NONCODE AGENCIES

Editor's Note: Noncode agencies are state government agencies not subject to the governor's direct control. All are full-fledged agencies, meaning they have their own staff, are affiliated with no other agency and appear as a distinct item in the state budget. All statutory references in this section indicate where each agency was created in the Nebraska Constitution, Revised Statutes of Nebraska or both, unless otherwise noted. Appointees to boards, commissions, councils, committees and other state governmental bodies serve until they resign or are replaced after their terms expire.

Nebraska Accountability and Disclosure Commission

Office Address: State Capitol, 11th Floor, P.O. Box 95086, Lincoln, NE 68509-5086, phone (402) 471-2522, fax (402) 471-6599, email address — frank.daley@nebraska.gov, website — <http://nadc.nol.org>

Executive Director: Frank Daley

Statutory Reference: 49-14,105

The 1976 Legislature created the Nebraska Accountability and Disclosure Commission through the enactment of the Nebraska Political Accountability and Disclosure Act. This act became effective July 1, 1977.

The commission is an independent state government administrative agency. Under the act, the commission administers and enforces state ethics laws, campaign finance laws and lobbying laws. The commission has the authority to issue advisory opinions, adopt rules and regulations, conduct investigations into possible violations of the act and assess civil penalties against anyone found to have violated the act.

The ethics provisions of the act require certain public officials and public employees on state and local levels to file annual statements that disclose their personal financial interests. Written disclosures of potential conflicts of interest must be filed by certain categories of public officials and public employees. The ethics provisions of the act also regulate the hiring or employment of immediate family members, prohibit the use of a public position for personal financial gain and prohibit the use of government resources, property, personnel or funds for nongovernmental purposes.

The lobbying provisions of the act require those attempting to influence the actions of the Legislature on behalf of another to register with the Clerk of the Legislature. The registration discloses the identity of the principal for which the lobbyist is lobbying. Lobbyists and principals file quarterly reports disclosing receipts and expenditures for lobbying purposes. Lobbyists must file statements after the legislative session disclosing the issues they lobbied for or against. The lobbying provisions of the act also restrict the gifts that lobbyists and principals may provide to officials and employees in the executive and legislative branches of government.

The campaign finance provisions of the act require disclosure of campaign receipts and expenditures by candidates seeking state or local office, political action committees and ballot question committees. Corporations, unions, political parties and other persons or entities that finance elections also have reporting obligations under the act.

By act of the Legislature, the Campaign Finance Limitation Act (CFLA) went into effect in 1995. The CFLA provides for voluntary campaign spending limits by candidates for specified public offices. The choice to abide by the spending limits or not to abide by the spending limits is made by the candidate and is not reversible. Candidates who choose to abide by the spending limits and meet other criteria may become eligible for public funds for use in their campaigns. Candidates who choose not to abide by the limits must file an estimate of what they expect to spend in the election. The difference between the estimate or spending of the nonabiding candidate and the voluntary expenditure limit determines the amount of public funds awarded to the abiding candidate. Public funds are not counted against the voluntary spending limits. All candidates to whom the CFLA applies are subject to aggregate contribution limits. There is a limit on how much in contributions they may accept from sources other than individuals.

The commission consists of eight appointed members and the secretary of state. The governor appoints four members of the commission. Two are appointed from lists of not less than five names submitted by the Legislature and two are appointed from the

citizenry at large. The secretary of state appoints four members. One is appointed from a list of no less than five names submitted by the chairperson of the state Democratic Party and one from a list of no less than five persons submitted by the chairperson of the state Republican Party. The secretary of state appoints two from the citizenry at large. The act establishes a geographical and political balance for the commission's appointed membership. No more than three of the appointed members may reside in the same congressional district. No more than four of the appointed members may be registered in the same political party and one must be a registered independent. Appointed members serve six-year terms.

The commission meets approximately eight times per year. Members receive reimbursement for expenses.

The 1957 Legislature abolished the Board of Examiners of Public Accountants, which had existed since 1909, and created the Nebraska State Board of Public Accountancy. The board adopts and amends its operating rules within NAC Title 288 and regulations and administers the public accountancy act.

The board also promulgates and amends rules of professional conduct for public accountancy. The board uses the Uniform Certified Public Accountants' Examination to examine candidates and requires two years of experience to become a certified

public accountant in Nebraska. Money and fees received by the board are deposited in a separate fund called the Public Accountants' Fund, which is appropriated by the Legislature to operate the board's office.

The board has eight members appointed by the governor to four-year terms. Members include two representatives of the public and six active certified public accountants, two each from the three congressional districts.

In 1991, the Legislature established an educational advisory committee (statutory reference: 1-113) for assisting the board to implement increased educational requirements for candidates taking the CPA examination after Jan. 1, 1998.

The board meets every other month. Members are paid \$100 a day when conducting board business and are reimbursed for expenses.

Commission on Public Advocacy

Office Address: The Apothecary, 140 N. 8th St., Suite 270, P.O. Box 98932, Lincoln, NE 68509-8932, phone (402) 471-7774, fax (402) 471-8087, email — jmowbray@ncpa.ne.gov, website — www.ncpa.ne.gov

Chief Counsel: James R. Mowbray

Statutory Reference: 29-3919

The Nebraska Commission on Public Advocacy was created in 1995 to provide property tax relief to counties that represent indigent defendants charged with first-degree murder and serious violent or drug-related felonies, including juvenile cases at trial and on direct appeal. The commission also provides legal assistance to public defenders and court-appointed attorneys. The system provides property tax relief because counties do not pay for legal services and associated costs. The commission is totally cash funded by court costs and filing fees.

LB729, which became law on Jan. 1, 1998, gave the commission additional duties. The bill created the Legal Aid and Services Fund. The commission uses the fund money to provide civil legal services to eligible low-income persons. The commission has established eligibility criteria and guidelines to assist in annually performing the following: confirming service areas and the priorities for providing the legal services for all service areas; accepting applications for certification from entities interested in providing free civil legal services to eligible low-income persons and certifying one or more service providers for each service area, with such certification entitling the service provider to a distribution of funds.

LB655, the DNA Testing Act, took effect Sept. 1, 2001. The act allows convicted

inmates to request DNA testing of biological evidence that might establish their innocence. If the district court grants the request for DNA testing, the act requires the Commission on Public Advocacy to represent indigent prisoners and pay for the DNA testing from the commission's operating cash budget.

In 2008, LB1014 created the Legal Education for Public Service Loan Repayment Fund to provide educational loan forgiveness to lawyers employed in the area of non-profit public legal service. Commission duties include assisting the Legal Education for Public Service Loan Repayment Board, approving developed rules and regulations and determining and disbursing funds to qualified applicants. This fund derives its cash from private donations. To date, no money has been donated and no funds have been distributed.

LB35, which became law in 2009, turned over operation of the Civil Legal Services Fund to the commission. Previously, the fund was administered by the State Court Administrator's office. The fund provides grants to civil legal services providers who receive funds from the federal Legal Services Corporation to provide free services to low-income individuals. The money in this fund also is derived from filing fees and court costs.

The commission consists of nine members appointed by the governor from a list of attorneys submitted by the executive council of the Nebraska State Bar Association after consultation with the board of directors of the Nebraska Criminal Defense Attorneys Association. A member is appointed from each of the six state Supreme Court districts, and three members are appointed at large. Members must belong to the Nebraska State Bar Association and have substantial experience in criminal defense work. They may not be prosecutors, law enforcement officials or judges during their terms of office. Members serve six-year terms. The governor designates the chairperson of the commission. Members are reimbursed for expenses.

The commission appoints a chief counsel to manage the Legal Aid and Services Fund, Civil Legal Services Fund, Legal Education for Public Service Loan Repayment Fund and the divisions of the commission. The divisions are the capital litigation division, which aids in the defense of Nebraska capital cases; the violent crime and drug defense division, which aids in the defense of such cases; the appellate division, which prosecutes appeals to the Nebraska Court of Appeals and the Supreme Court; the DNA testing division, which aids in representation of such cases and helps pay for DNA testing; and the major case resource center, which helps public defenders, contracting attorneys or court-appointed attorneys in felony representation.

Nebraska Arts Council

Office Address: 1004 Farnam St., Lower Level, Omaha, NE 68102, phone (402) 595-2122, toll-free phone (800) 341-4067, website — www.nebraskaartscouncil.org

Executive Director: Suzanne T. Wise

Statutory Reference: 82-309

The 1965 Legislature created the Nebraska Arts Council to improve the state’s cultural resources. The original act was repealed in 1973 and replaced with new legislation creating a 15-member council, which is charged to “stimulate and encourage throughout the state the study and presentation of the performing and fine arts and public interest and participation therein.”

Council members are appointed by the governor, with legislative approval, for three-year terms. Members must be Nebraskans and known for their professional competence and experience or long-standing interest in the arts. The council oversees agency policy and makes final decisions on grant awards as recommended by review panels. The council meets four times a year. Members are not paid but are reimbursed for expenses.

The Nebraska Arts Council promotes the arts, cultivates resources and supports excellence in artistic endeavors for all Nebraskans by providing grants that support arts activities, developing leadership initiatives and offering publications and reference services available upon request.

The council’s budget from legislative appropriation is supplemented by grants from the National Endowment for the Arts. The council’s budget is granted each year to support arts activities statewide, including basic support grants for local arts councils and arts organizations such as symphonies, art museums, community theaters and dance companies; arts education activities, including artists in the schools; grants for arts and cultural activities organized by schools, community groups and multicultural groups; and fee subsidies for Nebraska performing arts events and exhibitions.

