ATTORNEY GENERAL'S OPINIONOpinion # 02031

DATE: December 18, 2002

SUBJECT: Statutory Authority for Emergency Care Provider Regulations

REQUESTED BY: Senator Joel T. Johnson

WRITTEN BY: Don Stenberg, Attorney General
Lynn A. Melson, Assistant Attorney General

You have requested the opinion of this office whether legislation is needed to assure that the Department of Health and Human Services Regulation and Licensure has statutory authority to amend its regulations so as to allow the use of oxygen, aspirin and epinephrine auto-injectors by certain emergency care providers. You state that the emergency care providers are not currently allowed to use such treatments as their scope of practice is limited to the curriculum of the U.S. Department of Transportation course for each classification of emergency medical technician. You then ask whether the Board of Emergency Medical Services and the Department may amend current regulations to include such treatments or whether statutory changes would first be necessary.

We have reviewed the Emergency Medical Services Act. Neb. Rev. Stat. §§ 71-5172 to 71-51,100 (Cum. Supp. 2002). As you point out in your opinion request, the pertinent statutes are Neb. Rev. Stat. § 71-5178(2) and § 71-5179(1). § 71-5178 authorizes the Department, with the approval of the Board, to promulgate rules and regulations which create four certification classifications of out-of-hospital emergency care providers. These rules and regulations are to include the practices and procedures authorized for each classification. § 71-5179(1) provides that the Legislature has adopted all parts of the U.S. Department of Transportation curricula, including permitted practices and procedures for each classification, until modified by rule and regulation. Because of this specific language "until modified by rule and regulation" it is our opinion that the Department is not limited to the U.S. Department of Transportation curricula in setting forth the permitted practices and procedures for each certification classification and may change or modify that curricula. On its face, § 71-5179(1), authorizes the Department to establish the scope of practice for the various emergency care provider classifications.

It is a general principle of statutory construction that once a statute is enacted it is presumed to be constitutional, and all reasonable doubts will be resolved in favor of its constitutionality. See *Kalisek v. Abramson*, 257 Neb. 517, 520, 599 N.W.2d 834, 836 (1990); *Schindler v. Nebraska Dept. of Motor Vehicles*, 256 Neb. 782, 593 N.W.2d 295 (1999). Because Neb. Rev. Stat. § 71-5179(1) allows the Department to modify the U.S. Department of Transportation curricula in its rules and regulations, a statutory change is not necessary in order to change the scope of practice of these emergency care providers.

The Legislature may authorize an administrative or executive department to make rules and regulations to carry out an express legislative purpose, or to completely operate and enforce a law within designated limitations. *Bosselman, Inc. v. State*, 230 Neb. 471, 432 N.W.2d 226 (1988). The Nebraska Supreme Court has indicated that the "modern tendency is to be more liberal in permitting grants of discretion to an administrative agency in order to facilitate the administration of laws as the complexity of economic and governmental conditions increases." *State ex rel. Douglas v. Nebraska Mortgage Finance Fund*, 204 Neb. 445, 465, 283 N.W.2d 12, 24 (1979).

Sincerely,
DON STENBERG

Governor Mike Johanns delivered the following Inaugural Address:

GOVERNOR'S INAUGURAL ADDRESS

Mr. President, Mr. Speaker, Mr. Chief Justice, Members of the Legislature, distinguished guests and friends, I am humbled and honored to stand before you today and to take the oath of office for a second term as Nebraska's 38th Governor.

Four years ago, in my first inaugural address, I referred to the words of former Nebraska Governor William A. Poynter who addressed the 26th session of the Nebraska Legislature in 1899.

Governor Poynter said, "We recognize that the primary power rests in the hands of the people and that this, their will, should be considered supreme. Partisanship may be bitter before election, but the will of the people having been expressed, citizenship should rise above partisanship. It is my most sincere desire that we shall cooperate for the best interests of the state."

Governor Poynter's address reflects the spirit of then and now. The legislative and executive branches of government can be more effective working toward a common purpose than we could ever hope to be working at cross-purposes.

In this session, there will be difficult choices and sacrifices made by each of us and by every Nebraskan. As we proceed, we must approach our discussions, our debate and our challenges with the civility that Nebraskans have come to expect from their leaders. That's not to say there won't be disagreements; there have been in the past. But we have accomplished much in four years, leaving me optimistic about this session and the coming four years.

In 1999, my administration began with a five-point agenda based on priorities set by Nebraskans: tax relief, less government, a strong statewide economy, protecting families, and ensuring the health, safety and success of Nebraska's children. Those priorities will continue.

The journey I began four years ago has spanned thousands of miles as I've traveled to every corner of Nebraska. Along the way, I've become acquainted with thousands of our citizens who have shared with me their hopes for the future, their concerns about the present and their memories of the past. I've been reminded that the pioneer spirit that Willa Cather detailed in her books still exists among Nebraskans, and that our heritage is one of our most precious resources.

Together, we've weathered natural disasters, devastating drought, financial hardships and acts of terrorism. And together, we've celebrated births, lauded graduations, reached out to our fellow man and laid the groundwork for an even brighter future for our children.

While there is no shortage to my optimism for the future, I realize that there are some very trying times ahead for our state. We must continue to work together to conquer our challenges and diversify our economy so that every Nebraskan has the opportunity to succeed in whatever life path they chose.

I approach the next four years of my service to the people of this great state with enthusiasm, humility and awe at the opportunity that has been bestowed upon me. I also approach the next four years with deep gratitude to you, the members of the Nebraska Unicameral, for your willingness to serve our state and to partner in leading our state forward. Your service has earned my admiration.

As I leave here today, I do so with tremendous hope for our future, knowing that our best days are still to come.

May God bless you, your families, and the great State of Nebraska.

The Governor, Chief Justice, associate justices, newly elected state officials, congressional delegation, and families were escorted from the Chamber.

THE MEMBERS OF THE NINETY-EIGHTH LEGISLATURE OF NEBRASKA, FIRST SESSION, RESOLVE THAT:

Section 1. At the general election in November 2004 the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection:

To amend Article III, section 24:

III-24 "(1) Except as provided in this section, the Legislature shall not authorize any game of chance or any lottery or gift enterprise when the consideration for a chance to participate involves the payment of money for the purchase of property, services, or a chance or admission ticket or requires an expenditure of substantial effort or time.

(2) The Legislature may authorize and regulate a state lottery pursuant to subsection (3) of this section and other lotteries, raffles, and gift enterprises which are intended solely as business promotions or the proceeds of which are to be used solely for charitable or community betterment purposes without profit to the promoter of such lotteries, raffles, or gift enterprises.

(3) The Legislature may establish a lottery to be operated and regulated by the State of Nebraska. The proceeds of the lottery shall be appropriated by the Legislature for the costs of establishing and maintaining the lottery and for other purposes as directed by the Legislature. No lottery game shall be conducted as part of the lottery unless the type of game has been approved by a majority of the members of the Legislature.

(4) Nothing in this section shall be construed to prohibit (a) the enactment of laws providing for the licensing and regulation of wagering on the results of horseraces, wherever run, either within or outside of the state, by the parimutuel method, when such wagering is conducted by licensees within a licensed racetrack enclosure or (b) the enactment of laws providing for the licensing and regulation of bingo games conducted by nonprofit associations which have been in existence for a period of five years immediately preceding the application for license, except that bingo games cannot be conducted by agents or lessees of such associations on a percentage basis.

(5) For purposes of this section:

(a) Gaming means any game of chance played with cards, dice, equipment, or a machine for money, credit, or any representative of value if the game is not included within the definition of Class I or Class II gaming under the federal Indian Gaming Regulatory Act as of January 1, 2003; and

(b) Interdiction gaming zone means an area of the state that lies within two miles of an adjoining state which allows gaming, except that no such zone may contain lands within the limits of an Indian reservation in Nebraska of a federally recognized Indian tribe recognized as of October 1988, or real property in Knox County and Boyd County held by the Secretary of the Interior in trust for the benefit of the Ponca Tribe.

(6) Nothing in the statutes or Constitution of Nebraska shall be construed

to prohibit or restrict gaming operated by a federally recognized Indian tribe in Nebraska on lands within the limits of the tribe's Indian reservation recognized as of October 1988, or on real property in Knox County and Boyd County held by the Secretary of the Interior in trust for the benefit of the Ponca Tribe, and over which the tribe has jurisdiction when such gaming is conducted in accordance with federal law and a tribal-state gaming compact entered into in accordance with federal law.

(7) Nothing in the Constitution of Nebraska shall be construed to prohibit or restrict gaming as authorized in this section in an interdiction gaming zone created by the Legislature pursuant to this subsection. The Legislature shall make laws creating one interdiction gaming zone and may authorize up to five gaming facilities within the zone. The Legislature shall provide for the operation, regulation, and taxation of gaming in the interdiction gaming zone.

(8) The Legislature shall allocate portions of the revenue from gaming under subsection (7) of this section to counties or other political subdivisions, except that such revenue shall not be allocated within any county in which gaming is conducted under subsection (7) of this section. Each tribe that has its administrative headquarters in Nebraska as of January 1, 2003, and that agrees not to conduct gaming under subsection (6) of this section shall receive five percent of such revenue without having to close or otherwise limit the type or scope of gaming permissible at any tribal facility on Indian lands and in operation on January 1, 2003."

Sec. 2. The proposed amendment shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1, with the following ballot language:

"A constitutional amendment to define gaming, to authorize creation of an interdiction gaming zone, to permit gaming on Indian lands and in the interdiction gaming zone, and to provide for the distribution of revenue from gaming.

MOTION - Print in Journal

Senator Preister filed the following motion to LB 325:
Withdraw LB 325.

MOTION - Escort Governor

Senator Cunningham moved that a committee of five be appointed to escort the Governor of the State of Nebraska to the Legislative Chamber to deliver his State of the State Address.

The motion prevailed.

The Chair appointed Senators Engel, Janssen, Raikes, Schimek, and Wehrbein to serve on said committee.

STATE OF THE STATE ADDRESS

Mr. President, Mr. Speaker, Members of the Legislature and my fellow Nebraskans:

Our State Constitution requires that the Governor address the Legislature and present a budget recommendation early in the legislative session. This morning, I come before you to fulfill that obligation and, in doing so, accept the responsibility of framing the reality of the day.

The past two years have witnessed national and international events that have dramatically altered our individual priorities and how we view the world around us. Since the Legislature last debated and adopted a biennial budget, our nation has been attacked, we've commenced a war on terrorism, our national economy has slipped into a stubborn recession that refuses to loosen its grip, and our state has been stricken by a drought of historic proportions. Any one of these issues would have been a challenge. All together, as one of my colleagues said, they have created the perfect economic storm.

Nebraskans answered the challenge of the terrorist attacks by giving of themselves through volunteering, donating blood, and contributing financially to those in need. We promised to never forget the sacrifices of those who died that day in New York, at the Pentagon, and in Pennsylvania.

Our commitment to freedom, and the strength we find in it, has never been stronger. We answered the call to a new war on terrorism by supporting our men and women in the military, but also by reinforcing our commitment to first responders at home. Under the leadership of our own Homeland Security Director, Lieutenant Governor Dave Heineman, we developed a national model for bioterrorism preparedness and a comprehensive plan to address agroterrorism. We are as prepared as we can be for that which we pray never happens.

For more than eighteen months we have struggled to come to grips with the recession and its impacts. In conjunction with the federal government, my administration approved extended unemployment benefits for workers who have lost their jobs while keeping our commitment to encourage the creation of new, quality jobs all across our state. The struggle continues, but so does our commitment to working families.

Then there is the drought - a natural disaster impacting Nebraska and many other states. I will never forget seeing the South Platte River flowing at a trickle near Ogallala this past summer. Our farmers and ranchers, who are some of the hardiest of all Nebraskans, and the communities in which they live and do business, have suffered the most from this drought.

For state government, the greatest consequence of these four challenges has been a free-fall in tax receipts that is worse than the farm crisis of the

1980's. The worst year then, fiscal year 1985, witnessed revenue growth of less than one percent, but there was still revenue growth. This compares to fiscal year 2002 when tax collections were \$91 million dollars or nearly four percent less than in 2001. In fact, 2002 tax collections were even less than 2000 tax collections by \$38 million dollars, or nearly two percent.

Ladies and gentlemen, 2002 tax receipts were truly historic - on the down side.

It is a credit to your efforts that we acted in a timely and responsible manner and, in doing so, avoided the crisis other states have faced and continue to face. We may have disagreed on some parts of the solution to our fiscal problems, but we have never disagreed on the need to reach our common goal of fiscal stability for Nebraska.

Our collective hope has been that the national and state's economy would improve by now. That has not been the case.

A Nebraska business owner described it to me as a saw-toothed economic recovery - plenty of ups and downs with very sharp edges. It is in this economic climate that we continue our work with the fiscal stability of our state as our overriding goal.

I have agonized more in developing this budget than any other in my eighteen years of public service. I have every reason to believe that you will do the same.

One way to put our fiscal problem in context is to consider that even if state spending were frozen at current year levels for the next two years, a \$115 million dollar shortfall would exist between available revenue and expenditures. That's not factoring in the deficit requests or the Boyd County litigation.

From another perspective, the Legislative Fiscal Office defines our dilemma as a \$673 million dollar difference in projected spending needs and projected revenue over the next two years. That number is conservative. Deficit requests and a potential liability arising out of the Boyd County Low-Level Radioactive Waste Site litigation balloons this number to a staggering \$850 million dollars.

I expect these very large numbers will cause you to reach the same conclusion I did: very difficult choices cannot be avoided. To help understand some of those choices, let's divide the current year budget - fiscal year 2003- into four categories: first, operations; second, aid to individuals; third, aid to local governments; and finally, higher education.

Operations would include everything from the Governor's Office and the Legislature to the State Patrol and Corrections. Altogether, operations include state agencies at a price tag of \$539 million dollars this year or 20

percent of the total general fund budget. Half of those costs, or about \$267 million dollars, can be found in just two agencies: the Health and Human Services agency within the Health and Human Services System and the Department of Corrections. The complete and total elimination of all funding for operations for one year, at best a foolish concept, would not even provide enough savings to balance the budget.

Aid to individuals includes Medicaid, childcare subsidy, and other individual assistance programs. The total price tag this year is \$535 million dollars or 20 percent of the total budget. Medicaid, the state and federal health care program for low-income seniors, the disabled, and children, is the largest component of this category at three-quarters of the total. The complete elimination of aid to individuals for one year - of course, not a possibility - would not balance the budget.

Aid to local governments is \$905 million dollars or 35 percent of the budget and includes state aid to schools, special education funding, and aid to counties, cities, and NRDs. State aid to schools is \$647 million dollars or 71 percent of this category. Entirely eliminating state aid for one year would nearly cover the shortfall, but obviously we will not head in that direction.

