person to be subjected to acupuncture to take away the inclination to drink liquor? Why don't you? Because you don't believe it, but you passed the acupuncture bill while it was making all those claims. This is what I mean when I talk about the hypocrisy, the lack of thought that goes into legislation. But as I've said before, if somebody comes down here with a thimble...

PRESIDENT MAURSTAD: One minute.

SENATOR CHAMBERS: ...if somebody comes down here for a thimble full of brains, I'm foolish to look for a gallon bucket full of intelligence and sense. I am the dreamer. I am the impractical one. I am the one who thinks there is blood that you can get out of a turnip. I am the one who apparently believes you can make a silk purse out of a sow's ear. But be the dreamer that I may be, I shall continue to fight against what I think is unjust, unwise legislation. And I will not sit like a knot on a log and let this terrible, atrociously drafted trash legislation find its way into the statute books. Thank you, Mr. President.

PRESIDENT MAURSTAD: Thank you, Senator Chambers. The question is on the motion to reconsider the bracket motion to LB 114. Those in favor vote aye, those opposed vote nay. Mr. Clerk, please record.

CLERK: (Record vote read, Legislative Journal pages 1015-1016.)
