The Supreme Court estimates a minimal impact on their operations, but notes that the bill will primarily affect District Court operations which are county-funded.

Douglas County estimates that the “nursing mother” provisions of this bill will cost it \$650 more per year. See their response attached for additional details not included in this fiscal note.

Explanation of Estimate:

The financial impact will be the additional request and processing of nursing mother doctor certificate proof AND the reprint of summons.

Douglas County had 306 nursing mother requests in 2016; we often do not request a doctors note. If we were required to it would cost an additional correspondence back and forth of approx. \$1.08 per incident (306 X 1.06 = 342.36) + staff time to process which would be an additional \$1.00 each incident. \$342.36 + \$300.00 = 642.36 per year that we are not required to spend now.