The final category is higher education, including the University, state colleges, community colleges, and student financial aid, which received \$521 million dollars or 20 percent of the budget this year. The complete elimination of funding for higher education for one year, another impossibility, would not balance the budget.

Now consider the revenue side of the picture as well as our Constitutional obligation to finance general fund spending without incurring debt.

Over my objection last year, the Legislature approved a mostly temporary general tax increase. During debate on this issue, a number of senators made it clear they would not support an extension of these tax increases. And some senators who supported the tax increases have left the Unicameral. It is a different Legislature that considers these issues.

But if this Legislature made those temporary tax increases permanent, an estimated \$247 million dollars would be generated in the next two years. That's only about one-third of our current budget gap. Even if the Legislature took this step, more than \$425 million dollars in spending reductions would still be required to balance the budget. Again, if we consider deficit requests and the possible judgement from the Low Level Radioactive Waste Site lawsuit, that number climbs back to about \$600 million dollars.

Furthermore, recognize that deficit spending - the often-used solution at the federal level - is not an option for Nebraskans. Our founders made sure that every generation would live within its means. Article XIII of the Nebraska Constitution very specifically limits the power of the state to incur debt for

the purpose of financing more spending or to balance the budget. We cannot and will not borrow our way through this challenge.

All of these numbers remind us that however the shortfall is addressed, the choices will be difficult and sacrifice will be required. With these facts in mind, I prepared this biennial budget recommendation guided by five principles.

First, the budget plan had to be realistic and honest. It had to be tied to the reality of the economy and current projections of tax revenue.

State tax revenues are simply not there and we cannot afford a spending plan based on wishful thinking about tax receipts. Our projections of future revenue must be very conservative. And this budget recommendation had to be void of gimmicks and false hope. I am confident we will agree that my recommendation is straightforward and unvarnished.

The second principle on which I built my budget recommendation was that there not be a general sales or income tax increase.

The challenge we face is so large that significant spending cuts have to be the major part of any solution. Relying primarily on general tax increases to solve the problem will only serve to delay economic recovery and take resources from Nebraskans trying to balance their own family and business budgets.

The third principle was that spending in each year of the biennial budget absolutely could not exceed projected revenues.

The tremendous investment in education, human services, and corrections that began more than four years ago was based on revenue projections that dramatically missed the mark. When the phenomenal revenue growth of the mid- to late 1990's ended, it was as if we had spent our way to the edge of a cliff. We have an obligation to bring ongoing spending and revenue in line with one another on an annual basis. Very simply, we must restructure the base of spending and do it now. If we fail to act, spending will forever outpace our citizens' ability to pay for their government.

A fourth principle was that we had to protect a set of priorities representing state government's core responsibilities to the fullest extent possible.

My budget recommendations require reductions across nearly all programs, services, and aid provided by State government. However, my recommendation reflects a continued priority for funding services that ensure safe communities, protect the most vulnerable Nebraskans, and promote the health and safety of our children. The State Patrol, Military, and Fire Marshal are spared from deep cuts. I have also spared from deep cuts public and private nursing homes, the state's 24-hour care facilities including our veteran's homes, and our home for the developmentally

disabled. And finally, children's health care, the family childcare subsidy, and early childhood education aid are spared deep cuts under this budget recommendation.

The fifth and final principle was that the cash reserve fund had to be protected and increased, both because of continued economic uncertainty and to prepare for contingencies that might arise from the Low Level Radioactive Waste litigation.

With regard to the litigation, we have strong arguments for our appeal, but considering the tone of the ruling and the size of the judgement, we must be prepared for any outcome. If our state is not required to pay the judgement, a strong cash reserve position will better enable us to maintain a basic level of state services should tax receipts fail to rebound in the short term. Be mindful that members of the Nebraska Economic Forecasting Advisory Board have lowered state revenue projections each of the last five times they have convened.

The budget I submit to you today reflects these principles. Again, they are: one, the budget is tied to the reality of the economy and current projections of tax revenue. Two, there is no increase in the general sales and income taxes upon our citizens. Three, spending in each year does not exceed projected revenues in each year of the biennial budget. Four, the core responsibilities of State government are protected to the fullest extent possible. And finally, the cash reserve is protected and increased.

As you will discover in reviewing the details of my recommendation, there was no easy path to this result. I am personally encouraged by the memory that the farm crisis of the 1980's was followed by the economic growth of the 90's. However, this memory is tempered by the reality of today and the need to be ever so cautious and conservative until we see a national recovery that is sustained over time.

Admittedly, this budget recommendation is stout fiscal medicine, but I believe it is necessary. Only by making tough decisions can we see the light at the end of the tunnel.

As you start your debate, I expect you will hear from many interests proclaiming that their favored program cannot operate with the budget I have proposed. The truth is that all of us must accept the challenge of doing more with less.

The economy is not generating the tax revenues necessary to support the current level of state spending. All of us must sacrifice for the foreseeable future.

In the more than 135 years of our state's history, we have met many challenges including recessions, the depression, drought and farm crisis.

There is no question we are being tested. But I remain confident that we will pass this test and be better for it.

In 1938, in the midst of the Great Depression, FDR said, "We have all learned the lesson that government cannot afford to wait until it has lost the power to act."

We must hold to that same sentiment today. The time to act is now so that we can preserve a bright future for our state and our children.

There isn't a person in this chamber or across the state who doesn't wish for a rapid national and state economic recovery. That day will come. When it does, I will lead the charge to allocate funds to worthy programs impacted by this budget.

As always, I pledge to have an open door to work with you in this Legislative Session.

Good luck, Godspeed in your work, and God bless Nebraska.

The committee escorted Governor Mike Johanns from the Chamber.

- 6 (b) The sparse cost grouping will consist of local
- 7 systems that do not qualify for the very sparse cost grouping but
- 8 which meet the following criteria:
- 9 (i)(A) Less than two students per square mile in the

10 county in which each high school is located, based on the school
11 district census, (B) less than one formula student per square mile
12 in the local system, and (C) more than ten miles between each high
13 school attendance center and the next closest high school
14 attendance center on paved roads;

15 (ii)(A) Less than one and one-half formula students per
16 square mile in the local system and (B) more than fifteen miles
17 between each high school attendance center and the next closest
18 high school attendance center on paved roads;

19 (iii)(A) Less than one and one-half formula students per
20 square mile in the local system and (B) more than two hundred
21 seventy-five square miles in the local system; or

22 (iv)(A) Less than two formula students per square mile in
23 the local system and (B) the local system includes an area equal to
24 ninety-five percent or more of the square miles in the largest
25 county in which a high school attendance center is located in the
26 local system; and

27 (c) The standard cost grouping will consist of local

1 systems that do not qualify for the very sparse or the sparse cost
2 groupings.

3 For purposes of subdivision (1) of this section, if a

4 local system did not operate and offer instruction in grades nine
5 through twelve within the boundaries of the local system during the
6 school fiscal year immediately preceding the school fiscal year in
7 which aid is to be paid, the local system shall not be considered
8 to have a high school attendance center;

9 (2) The department shall calculate the average formula
10 cost per student in each cost grouping by dividing the total
11 estimated general fund operating expenditures for the cost grouping
12 by the total adjusted formula students for all local systems in the
13 cost grouping. For the calculation of state aid for school fiscal
14 year 1999-00 and for each school fiscal year thereafter, the
15 average formula cost per student in each cost grouping shall not be
16 recalculated for the final calculation of state aid pursuant to
17 section 79-1065. The calculation of total adjusted formula
18 students for purposes of this subdivision shall take into account
19 the requirements of subsection (2) of section 79-1007.01. The
20 total estimated general fund operating expenditures for the cost
21 grouping is equal to the total adjusted general fund operating
22 expenditures for all local systems in the cost grouping multiplied
23 by a cost growth factor. The cost growth factor for each cost
24 grouping is equal to the sum of: (a) One; plus (b) the product of
25 two times the ratio of the difference between the formula students
26 attributable to the cost grouping without weighting or adjustment
27 pursuant to section 79-1007.01 and the sum of the average daily
1 membership plus tuitioned students attributable to the cost
2 grouping for the most recently available complete data year divided
3 by the average daily membership plus tuitioned students
4 attributable to the cost grouping for the most recently available

5 complete data year, except that the ratio shall not be less than
6 zero; plus (c) the basic allowable growth rate pursuant to section
7 79-1025 for the school fiscal year in which the aid is to be
8 distributed; plus (d) the basic allowable growth rate pursuant to
9 section 79-1025 for the school fiscal year immediately preceding
10 the school fiscal year in which the aid is to be distributed; plus
11 (e) one-half of any additional growth rate allowed by special
12 action of school boards for the school fiscal year in which the aid
13 is to be distributed as determined for the school fiscal year
14 immediately preceding the school fiscal year when aid is to be
15 distributed; plus (f) one-half of any additional growth rate
16 allowed by special action of the school boards for the school
17 fiscal year immediately preceding the school fiscal year when the
18 aid is to be distributed;

19 (3) For all school fiscal years except school fiscal
20 years 2002-03, 2003-04, or 2004-05, each local system's formula
21 need will be equal to the local system's transportation allowance
22 plus the local system's special receipts allowance plus the product
23 of the local system's adjusted formula students multiplied by the
24 average formula cost per student in the local system's cost
25 grouping. The calculation of total adjusted formula students for
26 purposes of this subdivision shall take into account the
27 requirements of subsection (2) of section 79-1007.01; and

1 (4) For school fiscal years 2002-03, 2003-04, or 2004-05,
2 each local system's formula need shall be calculated by subtracting
3 the temporary aid adjustment factor from the sum of the local
4 system's transportation allowance, the local system's special
5 receipts allowance, and the product of the local system's adjusted
6 formula students multiplied by the average formula cost per student
7 in the local system's cost grouping. The calculation of total
8 adjusted formula students for purposes of this subdivision shall
9 take into account the requirements of subsection (2) of section
10 79-1007.01.

11 Sec. 12. Section 79-1022, Revised Statutes Supplement,
12 2002, is amended to read:

14 and on or before February 1 for each year thereafter, the
15 department shall determine the amounts to be distributed to each
16 local system and each district pursuant to the Tax Equity and
17 Educational Opportunities Support Act and shall certify the amounts
18 to the Director of Administrative Services, the Auditor of Public
19 Accounts, and each district. The amount to be distributed to each
20 district from the amount certified for a local system shall be
21 proportional based on the weighted formula students attributed to
22 each district in the local system. On or before ~~May 1, 2002~~
23 February 5, 2003, and on or before February 1 for each year
24 thereafter, the department shall report the necessary funding level
25 to the Governor, the Appropriations Committee of the Legislature,
26 and the Education Committee of the Legislature. Certified state aid

27 amounts shall be shown as budgeted non-property-tax receipts and
1 deducted prior to calculating the property tax request in the
2 district's general fund budget statement as provided to the Auditor
3 of Public Accounts pursuant to section 79-1024.

4 (2) Except as provided in subsection (3) of this section
5 and subsection (6) of section 79-1016 and section 79-1033, the
6 amounts certified pursuant to subsection (1) of this section shall
7 be distributed in ten as nearly as possible equal payments on the
8 last business day of each month beginning in September of each
9 ensuing school fiscal year and ending in June of the following
10 year, except that when a school district is to receive a monthly
11 payment of less than one thousand dollars, such payment shall be
12 one lump-sum payment on the last business day of December during
13 the ensuing school fiscal year.

14 (3) For school fiscal year 2002-03, except as provided in
15 subsection (6) of section 79-1016 and section 79-1033, the amounts
16 certified pursuant to subsection (1) of this section shall be
17 distributed according to the payment schedule in this subsection on
18 the last business day of each month listed, except that when a
19 school district is to receive ten thousand dollars or less, such
20 payment shall be one lump-sum payment on the last business day of
21 December. The amount distributed each month shall be equal to the
22 amount certified pursuant to subsection (1) of this section
23 multiplied by the applicable percentage, rounded to the nearest
24 cent. The percentages are:

25 (a) For September, October, November, and December, seven
26 and seven-tenths percent;

27 (b) For January, February, March, and April, ten percent;
1 and

2 (c) For May and June, fourteen and six-tenths percent.

12 of which such share is a part for the school fiscal year
13 immediately preceding the school fiscal year for which the primary
14 high school district determination is made. The department shall
15 certify to all school districts and all county clerks the primary
16 high school district for each Class I district.

5 77-112. Actual value of real property for purposes of
6 taxation means the market value of real property in the ordinary

11 Sec. 3. Section 77-1371, Revised Statutes Supplement,
12 2002, is amended to read:
13 77-1371. Comparable sales are recent sales of properties
14 that are similar in important physical, functional, and location
15 characteristics to the property being assessed. When using
16 comparable sales in determining actual value of an individual
17 property under the sales comparison approach provided in section
18 77-112, the following guidelines shall be considered in determining
19 what constitutes a comparable sale:
20 (1) Whether the sale was financed by the seller and
21 included any special financing considerations or the value of
22 improvements;
23 (2) Whether zoning affected the sale price of the
24 property;
25 (3) For sales of agricultural land or horticultural land

29 (6) Whether sales to or from federal or state agencies or
30 local political subdivisions reflect current market value;
31 (7) Whether sales of undivided interests in real property
or parcels less than forty acres or sales conveying only a portion
32 of the unit assessed reflect current market value;
33 (8) Whether sales or transfers of property in exchange
for other real estate, stocks, bonds, or other personal property
34 reflect current market value;
35 (9) Whether deeds recorded for transfers of convenience,
transfers of title to cemetery lots, mineral rights, and rights of
easement reflect current market value;
36 (10) Whether sales or transfers of property involving
railroads or other public utility corporations reflect current
37 market value;

- 26 (11) Whether sales of property substantially improved
27 subsequent to assessment and prior to sale should be adjusted to
1 reflect current market value or eliminated from such analysis; and
2 (12) For agricultural land or horticultural land as
3 defined in section 77-1359 which is or has been receiving the
4 special valuation pursuant to sections 77-1343 to 77-1348, whether
5 the sale price reflects a value which the land has for purposes or
6 uses other than as agricultural land or horticultural land and
7 therefor does not reflect current market value of other
8 agricultural land or horticultural land.
9 The Property Tax Administrator may issue guidelines for
10 assessing officials for use in determining what constitutes a

- 5 77-112. Actual value of real property for purposes of

15 or parcels less than forty acres or sales conveying only a portion
16 of the unit assessed reflect current market value;

17 (8) Whether sales or transfers of property in exchange
18 for other real estate, stocks, bonds, or other personal property
19 reflect current market value;

20 (9) Whether deeds recorded for transfers of convenience,

22 easement reflect current market value;

23 (10) Whether sales or transfers of property involving

RESOLUTION

LEGISLATIVE RESOLUTION 38. Introduced by Schimek, 27; Louden, 49.