Nebraska Arts Council grants require matching funds or services and are subject to outside review by panels of individuals selected for their expertise in the field. Panelists are selected to represent a balance of geographic, artistic and ethnic interests. Grant review panel deliberations are open to the public, and their recommendations are forwarded to the council for approval.

The NAC supports individual artists with a variety of services. Nebraska artists, writers, composers and choreographers may apply for competitive fellowships, and all Nebraska artists and performers are eligible to apply for inclusion in the artist directory, which schools and communities use to select artists for residencies and performing opportunities. Additionally, the Arts Council has a multicultural initiative and special programs to highlight Nebraska’s traditional artists.

The council is responsible for the Governor’s Arts Awards, the Governor’s Mansion exhibition program and administering the One Percent for Art program for the state. The council collaborates with Mid-America Arts Alliance and other state and federal agencies in a number of activities.

Statutory Reference: 54-191

The 1941 Legislature created the Nebraska Brand Committee to protect Nebraska brand and livestock owners from livestock theft through a brand recording, brand inspection and livestock theft investigation staff.

The committee’s hired director keeps a record of all proceedings, transactions,

communications and official committee acts. He or she also keeps committee records and performs other duties as the committee requires. The executive director serves as the chief brand investigator, the chief brand inspector and the Brand Committee head. Currently, the executive director also serves as brand recorder.

The committee records all new brands, brand transfers and brand renewals and keeps a recorded brand book. About 34,000 brands are recorded in Nebraska.

The committee's hired investigative staff reports thefts or missing livestock and identifies the owners of strays or cattle with an unknown owner.

An average of 45 full-time inspectors and 50 intermittent inspectors inspect all cattle moved from any point in a brand area to anywhere outside the area and all cattle that change ownership. Inspection fees pay for the agency's operations. During the 2011-12 fiscal year, 3,799,377 head of cattle were inspected. A total of 8,572 head of cattle were held for proof of ownership during this period.

The Nebraska Brand Committee is composed of five members appointed by the governor to four-year terms. At least three members must be active cattlemen and at least one must be an active feeder in Nebraska's brand inspection area. Members must own cattle within the brand area, be brand owners and have cattle raising or feeding as their principal occupation. The committee meets quarterly. Members are not paid but are reimbursed for expenses.

The secretary of state and the director of agriculture, or their designees, shall be nonvoting, ex officio members of the Brand Committee.

Board of Trustees of the Nebraska State College System²

The Board of Trustees of the Nebraska State College System has control of Nebraska's state colleges at Chadron, Peru and Wayne. The mission of the Nebraska State College System (NSCS) is to serve students, communities and the state by providing high quality, accessible educational opportunities.

The state colleges aim to:

- provide a safe, stimulating, caring and enriching learning experience
- meet the changing needs of students and the state

²For more information on Nebraska's three state colleges, see Pages 903-906.

- assure financial and geographic access to NSCS institutions
- offer a variety of academic programs
- maintain affordable tuition and fees
- foster cooperative ventures among NSCS institutions and other agencies and organizations
 - emphasize participation in public service
 - recruit and retain quality faculty and staff.

The Board of Trustees of the Nebraska State Colleges is responsible for policy oversight of the NSCS. The board governs the system with guidance from the Nebraska Constitution and state statutes. Corporate bylaws, the NSCS Policy Manual and collective bargaining agreements with faculty, professional staff and support staff provide further guidance and structure for system operations.

The board was created by an 1867 law. Through a 1921 constitutional amendment, normal school government was vested in a seven-member board called the Board of Education of State Normal Schools. Normal schools were renamed state schools by the 1936 Legislature. The board’s name was changed to its current name in 1969. Later that year, the Legislature made the board a public corporation so it could issue bonds to build dormitories and other student service buildings.

The board has seven members, six of whom are appointed by the governor to six-year terms with legislative approval. The Nebraska commissioner of education serves as an ex officio member. The governor also annually appoints a nonvoting student board member from each of the state colleges.

The board meets as necessary, generally six times a year. Members are not paid but are reimbursed for expenses.

Corn Development, Utilization and Marketing Board

Executive Director: Don Hutchens

Statutory Reference: 2-3604

Publications: Quarterly report; program educational materials

The Corn Development, Utilization and Marketing Board was created by the Corn

Resources Act of 1978. The board administers a self-help program for corn producers that is paid for by a one-half of 1 cent per-bushel checkoff, paid by the corn producer and collected by the first buyer. The board uses this money for market development, research, promotion and education.

To provide an international and domestic market development program for corn producers, the board works with the U.S. Grains Council, the U.S. Meat Export Federation and the National Corn Growers Association. The board publishes a quarterly report and educational materials to tell producers how program money is being spent.

The University of Nebraska’s Institute of Agriculture and Natural Resources conducts research projects on production, environment and development of new industrial uses for corn with the support of checkoff funds.

Eight board members are appointed by the governor, with one each coming from the state’s eight corn districts. The governor selects each appointee from candidates who have filed petitions with the board. Petitions must be signed by 50 growers from their district. Board members must be at least 21 years old and Nebraska citizens who have grown corn in the state for at least five years before their appointment. Members must derive considerable income from growing corn to be qualified. The board chooses an at-large ninth member. Members serve three-year terms.

Ex officio board members include the director of the Nebraska Department of Agriculture, the vice chancellor of the Institute of Agriculture and Natural Resources, and the Nebraska Corn Growers Association president.

The Corn Board meets at least four times a year. Members receive \$25 a day when working on board business and are reimbursed for expenses.

Nebraska Dairy Industry Development Board

Contact Person: Michael Kruger, Administrator, 8205 F St., Omaha, NE 68127-1779, phone (402) 592-3355, email address — mkruger@midwestdairy.com

The Legislature created the Dairy Industry Development Board in 1992 as a contingency measure in the event Congress repeals federal legislation governing dairy promotion programs. The state board was granted authority to act when such a federal

order went into effect.

Currently, 15 cents per hundredweight of milk is collected by “first purchasers” of commercial milk and forwarded to the U.S. government. Ten cents of that amount is earmarked for Nebraska through the federal program, while the remainder is remitted to the National Dairy Board. The funds are used to promote the use of dairy products. The state Dairy Industry Development Board replaces the federal component of the current program.

Board members must be residents of the state who are at least 21 years old and who have been actively engaged in the production of milk for at least five years. To qualify for membership, a substantial portion of income must be derived from milk production.

Milk producers choose nominees among themselves for board membership. First purchasers of milk select candidates from the nominees whose names are forwarded to the governor. The governor selects one-half of the submitted candidates to serve three-year terms.

State Board of Education/ State Board of Vocational Education

Contact Person: Roger D. Breed, Commissioner of Education, Nebraska State Department of Education, 301 Centennial Mall South, Sixth Floor, P.O. Box 94987, Lincoln, NE 68509-4987, phone (402) 471-5020

Statutory References: Nebraska Constitution, Article VII, Sections 2 and 3; and 79-301, 79-321 and 79-740

The State Board of Education is an elected, constitutional body that sets policy and ensures that the State Department of Education functions effectively within the framework developed by the Legislature and the board. By law, the board and the department have broad leadership functions to carry out certain regulatory and service activities. The board also serves as the State Board of Vocational Education.

Statewide oversight of education in Nebraska began in February 1869 when the Legislature created the office of the state superintendent of public instruction. The office was included in the state constitution of 1875. In 1917, the Legislature decided to place the state superintendent on a nonpartisan basis. In 1920, the constitution was

changed to have the superintendent serve a four-year term beginning in 1923.

A 1952 constitutional amendment established a State Department of Education, which acts under the authority of the State Board of Education. The role of state superintendent of public instruction was transferred to the Board of Education or the commissioner of education effective in January 1955.

The 1967 Legislature divided the state into eight districts, and the membership of the State Board of Education was increased from six to eight members effective January 1969. The 1991 Legislature realigned the districts.

The board is elected on a nonpartisan ballot, with one member from each district. Board members serve four-year terms. Board members are not paid but are reimbursed for expenses.

The department carries out its duties on behalf of 339,455 students in 249 public school districts and 200 nonpublic school systems. The department also maintains the required records for students educated in settings exempt from state approval or accreditation because of sincerely held religious beliefs (Rule 13) or for reasons associated with parental decisions regarding their child's education (Rule 12). The staff of the department interact with school districts to help develop and refine local school improvement plans. The department provides technical assistance and offers extensive training opportunities. Many improvement efforts are conducted cooperatively with the 17 educational service units that assist schools on a regional basis. The department also collaborates with other state agencies, professional education associations and institutions of higher education to coordinate and improve services to schools. Statewide Assessment

Contact Person: Valerie Foy, Director of Statewide Assessment, phone (402) 471-2495

The Statewide Assessment Office develops and supports state testing in Nebraska. From 200-2010, Nebraska operated a system of locally developed assessment for reporting on state standards. A statewide writing assessment was implemented in 2001 and continues in grades 4, 8 and 11.

The Quality Education Act was amended by legislation in 2007 and 2008, and the Nebraska State Accountability (NeSA) system of testing began. The state academic content standards were revised and new state tests are being developed and administered online according to the following schedule: reading in grades 3-8 and 11 in 2010; mathematics in grades 3-8 and 11 in 2011; and science in grades 5, 8 and 11 in 2012.

