with the tanks, the war planes, the Apache helicopters, the armored vehicles, the heavy machine guns, the jeeps, the mortars, the missiles, the rockets. The Palestinians have none of that. So here you got the best armed army that's active in the world fighting against unarmed people in a refugee camp, and these Jews are smart enough to see how you all support cops killing an unarmed black man. Three cops fire 56 bullets into one unarmed black man, and it's justified because these white cops said well, we were in fear for our lives. So the Israelis said, why don't we do that to these Palestinians? White cops kill unarmed black men. Well, we'll kill these unarmed Palestinians and say, we thought they were going to kill us. And somebody says, well, what about your airplane? We don't want to talk about that. What about your artillery? We don't want to talk about that. What kind of arms did they have? Did they have anti-tank weapons? Well, no. Did they have anti-aircraft guns to bring your airplanes down? No. Did they have stinger missiles to bring down your helicopters? SENATOR CHAMBERS: ...innumerable Palestinian victims buried in unmarked graves which is a trick the Jews learned from the Nazis and they are out-Nazi-ing the Nazis. They said, we will succeed where Hitler failed. Hitler didn't have the technology. Hitler was not left alone to do what he wanted to do as the world is leaving Israel alone to slaughter Palestinians. And Hitler did not have people in legislatures in America affirmatively supporting what he did. Ah, but we do. Even that backward Nebraska Legislature supports us and what we do. And they have