WHEREAS, at its meeting on April 9, 2002, the Board of Trustees of the Nebraska State Colleges approved a resolution to rename the Old Library

Building at Chadron State College "The Mari Sandoz High Plains Heritage Center"; and

WHEREAS, the Old Library Building, built in 1929, has been renovated, and the Vernon Chicoine and Madge Fortune Chicoine Atrium has been added, so that the facility now houses the Mari Sandoz Museum with artifacts and archives, interpretive exhibit areas, and an archival repository, an extensive western history library with artifacts and collections devoted to the study of the history of the High Plains, a digital imaging lab, meeting rooms, and two major George Lundeen sculptures; and

WHEREAS, Mari Sandoz was born May 11, 1896, on the family homestead in Sheridan County in northwestern Nebraska; and

WHEREAS, against incredible odds and with limited formal education, she achieved statewide, national, and international acclaim for her story writing; and

WHEREAS, most of her twenty-three books continue to be reprinted and have been published in German, French, Italian, and Japanese and four were listed in 1954 by the Chicago Corral of the Westerners as being among the one hundred best books about the American West; and

WHEREAS, several Mari Sandoz books appeared as Book-of-the-Month Club selections and some of her books were adapted into motion pictures; and

WHEREAS, Mari Sandoz was inducted into the Nebraska Hall of Fame in 1976, one of only twenty-two Nebraskans to date to have received this distinguished recognition. In 1998 she was posthumously inducted into the Hall of Great Westerners of the National Cowboy and Western Heritage Museum; and

WHEREAS, the college plans to complete the facility with the eventual addition of a supporting conference and meeting center, focusing on the life of Mari Sandoz and her writings, that will attract more scholars, visitors, and tourists to the State of Nebraska and to the campus of Chadron State College; and

WHEREAS, on October 7, 2002, Governor Mike Johanns gave his approval of the proposed renaming of the facility as "The Mari Sandoz High Plains Heritage Center"; and

WHEREAS, Reissue Revised Statutes of Nebraska, 1943, section 81-1108.36, requires that name changes for state-owned structures be approved by the Governor and the Legislature.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-EIGHTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

LEGISLATIVE RESOLUTION 39. Introduced by Connealy, 16.

WHEREAS, many Nebraska medicare beneficiaries are struggling with the high cost of prescription drugs; and

Senator Schrock renewed his pending amendment, AM0475, found on page 591.

Senator Brashear asked unanimous consent to be excused until he returns. No objections. So ordered.

Senator Erdman requested a ruling of the Chair on whether the Schrock amendment would require a three-fifths majority vote, pursuant to Rule 6, Section 3(h).

The Chair ruled that the Schrock amendment is not substantially the same as LR 6CA, which was indefinitely postponed by the General Affairs Committee, and would, therefore, require 25 votes.

Pending.

- 13 of death made by a person holding a valid license as a physician
- 14 who last attended the deceased. The standard form shall also
- 15 include the deceased's social security number. Death and fetal

16 death certificates shall be completed by the funeral directors and

15 be referred to the county attorney for investigation and
16 certification. The county attorney shall, within twenty-four hours
17 after taking charge of the case, state the cause of death as

21 If the cause of death cannot be determined within the period of
22 time stated above, the death certificate shall be filed to
23 establish the fact of death. As soon as possible thereafter, and
24 not more than six weeks later, supplemental information as to the
25 cause, disease, or sequence of causes ending in death shall be
26 filed with the department to complete the record. For all

15 Services Finance and Support.

16 (5) A permit for disinterment shall be required prior to

- 2 new sections:
- 3 "Section 1. Sections 1 to 5 of this act shall be known
- 4 and may be cited as the Electronic Equipment Recycling Act.
- 5 Sec. 2. The Legislature finds that:
- 6 (1) Toxic materials pose a health threat when they are
- 7 released into the environment;
- 8 (2) Electronic equipment contributes significant levels
- 9 of cadmium, arsenic, zinc, mercury, and selenium to landfill
- 10 leachate;
- 11 (3) Cathode ray tubes, which contain an average of five
- 12 to eight pounds of lead, are found in computer monitors, television
- 13 sets, and other electronic equipment;
- 14 (4) The fast growth of technology has resulted in the
- 15 rapid obsolescence of electronic equipment, but such equipment and
- 16 many of its components may be reused; and
- 17 (5) By encouraging the recycling of electronic equipment,
- 18 the state will not only create a market for the recyclables but
- 19 will simultaneously protect the environment from lead and other
- 20 toxic materials.
- 21 Sec. 3. For purposes of the Electronic Equipment
- 22 Recycling Act:
- 23 (1) Board means the Nebraska Environmental Trust Board;
- 24 (2) Cathode ray tube means any intact, broken, or
- 1 processed glass tube used to provide the visual display in
- 2 televisions, computer monitors, and certain scientific instruments
- 3 such as oscilloscopes;
- 4 (3) Electronic equipment means appliances that contain
- 5 complex circuitry, circuit boards, or signal processing and one or
- 6 more hazardous elements. Electronic equipment includes, but is not
- 7 limited to, televisions, audio and stereo equipment, monitors,

- 10 (4) Program means the Electronic Equipment Recycling
- 11 Program.
- 12 Sec. 4. (1) The Electronic Equipment Recycling Program
- 13 is created. The board shall enter into an agreement with a

- 15 short-term and long-term strategies for establishing a statewide
- 16 system of determining the most efficient means of managing,
- 17 collecting, storing, transporting, processing, recycling, reusing,
- 18 or otherwise disposing of electronic equipment. The program shall
- 19 include:

20 (a) Working with local governments and businesses to
21 determine the most efficient means of collecting, transporting, and
22 processing scrap electronic equipment;

23 (b) Developing public education programs on the benefits
24 of electronic equipment recycling and how to accomplish it; and

25 (c) Creating sustained processes for recovering and

11 report to the Legislature which evaluates the program's
12 effectiveness in creating satisfactory markets, a sufficient
13 recovery infrastructure, and an adequate funding mechanism to
14 support electronic recycling in Nebraska. The report shall also
15 make recommendations for achieving these goals.

16 Sec. 5. On or after October 1, 2003, a fee of five
17 dollars shall be imposed on the sale of each new item of electronic
18 equipment containing a cathode ray tube. The fee shall be paid by
19 the purchaser, collected by the seller, and remitted to the
20 Department of Revenue. The fee imposed by this section shall be
21 collected in the same manner as the sales tax under the Nebraska
22 Revenue Act of 1967, including provisions of the act relating to
23 due dates, interest, penalties, and collection procedures. The

ATTORNEY GENERAL'S OPINIONSOpinion # 03002

DATE: March 6, 2003

SUBJECT: Constitutionality of LB 226, Reimbursement of Labor Organizations for Legal Representation in Grievance or Legal Actions by Nonmember Employees.

REQUESTED BY: Senator Gene Tyson; Vice Chairperson
Banking, Commerce and Insurance Committee

WRITTEN BY: Jon Bruning, Attorney General
Fredrick F. Neid, Assistant Attorney General

You have requested the opinion of the Attorney General regarding the constitutional validity of proposed legislation requiring reimbursement of a labor organization for certain representation costs by employees who are not members of the labor organization. The specific question asked is whether the provisions of LB 226 would be violative of Art. XV, sec. 13 of the Nebraska Constitution, commonly referred to as the "right to work" law.

Section 1 of LB 226 would add a new statutory provision as set forth below:

If an employee who is not a member of a labor organization, as defined in section 48-218, chooses to have legal representation from the labor organization in any grievance or legal action, such employee shall reimburse the labor organization for his or her pro rata share of the actual legal fees and court costs incurred by the labor organization in representing the employee in such grievance or legal action.

(Emphasis added).

Section 2 of the bill would amend Neb. Rev. Stat. §48-217 (1998) in the following respects:

To make operative the provisions of sections 13, 14, and 15 of Article XV of the Constitution of Nebraska, no person shall be denied employment because of membership in or affiliation with, or resignation or expulsion from a labor organization or because of refusal to join; or affiliate with, ~~or pay a fee either directly or indirectly to~~ a labor organization; nor shall any individual or corporation or association of any kind enter into any contract, written or oral, to exclude persons from employment because of membership in or nonmembership in a labor organization.

Article XV, sec. 13 of the Nebraska Constitution states:

No person shall be denied employment because of membership in or affiliation with, or resignation or expulsion from a labor organization or because of refusal to join or affiliate with a labor organization; nor shall any individual or corporation or association of any kind enter into any contract, written or oral, to exclude persons from employment because of membership or nonmembership in a labor organization.

The Nebraska Supreme Court has determined that a purpose of Art. XV, sec. 13 is to provide that employment of an individual cannot be based upon his or her membership in a labor organization. *Lincoln Federal Labor Union v. Northwestern Iron and Metal Co.*, 149 Neb. 507, 31 N.W.2d 477 (1948). The constitutional amendment was enacted in 1946 as the result of a referendum petition, thus there is no applicable history. In 1947, LB 344, which contained substantially similar language was enacted by the Legislature. The legislative history indicates that the principal concern was prohibiting closed shop provisions, although mention was made of prohibiting other forms of union security. *Op. Att'y Gen. No. 82* (March 13, 1979)(quoting report of the Attorney General, 1959-1960, No. 173, at 295-96).

LB 226 authorizes reimbursement of the labor organization by a nonmember employee for representation costs of the labor organization if the employee chooses representation by the labor organization. This type of provision is generally recognized as a "fair share" arrangement. A "fair share" arrangement differs from an "agency shop" arrangement. The "agency shop" is an agreement between an employer and union organization that employees who are not union members shall, as a condition of continued employment, contribute an equal amount to the fees and dues paid by union members. This device owes its conception to the existence of "right to work laws" in nineteen of the United States. See Report of the Attorney General, 1959-60, No. 173, at 295.

We have found no Nebraska case authority that has addressed the validity of "fair share" arrangements in the context of Nebraska's right to work law. In other jurisdictions, courts have found that union security devices such as agency shop provisions and fair share arrangements are violative of states' right to work laws. See e.g. *Independent Guard Association v. Wackenhut, Servs.*, 90 Nev. 198, 522 P.2d 1010 (1974); *State Employees Association v. Mills*, 115 N.H. 473, 342 A.2d 6 (1975); *Ficek v. International Brotherhood of Boilermaker, Iron Shop Builders, Blacksmiths, Forgers and Helpers, Local #647*, 219 N.W.2d 860 (N. Dak. 1974); *Schmerhorn v. Retail Clerks International Association*, 141 So.2d 269 (Fla. 1962). Also see *Florida Education Association/United v. Public Employees Relations Comm'n*, 346 So.2d 551 (Fla. Dist. Ct. App. 1977)(finding that an agreement which requires nonmember teachers to contribute fair share fees for services of bargaining representatives as a condition of employment to be violative of the state's right to work laws.)

This office has previously addressed constitutional issues concerning fair share legislative proposals. In *Op. Att'y Gen. No. 82* (March 5, 1979), we considered whether a proposed legislative act which would authorize an agreement between the employer and the labor organization certifying the labor organization as the exclusive bargaining agent was constitutionally offensive. The proposal would have required the employee to pay the labor organization a service fee equivalent to the employee's proportionate share of the organization's costs of negotiating and administering a collective

bargaining contract and processing grievances under the agreement. It was concluded the provisions were constitutionally suspect under Art. XV, sec. 13 of the Nebraska Constitution because the required payment of a service fee forces an employee to join or affiliate with a labor organization as a condition of employment. *id.* at 3.

More recently, the question of the constitutional validity of a legislative proposal which would require nonunion employees in a bargaining unit covered by a collective bargaining unit to pay fees to the labor organization was addressed. The "fair share" amount would have represented the proportionate share of the cost borne by the labor organization in representing the nonmember employees. We concluded that the fair share provisions were constitutionally suspect under Art. XV, sec. 13 of the Nebraska Constitution. Op. Att'y Gen. No. 93009 (February 19, 1993) at 3.

The fair share provisions of LB 226 differ from constitutionally suspect provisions of the previous legislative proposals because membership or affiliation with a labor organization is not coerced as a condition of employment. The provisions of LB 226 neither compel nor require a nonmember employee to join or affiliate with a labor organization because the representation by the labor organization is not mandated as a condition of employment. Rather, the employee is required to reimburse the labor organization for his or her share of actual legal fees and costs incurred by the labor organization only if the employee chooses representation by the organization.

The precise issue presented by the provisions of LB 226 under similar circumstances has been considered by the Supreme Court of Nevada. In *Cone v. Nebraska Service Employees Union/SEIU Local 1107*, 116 Nev. 473, 998 P.2d 1178 (2000), the court addressed the question whether reimbursement or the imposition of fees on nonunion employees for representation by the union in grievance matters violated the state's right to work laws. Under the facts of the case, a union policy established a fee schedule for all members of the union for representation in grievance matters and notified nonunion employees that they could select outside counsel to represent them in bargaining unit matters. The Supreme Court of Nevada concluded that the policy of imposing fees on nonunion members of a bargaining unit for representation in grievance matters did not violate the state's right to work laws. The court concluded that the policy was not like an agency shop agreement because paying a service fee for grievance representation was not a condition of employment. In so concluding, the court stated: "(A)n individual could opt to hire his or her own legal counsel, and thereby forego giving the union any money at all without fear of losing his or her job." *id.* at 478, 998 P.2d at 1181.

We think the rationale of *Cone* is persuasive. The provisions of LB 226 do not compel a nonmember employee to pay any amounts to a labor organization if the employee opts to have representation other than representation by the labor organization. Accordingly, a nonmember would

not be required to pay any amount to the labor organization as a condition of obtaining or retaining his or her employment. For these reasons, it is our opinion that the provisions of LB 226 are not offensive to Art. XV, sec. 13 of the Nebraska Constitution.

Sincerely,
JON BRUNING

Opinion # 03003

DATE: March 7, 2003

SUBJECT: LB 550; LB 551; Termination Of Bridge Commissions
For Interstate County Bridges And Transfer Of Their
Duties.

REQUESTED BY: Senator Mark Quandahl
Nebraska State Legislature

WRITTEN BY: Jon Bruning, Attorney General
Dale A. Comer, Assistant Attorney General

The Nebraska Statutes dealing with "Interstate County Bridges" are found at Neb. Rev. Stat. §§ 39-855 through 39-876 (1998). Those statutes generally provide for the construction and operation of highway bridges between Nebraska and adjoining states. Among other things, those statutes allow Nebraska counties and municipal corporations to create bridge commissions for the construction and operation of interstate bridges, to issue revenue bonds for bridge construction, and to charge tolls on interstate bridges for payment of those revenue bonds.

At least two bills introduced during this legislative session deal with various aspects of the statutes pertaining to Interstate County Bridges. LB 550 would amend § 39-867 to state that when the revenue bonds issued by a city or city-appointed bridge commission for a particular bridge are paid in full, the ownership of that bridge would be transferred to the county in Nebraska in which the Nebraska end of the bridge is located. At that time, any existing bridge commission for such a bridge would be dissolved, and the county would take over the obligations of that commission. The county could collect tolls on the bridge to pay for its management, maintenance and upkeep.

