

ONE HUNDRED SECOND LEGISLATURE

FIRST SESSION

LEGISLATIVE RESOLUTION 287

Introduced by Fischer, 43.

PURPOSE: The purpose of this interim study is to analyze the in transit system in Nebraska for motor vehicle dealer sales and private transactions. With multiple state and local agencies involved in the process, an outdated system leaves a disconnection in the correct information flowing to the necessary destinations. As a result, it is difficult for the state to keep track of sales tax collections and proper motor vehicle registrations. In addition, current state law leaves no credible in transit process for a private motor vehicle sale.

The committee will conduct a working group with the Department of Motor Vehicles, county officials, and representatives of motor vehicle dealers to incorporate an in transit system into the existing Vehicle, Titling, and Registration (VTR) system. The working group will consider the impact on motor vehicle dealers, private sales, county treasurers, and the public.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRED SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation and Telecommunications Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.