The assessment team, in conjunction with the special education team, also oversees the development and administration of alternative tests for students with the most severe cognitive disabilities. All testing procedures, protocols and security issues are handled through the assessment office. Additionally, the assessment team is responsible for providing direction to school districts regarding the implementation and reporting of

national assessment instruments and the National Assessment of Educational Progress.

The assessment team is responsible for generating student performance results on state standards that provide accountability. An annual *State of the Schools Report* is produced and results made public. With state performance results generated from NeSA, a new state accountability system is under development and is expected to be released in the next few years.

Executive Secretary and Chief Executive Officer: Richard R. Endacott

Statutory References: Nebraska Constitution, Article VII, Sections 6 - 9 and 72-201

Publication: Biennial Report (in even-numbered years) supplemented by report in the *Nebraska Blue Book* (in odd-numbered years)

In the Enabling Act of Congress passed April 19, 1864, pursuant to which Nebraska became a State on March 1, 1867, and as a condition of statehood, the federal government granted generally every section 16 and 36 in each township in Trust for the support of Nebraska's common (K-12 public) schools. The Trust nature, conditions and obligations of this grant are reflected in Article VII, Sections 6, 7, 8 and 9 of the Nebraska Constitution and have been recited in numerous decisions of the Nebraska Supreme Court including, for example, *State ex rel. Ebke v. Board of Educational Lands and Funds*, 154 Neb. 244 (1951).

Nearly 2.9 million acres have been acquired in trust for the support of Nebraska's K-12 public schools and approximately 1.6 million of these acres have been sold to private sector owners. More than 80 percent of the deeded acres were conveyed pursuant to cash sales or contractual purchase rights vested in buyers, prior to 1900 and several decades before the Board of Educational Lands and Funds came into existence. In accordance with Article VII, Sections 7 and 8 of the Nebraska Constitution, the proceeds from all sales of school lands are deposited into the Permanent School Trust Fund where funds are invested primarily in stocks and bonds by the Nebraska Investment Council.

The board's primary duty is to manage nearly 1.3 million acres of land now held in trust for Nebraska's K-12 public schools. In fulfilling this duty, the board serves as both land owner and land manager. In its capacity as land owner, the board makes substantial expenditures for maintenance, conservation and improvement of the land under its care. In its capacity as land manager, the board issues and services surface leases, primarily for agricultural uses, and subsurface leases permitting exploration for and extraction of oil and gas, minerals and other natural resources. The board manages approximately 3,400 leases. Sales and trades of school trust land also are discretionary with the board. Land sales for combined fiscal years 2010-11 and 2011-12 totaled \$1.1 million.

The primary sources of revenue generated from Nebraska's school trust lands are rentals and bonuses for agricultural leases and rentals, bonuses and royalties for mineral leases. Analysis using valuation data from the University of Nebraska Department of Agricultural Economics established that Nebraska's K-12 school trust lands had a current market value of approximately \$688.7 million for 1.29 million acres as of June 30, 2009, \$677 million for 1.29 million acres as of June 30, 2010, \$794.8 million for 1.28 million acres as of June 30, 2011, and roughly \$1 billion for 1.27 million acres as of June 30, 2012. These are conservative valuations solely based on agricultural values and do not include enhanced values due to scenic or recreational lands owned by the School Land Trust.

Effective Jan. 1, 2001, school lands became taxable. The board pays these taxes and collects them from lessees as part of the rent. Pursuant to Article VII, Section 9 of the Nebraska Constitution, the net income of the school trust remaining after tax and overhead payments have been made is distributed to Nebraska’s K-12 public schools statewide on a per pupil basis.

Control of Nebraska’s school trust lands was vested in a board composed of state executive officers and a commission of public lands and buildings from 1875 to 1936. The Board of Educational Lands and Funds is now the constitutionally established trustee of Nebraska’s school trust lands. The board consists of five members, four from Nebraska’s congressional districts as they existed on Jan. 1, 1961, and one at large, appointed by the governor and confirmed by the Legislature to rotating five-year terms. Once appointed to the board, members are independent trustees who manage the board’s activities and conduct its business operations in a nonpartisan, nonpolitical manner. The board is governed entirely by trust law, and its trustee members are legally bound to fulfill the trust fiduciary duties of maximizing the income and preserving the assets of the school trust for the benefit of the public schools.

The board meets monthly, and its members receive reimbursement for their necessary expenses for each day they are engaged in performing the duties of their office.

- prepares and issues, under the board's supervision, instructions to county surveyors. Acting under this directive, the office last provided a complete set of instructions in 1914. Since then, the office has issued instructions on specific items. Directives to county surveyors are currently handled on a question-and-answer basis.

- acts as arbitrator to settle disputes over surveys of boundaries within the state and disputes between surveyors concerning surveys or boundaries. These disputes and requests for surveys have resulted in about 2,000 state application re-surveys. In many cases, disputes can be resolved without re-survey by using advice on surveying issued by the office.

- performs other duties prescribed by the board, including reviews of all educational trust land transfers and giving opinions on the adequacy of trade, sale and condemnation descriptions

After each transfer is completed, the staff supervises changes in the abstracts and provides field staff with plats showing the revised property. The office provides the board with drafting, charts, graphs and court exhibits.

Since 1903, the Legislature has added the following duties to the Office of the State Surveyor:

- In 1961, the Legislature passed a resolution that led to a U.S. Supreme Court case on the boundary between Nebraska and Iowa. The case was decided in 1973, but problems over boundaries still remain. These actions have led to about 20,000 documents filed in the state surveyor's office. The state surveyor serves on the Nebraska Joint State Boundary Commission.

- In 1982, the Legislature created the State Survey Record Repository in the Office of the State Surveyor. This repository receives copies of most land surveys completed in the state. The office microfilms and files these surveys and provides copies upon request. The Survey Record Repository contains 276,780 documents archived on microfilm, of which approximately 101,046 may be accessed online.

- In 1991, the Legislature created the Geographic Information System Steering Committee. The state surveyor serves as a member of this committee.

- In 1998, the Legislature created the Nebraska Information Technology Commission. The state surveyor's office provides technical assistance, support and advice to the various counties, cities and other government entities in Nebraska in their endeavors to produce and maintain cadastral and other geo-referenced maps.

The state surveyor’s office also has general governmental responsibility to provide service and information to the public.

Nebraska Educational Telecommunications Commission

Office Address: Terry M. Carpenter and Jack G. McBride Nebraska Educational Telecommunications Center, 1800 N. 33rd St., Lincoln, NE 68503, phone (402) 472-3611, fax (402) 472-1785, website — www.netnebraska.org/television/ (television) and www.netnebraska.org/radio/ (radio)

Secretary/General Manager: Rod Bates

Statutory Reference: 79-1313

The Nebraska Educational Telecommunications Commission was created by the Educational Television Act, adopted by the 1963 Legislature. In 1984, the Legislature changed the commission’s name and broadened its scope to include all educational telecommunications. The commission promotes and provides noncommercial educational telecommunications statewide by satellite, broadcast, fiber optics, computer and other technologies.

Nebraska Educational Telecommunications (NET) is the umbrella designation used to encompass the commission’s various services housed at the Terry M. Carpenter Nebraska Educational Telecommunications Center. Among these services is NET Tele-

vision with its four over-the-air analog and digital TV channels (NET1, NET2, NET3 and NET-HD), NET Radio, NET Learning Services and NET Technology Services including the NET*SAT satellite system.

Public Television. Public television began in Nebraska when KUON-TV signed on the air in November 1954. In April 2003, NET launched its digital television service in accordance with the federal government mandate.

The Nebraska Educational Telecommunications Commission holds the licenses for all nine radio transmitters and five radio translators and for eight television transmitters and 14 television translators. KUON-TV is licensed to the University of Nebraska Board of Regents.

Board of Regents. Through a longstanding agreement with the Board of Regents, station KUON-TV operates as the originating station for NET Television's primary channel, NET1. Station KYNE-TV in Omaha may vary from the NET1 broadcast schedule in order to meet the needs of the Omaha community.

NET Television now has four digital broadcast services, including one high-definition broadcast signal:

- NET1 and NET-HD includes signature Public Broadcasting Service (PBS) programs and award-winning, locally produced public television programs which can be seen in high-definition where applicable.
- NET2 offers the *PBS World* service, a collection of news and public affairs programming. NET2 also offers live coverage of the Nebraska Unicameral.
- NET3 offers *Create*, public television's most popular how-to, travel and lifestyle programs.

The NET Television schedule includes acquired programs from PBS and other national and regional distributors. NET Television also produces local programs featuring Nebraska people, places and history, such as fine arts performances, high school sports championships, and regular series such as *Backyard Farmer*, *Big Red Wrap-Up* and *Nebraska Stories*. Recent local documentary productions include *The Recipe Box*, featuring the recipes and stories of nine homegrown Nebraska cooks; *Walk-Ons: Husker's Edge*, about the University of Nebraska football walk-ons program; and *Jazz Cabaret*, featuring the University of Nebraska-Lincoln Jazz Faculty Ensemble. NET Television also produces documentaries that are broadcast nationwide, such as the recent production *Homemade Astronaut: The Clay Anderson Story*.

A percentage of the financial support for local productions comes from the statewide nonprofit citizen support groups, the NET Foundation for Television and the NET Foundation for Radio. NET also receives federal and state funding.

NET's specialized services include Radio Talking Book and the Descriptive Video Service.