LB 551, on the other hand, would amend § 39-856 so as to add many of the same provisions to that statute as those which would be added to § 39-867 by LB 550, except that the entity which would be designated to take

over a bridge after its revenue bonds were paid off would be the city where the Nebraska end of the bridge is located, rather than the county. LB 551 would also allow a city so designated to defer dissolution of the bridge commission in question.

Given the introduction of LB 550 and LB 551, you have requested our opinion as to "which governmental entity is responsible for operating and maintaining the Bellevue Bridge once the outstanding bonds have been satisfied." In that context, you have posed two specific questions to us:

1. When does the [Bellevue Bridge] Commission's responsibility to operate and maintain the bridge terminate?
2. Which governmental entity does the [Bellevue Bridge] Commission transfer responsibility for management of the bridge to upon satisfaction of the outstanding bondholders?

After conversations with your staff, we understand that both of your specific questions pertain to the current status of the law involving the Bellevue Bridge, and assume that neither LB 550 or LB 551 has been enacted.

Both of your specific questions regarding the Bellevue Bridge Commission presume that the Commission's responsibility to operate the bridge terminates at some point under existing law, and that at that point, either a county or a city will be required to take over management and operation of the bridge.¹ However, our review of the existing law in this area leads us to a different conclusion.

Neb. Rev. Stat. § 39-868 (1998) provides that a bridge commission created under the statutes pertaining to Interstate County Bridges shall be a "public body corporate and politic" with the power "to contract, to sue and be sued, and to adopt a seal and alter the same at pleasure." Neb. Rev. Stat. § 39-870 (1998) provides further that:

The [bridge] commission shall have power to establish bylaws, rules and regulations for its own government, and to make and enter into all contracts or agreements necessary or incidental to the performance of its duties and the execution of its powers under sections 30-868 to 39-870. The commission may employ engineering, architectural and construction experts and inspectors, and attorneys, and such other employees as may be necessary in its opinion, and fix their compensations, all of whom shall do such work as the commission shall direct.

As a result, a bridge commission under the statutes pertaining to Interstate County Bridges is a public body corporate and politic with substantial powers to manage and conduct its own affairs.

We have been unable to find any Nebraska cases which define the terms

"body corporate" or "body corporate and politic." However, cases from other jurisdictions indicate that the term "body corporate" is a term applied to corporations, public and private. *Isner v. Interstate Commerce Commission*, 90 F. Supp. 361 (E.D. Mich. S.D. 1950). In addition, the term "body corporate and politic" is a term applied to public corporations having the powers and duties of government. *Utah State Building Commission, for Use and Benefit of Mountain States Supply Co. v. Great American Indemnity Co.*, 105 Utah 11, 140 P.2d 763 (1943). Therefore, it appears to us that bridge commissions created under the Interstate County Bridge statutes, including the Bellevue Bridge Commission, are public corporations, having governmental duties and powers.

Generally, a corporation will exist indefinitely and until it is legally dissolved, if the period of its existence is not limited by its charter. *Pontiac Improvement Co. v. Leisy*, 144 Neb. 705, 14 N.W.2d 384 (1944); 18 C.J.S. Corporations § 52. And, a corporation will continue to exist during, but not beyond, the period to which its existence is limited by its charter or by constitutional or statutory provisions. 18 C.J.S. Corporations § 52.

In the present instance, we have reviewed the various provisions of the statutes pertaining to Interstate County Bridges, and we have found no statutory provisions pertaining to dissolution of the bridge commissions created under those statutes. Nor have we found anything in those statutes which speaks generally to the termination of a bridge commission's responsibility to operate and maintain a bridge after its revenue bonds are retired, apart from a provision in § 39-867 which provides that bridge tolls shall be discontinued upon the payment of certain revenue refunding bonds. Consequently, absent some provision in the charter of the Bellevue Bridge Commission dealing with the dissolution of that commission², we believe that the Bellevue Bridge Commission and its obligation to maintain and operate the Bellevue Bridge continue indefinitely, even after satisfaction of the outstanding revenue bonds involving that structure. Under those circumstances, the Commission is not required to transfer its responsibilities with respect to the bridge to any other governmental entity. A different result involving termination of the Bellevue Bridge Commission would require passage of LB 550, LB 551 or other similar legislation.

¹Your opinion request contains few specifics, but we assume that the governmental entities involved with the Bellevue Bridge are Sarpy County and the City of Bellevue.

²We have not been provided with any materials pertaining to the charter of the Bellevue Bridge Commission, so we have no information as to what that charter may provide, if anything, regarding dissolution of the commission.

Sincerely yours,
JON BRUNING
Attorney General

2 "Sec. 5. Section 46-642, Revised Statutes Supplement,
3 2002, is amended to read:
4 46-642. (1) If the Director of Natural Resources finds
5 that the withdrawal and transportation of ground water requested by
6 the applicant are reasonable, are not contrary to the conservation
7 and beneficial use of ground water, and are not otherwise
8 detrimental to the public welfare, he or she shall grant a permit
9 to the applicant to withdraw and transport water in the amount
10 applied for or in a lesser amount. The permit so granted shall
11 have a priority date as of the time when the application is filed
12 with the director.

13 (2) In determining whether to grant or deny a permit
14 under subsection (1) of this section, the director shall consider
15 the factors set forth in subdivisions (1) through (7) of section
16 46-613.01.

17 Sec. 7. Section 46-683, Reissue Revised Statutes of
18 Nebraska, is amended to read:

19 46-683. (1) The director shall issue a written order
20 containing specific findings of fact either granting or denying a
21 permit. The director shall grant a permit only if he or she finds
22 that the applicant's withdrawal and any transfer of ground water
23 are in the public interest. In determining whether the withdrawal
24 1 and transfer, if any, are in the public interest, the director's
2 considerations shall include, but not be limited to:
3 (a) Possible adverse effects on existing surface or
4 ground water users;
5 (b) The effect of the withdrawal and any transfer of

7 reasonably anticipated domestic and agricultural demands in the
8 area of the proposed ground water withdrawal;

9 (c) The availability of alternative sources of surface or
10 ground water reasonably accessible to the applicant in or near the
11 region of the proposed withdrawal or use;

12 (d) The economic benefit of the applicant's proposed use;

13 (e) The social and economic benefits of existing uses of

20 agreement; and

21 (h) Other factors reasonably affecting the equity of
22 granting the permit.

23 (2) The director may grant a permit for less water than
24 requested by the applicant. The director may also impose
25 reasonable conditions on the manner and timing of the ground water
26 withdrawals and on the manner of any transfer of ground water which
27 the director deems necessary to protect existing users of water.

1 The director shall issue such written order within ninety days of
2 the hearing.

3 Sec. 8. Section 46-691, Revised Statutes Supplement,
4 2002, is amended to read:

5 46-691. (1) Any person who withdraws ground water for
6 agricultural purposes, or for any purpose pursuant to a ground
7 water remediation plan as required under the Environmental
8 Protection Act, including the providing of water for domestic
9 purposes, from aquifers located within the State of Nebraska may
10 transfer the use of the ground water off the overlying land if the
11 ground water is put to a reasonable and beneficial use within the
12 State of Nebraska and is used for an agricultural purpose, or for
13 any purpose pursuant to a ground water remediation plan as required
14 under the Environmental Protection Act, including the providing of
15 water for domestic purposes, after transfer, and if such
16 withdrawal, transfer, and use (a) will not significantly adversely
17 affect any other water user, (b) is consistent with all applicable
18 statutes and rules and regulations, and (c) is in the public
19 interest. The determination made by a natural resources district
20 under subsection (2) of this section or the director under
21 subsection (3) of this section shall include consideration of the
22 factors set forth in subdivisions (1) through (7) of section
23 46-613.01. For purposes of this section, domestic has the same
24 meaning as in section 46-613.

26 ground water by filing written objections, specifically stating the
27 grounds for such objection, in the office of the natural resources
1 district containing the land from which the ground water is

2 withdrawn. Upon the filing of such objections or on its own
 3 initiative, the natural resources district shall conduct a
 4 preliminary investigation to determine if the withdrawal, transfer,
 5 and use of ground water is consistent with the requirements of
 6 subsection (1) of this section. Following the preliminary
 7 investigation, if the district has reason to believe that the
 8 withdrawal, transfer, or use may not comply with any rule or
 9 regulation of the district, it may utilize its authority under the
 10 Nebraska Ground Water Management and Protection Act to prohibit
 11 such withdrawal, transfer, or use. If the district has reason to
 12 believe that the withdrawal, transfer, and use is consistent with
 13 all rules and regulations of the district but may not comply with
 14 one or more other requirements of subsection (1) of this section,
 15 the district shall request that the Department of Natural Resources
 16 hold a hearing on such transfer.

17 (3) At the hearing, all interested persons may appear and
 18 present testimony. Agencies or political subdivisions of this
 19 state and the appropriate natural resources districts shall offer
 20 as evidence any information in their possession which they deem
 21 relevant to the purposes of the hearing. After the hearing, if the
 22 Director of Natural Resources finds that the withdrawal, transfer,
 23 or use of ground water is contrary to the requirements of
 24 subsection (1) of this section, he or she shall issue a cease and
 25 desist order prohibiting the withdrawal and transfer.

26 (4) The director may adopt and promulgate rules and
 27 regulations to carry out this section."

- 1 2. Amend the repealer, correct internal references, and

ATTORNEY GENERAL'S OPINION

Opinion # 03004

DATE: March 10, 2003

SUBJECT: Compatibility of Legislation to Vest Rights in Domestic Partners and Neb. Const. Art. I, Section 29

REQUESTED BY: Senator Nancy Thompson, Legislative District 14

WRITTEN BY: Jon Bruning, Attorney General
Mark D. Starr, Assistant Attorney General

QUESTION: If the Legislature Were to Grant Rights to A Domestic Partner to Donate Organs of a Decedent and Control the Disposition of a Decedent's Remains, Would Such Law Be Constitutional?

CONCLUSION: Not As Drafted.

In response to concerns that a union of partners of the same sex may be considered lawful marriage in certain states and that the Full Faith and Credit provision of the U.S. Constitution may make it incumbent upon Nebraska to recognize it as a lawful marriage if the partners were to move to this state, the voters adopted Initiative Measure No. 416, amending the Nebraska Constitution to make it clear that only marriage between a man and a woman is to be valid or recognized in this state. Neb. Const. Art. 1, § 29 (2000). According to the second sentence of the amendment, no legal recognition is to be accorded to the union of two persons of the same sex, regardless of whether one uses the word "marriage" or attaches some other label to the relationship, such as "civil union" or "domestic partnership." The Nebraska Supreme Court has not addressed this recent addition to Article 1, so our discussion is without the aid of the court's thoughts on the meaning and reach of this constitutional provision.

You have indicated that a constituent has asked you to introduce legislation which would vest in a "domestic partner" the same rights as a surviving spouse with regard to the disposition of the deceased person's remains and the making of anatomical gifts of all or part of the decedent's body. For purposes of such legislation, a domestic partner would be defined as "a person who was in a committed relationship with the deceased person." It was not required that the partners be of the same sex, but partners of the same sex were not disqualified, either.

Examples of factors which could be relied upon as indicia of such a relationship were listed. Those factors included the duration of the relationship, joint ownership of property, joint lease or rental agreements, joint obligations on a loan, joint bank account or credit card, household bills with both names, designation of each other as beneficiaries on life insurance policies, retirement benefits, or wills, designation of each other as personal representative or power of attorney for health care, and receipt of domestic partner benefits from an employer.

You have asked about the constitutionality of the suggested legislation in light of Neb. Const. Art., 1 § 29.

The draft legislation did more than indicate that a domestic partner was one who could be consulted as one who likely would have information as to the deceased partner's wishes with regard to disposition of his or her remains. It would amend Neb. Rev. Stat. § 71-1339 (Cum. Supp. 2002), to give the domestic partner the same rights as a surviving spouse to control and direct the disposition of the decedent's remains; a right that is given priority to the rights of the decedent's children, parents, or siblings. Traditionally, this was a right reserved to the surviving spouse and, if none, to the next of kin. *Thompson v. Pierce*, 95 Neb. 692, 146 N.W. 948 (1914). Also, the draft legislation would revise Neb. Rev. Stat. § 71-4802 (Cum. Supp. 2002), a section within the Uniform Anatomical Gift Act, to permit a domestic partner to donate all or part of the decedent's body unless there was actual notice that the decedent had indicated this would be against his or her will. The domestic partner's wishes would take precedence over the protests of all members of the decedent's family, except for that of a surviving spouse.

As may be seen, such legislation would create new rights which spring from recognition of a domestic partnership; a partnership which could comprise same sex couples. And the rights being created are placed on the same plane as rights which arise as a consequence of the marital relationship. This would be giving legal effect to a same sex relationship, thereby validating or recognizing it, which runs counter to Art. 1, §29.

Sincerely,
JON BRUNING

ATTORNEY GENERAL'S OPINIONOpinion # 03005

DATE: March 10, 2003

SUBJECT: LR 16 CA; Application Of Art. II, § 1 Of The
Nebraska Constitution To Employees Of A Political
Subdivision.

REQUESTED BY: Senator Vickie D. McDonald
Nebraska State Legislature
Senator DiAnna R. Schimek
Nebraska State Legislature

WRITTEN BY: Jon Bruning, Attorney General
Dale A. Comer, Assistant Attorney General

Legislative Resolution 16 CA would add the language underlined below to the first paragraph of art. IV, § 1 of the Nebraska Constitution:

The executive officers of the state shall be the Governor, Lieutenant Governor, Secretary of State, Auditor of Public Accounts, State Treasurer, Attorney General, and the heads of such other executive departments as set forth herein or as may be established by law. The Legislature may provide for the placing of the above named officers as heads over such departments of government as it may by law establish. An employee of a political subdivision of the state who is not holding elective office shall not be considered an executive officer or a member of the executive branch for purposes of this section.

In your opinion request letter, you state that:

The intent of LR 16 CA is to clarify that the Nebraska Supreme Court's decision in *State of Neb. Ex rel. Spire v. Conway*, 238 Neb. 766, 472 N.W.2d 403 (1991), does not apply to employees of political subdivisions. LR 16 CA is not intended to reverse, alter or amend the holding of *Conway* as it applies to employees of state colleges.

In addition, the Introducer's Statement of Intent for LR 16 CA states as follows:

LR 16 CA is intended to clarify that employees of political subdivisions of the State are not and will not be considered as executive officers of the State.

* * *

LR 16 CA is intended to clarify that employees of the political subdivisions of the State who are not holding elective office are not to be deemed to be members of the Executive Branch. Therefore, they are eligible to serve in the Legislative Branch as duly elected or appointed members of the Unicameral.

