This bill would require the Judiciary Committee to develop legislative recommendations for guardians ad litem for children and youth.

There does not appear to be a fiscal impact to the state or political subdivisions from the provisions of this bill.

The Supreme Court states the following regarding this bill:

LB 649 would have no fiscal impact on the Supreme Court since it only requires the Judiciary Committee of the Legislature to develop recommendations regarding the guardian ad litem system in Nebraska currently funded by each county. It is assumed that the committee will consider fiscal impact during the process of developing its recommendations. Estimates can then be prepared during that process if they pertain to the Supreme Court.
