts established under the Offstreet Parking
21 District Act may be allocated property taxes as authorized by law
22 which are authorized by the city, village, or municipal county and
23 are counted in the city or village levy limit or municipal county
24 levy limit provided by section 77-3442, except that such limitation
25 shall not apply to property tax levies for preexisting
26 lease-purchase contracts approved prior to July 1, 1998, for bonded
27 indebtedness approved according to law and secured by a levy on
1 property, and for payments by a public airport to retire
2 interest-free loans from the Department of Aeronautics in lieu of
3 bonded indebtedness at a lower cost to the public airport. For
4 offstreet parking districts established under the Offstreet Parking
5 District Act, the tax shall be counted in the allocation by the
6 city proportionately, by dividing the total taxable valuation of
7 the taxable property within the district by the total taxable
8 valuation of the taxable property within the city multiplied by the
9 levy of the district. The city council of a city which has created
10 a transit authority pursuant to section 14-1803 or the council of a
11 municipal county which contains a transit authority shall allocate

AM3566

(Amendments to Standing Committee amendments, AM2841)

- 1 1. Strike the original sections and all amendments
- 2 thereto and insert the following new sections:
- 3 "Section 1. Section 48-106, Reissue Revised Statutes of

4 Nebraska, as amended by section 1, LB 417, Ninety-seventh
5 Legislature, Second Session, is amended to read:
6 48-106. (1) The Nebraska Workers' Compensation Act shall
7 apply to the State of Nebraska, to every governmental agency
8 created by the state, to agricultural employers meeting the
9 requirements of subsection (3) of this section, and, except for
10 employers exempt under subsection (2) of this section, to every
11 resident employer in this state and nonresident employer performing
12 work in this state who employs one or more employees in the regular
13 trade, business, profession, or vocation of such employer.

14 (2) The act shall not apply to:

15 (a) A railroad company engaged in interstate or foreign
16 commerce;

17 (b) An employer of household domestic servants;

18 (c) An employer of any number of related employees
19 engaged in agricultural pursuits; and

20 (d) An employer of unrelated employees engaged in
21 agricultural pursuits who does not meet the requirements of
22 subsection (3) of this section. This subdivision does not apply if
23 the employer is the state or any governmental agency created by the
1 state.

2 (3) The act shall apply to an employer engaged in
3 agricultural pursuits who employs six or more unrelated employees
4 working on the same day, each working day for at least thirteen
5 consecutive weeks during a calendar year. The act shall apply to
6 such employer ten days after meeting the requirements of this
7 subsection. For employers meeting the requirements of this
8 subsection, all unrelated employees shall be covered under the act
9 and such employees' wages shall be considered for premium purposes.

10 (4) An employer who meets the requirements of subsection
11 (3) of this section and subsequently employs fewer than six
12 unrelated employees shall continue to provide workers' compensation
13 insurance coverage for such employees for a full calendar year
14 after the number of employees is less than six. Such employer may
15 elect to return to exempt status, and if such election is made, the
16 employer shall give the employees notice as provided in subsection
17 (5) of this section.

18 (5) An employer who is exempt from the act under
19 subdivisions (2)(b), (2)(c), or (2)(d) of this section may elect to
20 bring the employees of such employer within the act. Such election
21 is made by the employer obtaining a policy of workers' compensation
22 insurance covering such employees. Such policy shall be obtained
23 from a corporation, association, or organization authorized and
24 licensed to transact the business of workers' compensation
25 insurance in this state. If such an exempt employer procures a
26 policy of workers' compensation insurance which is in full force
27 and effect at the time of an accident to the employees of such
1 employer, such procurement is conclusive proof of such employer's
2 and his or her employees' election to be bound by the act. Such an

3 exempt employer who has procured a policy of workers' compensation
4 may elect to return to the exempt status by (a) no longer carrying
5 a policy of workers' compensation insurance and (b) posting,
6 continuously in a conspicuous place at the employment locations of
7 the employees for a period of at least ninety days, a written or
8 printed notice stating that the employer no longer carries workers'
9 compensation insurance for the employees. Failure to provide
10 notice in accordance with this subsection voids an employer's
11 attempt to return to exempt status.

12 (6) An exclusion from coverage in any health, accident,
13 or other insurance policy covering a person employed by an employer
14 who is exempt from the act under subdivisions (2)(b), (2)(c), or
15 (2)(d) of this section which provides that coverage under the
16 health, accident, or other insurance policy does not apply if such
17 person is entitled to workers' compensation coverage is null and
18 void as to such person if such employer has not elected to bring
19 the employees of such employer within the act as provided in
20 subsection (5) of this section.