Introducer's Statement of Intent on LR 16 CA, 98th Neb. Leg., 1st Sess. 1 (January 29, 2003). You have now posed a number of questions to us involving LR 16 CA. We will first briefly discuss the *Conway* decision, and then provide responses to each of your various questions.

The Conway Decision

In *State of Nebraska ex rel. Spire v. Conway*, 238 Neb. 766, 472 N.W.2d 403 (1991), the Nebraska Supreme Court held that state Senator Gerald Conway could not both serve in the Legislature and also act as an assistant professor at Wayne State College. The court indicated that such dual service violated art. II, § 1 of the Nebraska Constitution, since Senator Conway was an officer in the Legislative Branch of government, and also an employee within the Executive Branch of government through his employment at Wayne State.¹ In the course of the *Conway* opinion, the court set out the following rule which governs the application of art. II, § 1 to the activities of government officials in Nebraska:

... article II prohibits one who exercises the power of one branch - that is, an officer in the broader sense of the word - from being a member - that is, either an officer or employee - of another branch.

Id. at 782, 472 N.W.2d at 412

1. "Does the Nebraska Constitution prevent employees of political subdivisions from serving in the Nebraska Legislature?"

As you noted in your opinion request, we have previously declined to

offer an opinion on the application of art. II, § 1 to officers and employees of local governmental subdivisions, based upon the fact that the Conway case involved state officers, and also based upon the lack of Nebraska cases dealing with that issue. Op. Att'y Gen. No. 95073 (September 19, 1995); Op. Att'y Gen. No. 92022 (February 18, 1992). However, we have now conducted further research, and we have found some Nebraska cases which, although not directly on point, have some relevance to art. II, § 1 and its potential effect on political subdivisions.

In *Howard v. City of Lincoln*, 243 Neb. 5, 497 N.W.2d 53 (1993), the court considered the constitutionality of an ordinance promulgated by the City of Lincoln which required landowners in the city to cut and clear "all weeds and worthless vegetation." The plaintiff claimed that the ordinance in question violated art. II, § 1. The court discussed his claim as follows:

Howard next argues that the ordinance violates the Nebraska Constitution because it is the result of an improper delegation of authority from the Legislature and because it allows the City to improperly delegate certain powers to its departments. Again we disagree.

We first note that Neb. Const. art. II, § 1, which distributes state governmental powers to the legislative, judicial, and executive branches, does not apply to the governing bodies of municipalities. We thus concern ourselves only with Howard's argument that the Legislature inappropriately delegated nonlegislative powers to the City.

Id. at 10, 497 N.W.2d at 57. (Citations omitted) (Emphasis added). The court in *Howard* cited to *State ex rel. Baughn v. Ure*, 91 Neb. 31, 135 N.W. 224 (1912) for the proposition that art. II, §1 does not apply to the governing bodies of municipalities.

The *Ure* case, in turn, involved a statute which allowed cities of a certain size to adopt a "Commission Plan of City Government" upon an affirmative vote of the citizens in the community. The court stated:

Relator's next contention is that the act in question violated section 1, art. 2 of the Constitution, providing for the distribution of powers for the government of the state into legislative, executive and judicial. He argues that since the provisions of the law do not become effective with reference to cities of over 5,000 inhabitants, except on an affirmative vote of the electors thereof, the act is an attempt on the part of the Legislature to delegate legislative powers to a municipality; The provision of the Constitution referred to by its express terms is concerned only with the government of the state, and does not limit the Legislature as to its power to prescribe the manner in which municipalities or local subdivisions of the state may administer their local affairs.

Id. at 37, 38, 135 N.W. at 226, 227. (Emphasis added).

Finally, in *State ex rel. Thompson v. Neble*, 82 Neb. 267, 117 N.W. 723 (1908), the court considered the constitutionality of a city charter provision which required district judges to appoint park commissioners. In that case, the court stated:

It is contended that the separation of powers of government into the three departments, as provided for in the Constitution, relates to state government alone, and is not applicable to municipal or other local bodies whose governments are created, and whose offices are established by the Legislature, and a number of cases are cited in support of the contention. This is undoubtedly true in theory and in many cases in practice, and such is the real purpose of the state constitution. But there is no limitation, aside from that imposed by federal law or Constitution, upon the power of the people to include in that instrument provisions which may control the lesser divisions and subdivisions of the state, as in our present Constitution. Any of such provisions may be incorporated into the fundamental law, and, when this is done, they are as binding upon the courts and the Legislature as any other portion of the Constitution. The provision above quoted [art. II, § 1] extends to all courts from that of justice of the peace and police judge to the Supreme Court, and applies to all judicial officers, as well as courts.

Id. at 280, 281, 117 N.W. at 728. (Emphasis added). In *Neble*, the court held that the provision in the city charter which required district judges to appoint city park commissioners was void in violation of art. II, § 1.

The language noted in the three cases discussed above could be used as a basis to argue that art. II, § 1 does not apply to political subdivisions, and that employees of those subdivisions could serve in the Legislature without any problems under the separation of powers provision. However, portions of the Conway decision and additional Nebraska cases could be used as the basis for a contrary argument.

In Conway, the court drew a distinction between the institutional aspect of art. II, § 1 and its personnel or individual aspect. The court stated:

. . . The language of article II prohibits one branch of government from encroaching on the duties and prerogatives of the others or from improperly delegating its own duties and prerogatives. This is its institutional aspect, which serves as the beam from which our system of checks and balances is suspended.

Article II also prohibits certain persons from serving two branches of government concurrently. This is its personnel, or individual, aspect. This aspect serves as a check against concentration of power, and guards against conflicts of interest which arise when one serves two

masters. It has been said that, "[t]he maintenance of a strict prohibition upon dual membership of the legislative and executive branches has no doubt been the most significant aspect of the doctrine [of separation of powers] in forming the special character of American government" The aspect with which we are presently concerned [in Conway] is this second, personnel aspect of the distribution of powers clause.

Conway, 238 Neb. at 773, 774, 472 N.W.2d at 408. (Citations omitted). Interestingly, the court indicated in Conway that, "[t]his is the first time we have been asked to determine the scope of the dual services prohibition." Id. at 774, 472 N.W.2d at 408.

As a result, based upon Conway, the propriety of a particular situation under art. II, § 1 must be tested under both its institutional and its personnel or individual aspects. In connection with the personnel or individual aspects of government service, other Nebraska cases seem to indicate that local governmental officials can be placed within a branch of government.

In *Searle v. Yensen*, 118 Neb. 835, 226 N.W. 464 (1929), the Nebraska Supreme Court stated:

The power of the Legislature to delegate a part of its legislative functions to municipal corporations or other governmental subdivisions, boards, commissions, and tribunals, to be exercised within their respective jurisdictions, cannot be denied; but the recipient of such powers must be members of the same governmental department as that of the grantor. Otherwise a confusion and duplication of powers would result, against which the section of the Constitution quoted above [art. II, § 1] is directed. The Legislature may not impose upon the judiciary or the executive the performance of acts or duties not properly belonging to those departments respectively.

Id. at 842, 226 N.W. 466. (Emphasis added). Accord *Nebraska Mid-State Reclamation District v. Hall County*, 152 Neb. 410, 41 N.W.2d 397 (1950). Similarly, the court has indicated that members of boards of education in cities and towns are ministerial and executive officers. *State v. Buttner*, 180 Neb. 529, 143 N.W.2d 907 (1966); *State v. Loechner*, 65 Neb. 814, 91 N.W. 874 (1902). And, having a county attorney act as a coroner does not constitute the imposition of judicial duties upon an executive officer under art. II, § 1, because the coroner's duties are not judicial. *State ex rel. Crosby v. Moorhead*, 100 Neb. 298, 159 N.W. 412 (1916). Finally, along with stating that art. II, § 1 does not apply to local governmental bodies, the *Nebble* case, cited above, also indicates that art. II, § 1 applies to all judges, including local justices of the peace and police judges.

It seems to us, based upon the lengthy discussion above, that it would be possible to argue that while the institutional aspect of art. II, §1 does not apply to local political subdivisions, the personnel or individual aspect of that constitutional provision does. Indeed, such a notion finds support in

certain language in the Conway case which discusses exceptions from the application of art. II, § 1:

An exception to institutional application of the separation of powers doctrine does not imply an exception to the dual personnel ban. While it may be necessary for certain agencies to share attributes with the executive, legislative, and judicial branches in order for those agencies to carry out the function assigned to them in the Constitution, those needs do not require the agency to employ personnel who exercise power in another governmental branch.

Conway, 238 Neb. at 785, 472 N.W.2d at 414. Consequently, we believe that there is at least an argument that a member of the Legislature, who is clearly an officer of the Legislative Branch of government, may not concurrently act as an officer or employee in another branch of government in a political subdivision.²

On the other hand, the Nebraska Supreme Court has not squarely faced this issue, in our view, and it is possible that the court could simply rely on the formulation of the rule set out in the first three cases cited above, and hold that art. II, § 1 does not apply to local political subdivisions. Given that uncertainty, we must again conclude that the answer to your first question is unclear at this time. Whether art. II, § 1 of the Nebraska Constitution as it is presently drafted prevents employees of political subdivisions from serving in the Nebraska Legislature is a question which will have to await further decisions by our courts.

While we understand that your first question was posed to us in connection with art. II, § 1 of the Nebraska Constitution, we would note, given the breadth of that question, that teachers, who are employees of school districts which are political subdivisions, also have a potential problem with service in the Legislature under art. III, § 9 of the Nebraska Constitution for the reasons set out in our Op. Att'y Gen. No. 95073 (September 19, 1995). That is, there is case law in Nebraska which indicates that teachers are public officers under certain circumstances. If teachers are public officers, then service as a state legislator and as a teacher would be proscribed under art. III, § 9 which states that "[n]o person holding office under the authority of the United States, or any lucrative office under the authority of this state, shall be eligible to, or have a seat in the Legislature."

2. "Are political subdivisions considered to be a part of the Executive Branch?"

We assume that this question is posed to us in the context of art. II, § 1 of the Nebraska Constitution. With that in mind, we cannot offer any definitive answer to this question for the same reasons discussed in our response to your initial question. At this point, it cannot be determined with certainty to what extent, if at all, all aspects of art. II, § 1 of the Nebraska Constitution apply to local political subdivisions and whether such subdivisions are part

of the Executive Branch under existing law.

3. "Is the University of Nebraska a political subdivision of the State?"

Two Nebraska cases have a bearing on this question. First of all, in *Catania v. The University of Nebraska*, 204 Neb. 304, 282 N.W.2d 27 (1979), the Nebraska Supreme Court considered the question of whether the University was a political subdivision which must be sued under the Political Subdivisions Tort Claims Act, or a state agency which must be sued under the State Tort Claims Act. Ultimately, the court concluded that "the University of Nebraska is an agency of the state" which must be sued under the state Act. Id. at 311, 282 N.W.2d at 32. Similarly, in the Conway case, the court stated:

While the Board of Regents is an "independent body charged with the power and responsibility to manage and operate the University," it is, nevertheless, an administrative or executive agency of the state. As the regents are part of the executive branch, so, too, are the [state college] trustees.

Conway, 238 Neb. at 786, 472 N.W.2d at 415. (Citations omitted). Consequently, we do not believe that the University of Nebraska is a political subdivision of the State.

4. "Is a public power district a political subdivision of the State?"

Neb. Rev. Stat. § 70-602 (1996) provides, in pertinent part:

A [public power district] may be created as hereinafter provided and, when so created, shall be a public corporation and political subdivision of this state and may sue or be sued in its corporate name.

(Emphasis added). Apart from § 70-602, a number of Nebraska cases have indicated that various public power districts are political subdivisions. *Johnson Lakes Development, Inc. v. Central Nebraska Public Power & Irrigation District*, 254 Neb. 418, 576 N.W.2d 806 (1998); *Southern Nebraska Rural Public Power District v. Nebraska Elec. Generation and Transmission Co-op, Inc.*, 249 Neb. 913, 546 N.W.2d 315 (1996); *Omaha Public Power District v. Nebraska Dept. of Revenue*, 248 Neb. 518, 537 N.W.2d 312 (1995). Therefore, we believe that the answer to your fourth question is "Yes."

5. "Is the phrase 'political subdivision' as used in LR 16 CA, page 1, lines 14-15, adequate for purposes of this measure?"

This office does not normally make determinations as to what is adequate for particular legislative purposes, since that is a task more appropriately left to the Legislature and to the individual senators with an interest in a particular bill or resolution. However, we will note that the provisions of the

Nebraska Constitution must be taken in their ordinary and common acceptance in such a manner as to express the intent of the Constitution's framers. *American Federation of State, County and Municipal Employees, AFL-CIO v. Dept. of Public Institutions State Hospitals*, 195 Neb. 253, 237 N.W.2d 841 (1976). In that regard, the Nebraska Supreme Court has indicated that a political subdivision is "a body which contemplates geographical area and boundaries, public elections, taxing power, and a general purpose of benefit." *Parriott v. Drainage Dist. # 6 of Peru*, 226 Neb. 123, 125, 410 N.W.2d 97, 99 (1987). We assume the Parriott definition or a similar one would be used in connection with LR 16 CA. If that is not appropriate for your purposes, you may wish to add some definitional language in the legislative resolution.

6. "Is an employee of a political subdivision who does not hold elective office in the political subdivision eligible to serve in the Legislature and retain his or her employment with the political subdivision under the current Nebraska Constitution? If LR 16 CA were passed by the voters?"

It seems to us that your first question here is essentially the same as the first question in your opinion request discussed above. In both cases, you wish to know if an employee in a political subdivision can concurrently serve in the Nebraska Legislature under our present Constitution. As a result, our answer to your first question here is the same as our previous answer to your question number 1. However, by way of additional specific response to this question, we would add that nothing clearly precludes concurrent service in the Legislature and employment by a political subdivision at this time, given the uncertainties which we have described regarding the application of art. II, § 1 in the context of governmental subdivisions.

Your second question in this area goes to the effect of the language proposed by LR 16 CA. You wish to know if that proposed language would allow concurrent service in the Legislature and employment by a political subdivision, or in essence, if LR 16 CA would cure any potential problems with such concurrent service under art. II, § 1.

If LR 16 CA were passed by the voters, the following language would be added to art. IV, § 1 of the Nebraska Constitution, which discusses the executive officers of the state:

An employee of a political subdivision of the state who is not holding elective office shall not be considered an executive officer or a member of the executive branch for purposes of this section.

