

AMENDMENTS TO LB 32

1 1. Strike the original sections and all amendments
2 thereto and insert the following new sections:

3 "Section 1. (1) Any city required by federal law to
4 develop, establish, and implement storm water management programs
5 and secure a storm water discharge permit under the National
6 Pollutant Discharge Elimination System created pursuant to the
7 federal Clean Water Act of 1977, 33 U.S.C. 1251 et seq., may
8 develop, establish, and implement storm water management programs
9 and projects as required by federal law and the capital
10 improvements required for such storm water management programs and
11 projects.

12 (2) Any city described in subsection (1) of this section
13 may acquire by gift, grant, purchase, or condemnation necessary
14 land for such storm water management programs and projects.

15 Sec. 2. For the purpose of developing, establishing, and
16 implementing storm water management programs and projects as
17 required by federal law and funding the capital improvements and
18 operation and maintenance costs of such storm water management
19 programs and projects, the expenditures of a city described in
20 section 1 of this act for such purposes shall not be subject to the
21 budgetary limitations specified in section 13-519. The amount
22 budgeted by such city for such purposes which is in excess of the
23 budgetary limitations specified in section 13-519 shall be placed
24 in a separate fund and shall not be used for any purpose other than

1 developing, establishing, and implementing storm water management
2 programs and projects as required by federal law and funding the
3 capital improvements and the operation and maintenance costs of
4 such storm water management programs and projects.

5 Sec. 3. A city described in section 1 of this act may
6 enter into a contract with any corporation organized under or
7 authorized by the laws of this state for the purpose of developing,
8 establishing, and implementing storm water management programs or
9 projects.

10 Sec. 4. In addition to other powers authorized by law,
11 the board of directors of a natural resources district encompassing
12 a city described in section 1 of this act may develop, establish,
13 and implement storm water management programs and projects within
14 the district and fund the capital improvements and the operation
15 and maintenance costs of such storm water management programs and
16 projects. The expenditures of a natural resources district for
17 such purposes shall not be subject to the budgetary limitations
18 specified in section 13-519. The amount budgeted by such natural
19 resources district for such purposes which is in excess of the
20 budgetary limitations specified in section 13-519 shall be placed
21 in a separate fund and shall not be used for any purpose other than
22 storm water management programs and projects, in cooperation with
23 other public agencies.

24 Sec. 5. A city described in section 1 of this act and a
25 natural resources district encompassing any such city may cooperate
26 with each other, with counties, and with other public agencies as
27 defined in section 13-803 in the development, establishment, and