Radio Talking Book, Inc. (RTB) is an Omaha-based nonprofit organization that broadcasts nearly 5,000 hours of audio books, magazines and newspapers to 5,000 visually impaired Nebraskans each year. In the summer of 2008, RTB was converted from NET Television's second audio program channel to the NET FM radio network. RTB supplies a free radio receiver to access the FM side band channels.

A number of public television programs are produced with the Descriptive Video

Service (DVS) to make them accessible to people who are blind or visually impaired. DVS provides narrated descriptions of a program's key visual elements, such as action, settings, scene changes and body language.

Public Radio. Public radio began in Nebraska in 1986, when the Legislature amended the Nebraska Educational Telecommunications Act to direct the Nebraska Educational Telecommunications Commission to establish a statewide public radio network. In 1988, the commission received studio and transmitter equipment for public radio station KUCV-FM from the Union College Board of Trustees in Lincoln and transferred the license from Union College to the commission. KUCV-FM became the originating station for NET Radio. In 2001, KUCV-FM changed its broadcast frequency to 91.1-FM, increased its power and began broadcasting 24 hours each day.

While NET Radio offers primarily a classical music format, a number of news, public affairs, entertainment and interview programs fill out the schedule. National program services, such as Public Radio International and National Public Radio, make possible such programs such as *A Prairie Home Companion*, *Morning Edition* and *All Things Considered*. NET Radio also produces several local programs, including *Friday Live*, and arts and entertainment "magazine;" *Classics By Request*, *Nebraska Concerts* and *Nebraska News*. NET Radio's staff members consistently win statewide and regional competitions for their coverage of news and events across Nebraska.

Education Services. NET's Education Services is responsible for the design and delivery of educational and interactive media services to supplement and support curriculum based learning and informal education activities. NET's Interactive and Educational Media Group creates digital resource materials such as the online history textbook nebraskastudies.org and CD-ROMS and DVDs for clients across the state and nation. The group also manages all interactive media services for the public television and radio networks. Education Services manages internship and teaching programs conducted at the NET facility and an Educational Outreach component that works with formal, informal and non-traditional educators throughout the state.

NET Technology Services. NET Technology Services includes the NET*SAT educational satellite and fiber optic networking system. In 1990, the commission replaced its 25-year-old land-based microwave interconnection system with NET*SAT. Nebraska was the first state to lease a full-time satellite transponder for educational and public service and the first to distribute its public broadcasting services via satellite. NET moved to two new satellite transponders in January 2000.

Many of NET's services are distributed via NET*SAT, a multiple-channel video and audio service that provides real-time, two-way and one-way video and audio throughout the United States. NET Technology Services also operates a fiber optic service to connect groups of elementary, secondary and postsecondary schools for two-way instruction and to provide videoconferencing capabilities for state agencies, colleges and universities and extension offices across Nebraska.

Governance. The Nebraska Educational Telecommunications Commission has 11 members. Nine are appointed by the governor and are subject to legislative approval. The Nebraska commissioner of education, or his or her designee, and the president of the University of Nebraska, or his or her designee, are standing commission positions.

Appointed members include:

- a Nebraska state college representative
- a Nebraska community college representative
- a Nebraska private educational institution representative

• six members of the public, two from each congressional district in Nebraska, none of whom are associated with any of the institutions listed above. No more than four may be actively engaged in the teaching profession or administration of an educational institution.

Commissioners are appointed to four-year terms on a staggered basis. The commission meets monthly, when necessary, with most meetings held at the Educational Telecommunications Center. Members are not paid but are reimbursed for expenses.

Equal Opportunity Commission

Office Address: 301 Centennial Mall South, Fifth Floor, P.O. Box 94934, Lincoln, NE 68509-4934, phone (402) 471-2024, toll-free phone (800) 642-6112, website — www.neoc.ne.gov/

Executive Director: Barbara Albers

Statutory Reference: 48-1116

The Equal Opportunity Commission operates under the Nebraska Fair Employment Practice Act, the Equal Pay Act, the Nebraska Age Discrimination in Employment Act, the Fair Housing Act and the Civil Rights Act of 1969 regarding public accommodations.

Fair Employment Practice Act. The commission investigates charges of employment discrimination because of race, color, religion, sex, national origin, disability or marital status. Discrimination charges must be filed within 300 days of the alleged act for all governmental agencies and employers with more than 15 employees. Jurisdiction covers employers, employment agencies, labor organizations and joint labor-management committees. The commission investigates specific complaints, conducts hearings, subpoenas witnesses, administers oaths and takes testimony. The commission may obtain a court decree to enforce an order.

Equal Pay Act. Employers cannot pay employees who do the same job different wages because of their gender. This does not include wage rates established by a seniority system, a merit increase system, or earnings passed on production quality or

any factor other than gender. Charges of discrimination can be filed against employers with 15 or more employees.

Nebraska Age Discrimination in Employment Act. Employers cannot discriminate in the workplace because of age, except when the job's demands require employees to be a certain age group. These prohibitions are limited to workers who are at least 40 years of age. Charges of discrimination may be filed against governmental agencies and employers with 20 or more employees within 300 days of the alleged act.

Fair Housing Act. State policy prohibits discrimination based on race, religion, color, sex, disability, family status or national origin in acquiring or owning housing. If the commission determines that a city has a law to administer this act's provisions, the commission may refer housing discrimination complaints of that city to the appropriate local agency. If the local agency does not promptly handle complaints to protect the party's rights, the commission may regain jurisdiction. Complaints should be filed within one year after the alleged act. If the commission determines a complaint has reasonable cause and does not receive voluntary compliance with this act, the commission may file a civil action in the complainant's county in district court.

Civil Rights Act of 1969 (Public Accommodations). This act establishes that all persons are entitled to equal enjoyment of any public place, without discrimination or segregation on the grounds of race, color, sex, religion, national origin or ancestry. Anyone claiming to be harmed by an unlawful discriminatory practice may file a complaint with the commission. A complaint must be filed within 10 days after the alleged act of discrimination. Exceptions include places owned and operated by religious associations and private establishments not open to the public.

The commission's seven members are named by the governor to three-year terms. Members meet monthly. They are paid \$50 a day when working on commission business and are reimbursed for expenses. The commission appoints an executive director, who can appoint additional staff if the commission deems it necessary.

The Nebraska Foster Care Review Act mandates permanency plans for children, periodic review of children in foster care by trained citizens, tracking to ensure children are not lost in the system and visitation and observation of foster care facilities to ascertain whether the individual physical, psychological and sociological needs of each foster child are being met.

With passage of LB998, the 2012 Legislature replaced the State Foster Care Review Board with the Foster Care Advisory Committee. The committee is responsible for hiring the director of the Foster Care Review Office and supporting the office's work.

The Foster Care Advisory Committee has five members selected from lists compiled by the Legislature's Health and Human Services Committee and appointed by

The Game and Parks Commission is in charge of managing state parks, wildlife, fish, wildlife lands, boating and all things related to these areas. The commission is funded through permit sales, state general fund allocations and federal funds. This money is held by the state treasury in various cash funds, which are used to administer and develop state fish, game and park resources. The game fund, which includes boat registration money, also is used to enforce and administer state boating laws and support the construction and maintenance of boating facilities. The Park Cash Fund and General Fund appropriations support the state parks. The Land and Water Conservation Fund, a federal grant-in-aid program that is administered by the commission, helps state and local governments acquire and develop outdoor recreation facilities. The commission also administers the Trail Development Assistance Act, another grant-in-aid program.

The commission operates state game refuges created by the Legislature in Boyd, Dodge, Douglas, Garden, Holt, Keya Paha, Lincoln, Rock and Saunders counties and a game farm at Wilcox. The commission also maintains public use areas — including fish hatcheries, recreation areas, state parks and state historical parks — and wildlife management areas.⁵

The commission has its headquarters in Lincoln and has six district offices at Alliance, Bassett, Kearney, Norfolk, North Platte and Lincoln, plus a Metro Information Office in Omaha. Each district office, except District 2 at Bassett, has a supervisory conservation officer, a fisheries manager, a wildlife manager and support staff.

The commission originated in 1879 when a Board of Fish Commissioners was created to increase fish populations and distribution in Nebraska's public waters. In 1901, the governor was made commissioner of a Game and Fish Commission and had two deputies. The commission was disbanded in 1919, and administration of game and fish laws was given to the Department of Agriculture, where it became known as the Bureau of Game and Fish.

The 1921 Legislature created a state Park Board in the Department of Public Works that was attached to the University of Nebraska's Department of Horticulture in 1923. In 1929, the Bureau of Game and Fish and the state board were abolished and replaced with the Game, Forestation and Parks Commission. The governor served as the commission's chairperson. The law was changed in 1935 and again in 1947 and 1949. The 1967 Legislature created the post of state forester for the University of Nebraska. This removed responsibility for forests from the commission, and its name was changed to the Game and Parks Commission.

The 2008 Legislature expanded the number of commission districts to nine by adding one at-large member. Commissioners are appointed by the governor and approved by the Legislature for four-year terms. Lifetime membership is limited to two terms. Commission members must be Nebraska residents and well-informed on wildlife conservation and restoration and at least two members must work in agriculture. No more than five members may belong to the same political party. Political affiliation is based on a member's voter registration as of the statewide general election prior to his or her appointment.

⁵ See listings for public use areas and wildlife management areas on Pages 649-652.

The commission meets at least four times a year. Members receive \$35 a day when conducting commission business and are reimbursed for expenses.

