LB161 would amend penalties authorized to be imposed by a city of the metropolitan class (Omaha) for violation of zoning ordinances or regulations. Under current law, a fine of not less than \$10 and not more than \$100 is authorized for each and every day such violations continue. LB161 would authorize related fines of not more than \$500 for each and every day the violation continues, imprisonment not to exceed six months, or both. Any impacts relating to increased fine revenue or incarceration costs are indeterminate insofar such impacts would be dependent upon unknown future actions of the affected municipality to increase related fine rates or to seek incarceration for related violations.