21 (7) For purposes of this section:

22 (a) Agricultural pursuits means (i) the cultivation of
23 land for the production of agricultural crops, fruit, or other
24 horticultural products or (ii) the ownership, keeping, or feeding
25 of animals for the production of livestock or livestock products;
26 and

27 (b) Related employee means an employee related to the
1 employer within the third degree of consanguinity or affinity.
2 Relationship by consanguinity or affinity within the third degree
3 includes parents, grandparents, great grandparents, children,
4 grandchildren, great grandchildren, brothers, sisters, uncles,
5 aunts, nephews, nieces, and spouses of the same. If the employer
6 is a partnership, limited liability company, or corporation in
7 which all of the partners, members, or shareholders are related
8 within the third degree of consanguinity or affinity, then related
9 employee means any employee related to any such partner, member, or
10 shareholder within the third degree of consanguinity or affinity.

11 The Nebraska Workers' Compensation Act shall apply to the State of
12 Nebraska and every governmental agency created by it, and to every
13 employer in this state, including nonresident employers performing
14 work in the State of Nebraska, employing one or more employees, in
15 the regular trade, business, profession, or vocation of such
16 employer, except railroad companies engaged in interstate or
17 foreign commerce.

18 (2) The following are declared not to be hazardous
19 occupations and not within the provisions of the Nebraska Workers'
20 Compensation Act: Employers of household domestic servants and
21 employers of farm or ranch laborers. An employer who is excluded
22 from the act under this subsection may elect to bring the employees
23 of such employer within the provisions of the act. Such election
24 is made by the employer obtaining a policy of workers' compensation

25 insurance covering such employees from a corporation, association,
 26 or organization authorized and licensed to transact the business of
 27 workers' compensation insurance in this state. If an employer who
 1 is excluded from the act under this subsection has not elected to
 2 bring the employees of such employer within the provisions of the
 3 act by obtaining a policy of workers' compensation insurance as
 4 provided in this subsection and any health, accident, or other
 5 insurance policy covering such employees contains an exclusion of
 6 coverage if the insured is otherwise entitled to workers'
 7 compensation coverage, such exclusion shall be null and void as to
 8 such employees.

9 (3) The procuring by any such employer of such a policy
 10 of insurance, referred to in subsection (2) of this section, which
 11 is in full force and effect at the time of an accident to any of
 12 his or her employees, shall be conclusive proof of such employer's
 13 and his or her employees' election to be bound by the Nebraska
 14 Workers' Compensation Act, to all intents and purposes as if they
 15 had not been specifically excluded by the terms of this section.
 16 Such employer of household domestic servants and such employer of
 17 farm or ranch laborers who has procured such a policy of insurance
 18 may elect to return to the status of being not within the
 19 provisions of the Nebraska Workers' Compensation Act by (a) no
 20 longer carrying a policy of workers' compensation insurance and (b)
 21 posting and thereafter keeping continuously posted for a period of
 22 at least one year in a conspicuous place about the place or places
 23 where his or her workers are employed a written or printed notice
 24 of election not to be bound by the provisions of such act.

25 Sec. 2. Original section 48-106, Reissue Revised
 26 Statutes of Nebraska, as amended by section 1, LB 417,
 27 Ninety-seventh Legislature, Second Session, is repealed."

1 1. On page 3, line 21, after "(7)" insert "Every
 2 employer exempted under subdivisions (2)(b), (2)(c), or (2)(d) of

RESOLUTION

LEGISLATIVE RESOLUTION 464. Introduced by Urban Affairs

Committee: Hartnett, 45, Chairperson; Connealy, 16; Janssen, 15; McDonald, 41; Preister, 5; Redfield, 12; Synowiecki, 7.

PURPOSE: During the 2002 legislative session, the Urban Affairs Committee considered LB 1229. This bill proposed to amend the Transit Authority Law which provides the authority for the creation and operation of a metropolitan transit authority to provide mass transit services to the residents of a city of the metropolitan class and surrounding areas. The current authority, serving primarily the Omaha metropolitan area, is governed by a board of five members. They are appointed by the mayor with the approval of the city council of the city of the metropolitan class and the county board of the county in which the city is located. Recognizing that the transit authority serving Omaha now also serves large portions of unincorporated Douglas and Sarpy Counties as well as the cities of Bellevue, Papillion, and LaVista, LB 1229 proposed to take a modest step toward expanding the scope of board representation to permit the next appointed member of the board, if the mayor, city council, and county board agree by resolution to do so, to be a resident of the area served by the authority but outside of the corporate boundaries of the city.

Testimony at the public hearing revealed the presence of broader issues involved in the current structure of the service agreements between the various municipalities served by the Metropolitan Area Transit Authority and the desire by its board the Urban Affairs Committee to investigate how to amend the current statutes to better facilitate the ability to serve consumers and streamline relationships between municipalities.

This study would investigate the current structure of the Metropolitan Area Transit Authority, the nature of its relationships to the municipalities it serves, the structural changes in organization which would be desirable to facilitate its service to consumers, and how to amend existing statutes to enable the authority to make the necessary changes.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SEVENTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

PURPOSE: To develop potential legislation for the future use of proceeds
 from the state lottery allocated to the Education Innovation Fund through a
