

LEGISLATURE OF NEBRASKA  
ONE HUNDRED EIGHTH LEGISLATURE  
FIRST SESSION

**LEGISLATIVE BILL 39**

Introduced by Blood, 3.

Read first time January 05, 2023

Committee: Executive Board

- 1 A BILL FOR AN ACT relating to the Legislature; to state findings; to  
2 provide for disability impact statements for legislation; and to  
3 provide powers and duties for the office of Legislative Research.  
4 Be it enacted by the people of the State of Nebraska,

1           Section 1. The Legislature finds and declares that:

2           (1) Disparities exist for people with disabilities in this state.  
3 The causes of such disparities are varied and socioeconomic and include  
4 differences in employment, health, public safety, and education outcomes.  
5 One of the principal causes of such disparities is the legislative  
6 policies underlying the creation and modification of statutes relating to  
7 or impacting persons with disabilities;

8           (2) The Legislature has an obligation to reduce the disparities for  
9 persons with disabilities and to identify legislative bills that are  
10 likely to exacerbate or ameliorate existing disparities or create new  
11 ones. The preparation of disability impact statements for certain  
12 legislative bills will help the Legislature meet this responsibility; and

13           (3) A disability impact statement is an explanatory statement  
14 summarizing the expected impact a legislative bill may have on certain  
15 identifiable persons. Disability impact statements can assist legislators  
16 by identifying and evaluating the anticipated potential disparities of  
17 proposed legislation prior to its adoption and implementation and can  
18 assist legislators in detecting otherwise unforeseen policy  
19 ramifications.

20           Sec. 2. (1) Beginning in the second session of the One Hundred  
21 Eighth Legislature, the office of Legislative Research shall prepare and  
22 provide disability impact statements for legislative bills as designated  
23 by the Executive Board of the Legislative Council. The primary focus for  
24 preparation of such disability impact statements shall be legislative  
25 bills that relate to or otherwise affect persons with disabilities and  
26 that, if passed, may have a disparate impact on such persons.

27           (2) A disability impact statement shall clearly summarize the  
28 estimated impact of a legislative bill on persons with disabilities in  
29 the state and the estimated impact of the legislative bill in creating  
30 new disparities or exacerbating or ameliorating existing disparities. A  
31 disability impact statement may include any relevant research on the

1 historical impact of similar legislative bills previously enacted. A  
2 disability impact statement shall reflect any data or methods used to  
3 measure such disability impact.

4 (3) The office of Legislative Research may request the cooperation  
5 of any state agency, political subdivision, accredited academic  
6 institution, or subject matter expert in the preparation of a disability  
7 impact statement or in the collection of any data or information  
8 necessary to prepare such disability impact statement.

9 Sec. 3. (1) The Director of Research shall develop a process and  
10 procedures by which to request, compile, prepare, and update demographic  
11 data and other information used in disability impact statements provided  
12 pursuant to section 2 of this act and submit a report on such process and  
13 procedures to the Executive Board of the Legislative Council. The report  
14 shall be submitted electronically no later than December 15, 2023.

15 (2) With executive board approval, the Director of Research may seek  
16 and accept gifts, grants, and donations from any entity, public or  
17 private, for the purpose of training staff or purchasing technology to  
18 carry out section 2 of this act.