The commission appoints a secretary, who acts as director and chief conservation officer. The law allows the director to apply civil service rules in appointing conservation officers.

The Geologists Regulation Act, passed in 1998, provides for the certification and licensure of professional geologists in Nebraska whose activities may affect the public health and safety. The Board of Geologists determines whether an applicant for certification as a professional geologist has satisfied the requirements for licensing, issues licensing certificates, determines which states or other political entities will receive reciprocity or comity, receives and investigates complaints against a licensee or intern, conducts hearings and enters decisions and performs other duties specified by the act.

The board consists of seven governor-appointed individuals who serve five-year terms. Six members are professional geologists who have at least 10 years of experience and who are licensed as professional geologists. One of the geologist members must be a geology faculty member at the University of Nebraska. The seventh member represents the public. The board meets at least once a year. Members are not paid but are reimbursed for expenses.

Grain Sorghum Development, Utilization and Marketing Board

Office Address: 301 Centennial Mall South, Fourth Floor, P.O. Box 94982, Lincoln, NE 68509-4982, phone (402) 471-4276, fax (402) 471-3040, email address — sorghum.board@nebraska.gov, website — www.sorghum.state.ne.us

Executive Director: Barbara Kliment

Statutory Reference: 2-4002

The 1981 Legislature passed the Grain Sorghum Resources Act to set up a check-off system and to create the Grain Sorghum Development, Utilization and Marketing Board to administer checkoff funds. The program requires a checkoff of one cent per hundredweight, which is collected at the point of first sale of all grain sorghum sold through commercial channels or delivered in Nebraska. The money is used to help grain sorghum producers finance market development, research, promotion, education and federal legislation.

Overseas market development programs are supported with these funds. In this effort, the board works with the U.S. Grains Council, the United Sorghum Checkoff

Program and the National Sorghum Producers. Through worldwide offices, producers investigate new markets while maintaining established ones.

The board cooperates with the University of Nebraska's Institute of Agriculture and Natural Resources in conducting research projects.

The board has seven members. Six are appointed by the governor from each of Nebraska's four production districts and two represent the state at large. The board elects the seventh member, who also represents the state at large. All members serve three-year terms and must be Nebraska residents who are at least 21 years old and grow grain sorghum.

The governor chooses appointees from candidates who have completed and filed an application with the governor's office and have submitted two letters of endorsement from sorghum growers and proof of sorghum production. The Nebraska Department of Agriculture director and the vice chancellor of the Institute of Agriculture and Natural Resources are ex officio board members.

The board meets five to six times a year. Members are not paid but are reimbursed for expenses.

Publications: *Nebraska History*, special publications of the Nebraska State Historical Society; *Nebraska History News*, listing events and news for society members; *Nebraska Trailblazer* (33 titles), a newspaper for Nebraska elementary students; publications in anthropology (11 numbers); *Nebraska Timeline*, a weekly column distributed to Nebraska newspapers; miscellaneous pamphlets; website, blog and Facebook page.

The Nebraska State Historical Society (NSHS) was founded in 1878 and was made a state institution in 1883. The NSHS became a state agency in 1994. NSHS collects and preserves historical information and objects for the state's benefit and administers museums and seven historic sites, the State Archives, the State Historic Preservation Office, the Office of the State Archaeologist and the Gerald R. Ford Conservation Center. NSHS receives Legislative appropriations plus federal and private funds.

⁶ For a list of local historical organizations in Nebraska, see Pages 671-679.

Legislative acts in 1905 and 1969 made the Historical Society responsible for preserving public records of state and local government that the State Archives division determines to be historically valuable. The State Archives holds government records dating back to 1854 along with county, municipal and some federal records about Nebraska's development. Other archival holdings include 15,000 linear feet of manuscript collections comprising business, political, religious and personal papers that document the state's development. The photograph collection includes more than 300,000 images relating to Nebraska and its residents. The audio-visual collection consists of over 6.5 million feet of moving images and videotape and several thousand sound recordings.

The Nebraska History Library holds approximately 80,000 volumes pertaining to Nebraska and Great Plains history. Along with books, pamphlets and periodicals, the library has over 3,000 flat maps and atlases, as well as special reference files and indexes on Nebraskans and Nebraska topics. Newspaper holdings date back to 1854 and consist of more than 35,000 reels of microfilm - the largest collection of Nebraska newspapers in existence.

The NSHS's Nebraska History Museum collects and preserves artifacts that help to document and interpret the cultures of people who have lived in Nebraska and the Great Plains from prehistoric times through the present day.

The NSHS maintains the following state historic sites:

- Willa Cather State Historic Site, Red Cloud
- Chimney Rock National Historic Site, Bayard
- Courthouse Rock and Jail Rock, Bridgeport (society holds title)
- Fort Robinson Museum, Crawford
- Thomas P. Kennard House, Nebraska Statehood Memorial, Lincoln
- Mud Springs Historic Site, near Dalton (society holds title)
- Nebraska History Museum, Lincoln
- Nebraska State Historical Society headquarters, Lincoln
- Neligh Mill State Historic Site, Neligh
- John G. Neihardt State Historic Site, Bancroft
- Sen. George W. Norris State Historic Site, McCook
- California Hill, Brule

The Gerald R. Ford Conservation Center, a division of the NSHS located in Omaha, provides conservation of historical documents, textiles and museum objects. The center houses a digital imaging laboratory, which offers the highest quality imaging for cultural collections.

The NSHS determines which historical events, sites and traditions are important to the state, and it procures and preserves historical markers. The society accepts gifts to further carry out the program. Most markers are erected and the sites maintained by the Department of Roads. Currently, there are more than 456 uniform markers statewide.

The NSHS investigates historic and prehistoric archaeological sites. A highway salvage archaeology program, started in 1957, entered into a formal agreement with the Department of Roads in 1960. NSHS staff archaeologists survey, record and excavate sites threatened by road construction or repair.

The NSHS is governed by a board of trustees, 12 of whom are elected by the members from each of the state’s congressional districts. The governor appoints three members to the board, one from each congressional district, who serve three-year terms. The director/CEO of the NSHS is the board’s secretary.

The NSHS trustees meet quarterly. Members are not paid but are reimbursed for expenses.

In 1967, the Nebraska State Historical Society (NSHS) was directed to carry out the provisions of the National Historic Preservation Act for Nebraska (NRS 82-118 as amended). Through this program, the NSHS can nominate places, structures and objects that are significant to history, architecture, archaeology and culture to the National Register of Historic Places. Other program activities involve maintaining a statewide inventory of sites, reviewing federal actions for effects on historic properties, qualifying private development projects for historic preservation tax incentives and certifying local governments to participate in state and federal preservation programs. Nebraska maintains a statewide historic preservation plan. The director of the NSHS serves as state historic preservation officer, and the Nebraska State Historic Preservation Board, consisting of members appointed by the state historic preservation officer, serves in an advisory capacity for the state’s historic preservation program under definition of the National Historic Preservation Act.

The Commission on Indian Affairs, established in 1971, monitors legislation and coordinates activities among tribes, organizations and state and federal agencies. Its members serve to promote Indian rights and address problems common to Nebraska Indians.

The commission consists of 14 American Indians living in Nebraska appointed by the governor to four-year terms. Members come from the following reservations, cities or districts: two from the Omaha Tribal reservation; two from the Winnebago Tribal reservation; two from the Santee Sioux Tribal reservation; two from the Ponca Tribe; one from Lincoln; two from Omaha; one from the district that includes Box Butte, Dawes, Sheridan and Sioux counties; one from the district that includes Banner, Cheyenne, Deuel, Garden, Kimball, Morrill and Scotts Bluff counties; and an at-large member.

The governor selects each appointee from nominees submitted by the tribe or area to be represented. The commission also may have nonvoting, ex officio members, appointed by the commission, who do not have to be Indian.

The commission meets four times a year. Members are paid \$50 a day when conducting commission business and are reimbursed for expenses.

The commission hires and sets the pay of an executive director. The director is a Nebraska Indian tribal member or Nebraska resident of Indian descent.

Commission of Industrial Relations

Office Address: 301 Centennial Mall South, Fifth Floor, P.O. Box 94864, Lincoln, NE 68509-4864, phone (402) 471-2934, fax (402) 471-6597, email address — industrial.relations@nebraska.gov, website — www.ncir.ne.gov/

Clerk/Administrator: Annette Hord

Statutory Reference: Nebraska Constitution, Article XV, Section 9; and 48-803

The Court of Industrial Relations, created by the 1947 Legislature under authority provided in the Nebraska Constitution, has jurisdiction over public utility and state and local government employee labor disputes. The court’s powers were expanded in 1969 to give it jurisdiction over all public employees, and the number of judges was increased from three to five.

The 1979 Legislature changed the name from “court” to “commission.” The commission has powers of special impasse and representation and the power to resolve prohibitive practices. In 2007, the Legislature passed LB472, which changed the member’s title from “judge” to “commissioner.”

Nebraska public employees, except the Nebraska National Guard or state militia, can be represented by employee organizations of their own choice and can negotiate collectively with their employers to determine the terms and conditions of employment. However, the employees cannot strike. When any industrial dispute exists, an employer, employee or labor organization, or the attorney general (on his or her own or by order of the governor) may file a petition with the commission invoking its jurisdiction. The commission:

- determines if a prohibited practice has occurred
- determines who represents employees during collective bargaining
- resolves disputes by establishing pay rates and employment conditions comparable to the standards set for similar work
- orders good-faith bargaining, mediation or fact finding, and appoints people to carry this out. The commission’s final orders may be appealed to the Nebraska Court of Appeals.

