1 1. On page 5, strike the new matter in lines 15 through
2 27 and insert "The applicant for a conditional use permit or
3 special exception may request a final determination of the special
4 conditions or requirements to be imposed by the county planning
5 commission or by the county board of commissioners or supervisors
6 if the board has not authorized the commission to exercise such
7 authority. Upon request the commission or board shall issue such
8 final determination of the special conditions or requirements to be
9 imposed in a timely manner. Such special conditions or
10 requirements to be imposed may include, but are not limited to, the
11 information that may be separately provided to state or federal
12 agencies in applying to obtain the applicable state and federal
13 permits. The commission or the board may request and review, prior
14 to making a final determination of the special conditions or
15 requirements to be imposed, reasonable information relevant to the
16 conditional use or special exception. If a final determination of
17 the special conditions or requirements to be imposed has been made,
18 final permit approval may be withheld subject only to a final
19 review by the commission or county board to determine that there is
20 not a substantial change in the applicant's proposed use of the
21 property upon which the final determination was based and that the
22 applicant has met, or will meet, the special conditions or
23 requirements imposed in the final determination.".
