Summary of purpose and/or changes:

Amends Section 71-3407 to eliminate outdated reporting requirements. Allows the Child and Maternal Death Review Team to enter into written agreements with qualified entities to provide storage of electronic data securely, based on information and records collected by the Review Team. The data may include personal or incident identifiers. Mandates agreements must provide for the protection of the security and confidentiality of the content of the information and additional requirements.

SECTION BY SECTION:

Section (1): Amends Section 71-3407 to eliminate outdated reporting requirements. Allows the Child and Maternal Death Review Team to enter into written agreements with qualified entities to provide storage of electronic data securely, based on information and records collected by the Review Team. The data may include personal or incident identifiers. Mandates agreements must provide for the protection of the security and confidentiality of the content of the information and additional requirements.

Section (2): Repeal Section 71-3407.

Explanation of amendments:

AM 385 accomplishes the following:

Strikes the term "qualified", adds a definition of "entity", and adds confidentiality provisions of Section 71-3411. The amendment also requires an annual report to be provided on or before each September 15.

Merv Riepe, Chairperson