The commission has five members appointed by the governor to six-year terms with legislative approval. Commissioners must represent the public and be appointed based on their knowledge and experience in legal, financial, labor and industrial matters. Commission members are paid \$475 a day when conducting commission business. On July 1 of every odd-numbered year, commissioners elect a presiding commissioner for a two-year term. The presiding commissioner appoints the clerk of the commission.

State Investment Officer: Jeffrey W. States

Statutory Reference: 72-1237

The Nebraska Investment Council was established under 1967 and 1969 laws as a central state investment agency. The council provides investment management services for the state. Most provisions governing its activities are contained in the Nebraska State Funds Investment Act and the Nebraska Capital Expansion Act (statutory reference: 71-1237 through 72-1269).

The agency is governed by a seven-member council. Five voting members are appointed by the governor and confirmed by the Legislature. They serve five-year terms, with one expiring each year. The state treasurer and the executive director of the Public Employees Retirement Systems⁸ serve as nonvoting members.

The council establishes necessary and proper policies for the investment of the funds for which it is responsible. Such policies include appropriate investment strategy decisions, selection of external managers and allocation of funds among managers. The council appoints a state investment officer, subject to the approval of the governor and the Legislature. The state investment officer, with the assistance of the agency staff, directs the investment of these funds in accordance with state statutes and the policies of the council.

Funds managed include the state's general and cash funds; retirement plans for the State Patrol, judges, and teachers (with the exception of Omaha); and trust funds such as the Permanent School Fund, the Veterans' Aid Fund and the Health Care Trust Fund. The council also is responsible for investing the state employees' and county employees' retirement systems funds, the deferred compensation plan assets and funds of the Nebraska Educational Savings Plan Trust.

In 2011, assets under the responsibility of the council totaled over \$15 billion, with total net contributions of \$112 million and total net investment earnings of over \$141 million during the year.

Talking Book and Braille Service

The Talking Book and Braille Service offers statewide library service to Nebraskans who experience visual or other physical conditions that limit their use of regular print materials. To provide the same access to informational and recreational reading enjoyed by other Nebraskans, the Talking Book and Braille Service offers books and magazines on digital cartridge or embossed in Braille. The commission circulates talking books and

special equipment to play talking books provided by the Library of Congress, National Library Service for the Blind and Physically Handicapped. This includes more than 70,000 fiction and nonfiction titles in 128,000 volumes.

Most Nebraskans receive and return talking books and Braille materials (postage-free) through the U.S. Postal Service. Persons who live in or travel to Lincoln also borrow and return materials in person. Other services offered on site include sample magazines in recorded and Braille formats and children's books in twin vision — print, illustrations and Braille in each single volume. Descriptive videos also are circulated. These videos provide narrated descriptions of the key visual elements (actions, settings, characters and costumes) without interfering with the soundtrack or dialogue of a program or movie.

The Adaptive Technology Center offers a public access computer featuring Braille translation and embossing, a sticky-key keyboard option and adaptive keyboards and adaptive mouse. The Library records 24 magazines and newsletters supplementing the national talking magazine program, records Nebraska related books and produces audio materials for state and community service agencies.

Oil and Gas Development in Nebraska

Oil was discovered in Richardson County in 1939; in the Denver-Julesburg Basin in Cheyenne County in 1949; and on the Cambridge Arch of Red Willow County in

1956. Eighteen of Nebraska's 93 counties produce oil or gas. Nebraska's crude oil is primarily transported to market by trucks. Natural gas is produced in the Panhandle and southwestern Nebraska, with Chase County as the leading producer. Beginning in the fall of 2006 and continuing until late 2008, drilling activity for natural gas steadily increased in Dundy and Chase counties.

A total of 20,347 tests had been drilled in Nebraska by December 31, 2011, with 1,186 oil wells and 275 gas wells operating. A total of 663 wells are shut in and an additional 84 have been approved for plugging and abandonment. More than 60% of the oil is produced through secondary recovery, which involves injecting water into oil reservoirs using 411 current injection wells in over 100 oil fields.

Severance taxes are levied on the value of resources severed at the rate of 3 percent of the value of oil and natural gas, except for oil from wells that produce 10 or less barrels of crude oil per day. These wells are subject to a 2 percent severance tax. Severance taxes from production go to the Permanent School Fund. A conservation tax, currently 2 mills (0.2 cents), is levied on sales values and is used to fund the commission. The maximum mill levy is 15 mills per dollar.

Chairperson: Esther L. Casmer

Statutory References: Nebraska Constitution, Article IV, Section 13; and 83-188

The Board of Parole was created as an independent agency by constitutional amendment in 1968.

The board reviews the status of committed offenders; determines when committed offenders are released on parole; fixes parole conditions, and may revoke parole and issue warrants to arrest parole violators; visits and inspects state and local prisons or jails; and recommends parole legislation to the governor.

The board meets daily to hear and review parole cases. If an offender is granted parole, he or she is referred to the Parole Administration Office within the Department of Correctional Services to find an approved home and job. A parole administrator, approved by the Board of Parole, manages the Parole Administration Office.

If requested, the board advises the Board of Pardons¹¹ — composed of the governor, attorney general and secretary of state — on the merits of any application for remission, respite, reprieve, pardon or commutation. This advice is not binding.

The board has five, full-time members appointed by the governor to six-year terms with legislative approval. By law, board members must be of good character and just temperament. At least one board member must be a minority, and one must have a professional background in corrections. The governor designates one board member as chairperson.

Executive Director: Dr. Marshall A. Hill

Statutory Reference: Nebraska Constitution, Article VII, Section 14; and 85-1403

Originally created by the 1976 Legislature, the Nebraska Coordinating Commission for Postsecondary Education was given constitutional authority by Nebraska voters in the 1990 general election to coordinate the activities of Nebraska’s public postsecondary institutions. The commission assumed this power on Jan. 1, 1992.

The commission was given constitutional responsibility to review and approve or disapprove instructional programs at all of the state’s public postsecondary institutions, to review these institutions’ budgets and modify them or recommend modification to the Legislature or governor, and to review and approve or disapprove capital construction projects.

The commission also was directed by the constitution to complete the state’s first Comprehensive Statewide Plan for Postsecondary Education. The commission completed and approved this document in June 1992, and it has been revised as needed since that time.

In addition, the commission has statutory responsibility to:

- administer the state’s financial aid programs
- coordinate the federal Improving Teacher Quality and College Access Challenge Grant programs
- approve or disapprove applications from out-of-state institutions wishing to operate in Nebraska
- conduct research and publish reports on higher education issues

The commission’s purpose is to be a coordinating body that works closely with public and private institutions in the state. The commission also cooperates with leadership in elementary and secondary schools, as well as with business representatives, local community leaders, state leaders and others interested in the future of postsecondary education in the state.

The commission’s 11 members are appointed by the governor, subject to legislative approval. One member is chosen from each of the six state Supreme Court districts, and five others are chosen at large. Members serve six-year terms. Members and their immediate families may not serve on any postsecondary education governing board and may not be employed by any postsecondary education institution, either directly or by contract. The commission meets at least six times a year. Members are not paid but are reimbursed for expenses.

Public Service Commission

Office Address: 300 The Atrium, 1200 N St., Lincoln, NE 68508, phone (402) 471-3101, toll-free phone (800) 526-0017, fax (402) 471-0254, email address — mike.hybl@nebraska.gov, website — www.psc.nebraska.gov

Executive Director: Mike Hybl

Statutory Reference: Nebraska Constitution, Article IV, Section 20

Salary for Public Service Commissioners: \$75,000

Publications: Motor carrier rate tariffs, annual report on telecommunications

The constitutional powers and duties of the Public Service Commission include regulatory authority over certain aspects of the following industries: grain warehouses and grain dealers; manufacturers and sellers of manufactured homes, modular homes and recreational vehicles; motor transportation carriers of household goods and passengers; natural gas utilities; private water companies; railroads; electric transmission lines and telecommunications carriers. The commission is composed of its transportation, communications, grain warehouse and dealers, housing and recreational vehicles, natural gas, and Nebraska Telecommunications Infrastructure and Public Safety departments.

The natural gas department regulates:

- natural gas utilities, not including natural gas utilities owned or operated by a city or metropolitan utilities district, pursuant to the 2003 State Natural Gas Regulation Act (statutory reference: 66-1801 et seq.). The commission's oversight includes: regulating rates charged for delivery of natural gas to customers, regulating quality of natural gas service and addressing customer complaints against natural gas utilities. The commission interacts with the public advocate, an attorney charged with representing the interests of residential and small business natural gas customers. Costs of the program are paid by the regulated utilities and passed on to customers in the form of a surcharge on natural gas bills.

- natural gas pipeline extensions in the areas surrounding Omaha, where a metropolitan utilities district and another natural gas utility both serve. The commission resolves disputes regarding new construction of natural gas mains to serve customers in that area.

- the Major Oil Pipeline Siting Program carries out the Commission's responsibilities established by the 2011 Major Oil Pipeline Siting Act (statutory reference: 57-1401 et seq.) to ensure the welfare of Nebraskans, including protection of property rights, aesthetic values and economic interests; to consider the lawful protection of Nebraska's natural resources in determining the location of major oil pipeline routes within the state; to ensure that a major oil pipeline is not constructed in Nebraska without receiving the Commission's approval under section 57-1408; to ensure that the location of routes for major oil pipelines is in compliance with Nebraska law; and to ensure that a coordinated and efficient method for the authorization of such construction is provided.

