LB 27 would amend sections of law relating to water power application requirements and for the registration of water wells. It is estimated that the modifications relating to water well registration fees may result in a very slight reduction in fee revenue received in the Department of Natural Resources and Department of Health and Human Services cash funds. It is estimated that the annual reduction in revenue for each fund would not exceed \$200, and the impact to cash fund revenue and operating costs would be negligible.

DEPARTMENT OF HEALTH AND HUMAN SERVICES: I have no basis to disagree with DHHS's cash fund revenue estimate. I concur with DHHS statement.