At first review, the proposed language in LR 16 CA would appear to allow employees of political subdivisions to serve in the Legislature. If that language were added to the constitution, then employees of political subdivisions would not be considered to be "members" of the Executive

Branch, and on that basis, could serve in the Legislature without running afoul of art. II, § 1.³

However, LR 16 CA also states that employees of political subdivisions would not be considered as members of the Executive Branch "for purposes of this section." That latter language could be viewed as limiting the operation of LR 16 CA to art. IV, § 1 of the Nebraska Constitution, which might bring into question the applicability of that legislative resolution to art. II, § 1. That is particularly true since, in *Conway*, the court indicated that there are only three branches of government, and application of LR 16 CA to art. II, § 1 could be seen, given the nature of the three branches, as taking employees of political subdivisions out of all three. As a result, we believe that there is some question as to whether LR 16 CA would allow an employee of a political subdivision who does not hold elective office in that subdivision to serve in the Legislature, and still retain his or her employment with the political subdivision under art. II, § 1.

7. "It's been suggested that LR 16 CA amends the wrong article of the Nebraska Constitution. Would our intent be better served if an amendment to Neb. Const. art. III, sec 8. or 9 with specific language on who may or may not serve in the Legislature were adopted?"

Again, we generally believe that the task of determining what best serves the intent of particular legislation is a task which should be left to the Legislature. However, we would note that adoption of LR 16 CA pertaining to the Executive Branch would not cure any potential problems with teachers serving in the Legislature under the provisions of art. III, § 9 of the Nebraska Constitution as discussed in our Op. Att'y Gen. No. 95073 (September 19, 1995). In addition, you may wish to consider amending art. II, § 1 directly to allow employees of political subdivisions to serve in the Legislature in light of our discussion regarding the second portion of your question number 6 above.

¹ Art. II, § 1 of the Nebraska Constitution Provides:

The powers of the government of this state are divided into three distinct departments, the legislative, executive, and judicial, and no person or collection of persons being one of these departments, shall exercise any power properly belonging to either of the others, except as hereinafter expressly directed or permitted.

² While the *Searle* case and the cases cited with it above deal with officers of political subdivisions, the *Conway* rule prohibits a person who is an officer in one branch of government from serving as either an officer or an employee of another branch of government.

³ In *Conway*, the court indicated that a "member" of a branch of government was an officer or an employee of that branch.

3 be represented by counsel. If, in the opinion of the reviewers,
4 the review indicates the offender should be denied parole, the

SELECT COMMITTEE REPORTS **Enrollment and Review**

LEGISLATIVE BILL 688. Placed on Select File as amended.
E & R amendment to LB 688:
AM7081

- 1 1. Strike the original sections and all amendments
- 2 thereto and insert the following new sections:
- 3 "Section 1. The Legislature finds and declares that:
- 4 (1) Scandals are rampant throughout college football as
- 5 evidenced by schools placed on probation by the National Collegiate
- 6 Athletic Association, coaches dismissed or forced to resign for
- 7 improprieties, and players being declared ineligible to compete for
- 8 violating rules against receiving fair financial compensation;
- 9 (2) Many players are recruited from impoverished families
- 10 and the rules of the National Collegiate Athletic Association

11 prohibiting reasonable financial compensation render such players
12 vulnerable to inducements, benefits, and other types of
13 compensation which are defined as illicit by the National
14 Collegiate Athletic Association rules;

15 (3) A fair rate of financial compensation would give
16 players a choice when offered illicit inducements, compensation, or
17 assistance;

18 (4) Rules of the National Collegiate Athletic Association
19 prohibiting compensation are unduly restrictive and unreasonable,
20 promote unfairness, encourage dishonesty in recruiting and
21 retaining players, and would not be tolerated if applied to all
22 students; and

23 (5) Players at United States service academies are
24 compensated while in attendance and are eligible to compete against
25 schools which are members of the National Collegiate Athletic
26 Association.

27 Sec. 2. The Legislature further finds and declares that:

28 (1) The University of Nebraska-Lincoln participates in a
29 national intercollegiate football program which produces millions
30 of dollars through ticket sales, lucrative national television and
31 other electronic broadcast contracts, and participation in
32 postseason bowl games;

33 (2) The football program promotes the university and
34 generates valuable intangible benefits such as enhancement of
35 image;

36 (3) The exertion of players and the revenue they generate
37 produce employment and salaries for many others, subsidize other
38 sports programs at the university, and underwrite travel expenses
39 of numerous university officials, staff, and others who attend
40 postseason bowl games in which the team participates;

41 (4) The university employs a large athletic department to
42 administer its intercollegiate athletic program and a sizable
43 football coaching staff charged primarily with the responsibility
44 of producing a team capable of competing successfully against the
45 best teams in their conference and in the nation and of generating
46 as much revenue as possible;

47 (5) Maintaining a winning football team has become an
48 integral aspect of the overall business or occupation of the
49 university as an institution;

50 (6) The football program of the university could not
51 exist without the athletes who play that arduous and dangerous
52 game;

53 (7) Such athletes do not appear at the university by
54 accident or happenstance but are actively recruited by university
55 personnel at considerable expense;

56 (8) Such athletes are not recruited nor are scholarships
57 awarded on the basis of need or academic achievement but for
58 athletic prowess, the recipients having been recruited to be
59 football players and not scholars;

9 (9) Many players spend more time on football-related
10 activities than academics; and
11 (10) Because a sound academic program for football
12 players may be difficult to develop due to the demands of the
13 sport, football players are entitled to some tangible return for
14 the strenuous work they perform and the revenue they generate for
15 the benefit of the university.

16 Sec. 3. The Legislature further finds and declares that,
17 in the same manner that nonathlete students are compensated for
18 performing various tasks while a student, football players shall be
19 entitled to fair financial compensation for playing football.

20 Sec. 4. Any person who competes in the sport of football
21 for the University of Nebraska-Lincoln may be granted a stipend,
22 the amount of which shall be determined by the university. In
23 addition, the university may in its discretion grant a stipend to
24 persons who compete in sports other than football which participate
25 in Big Twelve Conference competition.

26 Sec. 5. Nothing in this act shall be construed to make a
27 person a professional athlete.

1 Sec. 6. This act shall become operative whenever laws
2 granting a similar stipend or similarly restricting hours of
3 participation are enacted in at least four other states which have
4 teams that compete in the Big Twelve Conference or its successor.

5 Sec. 7. As a preferable alternative to the requirement
6 of section 4 of this act, the University of Nebraska-Lincoln may
7 limit the number of hours required to participate in
8 intercollegiate athletics to such number that participation in a
9 sport would not impede the student athlete's ability to carry a
10 regular academic workload which will allow such student athlete to
11 graduate in four years, will allow the student athlete adequate
12 time to participate in the intellectual and cultural activities on
13 campus, and further will allow the student athlete to work an
14 average of at least twelve hours per week during the academic
15 school year."

16 2. On page 1, strike line 2 and insert "provide for
17 paying a stipend to or restricting hours of participation for
18 persons competing in intercollegiate athletics; and to provide for
19 applicability of provisions."

14 (3) A Nebraska Retirement Fund for Judges fee of ~~one~~
15 ~~dollar~~ four dollars shall be taxed as costs in each civil cause of
16 action, criminal cause of action, traffic misdemeanor or

17 infraction, and city or village ordinance violation filed in the
18 district courts and the county courts. In county courts a sum
19 shall be charged which is equal to ten percent of each fee provided
20 by sections 33-125, 33-126.02, 33-126.03, and 33-126.06. No judges
21 retirement fee shall be charged for filing a report pursuant to
22 sections 33-126.02 and 33-126.06. When collected by the clerk of
23 the district or county court, such fees shall be paid to the
24 director in charge of the judges retirement system on forms
25 prescribed by the board by the clerk within ten days after the
26 close of each calendar quarter. Such director shall promptly
27 thereafter remit the same to the State Treasurer for credit to the
1 fund. No Nebraska Retirement Fund for Judges fee which is
2 uncollectible for any reason shall be waived by a county judge as
3 provided in section 29-2709.

4 (4) All expenditures from the fund shall be authorized by
5 voucher in the manner prescribed in section 24-713. The fund shall
6 be used for the payment of all annuities and other benefits and for
7 the expenses of administration.

8 (5) The fund shall consist of the total fund as of
9 December 25, 1969, the contributions of members as provided in this
10 section, all supplementary court fees as provided in subsection (3)
11 of this section, and any required contributions of the state.

12 (6) Not later than January 1 of each year, the State
13 Treasurer shall transfer to the fund the amount certified by the
14 board as being necessary to pay the cost of any benefits accrued
15 during the fiscal year ending the previous June 30 in excess of
16 member contributions for that fiscal year and court fees as
17 provided in subsection (3) of this section, if any, for that fiscal
18 year plus any required contributions of the state as provided in
19 subsection (9) of this section.

20 (7) Benefits under the retirement system to members or to
21 their beneficiaries shall be paid from the fund.

22 (8) Any member who is making contributions to the fund on
23 December 25, 1969, may, on or before June 30, 1970, elect to become
24 a future member by delivering written notice of such election to
25 the board.

26 (9) Not later than January 1 of each year, the State
27 Treasurer shall transfer to the fund an amount, determined on the
1 basis of an actuarial valuation as of the previous June 30 and
2 certified by the board, to fully fund the unfunded accrued
3 liabilities of the retirement system as of June 30, 1988, by level
4 payments up to January 1, 2000. Such valuation shall be on the
5 basis of actuarial assumptions recommended by the actuary, approved
6 by the board, and kept on file with the board. For the fiscal year
7 beginning July 1, 2002, and each fiscal year thereafter, the
8 actuary for the board shall perform an actuarial valuation of the
9 system using the entry age actuarial cost method. Under this
10 method, the actuarially required funding rate is equal to the
11 normal cost rate, plus the contribution rate necessary to amortize

12 the unfunded actuarial accrued liability on a level payment basis.
13 The normal cost under this method shall be determined for each
14 individual member on a level percentage of salary basis. The
15 normal cost amount is then summed for all members. The initial
16 unfunded actual accrued liability as of July 1, 2002, if any, shall
17 be amortized over a twenty-five-year period. During each
18 subsequent actuarial valuation, changes in the funded actuarial
19 accrued liability due to changes in benefits, actuarial
20 assumptions, the asset valuation method, or actuarial gains or
21 losses shall be measured and amortized over a twenty-five-year
22 period beginning on the valuation date of such change. If the
23 unfunded actuarial accrued liability under the entry age actuarial
24 cost method is zero or less than zero on an actuarial valuation
25 date, then all prior unfunded actuarial accrued liabilities shall
26 be considered fully funded and the unfunded actuarial accrued
27 liability shall be reinitialized and amortized over a
1 twenty-five-year period as of the actuarial valuation date. If the
2 actuarially required contribution rate exceeds the rate of all
3 contributions required pursuant to the Judges Retirement Act, there
4 shall be a supplemental appropriation sufficient to pay for the
5 differences between the actuarially required contribution rate and
6 the rate of all contributions required pursuant to the Judges
7 Retirement Act.

8 (10) The state or county shall pick up the member
9 contributions required by this section for all compensation paid on
10 or after January 1, 1985, and the contributions so picked up shall
11 be treated as employer contributions in determining federal tax
12 treatment under the Internal Revenue Code as defined in section
13 49-801.01, except that the state or county shall continue to
14 withhold federal income taxes based upon these contributions until
15 the Internal Revenue Service or the federal courts rule that,
16 pursuant to section 414(h) of the code, these contributions shall
17 not be included as gross income of the member until such time as
18 they are distributed or made available. The state or county shall
19 pay these member contributions from the same source of funds which
20 is used in paying earnings to the member. The state or county
21 shall pick up these contributions by a compensation deduction
22 through a reduction in the compensation of the member. Member
23 contributions picked up shall be treated for all purposes of the
24 Judges Retirement Act in the same manner and to the extent as
25 member contributions made prior to the date picked up.

26 Sec. 2. Original section 24-703, Revised Statutes

11 qualified property of at least three million dollars and the hiring
18 investment in qualified property resulting in a net gain in the
19 total value of tangible property in this state of a type subject to
20 depreciation, amortization, or other recovery under the Internal

7 of Revenue annually on any changes in plans or circumstances which
8 affect the timetable of sales tax refunds as set out in the
9 application. If the company fails to comply with this requirement,
10 the Tax Commissioner may defer any pending sales tax refunds until
11 the company does comply.

12 ~~(5)~~ (6) The incentives contained in section 77-4105 shall
13 be in lieu of the tax credits allowed by section 77-27,188 for any
14 project. In computing credits under section 77-27,188, any

15 investment or employment which is eligible for benefits under the
16 Employment and Investment Growth Act shall be subtracted from the
17 increases computed for determining the credits under section
18 77-27,188.

19 ~~(6)~~ (7) A taxpayer and the Tax Commissioner may enter
20 into agreements for more than one project and may include more than
21 one project in a single agreement. The projects may be either
22 sequential or concurrent. A project may involve the same location
23 as another project. No new employment or new investment shall be

1 investment belongs.

12 (2) A taxpayer who has signed an agreement under section

14 the agreement contains one or more projects which together will
15 result in the investment in qualified property of at least ten
16 million dollars and the hiring of at least one hundred new
17 employees. Such ten-million-dollar investment and hiring of at
18 least one hundred new employees shall be considered a required
19 level of investment and employment for this subsection and for the
20 recapture of personal property tax only.

22 project or projects and acquired by the taxpayer, whether by lease
23 or purchase, after the date the application was filed shall

16 Such property shall be eligible for exemption from the
17 tax on personal property from the first January 1 following the
18 date of acquisition for property in subdivision (2)(a) of this
19 section, or from the first January 1 following the end of the year
20 during which the required levels were exceeded for property in
21 subdivisions (2)(b) and (2)(c) of this section, through the
22 sixteenth December 31 after the filing of the application. In
23 order to receive the property tax exemptions allowed by
24 subdivisions (2)(a), (2)(b), and (2)(c) of this section, the
25 taxpayer shall annually file a claim for exemption with the
26 Property Tax Administrator on or before May 1. The form and

14 employment and investment contained in the agreement, the taxpayer
15 shall also be entitled to the following incentives:

16 (a) A refund of all sales and use taxes paid under the
17 Nebraska Revenue Act of 1967, the Local Option Revenue Act, and

19 application through the meeting of the required levels of
20 employment and investment for all purchases, including rentals, of:

21 (i) Qualified property used as a part of the project;

22 (ii) Property, excluding motor vehicles, based in this
23 state and used in both this state and another state in connection
24 with the project except when any such property is to be used for
25 fundraising for or for the transportation of an elected official;

25 determination as to whether the project will sufficiently help
26 enable the state to accomplish the purposes of the Invest Nebraska
27 Act. The board shall be governed by and shall take into
1 consideration all of the following factors in making its
2 determination:

3 (a) The timing, number, wage levels, employee benefit

4 package, and types of new jobs to be created by the project;

5 (b) The type of industry in which the company and the
6 project would be engaged;

7 (c) The timing, amount, and types of investment in
8 qualified property to be made at the project; and

16 a base-year employee, shall be considered an employee for purposes
17 of attaining and maintaining the required number of new employees

15 the company and the state shall enter into a written agreement,
16 which shall be executed on behalf of the state by the Tax

22 application, and all supporting documentation, to the extent
23 approved, shall be deemed a part of the agreement. The agreement
24 shall contain such terms and conditions as the board shall specify

3 Nebraska, is amended to read:
4 32-221. (1) The election commissioner shall appoint
5 precinct and district inspectors, judges of election, and clerks of
6 election to assist the election commissioner in conducting
7 elections on election day. In counties with a population of less
8 than three hundred thousand inhabitants, judges and clerks of
9 election and inspectors shall be appointed at least thirty days
10 prior to the statewide primary election, shall hold office for
11 terms of two years or until their successors are appointed and

17 appointments are necessary and shall serve for at least four
18 elections.
19 (2) Judges and clerks of election may be selected at

4 from service unless excused by reason of ill health or other good
5 and sufficient reason.