The transportation department regulates:

- railroads (safety laws, track and motive power and equipment inspection, and the compiling and filing of reports required by law)
- household goods and passenger carriers (rates, service, territory, safety and insurance)

The communications department regulates:

- telephone companies (basic local service rates and access charges; boundary limitations; entry into the Nebraska telecommunications market; subscriber complaints against telephone companies; service quality; licensing of long distance companies, including resellers; licensing of automatic dialing-announcing devices; and auditing of local exchange telephone companies)

- the VoIP/Wireless/ISP Registry

- the Nebraska Relay Service, a communication system for the speech and hearing impaired. The Telecommunications Relay System Advisory Committee (statutory reference: 86-1307) consists of seven members appointed by the Commission for the Deaf and Hard of Hearing to advise on issues related to the hearing impaired community.

- high voltage electrical transmission lines (limited to safe installation, operation and maintenance of electrical transmission lines outside incorporated cities and villages)

- private water companies

The grain warehouse department regulates:

- grain storage and grain sales (grain warehouses and dealers, and grain probes and moisture meter testing). Grain examinations are done annually on grain warehouses and grain dealers. Yearly inspections also are performed on all commercial grain moisture meters.

The housing and recreational vehicle department regulates:

- construction of manufactured (mobile) homes, modular housing units and recreational vehicles through plan review, factory production line inspection, dealer lot inspection and consumer complaint investigation.

The Nebraska Telecommunications Infrastructure and Public Safety Department is responsible for:

- ensuring all Nebraskans have access to telecommunications services at affordable prices through the Nebraska Universal Service Fund. The commission accomplishes this through the administration of five programs. The high-cost program keeps local rates affordable in all areas of the state by subsidizing the costs of telephone services in high cost areas. The Nebraska Telephone Assistance Program (NTAP) provides additional assistance to qualifying low-income Nebraskans to obtain and keep telephone service. The Rural Telehealth Program supports the provision of telecommunications services to a statewide telehealth network. The Dedicated Wireless Fund program supports the provision of wireless telecommunications infrastructure in rural unserved and underserved areas of the state. The Broadband Pilot Program supports the provision of broadband telecommunications infrastructure in unserved and underserved areas of the state. These programs are administered with the assistance of an advisory board. The Universal Service Advisory Board (statutory reference: 86-1408) consists of nine members appointed by the Public Service Commission.

- regulating wireless enhanced 911 service, which allows 911 call centers to identify and locate emergency calls originating from wireless phones. Funds may be distributed to 911 call centers throughout Nebraska and to wireless carriers for equipment and network upgrades necessary to process wireless calls. Funding for the program is generated by a 50-cent monthly surcharge assessed on each subscriber with a billing address

in Nebraska. An 11-member advisory board, appointed by the governor, assists the commission with administration of the program.

The commission’s early predecessor was the Railway Commission, established in 1885, which consisted of the attorney general, secretary of state and auditor of public accounts, each of which appointed a secretary. The commissioners supervised railroad operations in the state, including examination of railroad documents, and could issue subpoenas and administer oaths.

The commission lasted two years until the 1887 Legislature created a board of transportation with the attorney general, secretary of state, auditor of public accounts, state treasurer, commissioner of public lands and buildings and three appointed secretaries as its members. This board investigated common carriers and looked into their business management and held hearings on carrier issues. Lawmakers expanded the board’s functions in 1891 by placing the licensing and regulation of public warehouses under its jurisdiction. In 1892, the board began classifying and fixing minimum freight rates charged by Nebraska railroads. The board was given jurisdiction over telephone, telegraph and express companies in 1897.

A 1901 Supreme Court ruling found the law creating the Board of Transportation unconstitutional. From 1901 to 1906, the Legislature regulated railroads. In 1906, voters ratified a constitutional amendment that created an elective railway commission of three members serving six-year terms. A Supreme Court ruling the following year held that the amendment was legal.

In January 1964, the commission increased its membership to five, and the state was divided into five districts, with each electing one commissioner for a six-year term. A 1972 general election vote changed the name of the agency to the Public Service Commission in December of that year.

In 2009, the commission was designated by Gov. Heineman as the state entity to apply for federal stimulus funding for a broadband mapping and planning project. In January 2010, Nebraska’s grant was approved for \$2.1 million for the first two years of a proposed five-year project. Through a competitive bid process, ApexCovantage was selected to gather and map broadband data for the state for the first two years. In September 2010, the Commission received an additional award of \$3.5 million, and BroadMap was selected through a competitive bid process to gather and map broadband data for the project’s final three years. Approximately \$2.5 million of the grant was earmarked for planning activities, which are a collaborative process led by the Nebraska Information Technology Commission, the University of Nebraska, the state Department of Economic Development and the PSC.

Statutory Reference: 76-2222

Publications: Appraiser Act, NAC Title 298 Rules & Regulations and Uniform Standards of Professional Appraisal Practice

In 1990 and 1991, the Legislature restructured state law governing appraiser regulation to bring Nebraska into compliance with the federal Financial Institutions Reform, Recovery and Enforcement Act of 1989. As required by federal mandate, the Real Estate Appraiser Board was created as an independent agency on Jan. 1, 1991. LB778, effective July 14, 2006, changed the agency name to the Nebraska Real Property Appraiser Board. The board credentials appraisers through education, experience and written examination and assures due diligence by investigating complaints and administering disciplinary and enforcement actions.

Real property appraisers have been regulated in Nebraska since 1974. They have been required to meet continuing education requirements since 1988. The act requires appraisers to complete 28 hours of approved continuing education every two years before

¹⁴Political party affiliation: R=Republican; D=Democrat; I=Independent.

a credential can be renewed. Education provided by proprietary schools, universities and colleges is reviewed and approved by the board.

The board administers the Appraiser Act by:

- providing for general certification, residential certification, licensed residential, registered and appraiser trainee credentialing and registration of qualified appraisers
- regulating and supporting appraisers
- establishing procedures to ensure that citizens and public policy interests in real estate-related transactions will be protected by requiring that real property appraisals be performed in accordance with uniform standards by individuals with demonstrated competency and whose professional conduct is subject to effective supervision

The agency does not receive state general funds. It is supported through fees paid by appraisers and providers of appraisal education.

The board's five members are appointed by the governor to five-year terms. No member may serve consecutive terms. The governor selects one member from each congressional district, two of whom must be certified general real property appraisers. The third may be a licensed or certified residential real property appraiser. Two members, one representative of financial institutions and one licensed real estate broker or salesperson, are selected at large. Members are paid \$100 a day when conducting board business and are reimbursed for expenses.

Director: Greg Lemon

Statutory Reference: 81-885.07

The 1973 Legislature passed the Real Estate License Act, which provided for the State Real Estate Commission. The commission licenses real estate brokers and salespersons through written examinations. It investigates applicants for licenses, investigates complaints, examines real estate broker trust accounts and conducts educational conferences for real estate licensees. Under the act, as amended in 1978, the commission approves real estate courses offered by proprietary real estate schools and approves instructors and monitors schools offering approved real estate courses.

Real estate licensees have had to meet continuing education requirements since 1986 and, by law, are required to complete 12 hours of approved classes every two years before their licenses can be renewed. Inactive licensees may waive the requirement until they activate their licenses. The commission approves instructors, providers and the subject matter of these classes.

The commission consists of seven members, six of whom are appointed by the governor to six-year terms. The secretary of state is the commission chairperson. Four members must be broker licensees with at least five years of broker or associate broker experience. Three of the broker members are appointed from Nebraska's congressional districts as constituted on Jan. 1, 2006 and one broker member is appointed at large. The two other members are appointed at large. One is a representative of the public, and the other is a licensed salesperson with at least three years of experience in the real estate business. Members are reimbursed for traveling expenses, and the appointed members are paid \$100 a day while attending monthly commission meetings. The commission employs a director and other staff.

Director: Phyllis G. Chambers

Statutory Reference: 84-1501

The Public Employees Retirement Board (PERB) was created in 1971 to administer Nebraska retirement plans for school employees, state employees, judges and the State Patrol. The board assumed administration of the retirement system for Nebraska county employees in 1973.

The board has eight voting members appointed by the governor, with legislative approval, to five-year terms. The State Investment Officer serves as a non-voting, ex officio member. Members must be Nebraska residents. Members include six active or retired participants of board-administered retirement systems, and two public representatives who are not state employees or employees of its subdivisions. The board meets monthly. Members receive a \$50 per diem and are reimbursed for actual expenses.

The board hires a director to distribute expenses among the retirement systems it administers. Expenses must be provided from investment income earned by various retirement funds, unless other fund sources to pay expenses are specified by law.

The state auditor audits state retirement systems each year and makes an annual report to the Legislature. The board also annually reports on the actuarial condition of state retirement systems to the Legislature.

Since 1973, all actuarial reports, actuarial assumption statements and methods, and actuarial valuations and experience investigations required for any retirement system that covers employees in any political subdivision at least partly supported by Nebraska tax dollars must be prepared and signed by an actuary certified by the board.

State Plan

The State Employees Retirement plan began on Jan. 1, 1964, and has a defined contribution option and a cash balance option. Employees contribute 4.8 percent of their annual salary by payroll deduction. The state contributes 156 percent of employees' contributions.

