Explanation of Estimate:

LB1117 appropriates funds to Department of Health and Human Services for Programs 424 and 348 to implement an 11% increase in reimbursement rates paid to providers of developmental disability (DD) services.

The 11% increase for FY 2024-25 is \$19,355,130 in state general funds (program 424) and \$26,499,242 in federal funds (Program 348) for a total of \$45,854,372.

The increase in provider rates for DD providers would also impact the Division of Children and Family Services (CFS). CFS currently has approximately 98 state wards that are DD-eligible; of the 98, 94 are not DD-funded and paid with state general funds in program 354. Based on calendar year 2023 spending, it is estimated that the 11% rate increase in LB1117 would result in an additional \$5,189,659 in state general fund spending from Program 354 with no federal drawdown.

The combined total appropriations for state GF \$24,544,789 and FF \$26,499,242 totaling to \$51,044,031 for FY2024-25