6 (3) All persons appointed shall be of good repute and

19 of the absent officer if so directed by the election commissioner,
20 and proceed to conduct the election. If the election commissioner
21 finds that a judge or clerk of election or inspector does not
22 possess all the qualifications prescribed in this section or if any
23 judge or clerk of election or inspector is guilty of neglecting the
24 duties of the office or of any official misconduct, the election
25 commissioner shall remove the person and fill the vacancy.

3 parties. If a third judge is appointed, such judge shall be a
4 registered voter of the political party casting the highest number
5 of votes in the county for Governor or for President of the United
6 States in the immediately preceding general election. All precinct
7 and district inspectors shall be divided between all political

18 at any precinct. A clerk of election appointed under this
19 subsection shall be considered a registered voter who is not
20 affiliated with a political party for purposes of this section.

21 Sec. 3. Section 32-230, Revised Statutes Supplement,
22 2002, is amended to read:

23 32-230. (1) As provided in subsection (5) of this
24 section, the precinct committeeman and committeewoman of each

- 12 shall be provided by the employer. The board shall adopt and

13 promulgate rules and regulations and prescribe such forms necessary
14 to carry out this subdivision. Nothing in this subdivision shall
15 be construed to require the board to conduct onsite audits of
16 political subdivisions for compliance with statutes, rules, and
17 regulations governing the retirement systems listed in subdivision
18 (1)(a) of this section regarding membership and contributions; and
19 (g) To prescribe and furnish forms for the public
20 retirement system plan reports required to be filed pursuant to
21 sections 2-3228, 12-101, 14-567, 14-1805.01, 14-2111, 15-1017,

14 (e) To obtain, by a competitive, formal, and sealed
15 bidding process through the materiel division of the Department of
16 Administrative Services, actuarial services on behalf of the State
17 of Nebraska as may be necessary in the administration and

19 services shall contain a provision allowing the actuary, without

21 systems as requested by entities other than the board, if notice,
22 which does not identify the entity or substance of the request, is
23 given to the board, all costs are paid by the requesting entity,
24 results are provided to the board upon being made public, and such
25 actuarial studies do not interfere with the actuary's ongoing
26 responsibility to the board. The term of the contract shall be for
27 up to three years. A competitive, formal, and sealed bidding
1 process shall be completed at least once in every three years,
2 unless the board determines that such a process would not be cost

6 and sealed bidding process for up to three additional years. An
7 actuary under contract for the State of Nebraska shall be a member

8 of the American Academy of Actuaries;

9 (f) To direct the State Treasurer to transfer funds, as

11 Retirement Study Fund. Such transfer shall occur beginning on or
12 after July 31, 1992, and at intervals of not less than ten years
13 and not more than fifteen years and shall be in such amounts as the
14 Legislature shall direct, except that up to seventy-five thousand
15 dollars may be transferred in FY1993-94 to assist in completing the

LEGISLATIVE BILL 754. Placed on General File as amended.
Standing Committee amendment to LB 754:

AM0912

- 1 1. Strike the original sections and insert the following
2 new sections:
3 "Section 1. The Legislature finds that livestock
4 production has traditionally served a significant role in the
5 economic vitality of rural areas of the state and in the state's
6 overall economy and that the growth and vitality of the state's
7 livestock sector is critical for the continued prosperity of the
8 state and its citizens. The Legislature further finds that trends
9 in livestock production suggest a need to identify and address
10 factors that impact the viability and expansion of livestock
11 production. Those factors include the impact of livestock
12 production on the state's economy and its communities, all
13 applicable regulatory agencies, and the latest technology available
14 to enhance the livestock industry. It is the intent of the
15 Legislature to seek means to nurture and support the livestock
16 sector of this state.
- 17 Sec. 2. (1) The Director of Agriculture shall establish
18 a process, including criteria and standards, to recognize and
19 assist efforts by counties to maintain or expand their livestock
20 sector. A county that meets the criteria may apply to the director
21 to be designated a livestock friendly county. A county may remove
22 itself from the process at any time. Such criteria and standards
23 may include, but are not limited to, the following factors:
24 Consideration for the diversity of activities and initiatives
1 currently underway or being initiated by counties; a formal
2 expression of interest by a county board in developing the
3 livestock production and processing sectors of such county's
4 economy; an assurance that such county intends to work with all
5 other governmental jurisdictions within its boundaries in
6 implementing livestock development within the county; flexible and
7 individual treatment allowing each county to design its own
8 development program according to its own timetable; and a
9 commitment to compliance with the Livestock Waste Management Act.
- 10 (2) In order to assist any county with information and
11 technology, the Department of Agriculture shall establish a
12 resource data base to provide, upon written request of the county
13 zoning authority or county board, information sources that could be
14 useful in evaluating and crafting livestock facility conditional
15 use permits that meet the objectives of the county and the
16 livestock producer applicant.
- 17 (3) The Department of Agriculture shall adopt and
18 promulgate rules and regulations to carry out this section.
- 19 Sec. 3. Section 23-114.01, Reissue Revised Statutes of
20 Nebraska, is amended to read:
21 23-114.01. (1) In order to avail itself of the powers
22 conferred by section 23-114, the county board shall appoint a
23 planning commission to be known as the county planning commission.
24 The members of the commission shall be residents of the county to

25 be planned and shall be appointed with due consideration to
26 geographical and population factors. Since the primary focus of
27 concern and control in county planning and land-use regulatory
1 programs is the unincorporated area, a majority of the members of
2 the commission shall be residents of unincorporated areas, except
3 that this requirement shall not apply to joint planning
4 commissions. Members of the commission shall hold no county or
5 municipal office, except that a member may also be a member of a
6 city, village, or other type of planning commission. The term of
7 each member shall be three years, except that approximately
8 one-third of the members of the first commission shall serve for
9 terms of one year, one-third for terms of two years, and one-third
10 for terms of three years. All members shall hold office until
11 their successors are appointed. Members of the commission may be
12 removed by a majority vote of the county board for inefficiency,
13 neglect of duty, or malfeasance in office or other good and
14 sufficient cause upon written charges being filed with the county
15 board and after a public hearing has been held regarding such
16 charges. Vacancies occurring otherwise than through the expiration
17 of terms shall be filled for the unexpired terms by individuals
18 appointed by the county board. Members of the commission shall be
19 compensated for their actual and necessary expenses incurred in
20 connection with their duties in an amount to be fixed by the county
21 board. Reimbursement for mileage shall be made at the rate
22 provided in section 81-1176. Each county board may provide a per
23 diem payment for members of the commission of not to exceed fifteen
24 dollars for each day that each such member attends meetings of the
25 commission or is engaged in matters concerning the commission, but
26 no member shall receive more than one thousand dollars in any one
27 year. Such per diem payments shall be in addition to and separate
1 from compensation for expenses.

2 (2) The commission: (a) Shall prepare and adopt as its
3 policy statement a comprehensive development plan and such
4 implemental means as a capital improvement program, subdivision
5 regulations, building codes, and a zoning resolution; (b) shall
6 consult with and advise public officials and agencies, public
7 utilities, civic organizations, educational institutions, and
8 citizens relating to the promulgation of implemental programs; (c)
9 may delegate authority to any of the groups named in subdivision
10 (b) of this subsection to conduct studies and make surveys for the
11 commission; and (d) shall make preliminary reports on its findings
12 and hold public hearings before submitting its final reports. The
13 county board shall not hold its public meetings or take action on
14 matters relating to the comprehensive development plan, capital
15 improvements, building codes, subdivision development, or zoning
16 until it has received the recommendations of the commission.

17 (3) The commission may, with the consent of the governing
18 body, in its own name: Make and enter into contracts with public
19 or private bodies; receive contributions, bequests, gifts, or

20 grants of funds from public or private sources; expend the funds
21 appropriated to it by the county board; employ agents and
22 employees; and acquire, hold, and dispose of property. The
23 commission may, on its own authority: Make arrangements consistent
24 with its program; conduct or sponsor special studies or planning
25 work for any public body or appropriate agency; receive grants,
26 remuneration, or reimbursement for such studies or work; and at its
27 public hearings, summon witnesses, administer oaths, and compel the
1 giving of testimony.

2 (4) In all counties in the state, the county planning
3 commission may grant conditional uses or special exceptions to
4 property owners for the use of their property if the county board
5 of commissioners or supervisors has officially and generally
6 authorized the commission to exercise such powers and has approved
7 the standards and procedures the commission adopted for equitably
8 and judiciously granting such conditional uses or special
9 exceptions. The granting of a conditional use permit or special
10 exception shall only allow property owners to put their property to
11 a special use if it is among those uses specifically identified in
12 the county zoning regulations as classifications of uses which may
13 require special conditions or requirements to be met by the owners
14 before a use permit or building permit is authorized. The
15 applicant for a conditional use permit or special exception may
16 request a final determination by the county planning commission,
17 and upon request the commission shall issue such final
18 determination in a timely manner. Such final determination may be
19 issued subject to such conditions as are identified by the
20 commission, including, but not limited to, the obtaining of

25 board of commissioners or supervisors may choose to retain for
26 itself the power to grant conditional uses or special exceptions
27 for those classifications of uses specified in the county zoning
1 regulations. The county board of commissioners or supervisors may
2 exercise such power if it has formally adopted standards and
3 procedures for granting such conditional uses or special exceptions
4 in a manner that is equitable and which will promote the public
5 interest.

6 (6) Whenever a county planning commission or county board

AMENDMENT - Print in Journal

Senators Bourne, Synowiecki, Friend, and Mines filed the following amendment to LB 790:
AM0889

(Amendments to Standing Committee amendments, AM0809)

- 1 1. Insert the following new sections:
2 "Sec. 65. (1) Whenever, in order to carry out the duties
3 imposed upon it by law, the commission, in a proceeding upon its
4 own motion, on complaint, or upon an application to it, deems it
5 necessary to investigate any public utility or common carrier or
6 make appraisals of the property of any public utility or common
7 carrier, such public utility or common carrier, in case the
8 expenses reasonably attributable to such investigation or appraisal
9 exceed the sum of one hundred dollars, including both direct and
10 indirect expenses incurred by the commission or its staff, shall
11 pay such expenses which shall be assessed against such public
12 utility or common carrier by the commission. Such expenses shall
13 be assessed beginning on the date that the proceeding is filed or
14 beginning three business days after the commission gives the public

15 utility or common carrier notice of the assessment by United States
16 mail, whichever is later. The commission shall give such public
17 utility or common carrier notice and opportunity for a hearing in
18 accordance with the Administrative Procedure Act. At such hearing,
19 the public utility or common carrier may be heard as to the
20 necessity of such investigation or appraisal and may show cause, if
21 any, why such investigation or appraisal should not be made or why
22 the costs thereof should not be assessed against such public
23 utility or common carrier. The finding of the commission as to the
1 necessity of the investigation or appraisal and the assessment of
2 the expenses thereof shall be conclusive, except that no such
3 public utility or common carrier shall be liable for payment of any
4 such expenses incurred by the commission in connection with any
5 proceeding before or within the jurisdiction of any federal
6 regulatory body.

7 (2) The commission shall ascertain the expenses of any
8 such investigation or appraisal and by order assess such expenses
9 against the public utility or common carrier investigated or whose
10 property is appraised in such proceeding, and shall render a bill
11 therefor, by United States mail, to the public utility or common
12 carrier, either at the conclusion of the investigation or appraisal
13 or from time to time during such investigation or appraisal. Such
14 bill shall constitute notice of such assessment and demand of
15 payment thereof. Upon a bill rendered to such public utility or
16 common carrier, within fifteen days after the mailing thereof, such
17 public utility or common carrier shall pay to the commission the
18 amount of the assessment for which it is billed. Such payment when
19 made shall be remitted by the commission to the State Treasurer for
20 credit to the Public Service Commission Regulation Fund for the use
21 of the commission or for the use of the Citizens' Utility Ratepayer
22 Board. The total amount, in any one fiscal year, for which any
23 public utility or common carrier shall be assessed under this
24 section shall not exceed the following: (a) For a public utility or
25 common carrier that is under the jurisdiction of the commission and
26 has not filed an annual report with the commission as provided in
27 the State Natural Gas Regulation Act prior to the beginning of the
1 commission's fiscal year, actual expenses, including direct and
2 indirect expenses, incurred by the commission, the commission's
3 staff, or the Citizens' Utility Ratepayer Board; and (b) for any
4 other public utility or common carrier under the jurisdiction of
5 the commission, six-tenths of one percent of the public utility's
6 or common carrier's gross operating revenues derived from
7 intrastate operations as reflected in the last annual report filed
8 with the commission pursuant to the act prior to the beginning of
9 the commission's fiscal year. The commission may render bills in
10 one fiscal year for costs incurred within a previous fiscal year.

11 (3) The commission, in accordance with the procedures
12 prescribed by subsection (2) of this section, may assess against an
13 entity, other than a residential or small commercial ratepayer,

14 that is not subject to assessment pursuant to subsection (1) of
15 this section actual expenses of any services extended, filings
16 processed, or actions certified by the commission for the entity.
17 Sec. 66. (1) The commission shall determine, within
18 fifteen days after each quarter-year for each such quarter-year,
19 the total amount of its expenditures during such period of time and
20 the total amount of expenditures of the Citizens' Utility Ratepayer
21 Board during such period of time. The total amount shall include
22 the salaries of members and employees and all other lawful
23 expenditures of the commission and the board, including all
24 expenditures in connection with investigations or appraisals made
25 under the State Natural Gas Regulation Act, except that there shall
26 not be included in such total amount of expenditures for the
27 purpose of this section the expenditures during such period of time
1 which are otherwise provided for by fees and assessments pursuant
2 to the act.

3 (2) From the amount determined under subsection (1) of
4 this section, the commission shall deduct (a) all amounts collected
5 under section 65 of this act during such period of time and (b) all
6 other funds collected with regard to public utilities or common
7 carriers.

8 (3) To the remainder, after making the deductions under
9 subsection (2) of this section, the commission shall add such
10 amount as in its judgment may be required to satisfy any deficiency
11 in the prior assessment period's assessment and to provide for
12 anticipated increases in necessary expenditures for the current
13 assessment period.

