LB 14 increases the fee to record instruments with the Registers of Deeds and the fees to record state and federal tax liens.

The Secretary of State collects the fees for state and federal tax liens and remits half to the designated county.

The Secretary of State estimates that the half of such fees retained will be \$63,000 per year. There is no basis to disagree with this estimate.

There is no estimate on the amount of revenue increase for the recording of instruments. That amount will vary by county and the number of such filings each county processes.