Participants employed after Jan. 1, 2003, and employees who have elected to join, participate in the cash balance option. Cash balance provides a hypothetical account which is credited with daily interest credit and also has the possibility of additional dividends when investment performance allows. The interest credit rate is equal to the federal mid-term rate plus 1.5 percent, but not less than 5 percent. Cash balance contributions are held in a comingled fund and investment of the fund is directed by the Nebraska Investment Council.

Participants who began employment before 2003 and who wished to remain in the defined contribution option have 13 investment funds from which to choose. Defined contribution participants individually select their investments and receive the gains and losses of their selections.

A state employee may retire upon reaching age 55. Several payment options are available, including annuities, rollovers and lump sum distributions. The agency administers the plan and record keeping is done by a third party contractor. Plan expenses are deducted from plan earnings.

County Plan

The 1973 Legislature brought the Retirement System for Nebraska Counties under the board's administration. The 1965 County Employees Retirement Act covered county employees not already covered by retirement plans. By 1987, all counties, except for Douglas and Lancaster, were required to belong to the County Retirement System. It has a defined contribution option and a cash balance option as in the State Plan. Members, whether participating in the defined contribution option or in the cash balance option, contribute 4.5 percent of their gross earnings with the employer contributing 150 percent of the employee amount. In the defined contribution option, the employee and employer contributions are invested in 13 different funds as the member may direct.

Participants employed after Jan. 1, 2003, and employees who have elected to join, participate in the cash balance option. Cash balance provides a hypothetical account which is credited with daily interest credit and also has the possibility of additional dividends when investment performance allows. The interest credit rate is equal to

the federal mid-term rate plus 1.5 percent, but not less than 5 percent. Cash balance contributions are held in a comingled fund and investment of the fund is directed by the Nebraska Investment Council.

Participants who began employment before 2003 and who wished to remain in the defined contribution option have 13 investment funds from which to choose. Defined contribution participants individually select their investments and receive the gains and losses of their selections.

A county employee may retire upon reaching age 55. Several payment options are available, including annuities, rollovers and lump sum distributions. The agency administers the plan and record keeping is done by a third party contractor. Plan expenses are deducted from plan earnings.

School Plan

The 1945 Legislature established the School Retirement System for Nebraska school employees. All regular public school employees, except those in Class V school districts, are members of the system. Benefits are based on service, the highest three years' average salary and age at retirement. A school employee may retire as early as age 60 with five years of service and receive a reduced benefit. The normal retirement age for unreduced benefits is age 65. In 1998, legislation for a "Rule of 85" benefit was passed. This legislation allows a member who is at least 55 to retire with unreduced benefits when the member's age and years of service equal 85.

State Patrol Plan

The 1947 Legislature created the State Patrol Retirement System. State Patrol employees can retire at age 55 with at least 10 years of service or, on a reduced basis, at age 50 with at least 10 years of service. The normal retirement age is 55. The contribution rate is 16 percent for the employer and 16 percent for the employee. Benefits are based on years of service as a percentage with a maximum of 75 percent of final average salary. Besides normal benefits, the law provides for disability and survivor benefits. Members are not covered by Social Security. Beginning Sept. 1, 2008, a deferred retirement option plan was adopted for members who have reached normal retirement age.

Judges Plan

The 1955 Legislature created a Judges Retirement System. Membership for district and Supreme Court judges became effective Jan. 3, 1957. Workers' Compensation Court judges were added Sept. 20, 1957, county judges and separate juvenile judges on Jan. 5, 1961, municipal judges on Oct. 23, 1967, and Court of Appeals judges were added in September 1991. In 1985, the Legislature combined the municipal and county court systems.

A per case fee is collected from district and county courts to help finance the Judges plan, as well as a percentage charge on certain county court fees. The current contribution rate for the plan is 9 percent of salary for the first 20 years and 5 percent thereafter for members who participate in the spousal benefit option, and 7 percent of salary for the first 20 years and 1 percent thereafter for members who do not participate in the spousal benefit option.

Deferred Compensation Plan

In 1976, the board implemented the State of Nebraska Deferred Compensation Plan. This plan is an optional supplemental retirement plan. It allows eligible employees to defer a portion of their salaries to a later date. Taxes due on the accounts and earnings are deferred until the date of disbursement. This is usually at retirement when most participants are in a lower tax bracket. Other qualifying events for disbursement are death, disability or termination of employment. Provisions in the plan document allow emergency withdrawals for unforeseen financial hardships with board approval. The investment options the member may select are the same as the ones in the defined contribution option of the State Plan and the County Plan.

The Tax Equalization and Review Commission was created on Jan. 1, 1996. The commission has three primary duties: hearing and deciding appeals, primarily from the 93 county boards of equalization; the equalization of real property assessments for purposes of taxation within each county before May 15 of each year; and hearing and deciding petitions from the county boards of equalization between July 25 and Aug. 10 of each year.

The commission hears and decides appeals at formal, informal panel or informal single commissioner hearings throughout the year. In all hearings, the taxpayer may present his or her evidence with or without an attorney. The county assessor or other legal representative of the county may present evidence to defend the county board of equalization’s determination of value and may be represented by the county attorney. During formal hearings, the formal rules of evidence apply and a court reporter records the hearings. Formal hearings are held only on request of a party with the consent of the commission. During informal panel hearings, limited rules of evidence apply and the hearings are digitally recorded. During informal single commissioner hearings, the rules of evidence do not apply and the hearings are not recorded. Decisions from formal or informal panel hearings may be appealed to the Nebraska Court of Appeals. Decisions from informal single commissioner hearings are final unless a rehearing before the commission is requested.

The commission has three commissioners, one from each of the congressional

districts. The governor appoints the commissioners to six-year terms, and the Legislature confirms the appointments.

The University of Nebraska Board of Regents has been the university's governing body since the university was established in 1869.¹⁵ The original board had 12 members, including the governor, the state superintendent of public instruction and the university chancellor as ex officio members. The governor appointed the original regents. Succeeding regents were elected by the Legislature until 1875, when the new state constitution reduced the number of regents to six and provided for their election by the voters in odd-numbered years. An amendment adopted in 1912 changed their election to even-numbered years. Regents were elected on partisan ballots until 1917, when the Legisla-

ture provided for nonpartisan regent elections starting in 1918. From 1921 to Jan. 7, 1971, one regent was elected from each of the state's six Supreme Court districts for a six-year term.

The 1969 Legislature increased the number of regents from six to eight and divided the state into eight districts each represented by a regent. At the 1972 general election, two regents were elected, one each from District 1 and District 2, to six-year terms. Two regents were elected to six-year terms at the 1974 general election from District 6 and District 7, and from districts 4, 5, 6 and 8 in the 1976 general election. All elections since have been for six-year terms. Regents are not paid but are reimbursed for expenses.

A constitutional amendment was approved at the 1974 general election to let the three University of Nebraska campus student body presidents sit as nonvoting members on the Board of Regents for one-year terms. The members are the president of the University of Nebraska-Lincoln's Association of Students of the University of Nebraska, president of the University of Nebraska at Omaha Student Senate and president of the University of Nebraska Medical Center Student Senate. The student body president of Kearney State College was added as a nonvoting member after the college became the University of Nebraska at Kearney on July 1, 1991.

The Nebraska Board was created to protect and foster the economic health of the state's wheat producing areas and wheat economy stated as public policy under the Nebraska Wheat Resources Act. This public policy guides the wheat board in establishing its overall policy, annual marketing plan, goals and objectives and program priorities. The board also evaluates wheat market developments worldwide to meet these goals.

The board takes actions to strengthen the position of Nebraska wheat growers and the Nebraska wheat industry by working in research, international marketing, domestic marketing, education, promotion and federal policy.

Foreign wheat markets are developed and export sales promoted through U.S. Wheat Associates, a partnership of the board and 18 other state wheat commissions, which has 17 U.S. wheat promotion offices throughout the world, and through Plains Grains, Inc., an organization of hard red winter wheat growing plains states. The board works with organizations such as the Wheat Foods Council, the Grain Foods Foundation, the Wheat Quality Council and the Nebraska Wheat Growers Association to educate consumers about the nutritional value of whole wheat to a healthy diet. By working with the National Association of Wheat Growers, the board is able to address various wheat quality and trade issues as well as the development of transgenic traits in wheat production, particularly as they relate to federal policy.

The board contracts with the University of Nebraska's Institute of Agriculture and Natural Resources wheat breeding team for research on wheat variety improvement in both the hard red and hard white winter wheat varieties. Additional research to combat diseases that affect wheat crop yields and to examine the benefits of biotechnology also is funded. Improving the quality of Nebraska's wheat crop enhances the crop's appeal in foreign markets and increases export opportunities.

The board's programs are financed solely by the state's checkoff of 0.4 percent of the net value of the wheat, assessed on all wheat marketed in the state at the point of first sale.

The board consists of seven wheat growers, including one at-large member and representatives of Nebraska's six districts, who are appointed by the governor to five-year terms. Members must be Nebraska residents, be at least 21 years old, have been growing wheat in the state for at least five years and derive a substantial portion of their income from growing wheat.

The board's nonvoting members are the director of the Nebraska Department of Agriculture and the vice chancellor of the Institute of Agriculture and Natural Resources. The board meets at least once every three months. Members are entitled to expenses while attending board meetings or while performing official responsibilities as determined by the board.