14 (4) The amount determined under subsection (1) of this
15 section shall be assessed by the commission against all public
16 utilities and common carriers subject to the jurisdiction of the
17 commission and shall not exceed, during any fiscal year, the
18 greater of one hundred dollars or two-tenths of one percent of the
19 respective utility's or carrier's gross operating revenues derived
20 from intrastate operation as reflected in the last annual report
21 filed with the commission prior to the beginning of the
22 commission's fiscal year or made available to the commission upon
23 request. Such assessment shall be paid to the commission within
24 fifteen days after the notice of assessment has been mailed to such
25 public utilities and common carriers, which notice of assessment
26 shall constitute demand of payment thereof.

27 (5) The commission shall remit all money received by or
1 for it for the assessment imposed under this section to the State
2 Treasurer for credit to the Public Service Commission Regulation
3 Fund.

4 Sec. 67. The Public Service Commission Regulation Fund
5 is created. The commission shall remit all money received by or
6 for it in payment of the fees or assessments imposed by the State
7 Natural Gas Regulation Act to the State Treasurer for credit to the
8 Public Service Commission Regulation Fund. Any money in the Public

9 Service Commission Regulation Fund available for investment shall
10 be invested by the state investment officer pursuant to the
11 Nebraska Capital Expansion Act and the Nebraska State Funds
12 Investment Act.
13 Sec. 68. If any public utility or common carrier against
14 which an assessment has been made pursuant to the State Natural Gas
15 Regulation Act, within fifteen days after the notice of such
16 assessment, (1) neglects or refuses to pay the same or (2) fails to
17 file objections to the assessment with the commission as provided
18 in section 69 of this act, the commission shall transmit to the
19 State Treasurer a certified copy of the notice of assessment,
20 together with notice of neglect or refusal to pay the assessment,
21 and on the same day the commission shall mail by registered mail to
22 the public utility or common carrier against which the assessment
23 has been made a copy of the notice which it has transmitted to the
24 State Treasurer. If any such public utility or common carrier
25 fails to pay such assessment to the State Treasurer within ten days
26 after receipt of such notice and certified copy of such assessment,
27 the assessment shall bear interest at the rate of fifteen percent
1 per annum from and after the date on which the copy of the notice
2 was mailed by registered mail to such public utility or common
3 carrier.
4 Sec. 69. (1) Within fifteen days after the date of the
5 mailing of any notice of assessment under sections 65 and 66 of
6 this act, the public utility or common carrier against which such
7 assessment has been made may file with the commission objections
8 setting out in detail the ground upon which such objector regards
9 such assessment to be excessive, erroneous, unlawful, or invalid.
10 The commission, after notice to the objector, shall hold a hearing
11 in accordance with the Administrative Procedure Act upon such
12 objections. The commission shall determine if the assessment or
13 any part of the assessment is excessive, erroneous, unlawful, or
14 invalid and shall render an order upholding, invalidating, or
15 amending the assessment. An amended assessment shall have in all
16 ways the same force and effect as though it were an original
17 assessment.
18 (2) If any assessment against which objections have been
19 filed is not paid within ten days after service of an order finding
20 that such objections have been overruled and disallowed by the
21 commission, the commission shall give notice of such delinquency to
22 the State Treasurer and to the objector, in the manner provided for
23 in the State Natural Gas Regulation Act. The State Treasurer shall
24 then collect the amount of such assessment. If an amended
25 assessment is not paid within ten days after service of the order
26 of the commission, the commission shall notify the State Treasurer
27 and the objector as in the case of delinquency in the payment of an
1 original assessment. The State Treasurer shall then collect the
2 amount of such assessment as provided in the case of an original
3 assessment.

4 Sec. 70. Every public utility or common carrier against
5 which an assessment is made shall pay the amount thereof, and after
6 such payment may under the conditions in the State Natural Gas
7 Regulation Act, at any time within one year from the date the
8 payment was made, sue the state in an action at law to recover the
9 amount paid with legal interest thereon from the date of payment,
10 upon the ground that the assessment was excessive, erroneous,
11 unlawful, or invalid in whole or in part. If it is finally
12 determined in such action that any part of the assessment, for
13 which payment was made, was excessive, erroneous, unlawful, or
14 invalid, the State Treasurer shall make a refund to the claimant as
15 directed by the court.

16 Sec. 71. (1) No action for recovery of any amount paid
17 pursuant to the State Natural Gas Regulation Act shall be
18 maintained in any court unless objections have been filed with the
19 commission as provided in section 69 of this act. In any action
20 for recovery of any payments made under the act, the claimant shall
21 be entitled to raise every relevant issue of law, but the
22 commission's findings of fact made pursuant to the act shall be
23 prima facie evidence of the facts therein stated.

24 (2) The following shall be deemed to be findings of fact
25 of the commission within the meaning of the act: (a) Determinations
26 of fact expressed in notices of assessments given pursuant to the
27 act and (b) determinations of fact set out in those minutes of the
1 commission which record the action of the commission in connection
2 with making the assessments and passing upon objections thereto.

3 Sec. 72. Public utilities owned and operated by a
4 municipality or a metropolitan utilities district shall establish
5 rates and conditions of service for all residential customers of
6 each such utility in a nondiscriminatory manner."

AM0924

(Amendments to FA1206)

- 1 1. Insert the following new section:
- 2 "Sec. 5. Section 77-4107, Reissue Revised Statutes of
- 3 Nebraska, is amended to read:
- 4 77-4107. (1) If the taxpayer fails either to meet the
- 5 required levels of employment or investment for the applicable
- 6 project by the end of the sixth year after the end of the year the
- 7 application was submitted for such project or to utilize such
- 8 project in a qualified business at employment and investment levels
- 9 at or above those required in the agreement for the entire

10 entitlement period, all or a portion of the incentives set forth in
11 the Employment and Investment Growth Act shall be recaptured or
12 disallowed.

13 (2) The recapture or disallowance shall be as follows:

14 (a) In the case of a taxpayer who failed to meet the
15 required levels within the required time period, all reduction in
16 the personal property tax because of the Employment and Investment
17 Growth Act shall be recaptured and any reduction in the corporate
18 income tax arising solely because of an election under subsection
19 (1) of section 77-4105 shall be deemed an underpayment of the
20 income tax for the year in which the election was exercised and
21 shall be immediately due and payable; and

22 (b) In the case of a taxpayer who has failed to maintain
23 the project at the required levels of employment and investment for
1 the entire entitlement period, any reduction in the personal
2 property tax, any refunds in tax allowed under subdivision (3)(a)
3 of section 77-4105, and any refunds or reduction in tax allowed
4 because of the use of a credit allowed under subsection (4) of
5 section 77-4105 shall be partially recaptured from either the
6 taxpayer or the owner of the improvement to real estate and any
7 carryovers of credits shall be partially disallowed. One-seventh
8 of the refunds, one-seventh of the reduction in personal property
9 tax, and one-seventh of the credits used shall be recaptured and
10 one-seventh of the remaining carryovers and the last remaining year
11 of personal property tax exemption shall be disallowed for each
12 year the taxpayer did not maintain such project at or above the
13 required levels of employment or investment.

14 (3) If a taxpayer receiving incentives under the act for
15 an application filed on or after the effective date of this act
16 habitually or intentionally violates any environmental, health,
17 safety, or labor law of this state or the United States and the
18 violation results in significant and material damage to the
19 environment or any person, a portion of the incentives shall be
20 recaptured or disallowed as provided in this section. For such a
21 taxpayer, any reduction in the personal property tax, any refunds
22 in tax allowed under subdivision (3)(a) of section 77-4105, and any
23 refunds or reduction in tax allowed because of the use of a credit
24 allowed under subsection (4) of section 77-4105 shall be partially
25 recaptured from either the taxpayer or the owner of the improvement
26 to real estate and any carryovers of credits shall be partially
27 disallowed. One-seventh of the refunds, one-seventh of the
1 reduction in personal property tax, and one-seventh of the credits
2 used shall be recaptured and one-seventh of the remaining
3 carryovers and the last remaining year of personal property tax
4 exemption shall be disallowed for each year the taxpayer committed

10 required to be recaptured, shall be deemed to be an underpayment of
11 the tax and shall be immediately due and payable.

12 When tax benefits were received in more than one year,
13 the tax benefits received in the most recent year shall be
14 recovered first and then the benefits received in earlier years up
15 to the extent of the required recapture.

16 ~~(4)~~ (5) Any personal property tax that would have been
17 due except for the exemption allowed under the Employment and
18 Investment Growth Act, to the extent it becomes due under this
19 section, shall be considered an underpayment of such tax and shall
20 be immediately due and payable to the county or counties in which
21 the property was located when exempted. All amounts received by a
22 county under this section shall be allocated to each taxing unit
23 levying taxes on tangible personal property in the county in the
24 same proportion that the levy on tangible personal property of such
25 taxing unit bears to the total levy of all of such taxing units.

26 ~~(5)~~ (6) Notwithstanding any other limitations contained
27 in the laws of this state, collections of any taxes deemed to be
1 underpayments by this section shall be allowed for a period of ten
2 years after the signing of the agreement or three years after the
3 end of the entitlement period, whichever is later.

4 ~~(6)~~ (7) Any amounts due under this section shall be
5 recaptured notwithstanding other allowable credits and shall not be
6 subsequently refunded under any provision of the Employment and
7 Investment Growth Act unless the recapture was in error.

8 ~~(7)~~ (8) The recapture required by subsection (1) of this
9 section shall not occur if the failure to maintain the required
10 levels of employment or investment was caused by an act of God or
11 national emergency.".

12 2. Renumber the remaining sections and correct internal
13 references and the repealer accordingly.

22 (15) Qualified health insurance plan shall mean an
23 employer-sponsored or employer-supported health insurance plan that
24 is comparable to the average plan sponsored by private employers in
25 Nebraska. The Department of Revenue, after consulting with the
26 Department of Insurance, shall develop rules and regulations
27 setting out the requirements of a qualified health insurance plan
1 in terms of the benefits provided, share of the premium paid by the
2 employer, required copayments, deductibles, maximums, and other
3 conditions;
4 (4)(a) An individual shall be considered a base-year
5 employee of the taxpayer or as an employee of the taxpayer for
6 purposes of the calculation of the number of new employees during
7 the base year and for purposes of attaining and maintaining the
8 required number of the new employees and shall be considered an
9 employee whose compensation is included in the calculation of the
10 compensation credit only if the compensation paid by the taxpayer
11 to such employee for the applicable year is at least the minimum

12 qualifying wage set out in subdivision (4)(c) of this section.
13 (b) For purposes of subdivision (4)(a) of this section,
14 wages shall mean the amount paid for regular hours worked, not
15 including overtime, bonuses, or any other irregular payments.
16 (c) For purposes of subdivision (4)(a) of this section,
17 the minimum qualifying wage for applications filed on or after the
18 effective date of this act shall be eight dollars and seventy cents

2 minimum wages for any year shall be the cumulative change in the
3 Nebraska average weekly wage since 2003.
4 (d) Even if a taxpayer is considered based on the
5 provisions of this subsection to have attained or maintained the

7 considered to have attained or maintained the applicable new
8 employee threshold unless it has done so under the provisions of
9 the Employment and Investment Growth Act as it existed immediately
10 prior to the effective date of this act. If an individual was
11 employed by the taxpayer in Nebraska during the base year at less

25 employees at the project are paid at least the minimum qualifying
26 wage as provided in subsection (4) of section 77-4104.
27 For the computation of such credit, average compensation

4 (b) A credit equal to ten percent of the investment made
5 in qualified property at the project.
6 The credits prescribed in subdivisions (a) and (b) of
7 this subsection shall be allowable for compensation paid and
8 investments made during each year of the entitlement period that
9 the taxpayer is at or above the required levels of employment and
10 investment.
11 The credit prescribed in subdivision (b) of this

LEGISLATIVE BILL 210. Placed on General File as amended.

Standing Committee amendment to LB 210:

AM0926

- 1 1. Strike the original sections and insert the following
- 2 new sections:
- 3 "Section 1. Section 48-106, Revised Statutes Supplement,
- 4 2002, is amended to read:
- 5 48-106. (1) The Nebraska Workers' Compensation Act shall
- 6 apply to the State of Nebraska, to every governmental agency
- 7 created by the state, and, except as provided in this section, to
- 8 every resident employer in this state and nonresident employer
- 9 performing work in this state who employs one or more employees in
- 10 the regular trade, business, profession, or vocation of such
- 11 employer.
- 12 (2) The act shall not apply to:
- 13 (a) A railroad company engaged in interstate or foreign
- 14 commerce;
- 15 (b) Service performed by a worker who is a household
- 16 domestic servant in a private residence;
- 17 (c) Service performed by a worker when performed on a

18 farm or ranch for an employer who is engaged in an agricultural
19 operation and employs only related employees; and
20 (d) Service performed by a worker when performed on a
21 farm or ranch for an employer who is engaged in an agricultural
22 operation and employs unrelated employees, unless:
23 (i) Such service is performed on a farm or ranch for an
24 employer who during any calendar year employs six or more
1 unrelated, full-time employees, whether in one or more locations,
2 on each working day during any thirteen-week period, whether or not
3 such weeks are consecutive; and
4 (ii) Forty percent or more of the employer's annual gross
5 revenue is derived from the cultivation of land owned or leased by
6 someone other than the employer for the production of agricultural
7 crops, fruit, or other horticultural products, or forty percent or
8 more of the employer's annual gross revenue is derived from the
9 keeping or feeding of animals not owned by the employer for the
10 production of livestock or livestock products.
11 (3) If the employer is the state or any governmental
12 agency created by the state, the exemption from the act under
13 subdivision (2)(d) of this section does not apply.
14 (4) If the act applies to an employer because the
15 employer meets the requirements of subdivisions (2)(d)(i) and
16 (2)(d)(ii) of this section, all unrelated employees shall be
17 covered under the act and such employees' wages shall be considered
18 for premium purposes.
19 (5) If an employer to whom the act applies because the
20 employer meets the requirements of subdivisions (2)(d)(i) and
21 (2)(d)(ii) of this section subsequently employs fewer than six
22 unrelated employees, such employer shall continue to provide
23 workers' compensation insurance coverage for the employees for a
24 full calendar year after the number of employees is less than six.
25 Such employer may elect to return to exempt status, and if such
26 election is made, the employer shall give the employees notice as
27 provided in subsection (6) of this section.
1 (6) An employer who is exempt from the act may elect to

7 insurance in this state. If such an exempt employer procures a

11 and employee's election to be bound by the act. Such an exempt

13 insurance may elect to return to exempt status by (a) posting,
14 continuously in a conspicuous place at the employment locations of
15 the employees for a period of at least ninety days, a written or

16 printed notice stating that the employer will no longer carry
17 workers' compensation insurance for the employees and the date such
