

One Hundred Eighth Legislature - Second Session - 2024

Introducer's Statement of Intent

LB1020

Chairperson: Senator Raymond Aguilar

Committee: Executive Board

Date of Hearing: February 01, 2024

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

The goal of LB 1020 is to give the Nebraska Legislature a tool for oversight of contracts with State agencies for goods and services. The purpose is to assure that contract performance measures are being realized. This is done through a records request process for information directly related to the contract. The request would be supplied to members of the Legislature without charge.

This records process would not apply to records that are shielded by other statutes or attorney-client privilege unless the record can be supplied with redactions of the privileged information.
