This bill would change the Nebraska Crime Victim's Reparations Act and authorize a Community Trust to assist with tragedies of violence or natural disaster.

The Crime Commission states that they are unable to estimate an amount of contributions to the Community Trust. The bill adds two members to the Crime Victim's Reparations Committee, which is overseen by the Crime Commission. Adding two members may result in additional travel expenses incurred by the Crime Victim's Reparations Committee.

COMMENTS					
CRIME COMMISSION – Concur with agency analysis that LB 598 allows for, but does not mandate, the creation of the Community Trust. Also concur that the bill adds two new members to the Crime Victims' Reparations Committee and the potential contributions to the Community Trust are not determinable at this time.
